Part III

Bad Debt, Medicare, & Collection Practices

Section A. Bad Debt Expense

1

Did the organization report bad debt expense in accordance with Healthcare Financial Management Association Statement No. 15?

1

Yes

2

Enter the amount of the organization's bad debt expense. Explain in Part VI the methodology used by the organization to estimate this amount.

2

654,355

3

Enter the estimated amount of the organization's bad debt expense attributable to patients eligible under the organization's financial assistance policy. Explain in Part VI the methodology used by the organization to estimate this amount and the rationale, if any, for including this portion of bad debt as community benefit.

3

## **INDEPENDENT AUDITOR'S REPORT**

Board of Trustees  
Methodist Rehabilitation Center, Inc and Subsidiaries  
Jackson, Mississippi

### **Report on the Financial Statements**

We have audited the accompanying consolidated financial statements of Methodist Rehabilitation Center, Inc and Subsidiaries (a not-for-profit organization) which comprise the consolidated statements of financial position as of June 30, 2013 and 2012, and the related consolidated statements of operations, changes in net assets and cash flows for the years then ended and the related notes to the financial statements

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such

opinion An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion

### **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Methodist Rehabilitation Center, Inc and Subsidiaries as of June 30, 2013 and 2012, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America

### **Other Matter**

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole The accompanying supplementary information on pages 28 through 33 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements The information has been subject to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole

**Note 1. Organization and Summary of Significant Accounting Policies**

Organization

Methodist Rehabilitation Center, Inc (the "Hospital") was organized as a not-for-profit corporation under the laws of the State of Mississippi for the purpose of constructing and equipping a comprehensive rehabilitation hospital. The Hospital, located in Jackson, Mississippi is sponsored by the United Methodist Church in cooperation with the Vocational Rehabilitation Division, Mississippi State Department of Education and the University of Mississippi Medical Center.

The Hospital provides comprehensive medical rehabilitation programs for people with spinal cord and brain injuries, stroke and other neurological and orthopedic disorders and treats patients from all of Mississippi's 82 counties and from neighboring states.

The Hospital operates Methodist Specialty Care Center (the "Center"), a department of the Hospital, located in Flowood, Mississippi, which provides long-term specialized care for severely disabled patients whose medical needs are too complex for traditional nursing homes.

The Hospital operates Pain Management Center ("Pain"), a department of the Hospital, located in Jackson, Mississippi. Pain is a clinic that provides a goal oriented approach to the management of chronic pain through physical, occupational and behavioral therapies combined with non-surgical intervention.

Principles of Consolidation

The consolidated financial statements include the accounts of the Hospital and its Subsidiaries (collectively the "Entity")

- Select Physician Management Services, Inc ("Select") – a wholly-owned subsidiary, is a for profit corporation whose purpose is managing certain physician practices
- The Wilson Research Foundation (the "Foundation") – a not-for-profit organization created and operated exclusively to assist in the advancement of clinical, educational and medical rehabilitation research by solicitation of gifts for the benefit of Methodist Rehabilitation Center, Inc and other healthcare organizations located in the State of Mississippi

All significant intercompany accounts and transactions have been eliminated in consolidation.

The following is a summary of significant accounting policies.

Basis of Preparation

The accompanying consolidated financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The most sensitive estimates included in these consolidated financial statements relate to contractual discounts under third-party payor arrangements and the allowance for doubtful accounts receivable. In particular, laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates related to these programs will change by a material amount in the near term.

Cash and Cash Equivalents

Cash and cash equivalents include investments in liquid debt instruments with original maturities of three months or less, that are not limited as to use by the Board of Trustees or third parties.

Patient Accounts Receivable

Patient accounts receivable are reported at net realizable value, after deduction of allowances for estimated uncollectible accounts. The estimated allowance for uncollectible accounts is based on historical losses and an analysis of currently outstanding amounts. This account is generally increased by charges to a provision for uncollectible accounts and decreased by write-offs of accounts determined by management to be uncollectible.

Investments

Investments in marketable equity and debt securities are measured at fair value. Investments in non-consolidated entities are recorded based on the equity method.

