INDEPENDENT AUDITORS' REPORT

Board of Directors
Trinity Health and Subsidiaries
Minot, North Dakota

We have audited the accompanying consolidated financial statements of Trinity Health and Subsidiaries, which comprise the consolidated balance sheets as of June 30, 2013 and 2012, and the related consolidated statements of operations, changes net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion

Board of Directors
Trinity Health and Subsidiaries

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Trinity Health and Subsidiaries as of June 30, 2013 and 2012, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The consolidated financial statements of Trinity Health and Subsidiaries (Trinity) consist of a parent company, Trinity Health, and seven wholly owned subsidiaries

- Trinity Hospitals (the Hospitals), a North Dakota nonprofit corporation, owns and operates an acute care hospital located on two campuses in Minot, North Dakota, that has a licensed capacity of 416 beds and provides a wide range of health care services to the patients it serves
- Trinity Homes has a 292-bed skilled-care nursing component and a 15-room retirement home
- Trinity Health Foundation (the Foundation) is a separate and distinct entity whose purpose is directed toward improving medical services and facilities in the Minot, North Dakota area
- Trinity Kenmare Hospital, a North Dakota nonprofit corporation, owns and operates an acute care hospital in Kenmare, North Dakota It is licensed for 25 beds, which are shared between acute beds and swing beds. It currently is classified as a critical access hospital by Medicare
- B & B Drug is a for-profit pharmacy whose stock is 100% owned by Trinity
- Community Ambulance Service (CAS) of Minot, Inc. is a 24-hour ambulance service and qualifies as a tax-exempt, nonprofit organization under Section 501(c)3 of the Internal Revenue Code. Trinity is the sole member of CAS.
- MAOPS is a for-profit retail pharmacy and durable medical equipment company. The
 Hospitals owns 100% of the outstanding stock of MAOPS, which is located in the
 Trinity Health Medical Arts Building to serve the patients treated there.

Principles of Consolidation

The consolidated financial statements include the accounts of Trinity Health and Subsidiaries identified above. All material intercompany accounts and transactions have been eliminated in consolidation.

Basis of Presentation

The accompanying consolidated financial statements are presented in accordance with accounting principles generally accepted in the United States of America, (GAAP), as codified by the Financial Accounting Standards Board (FASB)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of consolidated financial statements in conformity with GAAP requires the Trinity to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Trinity considers cash and all short-term investments purchased with maturity of three months or less and not otherwise classified as investments or assets limited as to use to be cash and cash equivalents. Cash and cash equivalents are stated at cost, which approximates fair value

Patient and Resident Accounts Receivable, Net

Patient and resident accounts receivable are reduced by an allowance for doubtful accounts In evaluating the collectability of patient and resident accounts receivable, Trinity analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who have third-party coverage, Trinity analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts, if necessary (for example, for expected uncollectible deductibles and copayments on accounts for which the third-party payor has not yet paid, or for payors who are known to be having financial difficulties that make the realization of amounts due unlikely) For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), Trinity records a provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates (or the discounted rates if negotiated) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts

Inventories

Inventories are stated at the lower of cost or market value

Assets Limited as to Use

Assets limited as to use include assets held by trustees under bond reserve fund, debt service and assets held under grant agreements. Amounts required to meet certain current liabilities of Trinity are classified as current in the consolidated balance sheets.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments and Investment Income

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the consolidated balance sheets. Investment income or loss (including realized gains and losses on investments, interest and dividends) is included in the excess of revenues over expenses unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments held by Trinity are excluded from the excess of revenues, gains and other support over expenses.

Trinity continually monitors the difference between the cost and fair market value of its investments. If any of the Trinity's investments experience a decline in value that the Trinity determines is other than temporary, Trinity records a realized loss in investment income in the consolidated statement of operations. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the investment balances and the amounts reported in the consolidated balance sheets

Property and Equipment, Net

Property and equipment acquisitions are recorded at cost. Depreciation is provided over the estimated useful life of each class of depreciable assets ranging from 3 to 40 years, and is computed using the straight-line method. Equipment under capital lease obligations is amortized on the straight-line method over the shorter period of the lease term or the estimated useful life of the equipment. Such amortization is included in depreciation and amortization in the consolidated financial statements.

