Compensation of Officers, Directors, Trustees, Key Employees, Highest Compensated Employees, and Independent Contractors

Check if Schedule O contains a response to any question in this Part VII

Section A. Officers, Directors, Trustees, Key Employees, and Highest Compensated Employees

1a Complete this table for all persons required to be listed Report compensation for the calendar year ending with or within the organization's tax year

- ♦ List all of the organization's **current** officers, directors, trustees (whether individuals or organizations), regardless of amount of compensation Enter -0- in columns (D), (E), and (F) if no compensation was paid
 - List all of the organization's current key employees, if any See instructions for definition of "key employee"
- List the organization's five **current** highest compensated employees (other than an officer, director, trustee or key employee) who received reportable compensation (Box 5 of Form W-2 and/or Box 7 of Form 1099-MISC) of more than \$100,000 from the organization and any related organizations
- List all of the organization's **former** officers, key employees, or highest compensated employees who received more than \$100,000 of reportable compensation from the organization and any related organizations
- List all of the organization's former directors or trustees that received, in the capacity as a former director or trustee of the organization, more than \$10,000 of reportable compensation from the organization and any related organizations

List persons in the following order individual trustees or directors, institutional trustees, officers, key employees, highest compensated employees, and former such persons

Check this box if neither the organization nor any related organization compensated any current officer, director, or trustee

Part V Facility Information (continued)

Section B. Facility Policies and Practices

(Complete a separate Section B for each of the hospital facilities or facility reporting groups listed in Part V, Section A)

Name of hospital facility or facility reporting group

			Yes	No
on	munity Health Needs Assessment (Lines 1 through 8c are optional for tax years begining on or before March 23, 2012)			
L	During the tax year or either of the two immediately preceding tax years, did the hospital facility conduct a community health needs assessment (CHNA)? If "No," skip to line 9	1	Yes	
	If "Yes," indicate what the CHNA report describes (check all that apply)			
а	A definition of the community served by the hospital facility			
b	Demographics of the community			
C	Existing health care facilities and resources within the community that are available to respond to the health needs of the community			
d	▼ How data was obtained			
e	The health needs of the community			
f	Primary and chronic disease needs and other health issues of uninsured persons, low-income persons, and minority groups			
g	The process for identifying and prioritizing community health needs and services to meet the community health needs			
h	The process for consulting with persons representing the community's interests			
i	▼ Information gaps that limit the hospital facility's ability to assess the community's health needs			
j	Other (describe in Part VI)			
2	Indicate the tax year the hospital facility last conducted a CHNA 20 11			
3	In conducting its most recent CHNA, did the hospital facility take into account input from representatives of the community served by the hospital facility, including those with special knowledge of or expertise in public health? If "Yes," describe in Part VI how the hospital facility took into account input from persons who represent the community, and identify the	_	Vas	
1	persons the hospital facility consulted	3	Yes	₩
•	facilities in Part VI	4		Νo
5	Did the hospital facility make its CHNA report widely available to the public?	5	Yes	
	If "Yes," indicate how the CHNA report was made widely available (check all that apply)			
а	Hospital facility's website			
b	Available upon request from the hospital facility			
c	Other (describe in Part VI)			
5	If the hospital facility addressed needs identified in its most recently conducted CHNA, indicate how (check all that apply			
а	to date) Adoption of an implementation strategy that addresses each of the community health needs identified through the CHNA			
b	Execution of the implementation strategy			
c	Participation in the development of a community-wide plan			
d	Participation in the execution of a community-wide plan			
e	Inclusion of a community benefit section in operational plans			
f	Adoption of a budget for provision of services that address the needs identified in the CHNA			
g	Prioritization of health needs in its community			
h	Prioritization of services that the hospital facility will undertake to meet health needs in its community			
i	Other (describe in Part VI)			
7	Did the hospital facility address all of the needs identified in its most recently conducted CHNA? If "No," explain in Part VI which needs it has not addressed and the reasons why it has not addressed such needs	7		No
3a	Did the organization incur an excise tax under section 4959 for the hospital facility's failure to conduct a CHNA as required by section 501(r)(3)?	8a		No
b	If "Yes" to line 8a, did the organization file Form 4720 to report the section 4959 excise tax?	8b		
	If "Yes" to line 8b, what is the total amount of section 4959 excise tax the organization reported on Form 4720 for all of its			