Investment income or loss (including realized gains and losses on investments, interest and dividends), is included in the excess of revenues over expenses unless the income or loss is restricted by donor or by law. Unrealized gains and losses on investments are excluded from the excess of revenues over expenses unless the investments are trading securities. Management considers all investments to be trading securities.

Assets Limited as to Use

Assets limited as to use principally include amounts held by trustees under indenture agreements and designated assets set aside by the Board of Trustees (the "Board") for future capital improvements or operating activities, over which the Board retains control and may at its discretion subsequently use for other purposes. The portion of the assets held by the bond trustee, which will be used to pay current liabilities, is classified as a current asset.

Inventories

Inventories, which consist primarily of medical supplies and drugs, are valued at the lower of cost or market. Cost is determined using the first-in, first-out and average cost methods. Inventories are included in other current assets on the consolidated statements of financial position.

Prepaid Expenses and Deferred Charges

Prepaid expenses are amortized over the estimated period of future benefit, generally on a straight-line basis. Deferred financing costs are amortized over the term of the related debt on the interest method.

Bequests

The Foundation recognizes bequests as support when the wills have passed probate and the amount is certain.

Property and Equipment

Property and equipment acquisitions are recorded at cost or, if donated, at fair value at the date of receipt. Costs incurred which do not substantially increase the useful life of an asset are expensed as repair and maintenance expense. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed using the straight-line method. Interest cost incurred on borrowed funds during the period of construction of capital assets is capitalized as a component of the cost of acquiring those assets. Interest costs capitalized in 2013 and 2012 were approximately \$-0- and \$58,000, respectively.

**Note 1. Continued**

Impairment of Long-Lived Assets

Long-lived assets and certain identifiable intangibles are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell.

Compensated Absences

Hospital policy is to compensate employees for absences due to earned vacation and sick leave. Accumulated vacation pay is accrued at the balance sheet date because it accumulates and is payable after one year of service upon termination of employment. Sick pay accrues but is not reflected as a liability because it is not payable upon termination of employment.

Net Assets

Temporarily restricted net assets are those whose use by the Foundation has been limited by donors to a specific time period or for a specific purpose. Uncollected unrestricted contributions are reflected in temporarily restricted net assets.

At June 30, 2013, temporarily restricted net assets consisted of pledges expected to be received over the next 2 years, discounted at a range from 2.81 – 3.22 percent, a contribution that has been received but that is restricted for a specific purpose, as well as the Foundation's beneficial interest in charitable remainder trust, as follows:

Net Patient Service Revenue

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from its established rates. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

The primary third-party programs include Medicare and Medicaid, which account for a significant amount of the Hospital's revenue. The laws and regulations under which Medicare and Medicaid programs operate are complex, and are subject to interpretation and frequent changes. As part of operating under these programs, there is a possibility that government authorities may review the Hospital's compliance with these laws and regulations. Such review may result in adjustments to program reimbursement previously received and subject the Hospital to fines and penalties. Although no assurance can be given, management believes it has complied with the requirements of these programs.

Financial Assistance

The Hospital provides health care without charge or at amounts significantly less than its established rates to patients who meet certain criteria under its financial assistance policy. Because the Hospital does not pursue collection of these amounts, the Hospital does not report these amounts as revenue or accounts receivable in the accompanying consolidated financial statements.

Donor-Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received. The gifts are reported as temporarily restricted support if they are received with donor stipulations that limit the use of donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statements of operations and changes in unrestricted net assets as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reflected as unrestricted contributions in the accompanying consolidated financial statements.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

---

**Note 1. Continued**

For contributions of long-lived assets or of cash and other assets restricted to the purchase of long-lived assets, for which donors have not expressly stipulated how long the long-lived asset must be used, the Foundation has adopted an accounting policy of implying time restrictions on the use of such contributed assets that expire over the assets' expected useful lives

Advertising

Advertising and program costs are charged to expense as incurred. Advertising expense for the years ended June 30, 2013 and 2012 was approximately \$106,000 and \$89,000, respectively.

Income Taxes

The Hospital and Foundation are not-for-profit corporations and have been recognized as a tax-exempt organization pursuant to Section 501(c)(3) of the Internal Revenue Code. The Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2).

