Part I, Line 3c: Samaritan Hospital's financial assistance policy uses the Federal Poverty Guidelines to determine eligibility, and does not use an asset test.

Part I, Line 7: Samaritan Hospital utilized the same methodology required by the NYS Institutional Cost Report. This methodology requires the Hospital to use a cost-to-charge ratio (from the annual Medicare Cost Report) to calculate (at cost) uncollected amounts attributable to services provided to uninsured patients found to be eligible for financial aid as well as uncollected co-insuarnace and deductibles for insured patients found to be eligible for financial aid.

Samaritan Hospital used its internal cost accounting system to calculate the amounts used in the table. The Hospital's cost accounting system includes all operations and service lines the hospital offers and includes all payor groups with detail for Medicare, Medicaid, Commercial Insurers, HMO's, Managed Care Plans, Private Insurance, Self Pay, etc.

Part VI Supplemental Information

Part I, Line 7g: Samaritan Hospital reported costs of $1,281,354 for the operation of primary care clinics. These costs are net of Medicaid and other means-tested government programs, charity care and bad debt.

Part I, Ln 7 Col(f): Samaritan Hospital used the step-down costs as reported in our 2013 Medicare Cost Report to calculate the costs for the School of Nursing program costs reported on line 7f.

Part III, Line 2:

In order to determine the Hospital's bad debt expense at cost for Part III, line 2, we first identified what portion of the bad debt was inpatient and what portion was outpatient. We then applied the appropriate cost-to-charge ratio (I/P or O/P) as reported in our 2013 Medicare Cost Report to the bad debt expense amounts (I/P and O/P) to determine bad debt expense at cost.

Account balances on patient accounts are transferred to bad debt accounts receivable once they are determined to be uncollectible. The balances are net of discounts, adjustments and payments that have been applied to these accounts.

Part III, Line 3:

The Hospital's estimate of bad debt expense at cost attributable to patients that may have been eligible under organization's charity care policy, but for whom sufficient information was unable to be obtained in order to make a determination, is based on the ratio of charity care cost to total bad debt plus charity care costs. This estimates that 52% of bad debt is for those unable to pay.

Part VI Supplemental Information

Part III, Line 4: The text of the footnote that describes total debt expense is contained on page 13 of the attached consolidated financial statements.

Part III, Line 8: Samaritan Hospital used its internal cost accounting system to calculate the amounts used in the table. The Hospital's cost accounting system includes all operations and service lines the hospital offers and includes all payor groups with detail for Medicare, Medicaid, Commercial Inurers, HMO's, Managed Care Plans, Private Insurance, Self Pay, etc.

The Shortfall on Part III, Line 7 represents the difference between the revenue related to Medicare patients (including revenue received for DSH and other pass-through reimbursements) and the costs associated with providing these services.

Part III, Line 9b: Samaritan Hospital's collection policy contains criteria for financial assistance, and that the vendor will perform collection services in accordance with the policies and procedures of Samaritan Hospital relevant to billing, collection, and financial support of patients with payment obligations.

If a patient qualifies for financial assistance, their account will not be subject to the usual collection practices during this process. If the patient does not submit the necessary documentation within 90 days, then their account could be forwarded to collections.

Part VI Supplemental Information

Samaritan Hospital:

Part V, Section B, Line 3: Samaritan Hospital's community benefits program is based on the community health needs assessment ("CHNA") conducted by the Healthy Capital District Initiative ("HCDI"). HCDI is a consortium of organizations joined together to prioritize and address significant community health issues. Samaritan Hospital has been a member organization of HCDI since 1999. The CHNA benefited from the review and input of the members of the Community Health Needs Assessment Workgroup of the Healthy Capital District Initiative. These individuals are subject matter experts from the area county public health departments of Albany, Rensselaer, and Schenectady; and of each of the Capital Region hospitals, Albany Medical Center, St. Peter's Hospital, Sunnyview Hospital and Rehabilitation Center, St. Mary's Hospital, Samaritan Hospital, Albany Memorial and Ellis Hospital. They were joined by representatives from community based organizations, businesses, consumers, schools, academics, and disease groups for a total of 34 different organizations in our Capital Region such as Catholic Charities, Whitney M. Young, Jr. Federally Qualified Health Center ("FQHC"), Capital District Physicians Health Plan, Fidelis Care Health Plan, University of Albany School of Public Health, YMCA, Community Gardens, and senior housing organizations.

Representatives of the HCDI determined the process for completing the needs assessment and reviewed the collected data. The CHNA is the result of over a year of meetings with member organizations and community input through our survey of over 3,000 residents of the Capital District.

Drafts of the sections were sent to local subject matter experts for review in the health departments of Albany, Rensselaer, and Schenectady counties and in St. Peter's Health Partners, Albany Medical Center, Ellis

Hospital, and Interfaith Partnership for the Homeless. Comments were addressed and changes were incorporated into the final document. The Community Health Needs Assessment was completed and approved in June 2013.

