**Part X - FIN 48 Footnote**

The Organization follows FASB guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Organization's tax returns to determine whether or not the tax positions are "more likely than not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more likely than not threshold would be recorded as a tax expense and liability in the current year. Management evaluated the Organization's tax position and concluded that the Organization had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. The Organization's tax returns from 2009 through 2011 are subject to examination by the Internal Revenue Service, generally for three years after they were filed. The Organization is not