Select is subject to income taxes, but has historically had cumulative net operating losses. As a result, no provision for income taxes has been recognized in the accompanying consolidated financial statements.

The Entity had no significant uncertain tax positions at June 30, 2013. If interest and penalties are incurred related to uncertain tax positions, such amounts would be recognized in income tax expense. Tax periods for all fiscal years after 2009 remain open to examination by the federal and state taxing jurisdictions to which the Entity is subject.

Functional Expense Classification

Substantially all expenses are incurred for the provision of health care services by the Hospital and are considered program services.

Excess of Revenue Over Expenses

The consolidated statements of operations and changes in unrestricted net assets include excess of revenue over expenses. Consistent with industry practice, changes in unrestricted net assets which are excluded from excess of revenue over expenses include unrealized and realized gains and losses on investments other than trading securities, permanent transfers of assets to and from affiliates for other than goods and services and contributions of long-lived assets (including assets acquired using contributions which by donor restrictions were to be used for the purposes of acquiring such assets).

**Note 2. Fair Value Measurements**

FASB ASC Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820") defines fair value, establishes a hierarchal disclosure for measuring fair value and requires expanded disclosures about fair value measurements. The provisions of this statement apply to all financial instruments that are being measured and reported on a fair value basis.

Financial assets and liabilities recorded on the consolidated balance sheets are categorized based on the inputs to the valuation techniques as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities. Level 1 assets and liabilities include debt and equity securities and derivative contracts that are traded in an active exchange market.

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets and liabilities include debt securities with quoted prices that are traded less frequently than exchange-traded instruments or derivative contracts whose value is determined using a pricing model with inputs that are observable in the market or can be derived principally from or corroborated by observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following table represents the Entity's fair value hierarchy for its financial assets, and changes therein, measured at fair value on a recurring basis as of and for the years ended June 30, 2013 and 2012:

**Note 2. Continued**

Money market funds, mutual funds and U S equity securities were measured at fair value using quoted market prices. They were classified as Level 1 as they trade in an active market for which closing prices are readily available.

Fixed income securities were measured using inputs based upon quoted prices for similar instruments in active markets and, therefore, is considered a Level 2 category. The fair value of the Foundation's investments is based on its pro rata share of every security that is purchased for the fund and therefore is considered a Level 2 category.

The fair value of the Foundation's beneficial interest in charitable remainder trust is determined by calculating the present value of expected cash flows over the term of the underlying agreements. A discount rate of 4 percent was used to calculate the present value. The following is a reconciliation of the beginning and ending balances for the Foundation's beneficial interest in remainder trust agreements, which are measured at fair value using significant measurable inputs (Level 3).

**Note 5. Investments in Non-Consolidated Entities**

During 2007, the Hospital purchased several investments in limited partnerships. The Hospital's ownership in each of the partnerships is not significant but the Hospital has the ability to exercise influence over the entities through the Hospital's relationship with the managing partner. Investments in such entities may be redeemed with up to a 90-day prior written request. The limited partnerships are accounted for under the equity method. The investments consisted of the following at June 30:

**Note 7. Beneficial Interest in Charitable Remainder Trust**

During 2011, The Foundation was named as a remainder beneficiary under eight charitable remainder trusts. Under the terms of the trusts, quarterly distributions are paid to income beneficiaries over their lifetimes. Quarterly distributions are 5 percent of the fair market value of the trust assets as of the beginning of each year. Upon the death of the income beneficiaries, 25 percent of the value of the charitable remainder trust account is distributed to the Foundation. The portion of the trust attributable to the present value of the future benefits to be received by the Foundation is recorded in the Statement of Activities and Changes in Net Assets as a temporarily restricted contribution in the period the trust is established and the Foundation is notified of its existence. The Foundation has recorded the beneficial interest in the charitable remainder trusts at the present value of the future cash flows from the trusts. This present value was estimated to be equivalent to the Foundation's share of the current fair market value of the trusts, which amounts to \$446,852 and \$428,639 at June 30, 2013 and 2012, respectively.

The total change in value of the charitable remainder trusts was an increase of \$18,213 and a decrease of \$25,055 for the years ended June 30, 2013 and 2012, respectively.