Pledges and Contributions

Pledges and contributions are recorded at fair value in the year made Contributions and pledges are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished), temporarily restricted net assets are classified as unrestricted net assets and reported in the consolidated statements of changes in net assets as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions in the consolidated financial statements. In the absence of donor specification that income and gains on donated funds are restricted, such income and gains are reported as unrestricted activity.

<u>Deferred Financing Costs, Net</u>

Deferred financing costs are being amortized over the period the related obligations are outstanding using the interest method

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Assets

Net assets are classified into three separate categories based on the existence or absence of donor-imposed restrictions. In the consolidated financial statements, net assets that have similar characteristics have been combined into categories as follows.

Unrestricted – Net assets that are not subject to donor-imposed restrictions

<u>Temporarily Restricted</u> – Net assets subject to donor-imposed restrictions that may or will be met either with actions of Trinity and/or the passage of time. When a restriction expires, temporarily restricted net assets are classified to unrestricted net assets and reported in the consolidated statements of operations as net assets released from restrictions.

<u>Permanently Restricted</u> – Net assets subject to donor-imposed restrictions that are maintained permanently by Trinity Generally, the donors of these assets permit the System to use all or part of the income earned on related investments for specific or general purposes

Trinity follows guidance on endowments of not-for-profit organizations, including guidance on the net asset classification of donor-restricted endowment funds that are subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA) This guidance provides for additional disclosures about the Trinity's endowment funds

Asset Retirement Obligation

Asset retirement obligation represents an estimate for the cost to remove the asbestos in the buildings Trinity owns for which it has an obligation to remove at a future date. This estimate is recorded at net present value using a risk-free interest rate and an inflationary rate. This estimate has been recorded in accordance with FASB Codification Topic 410, Asset Retirement Obligations, which was effective for the fiscal year ended June 30, 2006.

Net Patient and Resident Service Revenue

Trinity has agreements with third-party payors that provide for payments to Trinity at amounts different from its established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges and per diem payments. Net patient and resident service revenue is reported at the estimated net realizable amounts from patients, residents, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods, as final settlements are determined.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Other Revenue

Other operating revenue consists of business interruption insurance proceeds, pharmacy sales, cafeteria sales, medical equipment sales and rentals and real estate rentals Revenue from sales of pharmaceuticals, medical supplies and medical equipment is recognized at the time of delivery of the goods. Revenue from the rental of real estate and medical equipment is recognized over the rental period.

Nonoperating Gains (Losses)

Nonoperating gains (losses) consist of unrestricted contributions, board-designated contributions, investment income, and gains (losses) on disposal of property and equipment

Excess of Revenue, Gains and Support over Expenses

Excess of revenues, gains and support over expenses includes operating expenses, interest and dividends, unless the income or loss is restricted by donor law, realized gains and losses on investments. Changes in unrestricted net assets which are excluded from excess of revenues, gains and support over expenses, consistent with industry practice, include unrealized gains on investments classified as available for sale, permanent transfers of assets to and from affiliates for other than goods and services, contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for purposes of acquiring such assets)

Income Taxes

Trinity Health and the following subsidiaries, Trinity Hospitals, Trinity Homes, Trinity Health Foundation, Trinity Kenmare Hospital and Community Ambulance Service have all been recognized by the Internal Revenue Service (IRS) as a not-for-profit corporation as described in Sec 501(c)(3) of the Internal Revenue Code (IRC) and is exempt from federal income taxes pursuant to Sec 501(a) of the IRC All unrelated business income generated by Trinity is subject to federal income tax under section 511 of the IRC

B&B and MAOPS are for-profit entities. The provisions for income taxes are based on amounts estimated to be currently payable and those deferred because of temporary differences between the financial statement and tax bases of assets and liabilities. These differences consist primarily of bad debts and depreciation.