Part V Facility Information (continued)					
	ancial Assistance Policy		Yes	No	
9	Did the hospital facility have in place during the tax year a written financial assistance policy that				
	Explained eligibility criteria for financial assistance, and whether such assistance includes free or discounted care?	9	Yes		
10	Used federal poverty guidelines (FPG) to determine eligibility for providing free care?	10	Yes		
	If "Yes," indicate the FPG family income limit for eligibility for free care 200 %				
	If "No," explain in Part VI the criteria the hospital facility used				
11	Used FPG to determine eligibility for providing <i>discounted</i> care?	11	Yes		
	If "No," explain in Part VI the criteria the hospital facility used				
12	Explained the basis for calculating amounts charged to patients?	12	Yes		
	If "Yes," indicate the factors used in determining such amounts (check all that apply)				
а	▼ Income level				
b	▼ Asset level				
c	Medical indigency				
d	▼ Insurance status				
е	▼ Uninsured discount				
f	Medicaid/Medicare				
g	State regulation				
h	Other (describe in Part VI)				
13	Explained the method for applying for financial assistance?	13	Yes		
14	Included measures to publicize the policy within the community served by the hospital facility?	14	Yes		
	If "Yes," indicate how the hospital facility publicized the policy (check all that apply)				
а	The policy was posted on the hospital facility's website				
b	The policy was attached to billing invoices				
C	lacksquare The policy was posted in the hospital facility's emergency rooms or waiting rooms				
d	The policy was posted in the hospital facility's admissions offices				
е	The policy was provided, in writing, to patients on admission to the hospital facility				
f	The policy was available upon request				
g	O ther (describe in Part VI)				
	ling and Collections	ı			
15	Did the hospital facility have in place during the tax year a separate billing and collections policy, or a written financial assistance policy (FAP) that explained actions the hospital facility may take upon non-payment?	15	Yes		
16	Check all of the following actions against an individual that were permitted under the hospital facility's policies during		163		
	the tax year before making reasonable efforts to determine the patient's eligibility under the facility's FAP				
а	Reporting to credit agency				
b	Lawsuits				
C	Liens on residences				
d	Body attachments				
е	Other similar actions (describe in Part VI)				
17	Did the hospital facility or an authorized third party perform any of the following actions during the tax year before making reasonable efforts to determine the patient's eligibility under the facility's FAP?	17		No	
	If "Yes," check all actions in which the hospital facility or a third party engaged				
а	Reporting to credit agency				
b	Lawsuits				
C	Liens on residences

Part VI Supplemental Information

Complete this part to provide the following information

- 1 Required descriptions. Provide the descriptions required for Part I, lines 3c, 6a, and 7, Part III, Part III, lines 4, 8, and 9b, Part V, Section A, and Part V, Section B, lines 1, 3, 4, 5c, 6i, 7, 10, 11, 12h, 14g, 16e, 17e, 18e, 19c, 19d, 20d, 21, and 22
- 2 Needs assessment. Describe how the organization assesses the health care needs of the communities it serves, in addition to any needs assessments reported in Part V, Section B
- 3 Patient education of eligibility for assistance. Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy
- 4 Community information. Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves
- **Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.)
- **Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served
- 7 State filing of community benefit report. If applicable, identify all states with which the organization, or a related organization, files a community benefit report
- **Facility reporting group(s).** If applicable, for each hospital facility in a facility reporting group provide the descriptions required for Part V, Section B, lines 1₁, 3, 4, 5c, 6₁, 7, 10, 11, 12h, 14g, 16e, 17e, 18e, 19c, 19d, 20d, 21, and 22

Identifier	ReturnReference	Explanation
Schedule H, Part I, Line 6a		Each hospital within Baptist Healthcare System ("BHS") (61-0444707) prepares a community benefits report In addition, a summary community benefits report is prepared on a consolidated basis for all entities within BHS
Schedule H, Part I, Line 7g		No physician clinic costs are included in the costs of subsidized health services

