Shepherd Center, Inc.

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Shepherd Center, Inc. and Subsidiaries (the Center) (a not-for-profit organization), which comprise the consolidated statements of financial position as of March 31, 2013 and 2012 and the related consolidated statements of operations and changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Shepherd Center, Inc. and Subsidiaries as of March 31, 2013 and 2012 and the changes in their net assets and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters***Supplemental Information***

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the Center's basic consolidated financial statements. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic consolidated financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic consolidated financial statements or to the basic consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 15, 2013, on our consideration of the Center's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Center's internal control over financial reporting and compliance.

Note 1: Description of Organization and Summary of Significant Accounting Policies

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Shepherd Center, Inc. (Shepherd) and its wholly owned subsidiaries, SSC Affiliates, Inc. (SSC) and Shepherd Center Foundation, Inc. (Foundation) (collectively, the Center). All significant intercompany accounts and transactions have been eliminated.

Description of Organization

Shepherd is a private not-for-profit hospital in Atlanta providing acute and rehabilitative care primarily to patients with traumatic spinal cord injuries and disease, acquired brain injury, multiple sclerosis and other neuromuscular disease. Shepherd was incorporated under the laws of the state of Georgia on April 21, 1975. SSC conducts a pharmacy and medical supply sales practice at the Center's premises. SSC was incorporated under the laws of the state of Georgia on November 16, 1990. Foundation raises funding for Shepherd by seeking potential donors and conducting fundraising activities in the community. Foundation was incorporated under the laws of the state of Georgia on May 26, 2004 and remained dormant until April 1, 2005.

Use of Estimates in Consolidated Financial Statements

The preparation of consolidated financial statements in conformity with generally accepted accounting principles (GAAP) in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash in banks and highly liquid temporary investments with initial maturities of ninety days or less. The Center routinely invests its surplus operating funds in money market accounts. These funds generally invest in highly liquid U.S. government and agency obligations.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the consolidated statements of financial position. Investment income or loss (including realized gains and losses on investments, interest and dividends) is included in the excess of revenues, gains and other support over expenses unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments are excluded from the excess of revenues, gains and other support over expenses.

Property and Equipment

Property and equipment acquisitions are recorded at cost, net of accumulated depreciation expense. Depreciation is provided over the estimated useful life of each class of depreciable assets and is computed using the straight-line method. Interest cost incurred on borrowed funds during the period of construction of capital assets is capitalized as a component of the cost of acquiring those assets. A summary of the estimated useful lives of the various asset classes is as follows:

Land improvements	10 to 20 years
Building	10 to 40 years
Building services equipment	10 to 40 years
Fixed equipment	3 to 20 years
Major movable equipment	3 to 20 years

Gifts of long-lived assets such as land, buildings, or equipment are reported as unrestricted support, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Impairment of Long-lived Assets

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. When indicators of impairment are present, management evaluates the carrying amount of such assets in relation to the operating performance and future estimated undiscounted net cash flows expected to be generated by the assets or underlying operations. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. The assessment of the recoverability of assets will be impacted if estimated future operating cash flows are not achieved. In the opinion of management, no long-lived assets were impaired as of March 31, 2013 or 2012.

Deferred Certificate and Bond Issuance Costs

Certificate and bond issuance costs were paid to a financial institution for structuring financing arrangements (see Note 6). These issuance costs are being amortized over the related debt terms ranging from 7 to 30 years. Interest expense includes amortization of certificate and bond issuance costs of \$120,864 in 2013 and \$119,664 in 2012.

The unamortized portions of the certificate and bond issuance costs are presented as other assets in the accompanying consolidated statements of financial position.

Temporarily Restricted Net Assets

The use of temporarily restricted net assets has been limited by donors to a specific time period or purpose.

Endowment Funds

The Center's endowment funds consist of funds established for a variety of purposes (see Note 7). The endowment funds include only donor-restricted endowments. As required by GAAP, net assets associated with these endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law related to Endowment Funds

The Center's Board of Directors has interpreted Georgia's adoption of the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the purchasing power of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. Because of this, the Center classifies the original value of gifts (initial or subsequent) donated in accordance with the purpose established by the donor as permanently restricted net assets. To the degree that there are gains or other net income generated and potentially available for expenditure, these are classified as temporarily restricted net assets in accordance with the purpose established by the donor or until appropriated by the Board of Directors for endowments whose use is unrestricted.

