Part X	Part X FIN48 Footnote	The Association adopted Financial Accounting Standards Board's requirements for accounting for uncertain tax positions on September 1, 2009. Under these requirements, a tax position that meets the more-likely-than-not recognition threshold is subsequently measured as the largest amount of tax benefit that has a greater than 50 % likelihood of being realized upon settlement with a taxing authority that has full knowledge of all relevant information. The Association determined that it is not required to report a liability related to uncertain tax positions as a result of implementing the requirement.
