|            |                 | <p>PART VI, LINE 4 AS DESCRIBED IN FORM 990, PART III, SUPPLEMENTED IN SCHEDULE O, LOS NINOS HOSPITAL PROVIDES A VARIETY OF CLINICAL PROGRAMS THAT ARE CRITICAL TO THE HEALTH OF INFANTS, CHILDREN AND YOUNG ADULTS WHO ARE CHRONICALLY ILL AND MEDICALLY FRAGILE. NEARLY ALL PATIENTS ARE COVERED BY GOVERNMENTAL HEALTH PROGRAMS, SUCH AS THE STATE OF ARIZONA'S DIVISION OF DEVELOPMENTAL DISABILITIES, THE ARIZONA MEDICAID PROGRAM (KNOWN AS AHCCCS), OR MEDICAID MANAGED CARE PLANS. AS A RESULT, FEW PATIENTS HAVE A NEED FOR CHARITY DISCOUNTS. THE LOS NINOS HOSPITAL INPATIENT UNIT PROVIDES ACUTE AND SUBACUTE HOSPITAL CARE TO INFANTS AND CHILDREN LESS EXPENSIVELY THAN LARGER ACUTE CARE HOSPITALS. MEDICAL SERVICES PAYORS OFTEN REQUIRE THE TRANSFER OF PATIENTS TO LOS NINOS FROM MORE EXPENSIVE SETTINGS WHEN THEY'RE CLINICALLY APPROPRIATE, THEREBY SAVING SCARCE GOVERNMENT FUNDS. LOS NINOS HOSPITAL'S SIX SYNAGIS CLINICS PROTECT HIGH RISK INFANTS FROM CONTRACTING RESPIRATORY SYNCYTIAL VIRUS, THEREBY SAVING LIVES AND MINIMIZING THE POTENTIAL FOR EXPENSIVE LIFE-LONG RESPIRATORY TREATMENT. LOS NINOS HOSPITAL'S HOME VENTILATOR PROGRAM AND HOME HEALTH SERVICES PROVIDE PATIENTS WITH EFFECTIVE HEALTH CARE IN THEIR HOMES, A FAR LESS EXPENSIVE SETTING THAN HOSPITALS, THEREBY FURTHER SAVING INCREASINGLY SCARCE GOVERNMENT FUNDS.</p> |

## INDEPENDENT AUDITORS' REPORT

Board of Directors  
Los Niños Hospital, Inc

We have audited the accompanying financial statements of Los Niños Hospital, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2013 and 2012, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Los Niños Hospital, Inc. as of June 30, 2013 and 2012, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America

## Correction of Error

As discussed in Note 16 to the financial statements, during the year ended June 30, 2013 management discovered certain errors resulting in overstatement of amounts previously reported as deferred revenue as of June 30, 2012 and an understatement of revenues for the year ended June 30, 2012. Accordingly, amounts reported as deferred revenue and revenue have been restated in the 2012 financial statements now presented, and an adjustment has been made to net assets as of June 30, 2012, to correct the error. Our opinion is not modified with respect to that matter.

NOTES TO FINANCIAL STATEMENTS  
June 30, 2013 and 2012 (Restated)

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Los Niños Hospital, Inc (the Organization) was formed as an Arizona not-for-profit charitable hospital to serve the needs of acute and chronically ill patients. The Organization is part of a group of entities which are all affiliated under the name of Hacienda HealthCare. This group includes Hacienda, Inc (Hacienda), Hacienda Skilled Nursing Facility, Inc (SNF), Children's Angel Foundation (CAF) and South Mountain Health Supply (SMHS). Hacienda and SNF are related to the Organization by common board members and common management.

The Organization was formed in 1997 and its programs focus on the medical and therapeutic needs of each patient. The major programs are:

Inpatient care Inpatient care is a 15-bed, family oriented hospital specializing in high quality acute and sub-acute care for infants, children and teens.

Ventilator program The ventilator program enables ventilator dependent individuals to function in society at the optimal level of their capabilities and potential by combining technology, services and medical supplies. This is achieved by providing products, education, training and on-going monitoring of equipment. The ventilator program provides service on ventilators and other medical equipment in patients' homes, as well as a home enteral feeding service that serves the nutritional needs of medically fragile patients by providing formula and supplies.