Investment and Spending Policies of Endowment Funds

The Center has established prudent investment and spending policies related to the management of endowment funds and related amounts available for expenditure. These policies have been established and are continually reviewed and updated by the Center's Finance & Investment Committee and Board of Directors. With regard to investments, the Committee takes into account the need to preserve the donor principal, the purposes for which the fund was established, overall economic conditions (to include the effects of inflation and deflation), the expected total return from income as well as possible appreciation from investments, and other resources of the Center. The Center from time to time may also employ an outside investment consultant who assists with the overall asset allocation, investment manager selection, and monitoring and reporting of investment results. The Center's policies are set to achieve a return of at least 5% over inflation in an appropriately diversified portfolio over the long-term, and further allows for spending up to 10% of available earnings in a given year if the endowment earnings are greater than 10% of the principal balance. In so doing, the goal is to carefully manage the endowment funds such that the principal is preserved and earnings are available in most years for the appropriate purpose. Other goals of spending less than anticipated earnings are allowing for reasonable inflationary growth and helping to cushion against reasonable downturns in the economy. It is also understood that these assumptions and allocations may be revised from time to time as circumstances dictate, so that the Center may continually manage these assets in a prudent manner in accordance with UPMIFA.

Fair Value of Financial Instruments

The following methods and assumptions were used by the Center in estimating the fair value of its financial instruments:

Cash and cash equivalents: The carrying amount reported in the consolidated statements of financial position for cash and cash equivalents approximates its fair value.

Investments: Fair value, which are the amounts reported in the consolidated statements of financial position, are based on quoted market prices, if available, or estimated using quoted market prices for similar securities.

Long-term debt: The fair value of the Center's long-term debt is estimated to approximate its carrying value as a result of the debt's variable interest rate.

Excess of Revenues over Expenses

The consolidated statements of operations include excess of revenues, gains and other support over expenses. Changes in unrestricted net assets which are excluded from excess of revenues, gains and other support over expenses, consistent with industry practice, include unrealized gains and losses on investments other than trading securities, permanent transfers of assets to and from affiliates other than goods and services, and contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets)

Charity Care

The Center provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Center does not pursue collection of amounts determined to qualify as charity care, they are not reported as net revenue or accounts receivable (see Note 10)

Donor-Restricted Contributions

Contributions (including unconditional promises to give, i.e., pledges) are recorded in the year they are received or pledged, with allowances provided for pledges estimated to be uncollectible. Unconditional pledges are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contributions in the accompanying statements of changes in net assets. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations or time restrictions that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restrictions are accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the consolidated statements of operations as net assets released from restrictions.

Contributed Services

A substantial number of volunteers have donated significant amounts of their time to the Center and its various programs, however, these donated services are not reflected in the consolidated financial statements since these services do not meet the criteria for recognition as contributed services.

Income Taxes

Shepherd and Foundation have both been granted tax-exempt status under Section 501(a)(3) of the Internal Revenue Code (the Code) as organizations described in Section 501(c)(3) whereby only unrelated business income, as defined by Section 512(a)(1) of the Code, is subject to federal income tax. The Center had no significant unrelated business taxable income during 2013 and 2012, accordingly, no provision or benefit for income taxes has been included in the accompanying consolidated financial statements.

SSC is subject to federal and state income taxes (see Note 12)

The Center applies the provisions of Accounting Standards for income taxes. These provisions require that a tax position be recognized or derecognized based on a 'more-likely-than-not' threshold. This applies to positions taken or expected to be taken in a tax return. The Center does not believe its consolidated financial statements include any material uncertain tax positions.

Inventory

Inventories of pharmaceuticals, supplies and equipment are valued at the lower of cost (as principally determined on the first-in, first-out method) or market.