Trinity's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence. It is the opinion of management that the Company has no significant uncertain tax positions that would be subject to change upon examination.

Trinity's income tax returns are subject to review and examination by federal, state, and local authorities. The tax returns for the years 2010 to 2012 are open to examination by federal, state, and local authorities.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Sales Taxes

Sales taxes collected from customers and remitted to taxing authorities are excluded from revenues and cost of sales, respectively

Fair Value of Financial Instruments

Fair value measurement applies to reported balances that are required or permitted to be measured at fair value under an existing accounting standard. Trinity emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability and establishes a fair value hierarchy.

The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows

Level 1 – Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that Trinity has the ability to access

Level 2 – Inputs that include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

Level 3 – Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety

Trinity also adopted the policy of valuing certain financial instruments at fair value. This accounting policy allows entities the irrevocable option to elect fair value for the initial and subsequent measurement for certain financial assets and liabilities on an instrument-by-instrument basis. Trinity has not elected to measure any existing financial instruments at fair value, however Trinity may elect to measure newly acquired financial instruments at fair value in the future.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Adoption of Accounting Standard Update

During 2013, Trinity adopted an accounting standard update "Presentation and Disclosure of Patient Service Revenue, Provision for Bad Debts, and the Allowance for Doubtful Accounts" in the consolidated financial statements. The update results in net patient and resident service revenue being presented net of the provision for uncollectible accounts for patient accounts. Trinity did not believe were collectible at the time the service was provided. The change in the presentation results in net patient and resident service revenue (after any provision for bad debts) that is more consistent to the actual revenue Trinity expects to collect. The added disclosures will assist the users of the consolidated financial statements to better understand how Trinity recognizes patient service revenue and assesses uncollectible accounts.

Reclassifications

Certain items in the prior year consolidated financial statements have been reclassified to conform to the current year presentation. These reclassifications had no effect on Trinity's overall net assets.

Subsequent Events

In preparing these consolidated financial statements, Trinity has considered events and transactions that have occurred through September 12, 2013, the date the consolidated financial statements were available to be issued

NOTE 2 COMMUNITY SERVICE AND CHARITY CARE

The mission of Trinity is to excel at meeting the needs of the whole person through the provision of quality healthcare and health related services. Trinity provides services to patients regardless of their ability to pay for those services.

In furtherance of its mission, Trinity provides a wide variety of benefits to the community, including offering various community-based service programs, such as free clinics, health screenings, in-home caregiver services, social service and support counseling for patients and families, pastoral care, crisis intervention, transportation to and from the hospital campuses, and the donation of space for use by community groups. Additionally, a large number of health-related educational programs are provided for the benefit of the community, including health enhancements and wellness, classes on specific conditions, telephone information services, and costs related to programs designed to improve the general standards of the health of the community. The cost of providing the above services is not included in Trinity's charity care amount.

Trinity also provides medical care without charge or at reduced charge to residents of its community through the provision of charity care. Included in Trinity's definition of charity care are the following (a) services provided to the uninsured or underinsured and (b) services provided to patients expressing a willingness to pay but who are determined to be unable to pay because of socioeconomic factors

NOTE 2 COMMUNITY SERVICE AND CHARITY CARE (CONTINUED)

Trinity maintains records to identify and monitor the level of charity care it provides. Those records include the amount of charges foregone for services and supplies furnished under this charity care policy, and an estimated cost (based on the cost to charge ratio) of those services and supplies. The estimated costs and expenses incurred to provide charity care for the years ended June 30, 2013 and 2012 was approximately \$3,005,000 and \$1,884,000, respectively

Trinity did not receive any funds to subsidize the costs of providing charity care under its financial assistance policy for the years ended June 30, 2013 and 2012

Trinity also provides medical care without charge or at reduced charges to residents of the community through Bad Debts, which are services provided to patients expressing a willingness to pay but who are determined to be unable to pay because of socioeconomic factors

Trinity maintains records to identify and monitor the level of community benefits it provides. These records include management's estimate of the cost for bad debt services, and the cost of services, and supplies furnished for Community Service programs.