Identifier	ReturnReference	Explanation
Schedule H, Part I, Line 7		BHS utilizes a sophisticated cost accounting system that identifies the cost of delivering care at the individual procedure and item (supply) level for direct costs and a detailed stepdown methodology to allocate overhead costs as accurately as possible. Costs are determined for each patient based upon the specific procedures performed and items used for each patient. Patients are also categorized by 1 patient type (inpatient and outpatient), 2 payer plan (42 unique categories of payer plans. Charity, State-sponsored charity and the Uninsured are among the uniquely identified payer plans), and 3 clinical service (53 unique clinical services). The cost of care for uninsured patients who qualify for "full" charity care (under a Statesponsored or BHS sponsored charity program) is determined by calculating the cost of each uninsured charity patient (at the procedure and item level) and accumulating the cost of each patient. For insured patients who also qualify for partial charity under the BHS sponsored charity program, costs are allocated to each portion (insurance, partial charity, patient payments and bad debt) using the patient's payer plan cost-to-charge ratio (CCR). For example, this CCR is multiplied by the charges covered by insurance to determine the cost of insurance, multiplied by charges covered by partial charity to determine the cost of partial charity, multiplied by patient payments to determine the cost of bad debt. The cost of care for uninsured patients who do NOT qualify for charity care (full or partial bad debt accounts) are allocated to each portion (patient payments to determine the cost of bad debt. Much care is taken to ensure that costs used for community benefit reporting are directly related to exempt-purpose patient care (excluding physician-related costs) and that costs are reported accurately. For example, the cost of charity and Medicaid are removed from the calculation of the loss on subsidized.
Schedule H, Part III, Line 4		removed from the calculation of the loss on subsidized services A separate footnote for bad debt expense is not included in the audited financial statements. However, beginning in 2012 BHS reported the provision for uncollectible accounts related to patient service revenue as a deduction from patient service revenue. Costing methodology of bad debt is outlined in Schedule H, Part VI, line 1. The estimated amount of bad debt expense attributable to patients eligible under the organization's FAP was determined using a historical percent to total of net amounts written off as bad debt for those patients with a low propensity to pay or low income to total net amounts written off as bad debt

