(Code) (Expenses \$ 728,186 including grants of \$) (Revenue \$ 1,170,892)

Research, develop and maintain joint venture, best practice applications and knowledge transfer initiatives. The current membership of over 50 acute care hospitals and thousands of alternate site facilities benefit from best-practice applications and knowledge transfer initiatives generated through the collaborative process. Yankee has developed over the past two and one half decades. In addition beginning in January 2012, the Center for Medicare and Medicaid Innovation (CMMI) announced the availability of funding to help hospitals reduce preventable readmissions by twenty percent and reduce preventable hospital-acquired conditions by forty percent through the Partnership for Patients (PFP). To facilitate meeting these goals and spreading innovation across the hospital community, CMMI has approved Premier as a "Hospital Engagement Contractor" or HEC. Yankee Alliance is working with Premier as an Affinity Group to support our member hospitals in efforts regionally while utilizing the support of the Premier national member network. This is a two year program with an optional third year of funding if the goals are met. We currently have four separate hospital systems and a total of eight hospitals involved in the program.

4b

(Code) (Expenses \$ 242,728 including grants of \$) (Revenue \$ 159,417)

In furtherance of its own tax-exempt purposes, Yankee Alliance, Inc. provides management services to related entities, which allow for transformational learning by connecting, collaborating and communicating activities through best practices applications and knowledge transfer initiatives to improve hospital operations and performance.

4c

(Code) (Expenses \$ 1,975,945 including grants of \$ 1,975,945) (Revenue \$)

Yankee Alliance, Inc. provides funds in the form of annual grants to its tax-exempt member hospitals. The Organization was created to foster joint programs and ventures among its not-for-profit hospital members. The grant program helps to fund programs or projects that improve the quality of patient care, expand medical and health related services offered by member institutions, and/or lower the costs of services being provided by member institutions. Grant recipients are expected to share their "lessons learned" with the greater membership. During FY13, Yankee Alliance, Inc. also provided grants to its tax-exempt hospital members in the amount of \$36,000 to support the Yankee Alliance Supply View Program. This program provides patron-hospitals with the insight into product utilization and price with the goal of implementing industry best practices that support quality of care and reduction of supply chain expense through the use of a data analytics software known as SUPPLYview. The SUPPLYview program provides analysis and recommendations in four specific areas: (1) Identifies opportunities for members to improve product prices by accessing available contracts, (2) Suggests areas to standardize products resulting in less variability of care and lower cost, (3) Benchmarks product prices against a national database to identify opportunities to improve product pricing and (4) Recommends best practices for product utilization that result in less variability and lower cost of care. During the fiscal year ended June 30, 2013, patron hospitals were able to document savings from the Supply View Program of \$10,685,434 plus an additional \$33,984,989 of related savings for implementation in the fiscal year of June 30, 2014.