Vacation and Earned Time Off

Vacation and earned time off benefits are accrued as earned by employees

Insurance Claims and Related Insurance Recoveries

The Center evaluates its exposure to losses arising from claims and, if necessary, recognizes a liability separate from any related anticipated insurance recoveries. The liability, if any, is not presented net of anticipated insurance recoveries. There were no material claims liabilities or related insurance recoveries recorded as of March 31, 2013 and 2012.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation. These reclassifications had no effect on previously reported results of operations or retained earnings.

Note 2: Assets Limited as to Use

Assets limited as to use comprised of a supplemental deferred compensation plan and consisted of mutual funds stated at fair value of \$1,308,816 and \$1,024,832 at March 31, 2013 and 2012, respectively.

Note 3: Cash and Investments

Cash and investments consisted of the following as of March 31, 2013 and 2012:

	2013		2012	
	Cost	Fair Value	Cost	Fair Value
Fair value investments				
Equity securities	\$ 7,711,985	\$ 9,601,971	\$ 7,455,932	\$ 8,746,887

Investment income (unrestricted) is comprised of the following for the years ended March 31, 2013 and 2012

	2013	2012
Investment income		
Interest and dividend income	\$ 1,761,398	\$ 1,205,314
Net realized gains (losses) on the sale of investments	<u>1,343,444</u>	<u>(11,645)</u>
	<u>\$ 3,104,842</u>	<u>\$ 1,193,669</u>
Other changes in unrestricted net assets		
Change in net unrealized gains on investments	<u>\$ 5,106,436</u>	<u>\$ 998,397</u>

Investment advisory fees are included in investment income and amounted to \$297,061 and \$327,833 in 2013 and 2012, respectively

Fair Value Measurement

The Center defines fair value as the price that would be received from selling an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date

When determining fair value, the Center uses various valuation approaches. The accounting standards establish a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Center. Unobservable inputs reflect the Center's assumptions about the inputs that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Center has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of valuation techniques and observable inputs can vary from security to security and is affected by a wide variety of factors, including the type of security, whether the security is new and not yet established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the securities existed. Accordingly, the degree of judgment exercised by the Center in determining fair value is greatest for securities categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Center's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Center uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the ability to observe prices and inputs may be reduced for many securities. This condition could cause a security to be reclassified to a lower level within the fair value hierarchy.

Valuation Techniques

Investments in equity securities, U.S. Government securities, corporate bonds, and mutual funds are valued at quoted market prices.

The Center's investments recorded at fair value have been categorized based upon a fair value hierarchy. The measurements of the fair values of the Center's investments in marketable securities are based on Level 1 inputs as of March 31, 2013 and 2012.

There were no assets classified as Level 2 or 3 at March 31, 2013 and 2012. Additionally, there were no assets transferred in or out of Level 2 or 3 classifications.

Note 4: Contributions Receivable and Conditional Promises Received

Contributions receivable, net of discount, at March 31, 2013 and 2012 are comprised of the following:

	2013	2012
Unconditional promises expected to be collected in:		
Less than one year	\$ 1,421,105	\$ 2,513,106
One to five years	1,189,848	2,517,378
More than five years	<u>-</u>	<u>171,500</u>
	<u>\$ 2,610,953</u>	<u>\$ 5,201,984</u>

There was no allowance for unconditional pledges as of March 31, 2013 and 2012.

Certain pledges receivable with due dates extending beyond one year are discounted using 5% as of March 31, 2013 and 2012.

As of March 31, 2013 and 2012, the Center had also received conditional promises to give consisting primarily of bequests which, if received, would generally be restricted for specific purposes stipulated by the donors, including research, indigent care, or general operating support for a particular department of the Center. Conditional promises to give are not included in the accompanying consolidated financial statements.

