	COMMUNITY BENEFIT OVERVIEW	Temple University Health System, as the sole member of its affiliated hospitals and physician practices, provides access to facilities, programs, and other resources to carry out a broad array of community services. We take great pride in our comprehensive efforts to improve the health and quality of living in North Philadelphia and our Southeast Pennsylvania region. Our services are especially important in the diverse, economically challenged neighborhoods surrounding Temple University Hospital, where about 84% of the patients served by Temple University Hospital are covered by government programs, including 31% by Medicare and 53% by Medicaid. We are an indispensable provider of health care in the largest city in America without a public hospital. Among Pennsylvania's full-service safety-net providers, Temple University Hospital serves the greatest volume and highest percentage of patients covered by Medicaid. Temple University Hospital also serves as a critical access point for vital public health services. It is the only Level 1 Trauma Center in Southeast Pennsylvania with a Burn Unit. Its Episcopal Campus contains all of Temple's behavioral health services, including a psychiatric Crisis Response Center, a full-service Emergency Department, and a 21-bed medical telemetry unit. Temple University Hospital also serves as a critical access point for vital public health services. Last year we handled more than 130,000 patients in our Emergency Department, 11,000 patients in our Crisis Response Center, 700 victims of gun and stab violence in our Trauma Unit, and more than 300 patients in our Burn Center. We also delivered about 3,100 babies, of whom nearly 90% were covered by Medicaid. Temple University Hospital is in a federally designated urban Renewal Area and is located in a federally designated Medically Underserved Area. Its Episcopal Campus is located in a Federal Empowerment Zone. About 35% of individuals in Temple's primary service area live below the federal poverty level. Temple University Health system takes great pride in the broad array of services it provides to the community. Below is a summary of some of the programs and activities conducted this year to help advance the wellness and improve the quality of life in our communities. PROVIDING CRITICAL SOCIAL RESOURCES Temple connected about 15,000 people with community-based social services, including free transportation services, legal services, and clothing to destitute patients upon discharge, and free pharmaceuticals, co-pays and medical supplies that provide our most vulnerable patients with the resources they need to help them heal after discharge. REACHING OUT TO THE COMMUNITY Our hospitals reached more than 25,000 people, providing free health screenings, support groups for patients and families dealing with alcoholism, narcotics abuse, behavioral health disorders, cancer and other diseases, providing free immunization for flu in cooperation with the City Health Department, offering education on childbirth, mental health, burn prevention, diabetes care, stroke awareness, healthy diet and exercise, and other topics, and providing many other outreach activities. In collaboration with local food banks, public schools, and community organizations, we also conduct numerous food, new clothing, and school supply drives to benefit children and adults living in our impoverished neighborhoods. CONNECTING PATIENTS WITH FINANCIAL RESOURCES Temple employs 35 Financial Counselors dedicated to helping uninsured and under-insured patients obtain medical coverage. This team processes about 5,500 applications annually. COMBATTING GUN VIOLENCE Philadelphia leads the nation's 10 largest cities in homicides per capita. Three police districts with the highest number of shootings fall within our footprint. Last year Temple treated more than 500 gunshot wound victims, the highest number in Pennsylvania. To address this epidemic, Temple's Cradle to Grave program works with at-risk youth to help break the cycle of gun violence. Cradle to Grave engaged 1,700 teens this year, and engaged more than 8,000 teens since the program began in 2006. Its Turning Point intervention program takes advantage of teachable moments that exist during the post-injury/pre-discharge period for survivors of violence. PREVAILING UPON CANCER In furtherance of its mission, the Fox Chase Cancer Center operates several comprehensive screening and education programs, including the following: (1) the Fox Chase Mobile Screening Unit is outfitted with state-of-the-art breast cancer screening equipment. In 2013, we provided skin and breast cancer screening to more than 3,800 people. (2) Through its Speakers Bureau, Fox Chase reached about 5,000 people, of whom 48% were educated in Spanish language. Topics included breast, cervical, ovarian, prostate, lung, and skin cancer. (3) Through its Resource and Education Center, Fox Chase staff provided about 3,800 patients, families, and community