NOTE 3 NET PATIENT AND RESIDENT SERVICE REVENUE

Trinity has agreements with third-party payors that provide for payments to the Trinity at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows

Medicare

Trinity is paid for inpatient acute care services rendered to Medicare program beneficiaries under prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. The prospectively determined classification of patients and the appropriateness of the patients' admissions are subject to validation reviews by a Medicare peer review organization which is under contract with Trinity to perform such reviews.

Most outpatient services are paid to Medicare program beneficiaries under an outpatient prospective payment system, with predetermined rates based on a patient classification system that is based on clinical diagnostic and other factors. Outpatient services subject to the outpatient prospective payment system are not subject to cost report settlement.

Trinity Hospital's Medicare cost reports have been audited and finalized by the Medicare fiscal intermediary through June 30, 2010 and Trinity Kenmare Hospital's cost reports are finalized through June 30, 2010

NOTE 3 NET PATIENT AND RESIDENT SERVICE REVENUE (CONTINUED)

Medicaid

Inpatient acute care services rendered under the Medicaid program are also paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. Outpatient services rendered to Medicaid program beneficiaries are reimbursed primarily under a prospective payment category of service.

Blue Cross

Trinity is reimbursed at prospectively determined rates, which are not subject to retroactive adjustment

Uninsured Patients

Trinity recognizes patient service revenue associated with services provided to patients who have third-party payor coverage on the basis of contractual rates for the services rendered. For uninsured patients that do not qualify for charity care, Trinity recognizes revenue on the basis of its standard rates for services provided (or on the basis of discounted rates, if negotiated or provided by policy). On the basis of historical experience, a significant portion of Trinity's uninsured patients will be unable or unwilling to pay for the services provided. Thus, Trinity records a significant provision for bad debts related to uninsured patients in the period the services are provided.

<u>Other</u>

Trinity also has entered into payment agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payments under these agreements includes various discounts from established rates.

Revenue from the Medicare and Medicaid programs accounted for approximately 28% and 6%, respectively, of the Trinity's net patient and resident revenue for the fiscal year ended June 30, 2013. Revenue from the Medicare and Medicaid programs accounted for approximately 29% and 6%, respectively, of the Trinity's net patient and resident revenue for the fiscal year ended June 30, 2012. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

NOTE 3 NET PATIENT AND RESIDENT SERVICE REVENUE (CONTINUED)

| Total | \$ 5,157,407 | \$ (243,515) | \$ 3,004,277 | \$ (166,545) | |

The unrealized losses on the common stock, mutual funds, and real estate investment trusts amounted to \$279,962 at June 30, 2013. Of these amounts, \$165,622 of the losses relate to losses which extend over one year as of June 30, 2013. Investment losses under one year old are expected to be recoverable in future periods and are not deemed by management to be unrecoverable. Investment losses in excess of one year are also expected to be recoverable in future periods as Trinity has the intent and ability to hold these investments until further market recovery occurs.

NOTE 5 INVESTMENTS AND ASSETS LIMITED AS TO USE (CONTINUED)

The unrealized losses on the Trinity's investments in U.S. Treasuries, Government Backed Obligations, Corporate Obligations, and Municipal Obligations of \$130,097 were caused by interest rate increases. The contractual terms of these investments do not permit the issuer to settle the securities at a price less than the amortized cost of the investment. Because Trinity has the ability and intent to hold these investments until a market price recovery, which may be maturity, Trinity does not consider these investments to be other-than-temporarily impaired at June 30, 2013.