Samaritan Hospital:

Part V, Section B, Line 4: Samaritan Hospital conducted its CHNA in collaboration with the following hospital facilities- Albany Medical Center, Albany Memorial Hospital, Ellis Hospital, St. Mary's Hospital, and Sunnyview Hospital and Rehabilitation Center, St. Peter's Hospital and Burdett Care Center.

Samaritan Hospital:

Part V, Section B, Line 7: Of the ten areas identified as problems through the community health needs assessment for the Capital District, the organization along with community partners prioritized (i) the prevention of chronic disease with an emphasis on asthma and diabetes/obesity and (ii) the promotion of mental health and prevention of substance abuse. While the organization will continue to offer services addressing other pressing health needs, it felt that the increased focus on the selected areas represents the best use of resources and expertise. Other health care facilities serving our community will continue to address the other areas as well.

Samaritan Hospital:

Part V, Section B, Line 20d: No person who is found eligible for Financial

Part VI Supplemental Information

Assistance will be charged more for emergency or other medically necessary care than the amounts generally billed to individuals who have Medicaid coverage.

Part VI, Line 2: The health indicators selected for the CHNA were based on a review of available public health data and New York State priorities promulgated through the Prevention Agenda for a Healthier New York. Upon examination of these key resources, identification of additional indicators of importance with data available, and discussion with public health as well as health care professionals in the Capital District, it was decided that building upon the 2008-2012 and 2013-2017 Prevention Agendas would provide the most comprehensive analysis of available public health needs and behaviors for the region. The collection and management of this data has been supported by the state for an extended period of time and are very likely to continue to be supported. This provides us with both reliable and comparable data over time and across the state. These measures include health care utilization and children's health, which, when complimented by Behavioral Risk Factor Surveillance System and Prevention Quality Indicators, provide health indicators that can be potentially impacted in the short-term.

The Finger Lakes Health Systems Agency provided county and ZIP code level analyses of mortality, hospitalizations, and emergency room utilization, for all residents, by gender, race and ethnicity. The source of these reports was 2006-2010 Vital Statistics and Statewide Planning and Research Cooperative System ("SPARCS") data. Additional data was examined from a wide variety of sources and a list is outlined in the CHNA report.

Part VI Supplemental Information

The data sources were supplemented by a community health survey. The 2013 Community Health Survey was conducted from December 2012 to February 2013 with assistance from the University at Albany School of Public Health ("SPH"). The survey was promoted through e-mail distribution and promotional flyers by large employers, community organizations, and primary care offices. Respondents were adult residents of Albany, Rensselaer, and Schenectady Counties. This consumer survey was conducted to learn about the health and health service access needs or concerns of residents in the Capital District. A total of 3,059 residents of Albany, Rensselaer, or Schenectady Counties completed surveys. Oversampling was done in ZIP codes identified as "high needs areas" that experience greater health disparities and contain low-income, medically underserved, and minority populations.

Part VI, Line 3: Samaritan Hospital is committed to providing access to quality health care services with compassion, dignity and respect for all those we serve, particularly the poor and underserved in our communities by assisting patients who cannot pay for part of all of the care they receive from our hospital. Samaritan effectively communicates with patients regarding patient payment obligations, financial counseling is offered to patients about their payment obligations and hospital bills, information about hospital-based financial support policies and external programs that provide coverage for services are made available to patients during registration process and in response to patients seeking financial assistance. Information regarding the financial assistance program is also provided by the onsite financial counseling staff. Patient accounting also supports the financial counseling program by providing patients with

Part VI Supplemental Information

information and applications while handling customer service calls. Our Medicaid vendor also provides the patients with information and guidance regarding the financial assistance program when necessary. Information regarding the financial assistance program is provided by the collection agency working with our patients accounting department as well. Samaritan financial counselors make efforts to help patients apply for public and private programs for which they may qualify and that may help them obtain and pay for health care services. The hospital has onsite Medicaid eligibility representatives and every effort is made to determine a patient's eligibility prior to or at time of admission or service. However, determination for financial assistance can be made during any point of the patient's stay after stabilization or billing and collection cycle.

Samaritan offers financial assistance to patients with limited income and or patients who do not qualify for public programs or other assistance. Notification about financial assistance, including contact information, is available through the hospital website, hospital poster and flyers, inpatient admission packets, financial assistance applications which is also available on our website, and hospital billing statements. Information about the financial assistance program is also posted in the waiting areas for the emergency department, registration areas, and off-site health and dental clinics. In addition to English, information about financial assistance is available in Spanish, reflecting other primary languages spoken by the population served by our hospital.

Samaritan has established policies for the billing, collection and support for patients with payment obligations. Samaritan makes every effort to

Part VI Supplemental Information

adhere to the policy and educate staff members who work closely with patient registration, financial assistance, customer service, billing and collections about these policies and our financial assistance program with an emphasis on treating all patients with dignity and respect regardless of their insurance status or ability to pay for services.

