Independent Auditor's Report

To the Board of Trustees of
Catholic Medical Center and Subsidiaries

We have audited the accompanying consolidated financial statements of Catholic Medical Center and Subsidiaries (the "Medical Center"), which comprise the consolidated balance sheets as of June 30, 2013 and 2012, and the related consolidated statements of operations, changes in net assets and cash flows for the years then ended

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audits We conducted our audits in accordance with auditing standards generally accepted in the United States of America Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error In making those risk assessments, we consider internal control relevant to the Medical Center's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Medical Center's internal control Accordingly, we express no such opinion An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion

pwc

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Medical Center at June 30, 2013 and 2012, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America

The accompanying notes are an integral part of these consolidated financial statements

1. Organization

The consolidated financial statements for Catholic Medical Center and Subsidiaries include the accounts of Catholic Medical Center (the "Medical Center"), a voluntary not-for-profit acute care hospital based in Manchester, New Hampshire, and its subsidiaries Subsidiaries of the Medical Center include New England Heart Institute Foundation ("NEHIF") and CMC Associates During 2005, control of NEHIF and CMC Associates was transferred to the Medical Center In 2011, NEHIF was formally dissolved and assets were transferred to the Medical Center The Medical Center, which primarily serves residents of New Hampshire and northern Massachusetts, is controlled by CMC Healthcare System, Inc (the "System"), a not-for-profit corporation which functions as the parent company and sole member of the Medical Center

2. Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements have been prepared using the accrual basis of accounting

Principles of Consolidation

The consolidated financial statements include the accounts of the Medical Center, NEHIF and CMC Associates Significant intercompany accounts and transactions have been eliminated in consolidation

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements Estimates also affect the reported amounts of revenue and expenses during the reporting period Actual results could differ from these estimates The primary estimates relate to collectability of receivables from patients and third-party payors, accrued compensation and benefits, conditional asset retirement obligations and self-insurance reserves

Income Taxes

The Medical Center, NEHIF and CMC Associates are not-for-profit corporations as described in Section 501(c)(3) of the Internal Revenue Code (the "Code") and are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code

Temporarily and Permanently Restricted Net Assets

Gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of donated assets

Temporarily restricted net assets are those whose use by the Medical Center has been limited by donors to a specific time period or purpose When a donor restriction expires (i e , when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of operations as either net assets released from restrictions used for operations (for noncapital-related items and included in other revenue) or as net assets released from restrictions used for capital (for capital-related items)

Permanently restricted net assets have been restricted by donors to be maintained by the Medical Center in perpetuity Income earned on permanently restricted net assets, to the extent not restricted by the donor, including net unrealized appreciation on investments, is included in the statement of operations as unrestricted resources or as a change in temporarily restricted net assets in accordance with donor-intended purposes or applicable law

Performance Indicator
Excess of revenues over expenses is compromised of operating revenues and expenses and nonoperating gains and losses For purposes of display, transactions deemed by management to be ongoing, major or central to the provision of health care services are reported as operating revenue and expenses Peripheral or incidental transactions are reported as nonoperating gains or losses, which include contributions, realized gains and losses on the sales of securities, unrestricted investment income and contributions to community agencies

Charity Care and Community Benefits
The Medical Center has a formal charity care policy under which patient care is provided to patients who meet certain criteria without charge or at amounts less than its established rates The Medical Center does not pursue collection of amounts determined to qualify as charity care, therefore, they are not reported as revenues The Medical Center rendered charity care in accordance with this policy, which, at established charges, amounted to $29,024,262 and $26,731,627 for the years ended June 30, 2013 and 2012, respectively

The estimated costs of providing charity services are based on a calculation which applies a ratio of costs to charges to the gross uncompensated charges associated with providing care to charity patients The ratio of cost to charges is calculated based on the Hospital's total operating expenses divided by gross patient service revenue Of the Hospital's $266 million of total operating expenses reported, an estimated $9 4 million and $8 7 million arose from providing services to charity patients in fiscal 2013 and 2012, respectively