Synagis clinics The Organization operates six outpatient synagis clinics located in Arizona and Colorado. Synagis is an injectable used to immunize infants and young children against Respiratory Syncytial Virus (RSV). The clinics are open from November to April each year, which is the high season for RSV.

Therapy services Therapy services provide physical, occupational and speech therapy to infants, children and adults. Services are provided in both inpatient and outpatient settings, including home health care. These services include evaluations, consultations, intervention, skilled hands-on care, adaptive equipment and family/caregiver training.

Home health care Home health care specializes in the care of infants, children and adults with special health care needs requiring home health care from nurses and therapists with special training.

Registry services Innovative Staffing, began in 2005, provides staffing needs to fill vacant positions and open shifts with medical professionals including registered nurses, licensed practical nurses, certified nursing assistants, caregivers and respiratory therapists.

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES (Continued)

Nurse consulting The Organization contracts with the Division of Developmental Disabilities (DDD), a division of the Arizona Department of Economic Security, for certain specialized clinical consulting services. Under the arrangement and on behalf of DDD, qualified nursing personnel employed by the Organization assess and monitor nursing services rendered by various providers of services to developmentally disabled consumers in Arizona. Such services include those provided in a consumer's home, a group home, a developmental home, a Level II or Level III behavioral health facility and any day care program.

The funding and revenue sources to support these programs come from various federal and state programs as well as payments from private sector health insurance companies. The majority of services are provided in the Phoenix metropolitan area.

Basis of Presentation

The Organization reports information regarding its financial position and activities according to three classes of net assets (unrestricted net assets, temporarily restricted net assets and permanently restricted net assets) based upon the existence or absence of donor-imposed restrictions.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand or held by financial institutions as well as certificates of deposit and time deposits with original maturities of three months or less at date of acquisition.

Accounts Receivable

Accounts receivable are uncollateralized obligations arising from health services provided, due under normal trade terms, requiring payment within thirty days from the invoice date. Unpaid accounts receivable with invoice dates over thirty days old may bear interest. Due to the uncertainty regarding collections, interest on accounts receivable is recognized as income when received. Accounts receivable are stated at the amount billed to the customer, and then netted down to expected payment where a contractual arrangement exists. Payments of receivables are allocated to the specific invoices identified on the remittance advice or, if unspecified, are applied to the earliest unpaid invoices.

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES (Continued)

Accounts Receivable (Continued)

The carrying amount of accounts receivable may be reduced by a valuation allowance that reflects management's best estimate of uncollectible amounts. Management reviews all accounts receivable balances periodically, and based on an assessment of creditworthiness and an analysis of the aging of invoices, estimates the portion, if any, of the balances that will not be collected. Because of the inherent uncertainties in estimating the allowance for doubtful accounts, it is at least reasonably possible that the estimates used will change within the near term.

Payments received from payer sources in excess of the amounts billed are recorded as overpayments from payer sources and are reported as a liability on the accompanying statements of financial position.

Inventory

Inventories are recorded at cost using the first-in, first-out (FIFO) method and consist of the following at June 30:

|                                                                              | 2013              | 2012                |

|                                                                              | <u>\$ 850,135</u> | <u>\$ 1,599,272</u> |

Impairment of Long-Lived Assets

The Organization reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell. Management does not believe impairment indicators are present.

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES (Continued)

Fair Value Measurements

A framework for measuring fair value has been established by the Accounting Standards Codification and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

- |         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|---------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"><li>• Quoted prices for similar assets or liabilities in active markets,</li><li>• Quoted prices for identical or similar assets or liabilities in inactive markets,</li><li>• Inputs other than quoted prices that are observable for the asset or liability,</li><li>• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> <p>If the asset or liability has a specified term (contractual term), the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement, and usually reflect the Organization's own assumptions about the assumptions that market participants would use in pricing the assets (i.e., real estate valuations, broker quotes).                                                                                                                                                                                                                                                                                                                                                                             |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES (Continued)

Investments

Investments are reported in the statement of financial position at fair market value as determined by quoted market prices, with any realized or unrealized gains and losses reported in the statements of activities. Investment income is recognized as revenue in the period it is earned and gains and losses are recognized as changes in net assets in the accounting periods in which they occur.