NOTE 6 PROPERTY AND EQUIPMENT, NET

Restrictive Covenants

Under the terms of the Bond agreements, the Trinity Obligated Group, consisting of Trinity Health, Trinity Hospitals, Trinity Kenmare, and Trinity Homes, is required to maintain Debt Service Coverage during the life of the bonds of not less than 125%, so that the excess revenues (excluding depreciation and interest) is not less than 125% of the Maximum Annual Debt Service Management believes Trinity was in compliance with this Debt Service Coverage Ratio requirement at June 30, 2013

In addition, the Trinity Obligated Group is required to maintain a Funded Indebtedness Ratio of less than 65%. The ratio is calculated as the Obligated Group total funded indebtedness divided by the Obligated Group total funded indebtedness and its total unrestricted net assets. Management believes Trinity was in compliance with the Funded Indebtedness Ratio at June 30, 2013.

At June 30, 2013, unrestricted days cash on hand was below 60 days. In accordance with Bond Covenant requirements, management has engaged an Independent Consultant, and is implementing a plan to increase days cash on hand to a level above 60 days. Management believes it can remedy the days cash on hand covenant through operational initiatives. The days cash on hand covenant shortfall does not constitute default under the Master Indenture.

NOTE 8 EMPLOYEE BENEFIT PLANS

Effective January 1, 1988, Trinity adopted the TriniPlus Retirement Plan, a discretionary defined contribution plan that covers substantially all employees Contributions and costs were determined as a percentage of each covered employee's estimated calendar-year salary and totaled \$-0- and \$5,844,640 for the years ended June 30, 2013 and 2012, respectively The board of directors voted in August 2013 to reduce Trinity's discretionary contribution to the TriniPlus Retirement Plan resulting in no expense for fiscal year 2013 Trinity follows Internal Revenue Code (IRC) Section 401(k) provisions in the TriniPlus Retirement Plan, which also covers substantially all employees Matching contributions are limited to 25% of the first 6% contributed by the employee and were \$2,141,007 and \$2,081,932 for the years ended June 30, 2013 and 2012, respectively

NOTE 12 FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

The following is a summary of financial instruments for which Trinity did not elect the fair value option. The fair values of such instrument have been derived, in part, by management's assumptions, the estimated amount and timing of future cash flows, and estimated discount rates. Different assumptions could significantly affect these estimated fair values. Accordingly, the net realizable value could be materially different from the estimates presented below. In addition, the estimates are only indicative of the value of individual financial instruments and should not be considered an indication of the fair value of Trinity.

The following disclosures represent financial instruments in which the ending balances at June 30, 2013 and 2012, are not carried at fair value in their entirety on the consolidated balance sheet

| | 20 |)13 | 2012 | | |

| Long-Term Debt | \$ 94,316,606 | \$ 96,482,298 | \$ 85,254,419 | \$ 87,736,428 | |

The fair value of Trinity's health care revenue bonds is calculated based on the estimated trade values as of June 30, 2013 and 2012. The fair value of Trinity's remaining long-term debt is estimated using discounted cash flows analyses, based on Trinity's current incremental borrowing rates for similar types of borrowing arrangements.

Permanently Restricted

Trinity's permanently restricted net assets consist of individual funds established for a variety of purposes. The endowments consist solely of donor restricted funds with endowment net assets of \$100,308 and \$110,984 at June 30, 2013 and 2012, respectively. As required by GAAP, net assets associated with endowment funds, including funds designated by the board of directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Uniform Prudent Management of Institutional Funds Act (UPMIFA) was adopted by the state of North Dakota on April 21, 2009. The Board of Directors of Trinity has interpreted the North Dakota state law as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, Trinity classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by Trinity in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, Trinity considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds.

- (1) The duration and preservation of the various funds
- (2) The purposes of the donor-restricted endowment funds
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of Trinity
- (7) Trinity's investment policies

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or the Act requires Trinity to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature are reported in unrestricted net assets. There were no such deficiencies as of June 30, 2013.

Return Objectives and Risk Parameters

Trinity has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment Endowment assets include those assets of donor-restricted funds that Trinity must hold in perpetuity or for a donor-specified period. Under this policy, as approved by the board of directors, the endowment assets are invested in a manner that is intended to preserve and grow capital, strive for consistent absolute returns, preserve purchasing power by striving for long-term returns which either match or exceed the set payout, fees and inflation without putting the principal value at imprudent risk, and diversify investments consistent with commonly accepted industry standards to minimize the risk of large losses.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, Trinity relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Trinity targets a diversified asset allocation that meets Trinity's long-term rate-of-return objective while avoiding undue risk from imprudent concentration in any single asset class or investment vehicle.