Part VI, Line 4: Samaritan sits in Troy, NY and in Rensselaer County. Troy is located on the western edge of Rensselaer County and on the eastern bank of the Hudson River. Troy has close ties to the nearby cities of Albany and Schenectady, forming a region popularly called the Capital District. The city is one of the three major centers for the Albany-Schenectady-Troy Metropolitan Statistical Area (MSA), which has a population of 850,957. At the201 census, the population of Troy was 50,129

The communities served by Samaritan include the counties of Albany, Rensselaer and Schenectady. The three counties provide a range of geography that includes urban, suburban and rural settings in addition to representing the home zip codes of 65.5% of its patients. The combined population in Albany, Rensselaer, and Schenectady counties was 78.8% White, 9.6% Black, 4.8% Hispanic, 3.7% Asian/Pacific Islander, and 3.0% other races/ethnicities in 2010. Over time, the Capital District population has grown more ethnically diverse, with fewer individuals identified as White Non-Hispanic.

In general, persons in the community served by Samaritan tend to be better educated and have a higher income than those in the U.S. as a whole and the state of NY. There is a lower rate of unemployment and fewer persons without health insurance than the state or national comparisons. The

Part VI Supplemental Information

population for the three county service areas is 620,414. There are 276,563 housing units in the service area with an average of 64% owner occupied. On average 12.3% of persons live below the poverty level. The median household income is $58,254.

Health care access indicators show the Capital District having fewer barriers to care than the Rest of State. Capital District residents, both children and adults, had higher health insurance coverage rates compared to Rest of State. While the Capital District had good health insurance coverage, still slightly less than 10% of residents were not covered by any form of health insurance. A higher percent of residents also had a regular health care provider.

Part VI, Line 5: Samaritan provides a full range of inpatient and outpatient services to the people of the community is serves to include a 24-hour emergency room that is open to serve all in need regardless of ability to pay, a cancer center, cardiac care that is recognized for excellence by health and heart care organizations, complete obstetrical and newborn services, dental and health centers for uninsured and uninsured members of our community, an array of specialty services and orthopedic services. Samaritan conducts its activities and its health care purpose without regard to race, color, creed, religion, gender, sexual orientation, disability, age or national origin.

One of the top health care organizations in upstate NY, Samaritan, is committed to improving the health and wellbeing of our community, not only as a caring community member, but also as a catalyst for change. As such, we participate in many community partnerships aimed at assessing the

Part VI Supplemental Information

current health status of our community and identifying opportunities to make a difference in the health of our citizens with particular attention to those who are poor and vulnerable. As we have done for many years, we continue to play a major role in the Healthy Capital District Initiative, an organization dedicated to improving the health of the residents of Albany, Rensselaer and Schenectady Counties. Our partners in this endeavor are the local county health departments, other health care providers, insurers and community members. Samaritan supports many local community health services, churches, and other health care organizations to provide comprehensive and accessible health care services and proactive health care programs, this includes sitting on community boards, committees, and advisory groups.

Samaritan also provides services for the broader community as a part of its overall community benefit. The greatest share of these expenses is for educating health professionals, helping to prepare future health care professionals is a distinguishing characteristic of nonprofit health care. This education includes student internships, clinic experience and other education for physicians, nurses, physical therapists and other health care students.

As a nonprofit organization and as part of St. Peter's Health Partners, a regional governing board comprised largely of independent community members representing the makeup of the area we serve guides Samaritan Hospital.

Samaritan has an open medical staff comprised of qualified physicians who work to provide care to our communities. All medical staff must undergo a

thorough and comprehensive credentialing and orientation process.

No part of the income of Samaritan benefits any private individual nor is any private interest being served. All surplus funds are reinvested into the facility, equipment, or programs of the hospital to improve the quality of patient care, expand our facilities, and advance our medical training, education and research programs.

Part VI, Line 6: Samaritan Hospital is now an affiliate of St. Peter's Health Partners. St. Peter's Health Partners was created on October 1, 2011 by the merger of Northeast Health, St. Peter's Health Care Services and Seton Health. The merger created the region's largest and most comprehensive not-for-profit network of high-quality advanced medical care, primary care, rehabilitation and senior services. These state-of-the-art services and programs are provided through Albany Memorial Hospital and St. Peter's Hospital in Albany; Samaritan Hospital and St. Mary's Hospital in Troy; Sunnyview Rehabilitation Hospital in Schenectady; as well as The Eddy system of continuing care and The Community Hospice. The region's largest private-sector employer, St. Peter's Health Partners employs more than 12,500 employees, with more than 170 locations across seven counties. The system has an annual budget of nearly $1.3 billion.

Samaritan Hospital as part of St. Peter's Health Partners is a member organization of Catholic Health East and Trinity Health ("CHE Trinity"), which merged in May of 2013. Based in Livonia, Michigan, CHE Trinity requires that all member organizations develop, and are held accountable for achieving community benefit goals that include developing needed

services or expanding access to services for low-income individuals. As a not-for-profit health system, CHE Trinity invests its net gains from operations into the community through programs to serve the poor and uninsured, manage chronic conditions, health education and health promotion initiatives and outreach for the elderly. CHE Trinity takes a system approach to its community benefit planning and implementation, and is able to ensure that its member hospitals and affiliates are helping promote and address the health needs of their respective communities.