Schedule H, Part VI, line 4		BHS is comprised of four regional hospitals. Each one serves a unique and separate geographic area within Kentucky. Baptist Health Louisville (BHLou) opened in 1975 and is located in St.
		Matthews, approximately five miles east of downtown Louisville area BHLou is strategically located near Interstate 64, a main
		access to downtown, and Interstate 264, a main beltway around Louisville The primary geographic service area for BHLou consists of Jefferson, Oldham and Bullitt Kentucky counties
		BHLou serves as a general acute care facility, specializing in services such as cardiovascular services, cancer care and comprehensive rehabilitation services that are much needed in
		the area In addition, BHLou operates one of the busiest emergency rooms in the State of Kentucky Approximately
		13 4% of the population of the local area surrounding the hospital is over 65 and the unemployment rate is 8 8%, as compared to the national average of 8 2% Approximately 5%
		of the patients seeking care at BHELou are Medicaid and approximately 3% are uninsured Baptist Health Corbin
		(BHCor) opened in 1986 in Corbin, Kentucky It is located one- half mile off of Interstate 75, approximately three miles from downtown Corbin and near U S Highway 25, which is a main
		access to several of the surrounding communities. The primary geographic service area for BHCor consists of the counties of
		Knox, Laurel and Whitley in Kentucky BHCor serves as a general acute care facility, specializing in services such as psychiatric, substance abuse, comprehensive rehabilitation and
		emergency care services The psychiatric program at BHCor has grown over the past several years and BHCor has plans to
		continue its growth Approximately 48% of the psychiatric program serves the Medicaid and uninsured populations Overall, approximately 28% and 12% of the patients seeking
		care at BHCor are Medicaid and uninsured, respectively Approximately 13 5% of the population of the local area
		surrounding the hospital is over 65 and the unemployment rate is 9 8%, as compared to the national average of 8 2% Baptist Health Lexington (BHLex) opened in 1954 in Lexington, the
		second largest city in Kentucky It is located approximately five miles from Interstate 75 and Interstate 64 which provide
		access for the immediate Lexington metro area patients as well as patients from other areas of central and eastern Kentucky which the hospital serves The primary geographic service area
		for BHLex consists of the Kentucky counties of Bourbon, Clark, Fayette, Franklin, Jessamine, Madison, Scott and Woodford In
		addition, BHLex serves as a regional referral center with approximately 38% of its discharges coming from Kentucky counties outside of the primary service area. As such, BHLex
		provides tertiary care services not offered by many hospitals in the surrounding areas including specialty cardiovascular,
		orthopedic and intensive care services. Approximately 15% and 4% of the patients seeking care at BHLex are Medicaid and uninsured, respectively. Approximately 10.8% of the population
		of the local area surrounding the hospital is over 65 and the unemployment rate is 6 7%, as compared to the national
		average of 8 2% Baptist Health Paducah (BHPad) was opened in 1953 in Paducah, Kentucky, the largest city in BHPad's service area. The hospital is located approximately one and
		one-half miles from Interstate 24 BHPad is one of only two hospitals located in Paducah The primary geographic service
		area for BHPad consists of Ballard, Carlisle, Graves, Livingston, Lyon, Marshall and McCracken Counties in Kentucky and Massac County in Illinois BHPad draws nearly 83% of its
		discharges from the primary service area BHPad serves as a general acute care facility, specializing in services such as
		cardiovascular services, cancer care and skilled nursing that are much needed in the area. Approximately 12% and 6% of the patients seeking care at BHPad are Medicaid and uninsured,
		respectively Approximately 16 6% of the population of the local area surrounding the hospital is over 65 and the unemployment rate is 8 0%, as compared to the national
Schedule H, Part VI, line 5		average of 8 2% The BHS Board of Directors is comprised of local
		representatives who, along with the hospital's management and employees, understand that they are responsible to provide high quality health care services to the communities they
		serve Operating healthcare facilities in today's environment requires a delicate balance between producing a sufficient
		margin to allow for adequate staffing and investment in new technologies, while also providing enough resources to absorb the cost of care for those patients who do not have the ability to
		pay for the services In 2012, because of its ability to produce a modest operating margin, BHS was able to re-invest nearly \$149 million into the communities in new technology,
		construction, renovation and systems improvement BHS hospitals reach out to the community in many ways through -
		Conducting health fairs for local schools, businesses and churches - Participating in fund-raising and other events to help local agencies such as the American Heart Association,
		Metro United Way, American Cancer Society, Big Brothers and Big Sisters and the American Red Cross - Donating hospital
		space for community group meetings - Participating on community health assessment teams that are dedicated to identifying and addressing local health needs in each of the
		counties we serve - Hosting educational programs, including our pre-natal classes, and Safe Sitter program - Maintaining
		necessary, but unprofitable services that meet community needs - Helping to recruit physicians to underserved areas - Helping patients coordinate services with other healthcare
		providers - Providing resources for support groups, such as cancer recovery groups - Promoting and providing preventive
		care services - Monitoring clinical outcomes in order to ensure quality care - Committing resources to improving safety and processes of care - Providing services conveniently accessible
		by patients In addition, BHS employees volunteer thousands of hours in community services and leadership BHS's support for
		community activities underscores its commitment to improving the lives of those served Because BHS and its employees contribute so much of their time, talents and resources to serve
		others, communities served by BHS are better places to live and work. Quantification of many of the community benefits is detailed elsewhere in this schedule. However, what the
		quantifiable amount doesn't measure is the economic benefit derived by the community from BHS being one of the major
		employers in the area The economic impact of the wages paid to BHS employees is significant considering the dollars they spend on food, housing, services, and other products. The
		Internal Revenue Service Revenue Ruling 69-545 provides that a hospital can demonstrate it has met the community benefit
		standard by having a full-time emergency room open to the public regardless of ability to pay for services received BHS hospitals operate an Emergency Department that is open 24
		hours a day, 365 days a year and treated over 161,000 emergency patients during fiscal year 2013 BHS and its
		emergency department posts policies stating that patients will be treated regardless of their ability to pay Depending on the severity of a patient's condition, as a service to the patient BHS
		may verify insurance prior to rendering services in the emergency department. Under no circumstances is emergency
		care delayed by discussions regarding insurance coverage or ability to pay for services In addition, BHS does not convey or intimate in any way to any emergency medical transportation
		service an unwillingness to treat any particular patient in need of medical attention

