Independent Auditors' Report

The Board of Trustees
The Rockefeller University:

We have audited the accompanying financial statements of The Rockefeller University Hospital (a division of The Rockefeller University) (the Hospital), which comprise the balance sheets as of December 31, 2012 and 2011, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly in all material respects, the financial position of The Rockefeller University Hospital as of December 31, 2012 and 2011, and the changes in its net assets and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

The Rockefeller University Hospital (the Hospital) operates under the charter of The Rockefeller University (the University) and is not incorporated as a separate legal entity. The Hospital conducts research on volunteer patients. These activities are funded primarily through a grant provided by the U.S. Department of Health and Human Services (DHHS). Approximately 53% and 60% of the Hospital's operations were funded by this grant in 2012 and 2011, respectively. The balance of the operating costs is funded primarily by an operating subsidy grant from the University.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The Hospital prepares its financial statements on the accrual basis of accounting in accordance with standards established by the Financial Accounting Standards Board for external reporting by not-for-profit organizations. The accompanying financial statements include the economic resources and financial activities of the Hospital.

All net assets not restricted by donors are accounted for as unrestricted net assets. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as unrestricted support. The Hospital has designated a portion of the unrestricted net assets for plant replacement and expansion.

(b) Deficiency of Revenues over Expenses

The accompanying statements of activities include an intermediate measure of operations entitled deficiency of revenues over expenses. Changes in unrestricted net assets that are excluded from the deficiency of revenues over expenses, consistent with industry practice, include operating and capital subsidy grants received from the University.

(c) Patient Service Revenue

Net patient service revenue represents the estimated net realizable amounts from patients and third-party payors for services rendered, net of contractual and courtesy allowances. Estimated contractual adjustments, including prospective rate adjustments arising under third-party reimbursement programs, are accrued in the period the services are rendered to the patients. Differences between estimated retroactive third-party reimbursement settlements for prior years and subsequent final settlements are recorded in the year of settlement as contractual adjustments. No net patient service revenue has been recognized for the years ended December 31, 2012 and 2011.

(d) Government Grants

Revenue from grants is recognized as earned, that is, as related costs are incurred under the grant agreements.

(e) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The current economic environment has increased the degree of uncertainty inherent in those estimates and assumptions.

(f) Land, Buildings, and Equipment

Plant assets are stated at cost, or at fair value at date of donation in the case of gifts. Depreciation of buildings and building improvements is recorded over estimated useful lives ranging from 15 to 50 years. Equipment is depreciated over estimated useful lives ranging from 5 to 20 years.

(g) Income Taxes

The Hospital is a division of the University, which is classified by the Internal Revenue Service as exempt from federal income taxes under provisions of Section 501(c)(3) of the Internal Revenue Code.

The Hospital is exempt from federal income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code. The Hospital follows the guidance of Accounting Standards Codification Subtopic 740-10, *Accounting for Income Taxes – Overall*, which addresses accounting for uncertainties in income taxes recognized in an enterprise's financial statements. The Hospital utilizes a threshold of more likely than not for recognition and de-recognition of tax positions taken or expected to be taken in a tax return.

(3) Grants Revenue

The Hospital's primary funding is the Clinical and Translational Science Awards (CTSA) from DHHS for clinical research projects that are administered through the Hospital's Center for Clinical and Translational Science.