**Note 8. Line of Credit**

The Hospital has an unsecured line of credit with a commercial bank with available borrowings of \$2,000,000, maturing March 31, 2014. As of June 30, 2013 and 2012, the Hospital had an outstanding balance of \$1,000,000, with quarterly interest payments at varying rates of

In June 1993, the Hospital issued \$27,325,000 in tax-exempt hospital revenue bonds The bond issue proceeds were used to defease the Hospital's obligation to pay the Mississippi Hospital Equipment and Facilities Authority Revenue Bonds-1993 Series 1 Interest is due on the 1993 hospital revenue bonds each year on May 1 and November 1 at rates ranging from 3 4 percent to 5 7 percent Principal was due in varying amounts each May1 until maturing in 2012

In August 2003, the Hospital issued \$7,500,000 in variable rate revenue bonds The bond issue proceeds were used to assist the construction and installation of the Methodist Specialty Care Center, a long-term care facility of the Hospital Interest on the 2003 variable rate revenue bonds may be calculated using a weekly rate or a term rate mode, as defined Interest is calculated using the weekly rate mode until the borrower has requested mode to be changed to a term rate

Under the terms of the revenue bond indenture, certain debt service trust funds as described in Note 3 and the future net revenues of the Hospital are pledged as security for payment of the 2003 hospital revenue bonds The indenture also contains certain affirmative and negative covenants, which among other things, limit additional borrowings and require the maintenance of certain financial ratios The Hospital was in compliance with all such covenants as of June 30, 2013 and 2012

Under the weekly rate mode, interest is due on the first business day of each month and on the effective date of conversion from the weekly rate mode to the term rate mode For the years ended June 30, 2013 and 2012, the interest on the bonds was calculated using the weekly rate The interest rate was 6 percent as of June 30, 2013 and 2012 Principal is due in varying amounts beginning August 1, 2005 until the year 2023, and is collateralized by operating revenues of the Hospital

**Note 10. Net Patient Service Revenue**

The Hospital has agreements with third-party payors that provide for reimbursement to the Hospital at amounts different from its established rates. Contractual adjustments under third-party reimbursement programs represent the difference between the Hospital's billings at established rates for services and amounts reimbursed by third-party payors. A summary of the basis of reimbursement with major third-party payors follows:

Medicare

Substantially all acute care and rehabilitation services rendered to Medicare program beneficiaries are paid at prospectively determined rates. These rates vary according to a patient classification system that is based on clinical, diagnostic and other factors. Certain types of exempt services and other defined payments related to Medicare beneficiaries are paid based on cost reimbursement or other retroactive-determination methodologies. The Hospital is reimbursed for other cost reimbursable items at tentative rates with final settlement determined after submission of annual cost reports by the Hospital and audits by the Medicare fiscal intermediary. The Hospital's cost reports have been audited and settled for all fiscal years through June 30, 2007.

Medicaid

Inpatient and outpatient acute care services rendered to Medicaid program beneficiaries are generally reimbursed based upon cost-based reimbursement methodologies established by the State of Mississippi. Based upon recent directions from the Centers for Medicare and Medicaid Services, the Mississippi Division of Medicaid has been instructed to begin cost settling certain Medicaid outpatient services beginning with reports on October 1, 2005.

**Note 10. Continued**

Long-term care services rendered to Medicaid program beneficiaries are reimbursed using a cost-based method. Certain limits apply to components and may change in the future depending upon other similar providers opening in the State of Mississippi.

The Hospital participates in the Mississippi Intergovernmental Transfer Program as a Medicaid Disproportionate Share Hospital ("DSH") and in the Medicaid Upper Payment Limit Program ("UPL"). Under these programs, the Hospital receives enhanced reimbursement through a matching mechanism. For the fiscal years ended June 30, 2013 and 2012, respectively, the Hospital received approximately \$512,463 and \$-0- in enhanced reimbursement through the DSH Program. For the fiscal years ended June 30, 2013 and 2012, respectively, the Hospital received approximately \$416,853 and \$1,237,349 in enhanced reimbursement through the UPL Program.

UPL amounts are shown as a reduction of contractual adjustments with related assessments of \$2,114,361 and \$1,629,847 for the fiscal years ended June 30, 2013 and 2012, respectively, recorded in operating expenses.