The Medical Center provides community service programs, without charge, such as the Medication Assistance Program, Community Education and Wellness, Patient Transport, and the Parish Nurse Program The costs of providing these programs amounted to $934,075 and $1,230,283 for the years ended June 30, 2013 and 2012, respectively

Cash and Cash Equivalents
Cash and cash equivalents include certificates of deposit with maturities of three months or less when purchased and investments in overnight deposits at various banks Cash and cash equivalents exclude amounts whose use is limited by board designation and amounts held by trustees under revenue bond and other agreements The Medical Center maintained approximately $74,000,000 and $57,000,000 at June 30, 2013 and 2012, respectively, of its cash and cash equivalent accounts with a single institution The Medical Center has not experienced any losses associated with deposits at this institution

Included in cash and cash equivalents is an amount held in escrow by the Royal Bank of Canada Capital Markets ("RBCCM"), in the amount of $3,370,000 and $3,250,000 at June 30, 2013 and 2012, respectively These funds are on deposit with RBCCM as a condition of the Medical Center's swap agreement on the Series 2002B revenue bonds

Inventories
Inventories of supplies are stated at the lower of cost (determined by the first-in, first-out method) or market

Property, Plant and Equipment
Property, plant and equipment is stated at cost at time of purchase or fair market value at the time of donation, less accumulated depreciation The Medical Center's policy is to capitalize expenditures for major improvements and charge maintenance and repairs currently for expenditures which do not extend the lives of the related assets The provisions for depreciation and amortization have been determined using the straight-line method at rates, which are intended to amortize the cost of assets over their estimated useful lives, which range from 2 to 40 years

Goodwill
The Medical Center reviews its goodwill and other long-lived assets annually to determine whether the carrying amount of such assets are impaired Upon determination that an impairment has occurred, these assets are reduced to fair value Recorded impairments at the time of adoption of the new accounting principle on July 1, 2011 were $12,494 The impairments relate to goodwill related to purchased physician practices impaired under a valuation technique based on multiples of earnings There were no impairments recorded for the year ended June 30, 2013

Retirement Benefits
The Catholic Medical Center Pension Plan (the "Plan") provides retirement benefits for certain employees of the Medical Center and certain employees of an affiliated organization who have attained age twenty-one and work at least 1,000 hours per year The Plan consists of a benefit accrued to July 1, 1985, plus 2% of plan year earnings (to legislative maximums) per year The Medical Center's funding policy is to contribute amounts to the Plan sufficient to meet minimum funding requirements set forth in the Employee Retirement Income Security Act of 1974, plus such additional amounts as may be determined to be appropriate from time to time The Plan is intended to constitute a plan described in Section 414(k) of the Internal Revenue Code, under which benefits derived from employer contributions are based on the separate account balances of participants in addition to the defined benefits under the Plan

Effective January 1, 2008, the Medical Center decided to close participation in the Plan to new participants As of January 1, 2008, current participants continued to participate in the Plan while new employees receive a higher matching contribution to the tax-sheltered annuity benefit program discussed below There was no impact on the liability, as no current benefits were frozen and the amendment only affected future employees

During 2011, the Board of Trustees voted to freeze the accrual of benefits under the Plan effective December 31, 2011 Accordingly, the Medical Center recorded a curtailment gain of $0 at June 30, 2012

The Medical Center also maintains a tax-sheltered annuity benefit program in which it matches one-half of employee contributions up to either 2% or 3% of their annual salary, depending on date of hire The Medical Center made matching contributions under the program of $4,550,407 and $3,083,972 for the years ended June 30, 2013 and 2012, respectively

During 2007, the Medical Center created a nonqualified deferred compensation plan covering certain employees under Section 457(b) of the Code Under the plan, a participant may elect to defer a portion of their compensation to be held until payment in the future to the participant or to his or her beneficiary Consistent with the requirements of the Code, all amounts of deferred compensation, including but not limited to, any investments held and all income attributable to such amounts, property and rights will remain subject to the claims of the Medical Center's creditors, without being restricted to the payment of deferred compensation, until payment is made to the participant or their beneficiary No contributions were made by the Medical Center for the years ended June 30, 2013 or 2012