Risks and Uncertainties

The Organization may invest in various types of investments that are exposed to various risks, such as interest rate, market and credit risks. Due to the levels of risk associated with investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amount reported in the statement of activities.

Property and Equipment

Acquisitions of property and equipment in excess of \$1,000 are capitalized. Property and equipment are recorded at cost, or if donated, at the estimated fair value at the date of donation. Depreciation and amortization are provided on a straight-line basis over the estimated useful lives of the respective assets.

Major additions and improvements are capitalized. Maintenance and repairs which do not extend the useful lives are charged to expenses as incurred. When the assets are retired or otherwise disposed of, the related costs and accumulated depreciation are removed from the accounts and any related gain or loss is included in operations.

Revenue Recognition

Revenues are recognized when services are provided at standard charges adjusted to amounts estimated to be received under governmental programs and other third-party contractual arrangements based on contractual terms and historical experience. These revenues and receivables are reported at their estimated net realizable amounts and are subject to audit and retroactive adjustment.

Retroactive adjustments are estimated in the recording of revenues in the period the related services are rendered. These amounts are adjusted in the future periods as adjustments become known or as cost reporting years are no longer subject to audits, reviews or investigations.

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES (Continued)

Revenue Recognition (Continued)

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. Compliance with laws and regulations governing the Medicare and Medicaid programs are subject to government review and interpretation, as well as significant regulatory action including fines, penalties and exclusion from the Medicare and Medicaid programs. In addition, under the Medicare program, if the federal government makes a formal demand for reimbursement, even related to contested items, payment must be made for those items before the provider is given an opportunity to appeal and resolve the issue.

The State of Arizona enacted Arizona Revised Statutes 20-3102 which prohibits non-governmental third party payers to request adjustment of a payment more than one year after payment has been made. The Organization has thus implemented a policy to recognize as revenue any overpayments received from payer sources that have not been recouped within thirteen months from when the overpayment was received.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor restrictions. All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily or permanently restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Contributions of donated non-monetary assets (in-kind donations) are recorded at their fair values in the period received. Contributions of donated services that create or enhance non-financial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donated services, are recorded at their fair market values in the period received. For the years ended June 30, 2013 and 2012, the Organization received the benefit of approximately 1,000 and 1,040 hours of service from volunteers, respectively. This support has not been recorded in the accompanying financial statements as it does not meet recognition criteria.

EHR Incentive Payments

The American Recovery and Reinvestment Act of 2009 included provisions for implementing health information technology under the Health Information Technology for Economic and Clinical Health Act (HITECH). These provisions were designed to increase the use of electronic health record (EHR) technology and establish the requirements for a Medicare and Medicaid incentive payment program beginning in 2011 for eligible providers that adopt and meaningfully use certified EHR technology. Eligibility for annual Medicaid incentive payments is dependent on providers demonstrating meaningful use of EHR technology in each period over a four-year period. Initial Medicaid payments are available to providers that adopt, implement, or upgrade certified EHR technology. Providers must demonstrate meaningful use of such technology in subsequent years to qualify for additional Medicaid incentive payments. The Organization records EHR incentive revenue when it has met the meaningful use objectives for the required reporting period. The EHR reporting period for the Organization is based on the federal fiscal year, which runs October 1 through September 30.

Advertising

Advertising costs are expensed as incurred. For the years ended June 30, 2013 and 2012, advertising costs were approximately \$18,000 and \$31,000, respectively.

Functional Allocation of Expenses

The costs of providing the Organization's programs have been summarized in the statements of functional expenses. Costs paid directly for management services and certain professional fees have been allocated to the management and general functional category.

Income Tax Status

The Organization is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2).