Supplemental Compensation Information	Schedule J, Part I, Line 4a	John Henson's compensation reported on line 10, column (Biii) is severance pay. He is no longer an officer of BHS Schedule J, Part I, Line 4b During calendar year 2012, five officers of BHS received a payout from a Supplemental Executive Retirement Plan, a nonqualified deferred compensation plan. The Plan is offered to a select group of management as determined by the BHS Executive Benefits Committee. The amounts paid during 2012 were previously reported as compensation on the 990 and were included in W-2 wages in 2012, reported in Schedule J, Part II, column (F) and is a portion of the amount reported in column B (iii). The following individuals received a payout from a Supplemental Executive Retirement Plan, a nonqualified deferred compensation plan. Larry Barton 31,086 William Sisson 37,523 Susan Stout Tamme 18,110 Tommy Smith 92,217 In addition, five officers who participate in the Supplemental Executive Retirement Plan accrued amounts for 2013 which is a portion of the amount reported as deferred compensation in Schedule J, column C. Other retirement and deferred compensation reported in Schedule J, column C. include amounts for the Retirement Accumulation Plan and Thrift Plan. The following individuals participated in and accrued amounts from the Supplemental Executive Retirement Plan. Tommy Smith 103,049 William Sisson 52,043 Susan Stout Tamme 17,677 Larry Barton 33,617 Carl Herde 43,491 Schedule J, Part II Susan Stout Tamme is no longer an officer of BHS. She is now in a new role, but she is still employed by BHS. The current year compensation reported on Schedule J, Part II is for her new role. Her tenure as officer ended in December 2011.

Name of the organization Baptist Healthcare System Inc Employer identification number 61-0444707

	61-0444707					
ldentifier	Return Reference	Explanation				
Description of Relationships	Form 990, Part VI, Sect A, line 2					
DESCRIBE THE PROCESS USED BY MANAGEMENT &/OR GOVERNING BODY TO REVIEW 990	Form 990, Part VI, Sect B, line 11b	A copy of the 990 is provided to the board of directors prior to the filing of the return Any questions or comments are addressed by explanation or a change to the form				
DESCRIPTION OF PROCESS TO MONITOR TRANSACTIONS FOR CONFLICTS OF INTEREST	Form 990, Part VI, Sect B, Ine 12c	Annually the secretary of BHS sends out a conflict of interest questionnaire to each of the directors and officers serving on the board of BHS. After completion, they are returned to the secretary and reviewed by the Board or the Governance Effectiveness Committee for a ny potential conflicts. A conflict of interest is any circumstance, relationship (financia. I or otherwise), activity or decision (made in the course of governance, management or professional responsibilities or otherwise) that adversely influences or appears to adversely influence the ability of a Covered Person to 1) make objective decisions on behalf of BH. S and/or 2) act in the best interests of BHS in a manner consistent with the tax-exempt purposes of BHS. The Board or Committee will determine by a majority vote of disinterested directors whether the disclosed Financial or Special Interest may result in a Conflict of Interest.				
COMPENSATION DETERMINATION PROCESS	Form 990, Part VI, Sect B, line 15a & 15b	Annually in September, the BHS Compensation Committee reviews the compensation, including base compensation and incentive compensation for the CEO and all officers and key employee s of BHS except for the Secretary and Assistant Secretary Compensation for these employee s is reviewed and approved by the CEO of BHS. The BHS Compensation Committee is comprised of independent Board Members. The Committee retains a Compensation Consultant to advise the Committee and who provides data as to comparable compensation for similarly qualified persons in functionally comparable positions at similarly situated healthcare organizations. The Committee reviews this information in approving annual base and incentive compensation. The Committee reviews the compensation described on Schedule J of the IRS Form 990. The decisions of the Committee regarding compensation are contemporaneously documented in the minutes of the Committee Annually, the Committee Chairperson and the Compensation Consultant provide a report on executive compensation to the full Board of Directors of BHS.				
AVAIL OF GOV DOCS, CONFLICT OF INTEREST POLICY, & FIN STMTS TO GEN PUBLIC	Form 990, Part VI, Sect C, line 19	In adherence to the Master Trust Indenture among BHS, Baptist Healthcare Affiliates, Inc and US Bank National Association, as Master Trustee, Dated as of February 1, 2009, BHS r eports its financial results on a quarterly basis to the Master Trustee who in turn makes them available through Electronic Municipal Market Access Additionally, the organization will provide any documents open to public inspection upon request				
HOURS WORKED FOR RELATED ORGANIZATION	Form 990, Part VII	Officers for BHS provide services to BHS and its subsidiaries. Hours worked are not tracked on an entity by entity basis. Therefore, all officers' hours reported on Form 990, Part. VII, Compensation of Officers, Directors, Trustees, Key Employees, Highest Compensated Employees, and Independent Contractors represent aggregate hours worked per week for all entities.				
Other Changes in Net Assets	Form 990, Part XI, line 9	DISTRIBUTION - BCHS 1,250,000 DISTRIBUTION - PET/CT 331,680 FUNDING FOR STRATEGIC & CAPITA L NEEDS (2,210,985) POST RETIREMENT CHANGE 11,596,995 TOTAL 10,967,690