The Medical Center also provides a noncontributory supplemental executive retirement plan covering certain former executives, as defined The Medical Center's policy is to accrue costs under this plan using the "Projected Unit Credit Actuarial Cost Method" and to amortize past service costs over a fifteen-year period Benefits under this plan are based on the participant's final average salary, social security benefit, retirement income plan benefit, and total years of service Certain investments have been designated for payment of benefits under this plan and are included in assets whose use is limited-pension and insurance obligations

During 2007, the Medical Center created a supplemental executive retirement plan covering certain executives of the Medical Center The Medical Center recorded compensation expense of $200,000 and $667,526 for the years ended June 30, 2013 and 2012, respectively, related to this plan

Employee Fringe Benefits
The Medical Center has an "earned time" plan Under this plan, each qualifying employee "earns" hours of paid leave for each pay period worked These hours of paid leave may be used for vacations, holidays, or illness Hours earned but not used are vested with the employee and are paid to the employee upon termination The Medical Center expenses the cost of these benefits as they are earned by the employees

Debt Issuance Costs/Original Issue Discount
The debt issuance costs incurred to obtain financing for the Medical Center's construction and renovation programs and refinancing of prior bonds and the original issue discount are amortized in declining amounts by the effective interest method over the repayment period of the bonds The original issue discount of bonds is presented as a reduction of the face amount of bonds payable

Investments and Investment Income
Investments in debt and equity securities, including funds held by trustee under revenue bond agreements, are measured at fair value primarily based on quoted market prices Realized gains or losses on the sale of investment securities are determined by the specific identification method and are recorded on the settlement date Interest and dividend income on unrestricted investments, unrestricted investment income on permanently restricted investments and unrestricted net realized gains/losses are reported as nonoperating gains

The Medical Center holds investments in privately held investment funds of $54,295,084 and $48,132,000 at June 30, 2013 and 2012, respectively, which are carried at estimated fair value determined by management, based upon valuations provided by management of the privately held investment funds as of June 30, 2013 and 2012 Since investments in privately held investment funds are not readily marketable, the estimated value is subject to uncertainty and therefore, may differ from the value that would have been used had a market for such investments existed and such differences could be material

During the years ended June 30, 2013 and 2012, the Medical Center reported realized losses of approximately $1,433 and $2,887, respectively, relating to declines in fair value of investments, that were determined by management to be other than temporary

Derivative Instruments
Derivatives are recognized as either assets or liabilities in the balance sheet at fair value regardless of the purpose or intent for holding them Changes in the fair value of derivatives are recognized either in the excess of revenues over expenses or net assets, depending on whether the derivative is speculative or being used to hedge changes in fair value or cash flows

Beneficial Interest in Perpetual Trust
The Medical Center is the beneficiary of trust funds administered by trustees or other third parties Trusts wherein the Medical Center has the irrevocable right to receive the income earned on the trust assets in perpetuity are recorded as permanently restricted net assets at the fair value of the trust at the date of receipt Income distributions from the trusts are reported as investment income that increase unrestricted net assets, unless restricted by the donor Annual changes in the fair value of the trusts are recorded as increases or decreases to permanently restricted net assets

Malpractice Loss Contingencies
The Medical Center has a claims-made basis policy for its malpractice insurance coverage A claims-made policy provides specific coverage for claims reported during the policy term The Medical Center has established a reserve to cover professional liability exposure which may not be covered by insurance The possibility exists, as a normal risk of doing business, that malpractice claims in excess of insurance coverage may be asserted against the Medical Center In the event a loss contingency should occur, the Medical Center would give it appropriate recognition in its financial statements in conformity with accounting standards The Medical Center expects to be able to obtain renewal or other coverage in future periods

Recently Issued Accounting Pronouncements
In August 2010, the FASB issued *Health Care Entities: Presentation of Insurance Claims and Related Insurance Recoveries* (ASU 2010-24), which provides that the net presentation of receivables for insurance recoveries and related claims liabilities is not permitted The Medical Center adopted the provisions of ASU 2010-24 during the year ended June 30, 2012