Note 5: Property and Equipment

A summary of property and equipment at March 31, 2013 and 2012, is as follows

	2013	2012
Land	\$ 16,810,106	\$ 16,810,106
Land improvements	1,160,444	1,160,444
Building	100,894,460	99,832,674
Building services equipment	50,257,267	47,647,681
Fixed equipment	2,629,300	2,689,920
Major movable equipment	<u>47,067,298</u>	<u>46,690,745</u>
	218,818,875	214,831,570
Less accumulated depreciation and amortization	<u>98,696,911</u>	<u>93,744,739</u>
	120,121,964	121,086,831
Construction in progress	<u>9,145,989</u>	<u>5,651,641</u>
	<u>\$ 129,267,953</u>	<u>\$ 126,738,472</u>

Construction in progress at March 31, 2013 is related to various Center facility and information technology projects. These projects have an estimated total remaining cost to complete of approximately \$8.5 million. Capitalized interest is not significant in either 2013 or 2012.

Depreciation and amortization expense for the years ended March 31, 2013 and 2012 amounted to \$8,442,931 and \$8,720,668, respectively.

Note 6: Long-Term Debt

Bonds Payable – Series 2009

Under a Trust Indenture, dated February 1, 2005, between Development Authority of Fulton County (Issuer) and a commercial bank (Trustee), Development Authority of Fulton County Revenue Bonds (Shepherd Center, Inc. Project), Series 2005 (2005 Bonds) totaling \$56,000,000 were issued on April 19, 2005. The Issuer loaned the net proceeds of the sale of the Bonds to the Center, pursuant to a Loan Agreement, dated February 1, 2005 between the Issuer and the Center to enable the Center to finance the acquisition, construction and equipping of improvements to the Center.

Under a Trust Indenture, dated November 4, 2009, between Development Authority of Fulton County (Issuer) and a commercial bank (Trustee), Development Authority of Fulton County Refunding Revenue Bonds (Shepherd Center, Inc. Project), Series 2009 (2009 Bonds) totaling \$56,000,000 were issued on November 4, 2009. The Issuer loaned the net proceeds of the sale of the 2009 Bonds to the Center, pursuant to a Loan Agreement, dated November 1, 2009 between the Issuer and the Center to enable the Center to use the proceeds of the sale of the 2009 Bonds for the purpose of refunding the 2005 Bonds.

Outstanding borrowings totaled \$55,000,000 at March 31, 2013 and 2012.

The Bonds bear interest at a variable rate set not to exceed 12% per annum (0 12% at March 31, 2013) as determined by the remarketing agent (see below) and interest is paid weekly. The average interest rates during 2013 and 2012 were 0 16% and 0 14%, respectively. Interest expense, which included remarketing fees, letter of credit fees, and amortization of bond issuance costs, totaled \$767,025 and \$736,817 for 2013 and 2012, respectively.

The Bonds are redeemable at the option of the Center, in whole or in part, at various redemption prices on any interest payment date and have required escalating principal payments due annually beginning in December 2018 and maturing in December 2035.

In connection with the issuance of the 2009 Bonds, the Center obtained an irrevocable letter of credit in the initial amount of \$56,736,439 from a financial institution (Credit Provider). The letter of credit serves as a credit enhancement and as security for the bonds. The letter of credit, which is secured by the Center's revenues, was issued on November 4, 2009. The expiration date of the letter of credit is November 16, 2015. The balance at March 31, 2013 was \$55,723,288. For the years ended March 31, 2013 and 2012, the Center was subject to an annual fee of 0 95% and 1 05%, respectively, of the letter of credit amount, payable semi-annually in advance.

In connection with the issuance of the 2009 Bonds and the irrevocable letter of credit, the Center also obtained an irrevocable standby letter of credit in the initial amount of \$56,736,439 from another financial institution (Confirming Bank). The standby letter of credit serves as an additional credit enhancement and as security for the 2009 Bonds. The standby letter of credit is issued in connection with the letter of credit agreement by and between the Center and the Credit Provider. The standby letter of credit has an annual fee of 0 05% and the same expiration date as the irrevocable letter of credit. The balance at March 31, 2013 was \$55,723,288.

In addition, the Center entered into a remarketing agent agreement with a financial institution. The remarketing agent determines the weekly variable interest rate and remarkets all Bonds redeemed at the option of the Bond holders for an annual fee of 0 08% of the weighted average daily principal amount of Bonds outstanding.