Independent Auditor's Report

Board of Directors, Audit Committee & Management Baptist Healthcare System, Inc. and Affiliates Louisville, Kentucky

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Baptist Healthcare System. Inc. and Affiliates (Baptist), which comprise the consolidated balance sheets as of August 31, 2013 and 2012, and the related consolidated statements of operations, changes in net assets and cash flows for the years then ended and the related notes to the consolidated financial statements

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our 2013 audit was also conducted in accordance with the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion

Board of Directors, Audit Committee & Management Baptist Healthcare System, Inc. and Affiliates Page 2

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Baptist as of August 31, 2013 and 2012, and the results of its operations, the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary information, including the schedule of expenditures of federal awards required by OMB Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations,* and supplementary consolidating information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The cross reference of Baptist Health entity names listed in the table of contents is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the consolidated financial statements, and accordingly, we do not express an opinion or provide any assurance on it

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 22, 2014, on our consideration of Baptist's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Baptist's internal control over financial reporting and compliance.

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Note 1: Description of Organization and Summary of Significant Accounting Policies

Organization

Baptist Healthcare System. Inc (Baptist) is a nonprofit, tax-exempt organization that owns and operates seven hospitals in the Commonwealth of Kentucky. During the current fiscal year, Baptist changed the trade names of its wholly owned entities, and also the legal names of select entities in order to better communicate its focus on unity and integration. The new brand, "Baptist Health" is present in all new entity names, indicating that Baptist is much more than a group of hospitals, but a broad variety of health care services and facilities known for high quality experienced care using the latest medical innovations who are working together to deliver exceptional care across the Commonwealth. See Other Information for a cross-reference of previous name to new name for all Baptist Health entities.

Baptist Healthcare Affiliates. Inc is a nonprofit, tax-exempt affiliate that owns and operates an acute care hospital and also manages and operates the Oldham County ambulance service for the Oldham County Ambulance Tax District (OCATD) under a management contract

Baptist Health Richmond. Inc. is a nonprofit, tax-exempt organization that was formed on September 1, 2012, when Baptist acquired the net assets of Pattie A. Clay Infirmary Association and Pattie A. Clay Foundation (collectively Pattie A. Clay renamed to Baptist Health Richmond). There was no consideration paid by Baptist as part of the acquisition. See Note 17 for additional information related to the acquisition.

Baptist Health Madisonville, Inc. is a nonprofit, tax-exempt organization that was formed on November 1, 2012, when Baptist acquired the net assets of The Trover Foundation (d/b/a Trover Health System and its affiliates) There was no consideration paid by Baptist as part of the acquisition. See Note 17 for additional information related to the acquisition

Baptist Community Health Services, Inc. is a nonprofit, tax-exempt affiliate that owns and operates rehabilitation centers, urgent care centers, and occupational and physical therapy clinics within the regions surrounding the hospitals. Baptist Community Health Services. Inc. also owns Oak Tree Hospital at Baptist Health Corbin, an accredited long-term care hospital, owns 54% of Baptist Physicians' Surgery Center, a for-profit limited liability corporation, owns 80% of Baptist Eastpoint Surgery Center, LLC and owns 51% of St. Matthews Surgery Center, LLC

Bluegrass Family Health. Inc (BFH) is a nonprofit, taxable affiliate health maintenance organization

Baptist Medical Associates, Inc., Baptist Physicians Lexington, Inc., Baptist Physicians Southeast and Western Baptist Medical Ventures, Inc. are nonprofit, tax-exempt affiliates that own and operate physician practices

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Baptist Health Foundation, Kentucky, Baptist Health Foundation of Greater Louisville, Inc., Baptist Health Foundation Corbin, Baptist Health Foundation Lexington, Inc., Baptist Health Foundation Paducah, Inc., and Baptist Health Cardiac Research Foundation. Inc. are nonprofit, tax-exempt affiliate corporations

Baptist Ventures. Inc is a Kentucky for-profit corporation that manages, operates, maintains, leases, or enters into joint ventures with hospitals, medical facilities, or other entities which provide health care services

PET/CT Management. LLC is a Kentucky limited liability company that leases positron emission tomography equipment and provides supplies and management services to Louisville to operate a freestanding PET/CT service