In August 2010, the FASB issued Health *Care Entities: Measuring Charity Care for Disclosure* (ASU 2010-23), which clarified the disclosure of charity care provided by healthcare organizations, providing that such disclosure should be measured using cost and that related reimbursements recorded should also be separately disclosed The Medical Center adopted the provisions of ASU 2010-23 during the year ended June 30, 2012

In July 2011, the FASB issued *Health Care Entities: Presentation and Disclosure of Patient Service Revenue, Provisions for Bad Debts, and the Allowance for Doubtful Accounts for Certain Health Care Entities* (ASU 2011-07), which requires certain healthcare entities to change the presentation of their statement of operations by reclassifying the provision for bad debts associated with patient service revenue from an operating expense to a deduction from net patient service revenue Additionally those healthcare entities are required to provide enhanced disclosures about their policies for recognizing revenue and assessing bad debts The Medical Center elected to early adopt ASU 2011-07 during the year ended June 30, 2012 and changed its reporting of the provision for bad debt

Subsequent Events
Management of the Medical Center has assessed the impact of subsequent events through October 30, 2013, the date that the audited financial statements were issued and has concluded that there were no such events that would require adjustment to the audited financial statements or disclosure in the notes to the audited financial statements

3. Net Patient Service Revenues

The following summarizes net patient service revenues

	2013	2012
Gross patient service revenues	$ 821,358,777	$ 789,050,137
Less Contractual allowances	509,328,020	478,643,816
Less Provision for bad debt	26,957,932	25,990,192
Net patient service revenues	$ 285,072,825	$ 284,416,129

The Medical Center participates in the Federal Medicare Program ("Medicare") and the State of New Hampshire Department of Health and Human Services Medicaid Program ("Medicaid") The Medical Center is paid a prospectively determined fixed price for each Medicare and Medicaid inpatient acute care service depending on the type of illness or the patient's diagnosis related group classification Capital costs and certain Medicare and Medicaid outpatient services are also reimbursed on a prospectively determined fixed price The Medical Center receives payment for Medicaid outpatient services on a reasonable cost basis which are settled with retroactive adjustments upon completion and audit of related cost finding reports

Differences between amounts previously estimated and amounts subsequently determined to be recoverable or payable are included in net patient service revenues in the year that such amounts become known The percentage of net patient service revenues earned from the Medicare and Medicaid programs was 39% and 2%, respectively, in 2013 and 39% and 2%, respectively, in 2012

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation The Medical Center believes that it is in compliance with all applicable laws and regulations, compliance with such laws and regulations can be subject to future government review and interpretation as well as significant regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs

The Medical Center maintains contracts with certain commercial carriers, health maintenance organizations, preferred provider organizations and state and federal agencies The basis for payment under these agreements includes prospectively determined rates per discharge and per day, discounts from established charges and fee screens The Medical Center does not currently hold reimbursement contracts which contain financial risk components

The approximate percentages of patient service revenue, net of contractual allowances and discounts (before the provision for bad debts), for the year ended June 30, 2013, from third-party payors and uninsured patients are as follows

	Third-Party Payors	Uninsured Patients	Total All Payors
Patient service revenue (net of contractual allowances and discounts)	98 5 %	1 5 %	100 0 %

The Medical Center recognizes changes in accounting estimates for net patient service revenue and third-party payor settlements as new events occur or as additional information is obtained For the years ended June 30, 2013 and 2012, favorable (unfavorable) adjustments recorded for changes to prior year estimates were approximately $303,066 and $1,380,000, respectively

Under the State of New Hampshire's (the "State") tax code, the State imposes a Medicaid enhancement tax equal to 5 5% of net patient service revenues The amount of tax incurred by the Medical Center for 2013 and 2012 was $9,759,737 and $15,240,000, respectively Disproportionate share ("DSH") funding payments from the State are recorded in operating revenues and amounted to $0 and $0 in 2013 and 2012, respectively

4. Property, Plant and Equipment

The major categories of property, plant and equipment at June 30, 2013 and 2012 are as follows

	66,500,000	62,355,000
Capitalized lease obligations	2,386,048	3,029,451
Less Unamortized original issue discount	(2,744,909)	198,531
	71,630,957	65,185,920
Less Current portion	2,076,787	2,128,404
Long-term debt, net of current portion	$ 69,554,170	$ 63,057,516