The Center is subject to certain financial and nonfinancial covenants under the various Bond loan agreements. At March 31, 2013, the Center was in compliance with these covenants.

Bonds Payable – Series 2010

Under a Trust Indenture, dated December 1, 2010, between Development Authority of Fulton County (Issuer) and a commercial bank (Trustee), Development Authority of Fulton County Revenue Bonds (Shepherd Center, Inc. Project), Series 2010 (2010 Bonds) totaling \$13,900,000 were issued on December 1, 2010. The Issuer loaned the net proceeds of the sale of the Bonds to the Center, pursuant to a Loan Agreement, dated December 1, 2010 between the Issuer and the Center.

Outstanding borrowings totaled \$10,400,000 and \$12,200,000 at March 31, 2013 and 2012, respectively.

The Bonds bear interest based on London Interbank Offered Rate (LIBOR) plus an applicable spread as defined (1 19% at March 31, 2013) and interest is paid monthly. The average interest rate during 2013 and 2012 was 1 19% and 1 25%, respectively. Interest expense, which included an annual administration fee and the amortization of bond issuance costs, totaled \$169,873 and \$202,367 for 2013 and 2012, respectively.

The Bonds are redeemable at the option of the Center, in whole or in part, at various redemption prices on any interest payment date and have required principal payments due annually beginning in September 2011 and maturing in September 2017. Fiscal year contractual maturities of the Bonds payable at March 31, 2013 are as follows:

Year Ending March 31.

2014	\$ 1,900,000
2015	2,000,000
2016	2,100,000
2017	2,100,000
2018	<u>2,300,000</u>
	<u>\$ 10,400,000</u>

The Center is subject to certain financial and nonfinancial covenants under the various Bond loan agreements. At March 31, 2013, the Center was in compliance with these covenants.

Note 7: Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are restricted for the following purposes at March 31, 2013 and 2012:

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level of the donor's original gift. In accordance with GAAP, deficiencies of this nature are reported as unrestricted net assets.

Note 8: Net Patient Service Revenue

The Center has agreements with third-party payors that provide for payments to the Center at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

Services rendered to Medicare program beneficiaries are paid based on prospectively determined rates. These rates vary according to a patient classification system that is based on clinical, diagnostic and other factors.

Final settlements have not been reached for bad debt expense with Medicare for fiscal year 2013. Upon ultimate settlement, management expects that the amounts payable or receivable for the unsettled years will approximate the amounts included in the accompanying consolidated statements of financial position. Any adjustments to amounts previously recorded, based on final settlements, are recorded in the period of final settlement.

Medicaid inpatient services are paid on a prospective payment system. Outpatient services rendered to Medicaid program beneficiaries are reimbursed under a cost reimbursement methodology. The Center is reimbursed at a tentative rate with final settlement determined after submission of annual cost reports by the Center and audits thereof by the Medicaid fiscal intermediary.

Patients identified as low-income and that have not been approved for Medicaid benefits are classified as "Medicaid Pending." The Center assists the patients in obtaining these benefits from the Georgia Department of Medical Assistance. Approximately 4 percent of the Center's gross patient revenue was derived from Medicaid Pending patients in 2013 and 2012.

Final settlements have not been reached with Medicaid for fiscal years 2010, 2011, 2012 and 2013. Upon ultimate settlement, management expects that the amounts payable or receivable for the unsettled years will approximate the amounts included in the accompanying consolidated statements of financial position. Any adjustments to amounts previously recorded, based on final settlements, are recorded in the period of final settlement.

Revenue from the Medicare and Medicaid programs account for approximately 13 percent and 10 percent, respectively, of the Center's gross patient revenue for fiscal 2013, and approximately 13 percent and 8 percent from the Medicare and Medicaid programs, respectively, of the Center's gross patient revenue for fiscal 2012. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

The Center also has entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to the Center under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates. With respect to reserves for these agreements, the Center typically reserves a percentage of relevant revenues. The Center has historically provided such reserves in recognition of the complexity of relevant reimbursement regulations, the volatility of related settlement processes, and an increasingly provocative healthcare regulatory environment and believes that such policy provides the Center's routine exposures in this area consistent with industry-specific accounting principles and practices. In any event, the Center's estimates in this area may differ from actual experience, and those differences may be material.