Baptist Health Employer Solutions. Inc is a Kentucky nonprofit corporation that organizes, promotes and develops care delivery systems such as accountable care organizations which utilize evidence-based clinical care guidelines, integrate clinical care to improve community health, collaborate among health providers to improve service and care delivery, develop chronic disease management programs, participate in pay for performance programs and to perform such activities in a manner consistent with the overall charitable purpose of Baptist

Purchase Health Quality Collaborative, LLC is a Kentucky limited liability company that supports hospital/physician clinical integration in the Western region of Kentucky

All entities are located in the Commonwealth of Kentucky

Basis of Presentation

The accompanying consolidated financial statements represent the consolidated operations of Baptist Healthcare System. Inc., the affiliates in which it has sole ownership or membership and the entities in which it has greater than 50% equity interest with commensurate control (collectively, Baptist). All significant intercompany accounts and transactions are eliminated in consolidation.

Mission and Vision Statement

Baptist's mission is to continue the Christian heritage of service and to enhance the health of the people and communities it serves. Baptist is guided by the vision to be the health care leader in Kentucky. Baptist will live out its Christ-centered mission and achieve its vision guided by Integrity. Respect. Stewardship. Excellence and Collaboration

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Cash Equivalents

Baptist considers all liquid investments, other than those limited as to use, with original maturities of three months or less to be cash equivalents. At August 31, 2013 and 2012, cash equivalents consisted primarily of money market accounts with brokers, certificates of deposit and repurchase agreements.

Investments and Investment Return

Investments in equity securities with readily determinable fair values and in all debt securities are considered available-for-sale securities and are carried at fair value in the consolidated balance sheets. Investments in an equity investee are reported on the equity method of accounting. Other investments are valued at the lower of cost (or fair value at time of donation, if acquired by contribution) or fair value.

Investment income or loss (including realized gains and losses on investments, dividends, interest and unrealized gains and losses on available-for-sale investments) is included in the excess of revenues, gains and other support over expenses unless donor or law restricts the income or loss

Patient Accounts Receivable

Baptist reports patient accounts receivable for services rendered at net realizable amounts from third-party payers and patients. In evaluating the ability to collect accounts receivable. Baptist analyzes its past history and identifies trends for each of its major payer sources of revenue to estimate the appropriate provisions and allowances. Management regularly reviews data regarding these major payer sources of revenue in evaluating the sufficiency of the allowances.

Inventories

Inventories are stated at the lower of cost or market on a first-in, first-out basis

Assets Limited as to Use

Assets limited as to use are recorded at fair value and include (1) assets set aside by the board for capital improvements over which the board retains control and may, at its discretion, subsequently use for other purposes. (2) assets set aside by the board for endowment. (3) assets held by trustee under bond indenture. (4) assets held by trustee for the medical malpractice and workers' compensation self-insurance funding arrangements and (5) assets held by trustee in perpetual trust Amounts required to meet current liabilities are reported as current assets in the consolidated balance sheets

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Baptist invests in various securities including money market funds. U.S. Government securities, corporate debt instruments, corporate stocks and mutual funds, which are classified as available-for-sale. The unrealized gains and losses of these securities are recognized as net investment return in the consolidated statements of operations. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect the amounts reported in the consolidated balance sheets and consolidated statements of operations

Property and Equipment

Property and equipment are recorded at cost and depreciated on a straight-line basis over the estimated useful life of each asset. Leasehold improvements are depreciated over the shorter of the lease term or their respective estimated useful lives.

The estimated useful lives for each major depreciable classification of property and equipment are as follows

Buildings and improvements	15–40 years
Leasehold improvements	5–10 years
Equipment	3– 0 years

Donations of property and equipment are reported at fair value as an increase in unrestricted net assets, unless the donor restricts use of the assets. Monetary gifts that must be used to acquire property and equipment are reported as donor-restricted support. The expiration of such restrictions is reported as an increase in unrestricted net assets when the donated asset is placed in service.