The Organization recognizes uncertain tax positions in the financial statements when it is more likely-than-not the positions will not be sustained upon examination by the tax authorities. As of June 30, 2013 and 2012, the Organization had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

NOTES TO FINANCIAL STATEMENTS  
June 30, 2013 and 2012 (Restated)

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES (Continued)

Income Tax Status (Continued)

The Organization's federal and state exempt returns are no longer subject to examination by the Internal Revenue Service and the State of Arizona for fiscal years prior to June 30, 2010 and 2009, respectively, generally three to four years after they were filed

The Organization recognizes interest and penalties associated with income taxes in operating expenses. During the years ended June 30, 2013 and 2012, the Organization did not have any income tax related interest and penalty expense.

Management's Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Total revenue is a material estimate that is particularly susceptible to significant change due to the possibility of retroactive adjustments, as is common in the healthcare industry.

Date of Management's Review

In preparing these financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through April 3, 2014, the date the financial statements were available to be issued.

Reclassification

Certain reclassifications have been made to the 2012 financial statement presentation to correspond to the current year's format. Net assets and changes in net assets are unchanged due to these reclassifications.

NOTE 2 CONCENTRATIONS OF CREDIT RISK

Financial instruments that subject the Organization to potential concentrations of credit risk consist principally of cash and receivables

The Organization maintains its cash in bank accounts, which at times may exceed federally insured limits. The Organization's main operating account is swept daily and the available balance is invested in overnight deposits in commercial paper. This is a pooled account that consists of funds from the Organization, Hacienda, Inc., and Hacienda Skilled Nursing Facility, Inc. (see Note 3). The bank balances of all three of these related affiliates are swept into this pooled account. Amounts in this account are not insured by the Federal Deposit Insurance Corporation or any other governmental or regulatory entity. The total balance in this sweep account as of June 30, 2013 and 2012 was \$7,285,117 and \$6,008,063, respectively.

The Organization also maintains cash in accounts with stock brokerage firms. The accounts contain cash and securities. Balances are insured up to \$500,000 (with a limit of \$100,000 for cash) by the Securities Investor Protection Corporation (SIPC). Balances over \$500,000 are insured by the brokerage firms.

The accounts receivable balance at June 30, 2013 includes approximately \$591,000 from three payer sources, which represents 39% of the net accounts receivable balance. The accounts receivable balance at June 30, 2012 includes approximately \$825,000 from three payer sources, which represents 58% of the net accounts receivable balance. Concentrations of credit risk with respect to receivables are limited due to the nature of the receivables and the collection history of these types of accounts and payer sources. The Organization requires no collateral on its receivables.

NOTE 3 SHARED CASH ACCOUNTS

The Organization, Hacienda and SNF deposit their funds into a pooled cash sweep account. All excess cash from these entities is consolidated into the sweep account on a daily basis. Any shortages in cash in these entities are also covered by daily transfers from the sweep account. As of the year ended June 30, 2013, as well as in years prior, the balance of the account has been allocated to the Organization. Any transfers from these shared accounts to Hacienda and SNF are included as advances due from affiliates on the accompanying statements of financial position.

During 2012, the State audited DSH payments distributed in 2008 and, based on actual data from the June 30, 2008 Medicaid cost reports, determined that the Organization had not qualified for the 2008 DSH payment. NOTE 15 CONTINGENCIES

In the ordinary course of conducting its business, the Organization has the potential to be subject to claims, legal actions, contractual and government reviews or other proceedings. In the opinion of management, neither the financial position nor results of operations of the Organization would be materially affected by the outcome of any of these potential matters.

NOTE 16 RESTATEMENT

During the year ended June 30, 2013 management discovered that the EHR incentive payment received in the year ended June 30, 2012 was incorrectly recorded as deferred revenue. Management determined that they had met the Year 1 Medicaid requirement of adopting an EHR technology system and they should have recognized the EHR payment received as income during the year ended June 30, 2012. As a result of this discovery, the Organization restated the June 30, 2012 financial statements to properly reflect the EHR incentive payment in the amount of \$1,879,947 as income in the proper period.

The effects of this restatement on the accompanying financial statements for the year ended June 30, 2012 are as follows:

|                             | As previously<br>reported | Restated      | Difference     |