Note 9: Functional Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying consolidated statements of operations. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses related to providing these services are as follows:

	2013	2012
Health care services	\$ 100,796,962	\$ 94,046,914
Administrative services	29,206,730	25,845,969
Facilities and other expenses	18,239,062	18,910,421
Research	3,800,650	4,380,675
Fundraising	<u>2,208,248</u>	<u>1,836,097</u>
	<u><u>\$ 154,251,652</u></u>	<u><u>\$ 145,020,076</u></u>

Note 10: Charity Care

The Center maintains records to identify and monitor the level of charity care it provides. These records include the amount of charges foregone for services and supplies furnished under its charity care policy and the estimated cost of those services and supplies. The following information measures the Center's charity care provided during the years ended March 31, 2013 and 2012.

	2013	2012
Charges foregone, based on established rates	<u>\$ 9,057,392</u>	<u>\$ 8,108,424</u>
Estimated costs and expenses incurred to provide charity care	<u>\$ 3,723,058</u>	<u>\$ 3,554,883</u>

The Center determined estimated costs and expenses incurred to provide charity care by applying charity care Medicare and Medicaid ratio of costs to charges percentages to charges foregone related to inpatients, and day patients and outpatients, respectively.

In addition to charity care, the Center provides many other services not typically paid for by insurance or government payors. During the year ended March 31, 2013 and 2012, the Center incurred \$7,949,411 and \$7,561,234, respectively, in expenses supporting programs including, but not limited to, therapeutic recreation, patient equipment, assistive technology, housing, vocational services, research, the Marcus Community Bridge Program, the Noble Learning Resource Center, professional development, injury prevention and advocacy.

Note 11: Benefit Plan

The Center provides a defined contribution plan for substantially all employees. The amount of employer contribution is determined by the Board of Directors annually. Employees are one hundred percent vested in employer contributions after three full years of service. Amounts charged to expense for the plan were \$1,881,056 and \$1,705,726 in 2013 and 2012, respectively.

Note 12: Income Taxes

SSC applies an asset and liability approach to income tax accounting. The statements of financial position reflect the anticipated tax impact of future taxable income or deductions implicit in the statements of financial position in the form of temporary differences. These temporary differences reflect the difference between the basis in assets and liabilities as measured in the consolidated financial statements and as measured by the tax laws using enacted tax rates.

The deferred tax asset arising from significant temporary differences and carry forwards of SSC was as follows at March 31, 2013 and 2012.

	2013	2012
Net operating loss carry forward	\$ 124,883	\$ 216,847
Valuation allowance	<u>(124,883)</u>	<u>(216,847)</u>
Net deferred tax asset	<u>\$ -</u>	<u>\$ -</u>

SSC has provided a valuation allowance for its net operating losses because it is more likely than not that they will expire prior to utilization. As of March 31, 2013, SSC has approximately \$320,212 of federal and state net operating loss carry forwards available to offset future taxable income, which begin to expire in 2017.

Note 13: Commitments and Contingencies

Industry

The health care industry is subject to laws and regulations of federal, state and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Over the past several years, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in expulsion from government health care programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Management believes that the Center is in compliance with fraud and abuse statutes as well as other applicable government laws and regulations. The Center has established an Ethics in Business program in order to help ensure compliance with applicable laws and regulations.

Operating Leases

The Center leases various equipment and facilities under noncancelable lease agreements expiring at various dates through March 2018. Total rental expense in 2013 and 2012 was \$1,112,176 and \$1,102,305, respectively. Management expects that in the normal course of business, leases that expire will be renewed or replaced by other leases.

Future minimum rental payments under all noncancelable operating leases were as follows as of March 31, 2013:

Year Ending March 31,

2014	\$ 628,866
2015	496,320
2016	471,135
2017	399,310
2018	<u>380,400</u>
	<u>\$ 2,376,031</u>

Total rent expense includes month-to-month rental expense as well as contingent rental expense of approximately \$340,000 and \$348,000 for 2013 and 2012, respectively.

