Identifier	Return Reference	Explanation
Part X	Part X FIN48 Footnote	The organization recognizes the financial statement benefit of an uncertain tax position only after considering the probability that a tax authority would sustain the position in an examination. For tax positions meeting a "more likely than not" threshold, the amount recognized in the financial statements is the benefit expected to be realized on settlement with the tax authority. For tax positions not meeting the threshold, no financial statement benefit is recognized. As of July 31, 2013, the organization had no uncertain tax positions. The organization recognizes interest and penalties, if any, related to uncertain tax positions as income tax expense. Income tax returns prior to 2008 are no longer subject to examination by tax authorities. The organization is relying on its exempt status and its adherence to all applicable laws and regulations to preserve that status.