In December 2002, the Medical Center, in connection with the Authority, issued $19,225,000 of tax-exempt fixed rate revenue bonds (Series 2002A) and $28,000,000 of tax-exempt variable rate revenue bonds (Series 2002B) Under the terms of the loan agreements, the Medical Center has granted the Authority a first collateralized interest in all gross receipts and a mortgage lien on existing and future property, plant and equipment The Medical Center is required to maintain a minimum debt service coverage ratio of 1 25

The proceeds of the Series 2002A and 2002B bond issues were used to advance refund the Series 1989 bonds, to reimburse the Medical Center for prior capital expenditures and to provide funding for the Medical Center's major capital expansion project, a 72,000 square foot addition

The Series 2002B bonds are subject to purchase from time to time at the option of the owners thereof To enhance the marketability of the bonds and in order to provide the availability of funds for the payment of the tendered bonds, the Authority has provided for the remarketing of the bonds To the extent that the remarketing may not be successful, the Authority, and the Medical Center have provided for the purchase of such bonds by entering into a Letter of Credit Reimbursement Agreement (the "Agreement") with Citizens Bank (the "Bank") The Bank will purchase the Series 2002B bonds that have been tendered and not remarketed Amounts advanced under the Agreement and not reimbursed to the Bank by the 180th day will automatically be converted into a term loan

In May 2006, the Medical Center, in connection with the Authority, issued $32,910,000 of tax-exempt fixed rate revenue bonds (Series 2006) Under the terms of the loan agreements, the Medical Center has granted the Authority a first collateralized interest in all gross receipts and a mortgage lien on existing and future property, plant and equipment The Medical Center is required to maintain a minimum debt service coverage ratio of 1 25

The proceeds of the Series 2006 bond issue were used to advance refund $9,010,000 of the Series 2002A bonds, to provide funding for renovating additional space and equipment at the hospital, and to provide a portion of the funding for the construction of a new parking garage

In December 2012, the Medical Center, in connection with the Authority, issued $35,275,000 of tax exempt fixed rate revenue bonds (Series 2012) Under the terms of the loan agreements, the Medical Center has granted the Authority a first collateralized interest in all gross receipts and a mortgage lien on existing and future property, plant and equipment The Medical Center is required to maintain a minimum debt service coverage ratio of 1 50

The proceeds of the Series 2012 bond issue were used to advance refund the remaining 2002A bonds, advance refund the 2002B bonds and pay off the short term RANCAN note In addition, a $3 0 million construction fund was established to fund routine capital purchases made in fiscal year 2013

The Medical Center has an agreement with the Authority which provides for the establishment of various funds, the use of which is generally restricted to the payment of debt These funds are administered by a trustee and income earned on certain of these funds is similarly restricted One of the funds held by the trustee is the debt service reserve fund This fund may be used should the Medical Center fail to meet principal and interest payments The reserve fund requirement is the lesser of 10% of the original principal amount less original issue discount of bonds, the maximum amount of principal and interest due in any one future year or 125% of the average annual debt service Any amounts in excess of the requirements of the fund may be transferred at the discretion of the Medical Center

Interest paid by the Medical Center totaled $3,122,464 and $2,765,357 for the years ended June 30, 2013 and 2012, respectively

Aggregate principal payments due on the revenue bonds and capitalized lease obligations for each of the five years and thereafter ending June 30 are as follows

2014	$ 2,076,791
2015	3,271,737
2016	3,338,603
2017	3,193,905
2018 and thereafter	57,005,000
	$ 68,886,036

The scheduled principal maturities represent annual payments as required under long-term debt repayment schedules

The fair value of the Medical Center's long-term debt is estimated using discounted cash flow analysis, based on the Medical Center's current incremental borrowing rate for similar types of borrowing arrangements The fair value of the Medical Center's long-term debt, excluding capitalized lease obligations was $66,621,268 and $63,228,248 at June 30, 2013 and 2012, respectively