NOTE 13 RESTRICTED NET ASSETS (CONTINUED)

Spending Policy and How the Investment Objectives Relate to Spending Policy

Trinity's spending policy is consistent with its objective of preservation of the fair value of the original gift of the endowment assets held in perpetuity as well as to provide additional real growth through new gifts and investment return

NOTE 14 COMMITMENTS AND CONTINGENCIES

Leases

The following is a schedule by year for the next five years of future minimum lease payments under operating leases as of June 30, 2013 that have initial or remaining terms in excess of one year

| Year Ending June 30, | Amount |
|----------------------|---------------|
| 2014 | \$ 5,966,577 |
| 2015 | 2,563,214 |
| 2016 | 2,016,216 |
| 2017 | 1,126,556 |
| 2018 | 1,096,881 |
| Thereafter | 1,049,792 |
| Total | \$ 13,819,235 |

Total rent expense for the years ended June 30, 2013 and 2012 was approximately \$7,596,000 and \$6,624,000, respectively Trinity has a letter of credit in the amount of \$255,000 outstanding that is required under terms of a building lease agreement

Professional Liability Insurance

Trinity insures its medical malpractice risks under a claims-made insurance policy with various insurers. Coverage limits are \$1,000,000 per claim and \$5,000,000 in aggregate. There is a \$100,000 deductible on each claim and \$300,000 in aggregate. Trinity also has umbrella excess liability coverage. Coverage limits on one policy is \$14,000,000 per claim and in aggregate and another policy is \$15,000,000 per claim and in aggregate.

Employee Health Insurance

Trinity maintains a self-insured employee health benefit program. Individual loss insurance of \$175,000 at June 30, 2012 is purchased through an insurance company. Estimated unprocessed claims and claims incurred but not reported at June 30, 2013 and 2012 were approximately \$1,742,000 and \$1,609,000, respectively, and have been recorded on the consolidated balance sheet in other accrued liabilities.

NOTE 14 COMMITMENTS AND CONTINGENCIES (CONTINUED)

Litigation

Trinity is involved in various legal actions in the normal course of business. The actions are in various stages of processing, and some may ultimately be brought to trial. As of June 30, 2013 and 2012, management has estimated and recorded a liability reserve for a range of potential costs associated with these legal actions, included in accounts payable on the consolidated balance sheet. Management believes the resolutions of these various matters will be resolved without a material adverse effect on the consolidated financial statements.

Trinity is currently the plaintiff in a lawsuit against a vendor. Arbitration has been scheduled for October 2013. Legal counsel has advised Trinity it is probable Trinity may be awarded a settlement, however, the determination of an estimated settlement amount cannot be made at June 30, 2013.

Healthcare Legislation and Regulation

The healthcare industry is subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government healthcare program participation requirements, reimbursement for patient services and Medicare and Medicaid fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by healthcare providers. Violation of these laws and regulations could result in expulsion from government healthcare programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed.

Management believes that Trinity is in substantial compliance with fraud and abuse as well as other applicable government laws and regulations. While no regulatory inquiries have been made, compliance with such laws and regulations is subject to government review and interpretation, as well as regulatory actions unknown or unasserted at this time

NOTE 15 ADOPTION OF NEW ACCOUNTING STANDARD

During the fiscal year ended June 30, 2013, Trinity adopted an accounting standard update for the "Presentation and Disclosure of Patient Service Revenue, Provision for Bad Debts, and the Allowance for Doubtful Accounts" in the consolidated financial statements, as described in Note 1. This standard was retroactively applied to the consolidated financial statements for the year ended June 30, 2012. The following table reflects the impact on the reclassifications to the June 30, 2012 consolidated statement of operations.
