Part X - FIN 48 Footnote

Professional standards require ICADV to recognize a tax liability only if it is more likely than not the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax liability that is greater than 50% likely of being realized on examination. For tax positions not meeting the more-likely-than-not test, no tax liability is recorded. ICADV has examined this issue and has determined that there are no material contingent tax liabilities or questionable tax positions. The tax years ending 2012, 2011, and 2010 are open to audit for both federal and state purposes.