The Mississippi Hospital Association coordinates a voluntary program whereby member hospitals can elect to contribute to a grant program that generates funds for those member hospitals who under the Medicaid DSH/UPL/Tax model were required to pay taxes in excess of the amounts drawn down in DSH and UPL payments during State fiscal years 2013 and 2012. The hospital participates in this program and received approximately \$1,052,000 and \$392,500 in grants for the fiscal years ended June 30, 2013 and 2012, respectively.

Revenue from the Medicare and Medicaid programs accounted for approximately 39 percent and 29 percent, respectively, of the Hospital's gross patient revenue for the year ended June 30, 2013 and 40 percent and 31 percent, respectively, of the Hospital's gross patient revenue for the year ended June 30, 2012.

Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates could change by a material amount in the near term. For the years ended June 30, 2013 and 2012, net patient service revenue increased approximately \$75,343 and \$-0-, respectively, due to adjustments in excess of amounts previously estimated.

The Hospital has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to the Hospital under these agreements includes prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates.

A summary of patient service revenue for the years ended June 30, 2013 and 2012 follows:

|                                                                  | <b>2013</b>          | <b>2012</b>          |

**Note 11. Financial Assistance and Uncompensated Care – Service to the Region**

The Hospital maintains records to identify and to monitor the level of charity care it provides. These records include the amount of charges forgone for services and supplies furnished under its charity care policy, the estimated cost of those services and supplies and equivalent service statistics. The direct and indirect costs associated with these services cannot be identified to specific charity care patients. Therefore, management estimated the costs of these services by calculating a cost to gross charge ratio and multiplying it by the charges associated with services provided to patients meeting the Hospital's charity care guidelines. Costs incurred for charity, based on the cost to charge ratio, was approximately \$482,000 and \$338,000 in 2013 and 2012, respectively.

The Hospital also provides healthcare services to a significant portion of the uninsured and underinsured population in the surrounding community. While a portion of these patients may ultimately qualify for coverage under the Medicaid program or the financial assistance policy discussed above, the Hospital often admits a number of patients with the expectation/realization that it will likely be unable to collect a significant portion of these accounts. Charges deemed uncollectible during 2013 and 2012 were approximately \$654,000 and \$702,000, respectively.

**Note 12. Risk Management**

The Hospital's professional liability insurance coverage is provided through a claims-made policy. Should the claims-made policy not be renewed or replaced with equivalent insurance, claims based on occurrences during its term, but reported subsequently, would be uninsured. The Hospital's current coverage expires on April 30, 2014, and management anticipates that such coverage will be renewed or replaced with equivalent insurance at that time.

At June 30, 2013 and 2012, there were no material claims asserted or anticipated that were not covered by insurance, and the Hospital has not accrued for any significant losses for malpractice claims or expenses. The Hospital is involved in various litigation and potential claims which management believes, based in part upon discussion with counsel, will not have a material adverse effect on the results of operations or the financial position of the Hospital. Nevertheless, the future assertion of claims for occurrences prior to year-end is reasonably possible and may occur, although not anticipated. In any event, management believes that any such claims would be substantially covered under its insurance program.

**Note 13. Employee Benefits**

The Hospital sponsors a retirement plan for all employees who work a minimum of 1,000 hours per year and have at least one year of service. All funds of the plan are invested in fixed funds and mutual fund options. The Hospital contributes 3 percent of the participants' annual taxable compensation and matches 50 percent of the participants' contributions up to 7 percent of annual taxable compensation. Employees are vested in the Hospital's contributions after three years of service. The Hospital's contributions to the plan were \$1,063,668 in 2013 and \$1,117,934 in 2012.

The Hospital provides health insurance coverage to its employees under a self-funded plan. A liability for claims reported and not paid and an estimated liability for claims incurred but not reported or paid is included in accrued expenses in the consolidated statements of financial position. Commercial insurance is purchased for claims in excess of coverage provided by the Hospital to limit the Hospital's liability for losses under its self-insurance program. The estimated claims liability at June 30, 2013 and 2012 was \$80,753 and \$70,995, respectively.

