one year of the last disclosure. The following details the organization's

standard annual procedure for conflicts of interest.

The conflict of interest policy is monitored/enforced as part of the

system-wide procedures and is not handled at the organizational level. The

policy is monitored and enforced as follows:

1 - At time of appointment and annually thereafter, all interested persons,

including board and committee members, complete a disclosure statement

which addresses actual or potential conflicts of interest;

2 - The disclosure statement is done electronically and the return of the

completed statement is a condition of continued appointment, employment, or

participation with the organization;

3 - All actual or potential conflicts are reviewed, investigated, and

resolved by the chief governance officer and the corporate responsibility

officer, with the results shared with the chief executive of the

organization; and

4 - Periodic reviews are conducted by governance, compliance, and internal

audit to ensure the organization is operating consistently with the policy

and enforcing the policy's terms.

Form 990, Part VI, Section B, Line 15: Mount Carmel Foundation uses the

policies established by Via Christi Health, Inc. (VCH). VCH has established

a common philosophy, strategy, and processes for executive compensation.

Through the oversight of the VCH Executive Compensation Committee,

executive compensation is competitively positioned at its stated market

position when compared to the compensation paid by relevant organizations

(comparably-sized health systems, hospitals, and long-term care providers).

VCH recognizes its responsibility to ensure that its executive compensation program is appropriate in view of its mission and tax-exempt status and that its compensation levels and expenditures are reasonable and not excessive. To ensure these ends, the VCH Executive Compensation Committee has established and approved the executive compensation philosophy for VCH and all related entities. It will also approve all changes in the compensation package for VCH executives in advance. On an annual basis, the committee conducts a comprehensive review of total compensation for all executives. It also reviews and approves "off-cycle" compensation transactions as needed. In their review, the committee considers the following factors:

- Market data from independent compensation surveys and sources that reflect comparable positions in organizations of similar size and scope;
- Difficulties in recruiting and retaining executives;
- Skills, experience and performance history of individual executives;
- Critical business or strategic issues that the organization may face; and
- Market position for total compensation.

The adequacy, competitiveness, and cost of the VCH total executive compensation program are reviewed on an ongoing basis and changes are made as the committee determines appropriate. The executive compensation program will be maintained such that it will fall within the safe harbor guidelines established by the intermediate sanctions regulations.

The committee also employs the services of an independent compensation consultant to prepare market analysis to aid and support the committee's

actions, provide documentation of market trends for budget setting

purposes, review annual compensation changes to ensure "reasonableness" and

provide attestation, and provide consultation on all executive compensation

issues. The committee also relies on third-party validation of performance

measures used in the determination of compensation.