Pursuant to a Guaranty Agreement dated as of January 1, 1994 by and between Optima Health, Inc ("Optima") and the trustee for Hillcrest Terrace's Series 1994 bond issue, later transferred from Optima to the Medical Center, the Medical Center has guaranteed to fund, up to a maximum cumulative amount of $1,900,000, any deficiencies in the Hillcrest Terrace's Debt Service Reserve Fund (the "Reserve Fund") to the extent that the Reserve Fund value, as defined, is less than $800,000 As of June 30, 2013 and 2012, the Medical Center has made cumulative payments of $251,564 under this guarantee As of June 30, 2013 and 2012, the Medical Center has recorded a liability for the remaining $1,648,436, based upon management's estimate of future obligations

Derivatives
The Medical Center uses derivative financial instruments principally to manage interest rate risk During 2005, the Medical Center entered into an interest rate swap agreement to release the existing agreement signed in 2003 This agreement involves the exchange of fixed rate payments by the Medical Center for variable rate payments from the counterparty without the exchange of the underlying notional amounts The notional amount for this agreement is $15,000,000 and expires in November 2024 Under the provisions of this agreement, interest is to be paid to the counterparty, by the Medical Center at 67% of USD-LIBOR-BBA through the remainder of the term

The fair values of these derivatives amounted to ($2,463,466) and ($3,751,816) as of June 30, 2013 and 2012, respectively, and have been included in accrued pension and other liabilities The changes in the fair value of the derivative of $1,288,350 and ($1,858,926) have been included within nonoperating investment income for the years ended June 30, 2013 and 2012, respectively

6. Notes Receivable

During February 1994, Hillcrest Terrace ("Hillcrest") together with the Authority restructured $26,000,000 of special obligation revenue bonds (Series 1990) The bondholder consented to an amendment of the Series 1990 bond indenture, which permitted the redemption of the Series 1990 bonds at a price of 85% of the par value thereof, or $22,100,000 The redemption was accomplished partially with the issuance of $18,950,000 of Series 1994 revenue bonds to the Authority The Authority then loaned, under a the Loan Agreement and Mortgage, the proceeds

thereof to Hillcrest, which proceeds, after payment of certain issuance expenses and accrued interest on the Series 1990 bonds, were used to pay a portion of the redemption price of the Series 1990 bonds In addition, certain funds deposited into the Series 1990 Reserve Fund were paid to Fidelity Health Alliance, Inc (the Medical Center's former parent company and one of the organizations which formed Optima and hereinafter referred to as Optima) to repay earlier advances Optima then loaned $2,581,528 to Hillcrest pursuant to a subordinated loan agreement Hillcrest owed Optima $400,856, which was converted from a current obligation to a long-term obligation and included in the subordinated loan agreement resulting in a total of $2,982,384 owed to Optima In conjunction with the disaffiliation from Optima effective July 1, 2000, the subordinated loan became payable to the Medical Center Hillcrest used a portion of the subordinated loan to pay a portion of the redemption price of the Series 1990 bonds Also, upon redemption of the Series 1990 bonds, $1,500,000 from the Series 1990 Reserve Fund was transferred to the Series 1994 Reserve Fund and the remaining amount, $1,074,000, of the Series 1990 Reserve Fund was used to pay a portion of the redemption price of the Series 1990 bonds The subordinated loan is subordinated in all respects to the Series 1994 revenue bonds During 2004, the subordinated loan was restructured by the Medical Center The principal due was reduced from $2,982,384 to $1,522,909 The new note bears interest at a stated rate of 5% per annum The balance receivable from Hillcrest is $1,018,859 and $1,086,672 at June 30, 2013 and 2012, respectively As of August 31, 2008, Hillcrest defaulted on their debt covenants As a result, the Medical Center has reserved $800,000 against the note receivable in the event of default, at June 30, 2013 and 2012 As of June 30, 2013, all payments are current

7. Operating Leases

The Medical Center has various noncancelable agreements to lease various pieces of medical equipment The Medical Center also has noncancelable leases for office space The Medical Center has also assumed lease obligations for certain physician practices that became provider based Rental expense on all leases for the years ended June 30, 2013 and 2012 was $6,239,430 and $6,004,428, respectively