**Note 14. Operating Leases**

As lessor, the Hospital leases a portion of its premises for the operation of a restaurant. The lease term was renewed through August 2015, with an option to extend the lease for one additional five-year period. Base rent of \$75,000 per year is receivable in equal monthly installments of \$6,250 per month. In addition, the Hospital receives contingent rental payments based on restaurant sales in excess of certain levels as defined in the lease agreement.

**Note 14. Continued**

As lessee, rental expense, including short-term rentals, was approximately \$507,500 in 2013 and \$477,000 in 2012. In most cases management expects that, in the normal course of business, expiring leases will be renewed or replaced by other similar leases. Based on operating leases currently in force, it is expected that lease rental expense for each of the next five years will be approximately \$507,500 per year.

**Note 15. Business and Credit Concentrations**

The Hospital provides health care services through its inpatient and outpatient care facilities principally located in Jackson, Mississippi. The Hospital grants credit to patients, substantially all of whom are local residents. The Hospital generally does not require collateral or other security in extending credit to patients, however, it routinely obtains assignment of (or is otherwise entitled to receive) patients' benefits payable under their health insurance programs, plans or policies (e.g., Medicare, Medicaid, Blue Cross and commercial insurance policies).

The mix of net receivables from patients and third-party payors follows:

|            | <b>2013</b> | <b>2012</b> |
|------------|-------------|-------------|
| Medicare   | 30%         | 34%         |
| Medicaid   | 20          | 20          |
| Blue Cross | 14          | 19          |
| Other      | 36          | 27          |
| Total      | <u>100%</u> | <u>100%</u> |

The Hospital maintains its cash in bank deposit accounts, which at times may exceed federally insured limits (\$250,000). The Hospital has not experienced any losses in such accounts. The Hospital believes it is not exposed to any significant credit risk related to cash and cash equivalent concentration.

The Hospital also maintains investments in certain non-consolidated entities, of which a portion of those invested are entities domiciled in foreign countries.

The Foundation is authorized by the Hospital to solicit contributions to support the Hospital's mission in providing for research for spinal and brain injuries in the State of Mississippi. The Foundation uses those contributions to award grants to various healthcare organizations to assist in the advancement of clinical, educational and medical rehabilitation research.

The Hospital provides certain routine management, financial and accounting services for the Foundation.

The following is a summary of amounts charged to the Foundation by the Hospital during 2013 and 2012:

|                                | <b>2013</b>       | <b>2012</b>       |

| Total                          | <u>\$ 169,995</u> | <u>\$ 145,457</u> |

The Hospital owns and operates a retail gift shop that is largely staffed by volunteers. The Hospital contributes to the Foundation, on behalf of the volunteers, the gift shop's net margin. These amounts totaled \$2,000 and \$10,000 for the years ended June 30, 2013 and 2012, respectively.

As of June 30, 2013 and 2012, all significant intercompany accounts and transactions have been eliminated in consolidation.

**Note 17. Recent Accounting Pronouncements**

In July 2011, the FASB issued authoritative guidance requiring healthcare entities to change the presentation and disclosures regarding patient service revenues, provisions for uncollectible accounts and the allowance for doubtful accounts. This guidance impacts healthcare entities that recognize significant amounts of patient service revenue at the time the services are rendered even though they do not assess the patient's ability to pay. This guidance requires an impacted healthcare entity to present its provision for doubtful accounts as a deduction from revenue, similar to contractual discounts. Accordingly, patient service revenue for entities subject to this updated guidance will be reported net of both contractual discounts and provision for doubtful accounts. The guidance also requires certain qualitative disclosures about the entity's policy for recognizing revenue and bad debt expense for patient service transactions.

**Note 17. Continued**

Based on management's assessment of its admission procedures, the Hospital is not an impacted healthcare entity since it assesses each patient's ability or the patient's payor source's ability to pay. Accordingly, the Hospital will continue to record the provision for bad debts as a component of operating expense, and adoption did not have an impact on the Hospital's consolidated financial statements.

**Note 18. Subsequent Events**

In preparing these consolidated financial statements, the Entity has evaluated events and transactions for potential recognition or disclosure through October 23, 2013, the date the consolidated financial statements were available to be issued.