Litigation

The Center, at times, is involved in litigation arising in the ordinary course of business. After consultation with legal counsel, management estimates that these matters will be resolved without material adverse effect on the Center's financial position, change in net assets or cash flows.

Note 14: Concentrations of Credit Risk

The Center grants credit without collateral to its patients, most of whom participate under third-party payor agreements (see Note 8). The mix of receivables from patients and third-party payors at March 31, 2013 and 2012, was as follows:

	2013	2012
Medicare	16%	9%
Medicaid	10%	11%
Pending Medicaid benefits	5%	4%
Other third-party payors	67%	74%
Patients	2%	2%
	<u>100%</u>	<u>100%</u>

At March 31, 2013 and 2012, the Center has cash and cash equivalent balances in major financial institutions which exceed federal depository insurance limits. Management believes that credit risk related to these deposits is minimal.

Investment securities are exposed to various risks such as interest rate, market and credit. Market values of securities fluctuate based on the magnitude of changing market conditions; significant changes in market conditions could materially affect portfolio value in the near term.

Note 15: Related Party Transactions

Shepherd Center Auxiliary (the Auxiliary) is a non-profit organization that sponsors several events which raise contributions on behalf of the Center for various purposes. The Auxiliary raised \$175,025 and \$115,125 in 2013 and 2012, respectively. In 2013 and 2012, the effect of these contributions was to increase temporarily restricted assets by \$175,025 and \$115,125, respectively.

Note 16: Gift Annuities

The Center enters into agreements with donors in which the donors contribute Annuity Gifts to the Center in exchange for an annuity to be paid to the donor or their designee for a specified period of time. The assets received for an annuity are recorded at fair value at the date of the gift. The liability associated with Annuity Gifts is recorded at present value based on Internal Revenue Service mortality tables and prevailing interest rates. The difference constitutes an increase to temporarily restricted net assets. In 2013 and 2012, respectively, the Center received Annuity Gifts totaling \$18,235 and \$28,785, of which \$10,137 and \$15,870 were recorded as annuities payable. At March 31, 2013 and 2012, the liability associated with received Annuity Gifts was estimated to be \$6,446,695 and \$6,501,217, respectively, and is shown as annuities payable in the accompanying consolidated financial statements.

Note 17: Subsequent Events

The Center has evaluated for subsequent events between the balance sheet date of March 31, 2013 and the report date, the date the financial statements were available for issuance. The Center has concluded there were no recognized subsequent events or unrecognized subsequent events requiring disclosure.

Notes to Schedule of Expenditures of Federal Awards
For the Year Ended March 31, 2013

Note A: Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Shepherd Center, Inc. and Subsidiaries (the Center) and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note B: Federal Pass-through Funds

The Center is the subrecipient of federal funds, which have been subject to testing and are reported as expenditures and listed as federal pass-through funds in the accompanying schedule. Federal awards other than these are considered direct.

See independent auditor's report and accompanying notes to consolidated financial statements.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Directors of
Shepherd Center, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Shepherd Center, Inc. and Subsidiaries (the Center) (a not-for-profit organization), which comprise the statement of financial position as of March 31, 2013, and the related statements of operations and changes in net assets, and cash flows for the year then ended, and related notes to the consolidated financial statements, which collectively comprise the Center's basic consolidated financial statements, and have issued our report thereon dated July 15, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Center's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control. Accordingly, we do not express an opinion on the effectiveness of the Center's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Center's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Center's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each Major Federal Program
and on Internal Control Over Compliance Required by OMB Circular A-133**

To the Board of Directors of
Shepherd Center, Inc.

Report on Compliance for Each Major Federal Program

We have audited Shepherd Center, Inc. and Subsidiaries' (the Center) (a not-for-profit organization) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on the Center's major federal program for the year ended March 31, 2013. The Center's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Center's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America: the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for its major federal program. However, our audit does not provide a legal determination of the Center's compliance.

Opinion on Each Major Federal Program

In our opinion, the Center complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended March 31, 2013.

Report on Internal Control Over Compliance

Management of the Center is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the Center's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for its major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Center's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
