In order to account for any uncertain tax positions, ASC Topic 740-10, Accounting for Uncertainty in Income Taxes, requires an organization to assess whether it is more likely than not that a tax position will be sustained upon examination of the technical merits of the position, assuming the taxing authority has full knowledge of all information. If the tax position does not meet the more likely than not recognition threshold, the benefit of the tax position is not recognized in the financial statements.

The Organization recorded no assets or liabilities for uncertain tax positions or unrecognized tax benefits. Federal returns for tax years

Report on Financial Statements

We have audited the accompanying financial statements of North Central Wisconsin Workforce Development Board, Inc. (a nonprofit organization) which comprise the statements of financial position as of June 30, 2013 and 2012 and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies

Nature of Operations

North Central Wisconsin Workforce Development Board, Inc. (the "Organization") was organized as a nonprofit corporation in 1984. The Organization's purpose is to supply funding for workforce development programs that provide educational and vocational training to youth, adults, and disabled workers in the workforce development area (WDA). The Organization is primarily supported through federal and state government grants. Approximately 96% of the Organization's grant revenue is passed through from the State of Wisconsin, Department of Workforce Development (DWD) for both the years ended June 30, 2013 and 2012.

Basis of Presentation

All financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Classification of Net Assets

Net assets and revenue, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted Net Assets – Net assets that are not subject to donor-imposed stipulations or where donor-imposed stipulations are met in the year of the contribution.

Temporarily Restricted Net Assets – Net assets subject to donor-imposed stipulations that may or may not be met, either by actions of the Organization and/or the passage of time. When a restriction expires, temporarily restricted net assets are transferred to unrestricted net assets and reported in the statement of activities as net assets released from restriction.

Permanently Restricted Net Assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on any related investments for general or specific purposes. Currently, the Organization does not have any permanently restricted net assets.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

North Central Wisconsin Workforce Development Board, Inc.

Notes to Financial Statements

Note 1 **Summary of Significant Accounting Policies (Continued)**

Income Tax Status

The Organization is a tax-exempt organization as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal income taxes on related income pursuant to Section 501(a) of the Internal Revenue Code. The Organization is also exempt from Wisconsin income taxes.

In order to account for any uncertain tax positions, ASC Topic 740-10, *Accounting for Uncertainty in Income Taxes*, requires an organization to assess whether it is more likely than not that a tax position will be sustained upon examination of the technical merits of the position, assuming the taxing authority has full knowledge of all information. If the tax position does not meet the more likely than not recognition threshold, the benefit of the tax position is not recognized in the financial statements.

The Organization recorded no assets or liabilities for uncertain tax positions or unrecognized tax benefits. Federal returns for tax years 2009 and beyond remain subject to examination by the Internal Revenue Service.

Cost Allocation

Joint costs are allocated to benefiting programs using various allocation methods depending on the type of joint cost being allocated. Joint costs are those costs incurred for the common benefit of all organization programs that cannot be readily identified with a final cost objective.

Revenue Recognition

Contributions restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of activities as contributions released from restriction.

Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

North Central Wisconsin Workforce Development Board, Inc.

Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies (Continued)

Revenue Recognition (Continued)

Grants are either recorded as contributions or exchange transactions based on criteria contained in the grant award.

A. Grant Awards that are Contributions

Grants that qualify as contributions are recorded as invoiced to the funding sources. Revenue is recognized in the accounting period when the related expenses are incurred. Amounts received in excess of expenses are reflected as grant funds received in advance.

B. Grant Awards that are Exchange Transactions

Exchange transactions reimburse based on a predetermined rate for services performed. The revenue is recognized in the period the service is performed.

Property and Equipment

Property purchased is capitalized at cost, or fair market value if donated, and depreciated over its useful life using the straight-line method. The Organization capitalizes property with a cost of \$5,000 or more and a useful life of over one year.

The Organization has adopted a policy of imposing a time restriction on donated assets. Donated property and equipment are recorded as restricted support. As the property and equipment are depreciated, the temporarily restricted net assets are released from restriction and reported in the statement of activities as net assets released from restriction.

Subsequent Events

Subsequent events have been evaluated through December 18, 2013, which is the date the financial statements were available to be issued.

Note 2 Concentration of Credit Risk

The Organization maintains cash balances at two financial institutions. Accounts at these financial institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At times during the year, the bank balance may have been in excess of the FDIC coverage. Management believes these financial institutions have strong credit rating and credit risk related to the deposits is minimal.

Note 7 Concentration of Revenue

The vast majority of the Organization's funding is received from the State of Wisconsin Department of Workforce Development (DWD) through federal grants from the United States Department of Labor. Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters

Board of Directors
North Central Wisconsin Workforce Development Board, Inc.
Stevens Point, Wisconsin

We have audited, in accordance with the auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of North Central Wisconsin Workforce Development Board, Inc., which comprise the statement of financial position as of June 30, 2013, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 18, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered North Central Wisconsin Workforce Development Board, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of North Central Wisconsin Workforce Development Board, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of North Central Wisconsin Workforce Development Board, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether North Central Wisconsin Workforce Development Board, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Board of Directors
North Central Wisconsin Workforce Development Board, Inc.
Stevens Point, Wisconsin

Report on Compliance for Each Major Federal Program

We have audited North Central Wisconsin Workforce Development Board, Inc.'s compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement*, and the *State of Wisconsin Single Audit Guidelines*; issued by the state of Wisconsin Department of Administration, that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013. North Central Wisconsin Workforce Development Board, Inc.'s major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility for Compliance

Management of North Central Wisconsin Workforce Development Board, Inc. is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of North Central Wisconsin Workforce Development Board, Inc. major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the *State of Wisconsin Single Audit Guidelines*, issued by the State of Wisconsin Department of Administration. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about North Central Wisconsin Workforce Development Board, Inc. compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of North Central Wisconsin Workforce Development Board, Inc.'s compliance with those requirements.

Opinion

In our opinion, North Central Wisconsin Workforce Development Board, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2013.

Report on Internal Control Over Compliance

Management of North Central Wisconsin Workforce Development Board, Inc. is responsible for establishing and maintaining effective internal control over compliance ("internal control") with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered North Central Wisconsin Workforce Development Board, Inc.'s internal control with the types of requirements that could have a direct and material effect on a major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal and state program and to test and report on internal control in accordance with OMB Circular A-133 and the *State of Wisconsin Single Audit Guidelines*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of North Central Wisconsin Workforce Development Board, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report is solely to describe the scope of our testing of internal control and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