Estimated future minimum lease payments under noncancelable facility and equipment operating leases for the years ending June 30 are as follows

2014	$ 3,711,294
2015	2,690,893
2016	1,941,779
2017	1,722,228

Effective July 1, 2008, the Medical Center adopted new accounting guidance which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement data In determining fair value, the use of various valuation approaches, including market, income and cost approaches, is permitted

A fair value hierarchy has been established based on whether the inputs to valuation techniques are observable or unobservable Observable inputs reflect market data obtained from sources independent of the reporting entity and unobservable inputs reflect the entities own assumptions about how market participants would value an asset or liability based on the best information available Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs The standard describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value

The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used by the Medical Center for financial instruments measured at fair value on a recurring basis The three levels of inputs are as follows

Level 1 Observable inputs such as quoted prices in active markets,

Level 2 Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly, and

Level 3 Unobservable inputs in which there is little or no market data

Assets and liabilities measured at fair value are based on one or more of three valuation techniques The three valuation techniques are as follows

Market Approach
Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities,

Cost Approach
Amount that would be required to replace the service capacity of an asset (i e , replacement cost), and

Income Approach
Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques)

The following fair value hierarchy tables present information about the Medical Center's assets and liabilities measured at fair value on a recurring basis based upon the lowest level of significant input to the valuations

There were no significant transfers between Level 1, 2 or 3 for the year ended June 30, 2013

In 2009, new guidance related to the Fair Value Measurement standard was issued for estimating the fair value of investments in investment companies (limited partnerships) that have a calculated value of their capital account or net asset value ("NAV") in accordance with, or in a manner consistent with US GAAP The Medical Center is permitted under US GAAP to estimate the fair value of an investment at the measurement date using the reported NAV without further adjustment unless the Medical Center expects to sell the investment at a value other than NAV or if the NAV is not calculated in accordance with US GAAP The Medical Center's investments in private investment funds are fair valued based on the most current NAV

The Medical Center performs additional procedures including due diligence reviews on its investments in investment companies and other procedures with respect to the capital account or NAV provided to ensure conformity with US GAAP The Medical Center has assessed factors including, but not limited to, managers' compliance with Fair Value Measurement standard, price transparency and valuation procedures in place, the ability to redeem at NAV at the measurement date, and existence of certain redemption restrictions at the measurement date

The guidance also requires additional disclosures to enable user of the financial statements to understand the nature and risk of the Medical Center's investments Furthermore, investments which can be redeemed at NAV by the Medical Center on the measurement date or in the near term are classified as Level 2 Investments which cannot be redeemed on the measurement date or in the near term are classified as Level 3 The new guidance did not materially affect the Medical Center's consolidated financial statements

14. Commitments and Contingencies

Litigation

Various legal claims, generally incidental to the conduct of normal business, are pending or have been threatened against the Medical Center The Medical Center intends to defend vigorously against these claims While ultimate liability, if any, arising from any such claims is presently indeterminable, it is management's opinion that the ultimate resolution of these claims will not have a material adverse effect on the financial condition of the Medical Center

Regulatory

The healthcare industry is subject to numerous laws and regulations of federal, state, and local governments Recently, government activity has increased with respect to investigations and allegations concerning possible violations by health care providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties as well as significant repayments for patient services previously billed Compliance with such laws and regulations are subject to government review and interpretations as well as regulatory actions unknown or unasserted at this time

Report of Independent Auditors on Accompanying Consolidating Information

To the Board of Trustees of
Catholic Medical Center and Subsidiaries

We have audited the consolidated financial statements of Catholic Medical Center and Subsidiaries as of June 30, 2013 and 2012 and for the years then ended and our report thereon appears on page 1 of this document Those audits were conducted for the purposes of forming an opinion on the consolidated financial statements taken as a whole The consolidating information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements The consolidating information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America In our opinion, the consolidating information is fairly stated, in all material respects, in relation to the consolidated financial statements taken as a whole The consolidating information is presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position, results of operations and cash flows of the individual companies and is not a required part of the consolidated financial statements Accordingly, we do not express an opinion on the financial position, results of operations and cash flows of the individual companies