Baptist capitalizes interest costs as a component of construction in progress, based on interest costs of borrowing for the project, net of interest earned on investments acquired with the proceeds of the borrowing or based on the weighted-average rates paid for long-term borrowing. Total interest capitalized and incurred was

	 2013		2012	
	(In Tho	ousands)		
Interest expense capitalized on borrowings for project Interest income capitalized from investment of	\$ 7.100	\$	5,114	
proceeds on borrowings for project	 (545)		(325)	
Net interest capitalized	\$ 6,555	\$	4,789	
	 2013		2012	
	(In Tho	usands	;)	
Net interest capitalized	\$ 6,555	\$	4,789	
Interest charged to expense	 13,488		13,469	
Total interest incurred	\$ 20,043	\$	18,258	

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Long-Lived Asset Impairment

Baptist evaluates the recoverability of the carrying value of long-lived assets whenever events or circumstances indicate the carrying amount may not be recoverable. If a long-lived asset is tested for recoverability and the undiscounted estimate of future cash flows is expected to result from the use and eventual disposition of the asset is less than the carrying amount of the asset, the asset cost is adjusted to fair value and an impairment loss is recognized as the amount by which the carrying amount of a long-lived asset exceeds its fair value. No asset impairment was recognized during the years ended August 31, 2013 and 2012.

Deferred Financing Costs

Deferred financing costs represent costs incurred in connection with the issuance of long-term debt and are amortized over the term of the respective debt using the effective-interest method Deferred financing costs are reported in the consolidated balance sheets in other assets

Temporarily Restricted Net Assets

Temporarily restricted net assets are those whose use by Baptist has been limited by donors to a specific time period or purpose. Investment income from restricted funds is included in temporarily restricted net assets when earned

Permanently Restricted Net Assets

Permanently restricted net assets are those that have been restricted by donors to be maintained in perpetuity. Permanently restricted net assets represent Baptist's beneficial interest in perpetual trusts. Investment income from restricted funds is included in permanently restricted net assets when earned

Charity Care

Baptist provides care to patients who meet certain criteria under its charity care policy, without charge or at amounts less than its established rates. Baptist also provides discounts from established rates to all uninsured patients. Because Baptist does not pursue collection of charity or uninsured discounts, such amounts are not reported as revenue. Total unreimbursed costs of charity and discounts to the uninsured were approximately \$76,245,000 and \$60,764,000 for the years ended August 31, 2013 and 2012, respectively

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Net Patient Service Revenue

Baptist has agreements with third-party payers that may provide for payments at amounts different from its established rates. Net patient service revenue is reported at the estimated net realizable amounts from patients and third-party payers for services rendered and include estimated retroactive adjustments. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered and such estimated amounts are revised in future periods, as final settlements are determined.

Premium Revenue

Baptist, through BFH, enters into membership contracts with employer groups. The contracts contain varying terms subject to cancellation by the employer group or BFH upon 60 days' written notice. Premiums are due at the beginning of each month and are recognized as revenue during the period in which BFH is obligated to provide services to members.

Premiums billed and collected in advance recorded as unearned premiums are included in the consolidated balance sheets in other current liabilities

Estimated medical claims incurred but not reported are included in the consolidated balance sheets in accounts payable

Contributions

Unconditional gifts expected to be collected within one year are reported at their net realizable value. Unconditional gifts expected to be collected in future years are initially reported at fair value determined by using the discounted present value of estimated future cash flows technique. The resulting discount is amortized using the level-yield method and is reported as contribution revenue.

Donor-restricted stipulations that limit the use of contributions are initially reported as temporarily or permanently restricted net assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the consolidated statements of changes in net assets as net assets released from restriction.

Estimated Malpractice Costs

An annual estimated provision is accrued for the self-insured portion of medical malpractice claims and is reported in the consolidated statements of operations as a general and administrative expense. The liability for self-insured malpractice claims includes an estimate of the ultimate costs for both reported claims and claims incurred but not reported and are reported in the consolidated balance sheets in other liabilities.

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Income Taxes

The Baptist nonprofit, tax exempt entities are recognized as exempt from income taxes under Section 501 of the Internal Revenue Code (Code). However, these entities are subject to federal income tax on income earned through unrelated business activities. In addition, the Baptist nonprofit, taxable and for-profit entities are subject to federal and state income taxes. The net tax liability is recorded in the consolidated balance sheets in other current liabilities.

On October 15, 2012, BFH received a \$16,163,747 Federal income tax refund for years 2003 – 2007 On June 9, 2008, the Internal Revenue Service (IRS) issued a determination letter classifying BFH as an organization described in Section 501(c)(4) of the Code and therefore, exempt from Federal income tax under Section 501(a). The IRS National Office revoked that determination letter effective December 31, 2008, but agreed that BFH was not subject to U.S. Federal income tax examinations by tax authorities prior to fiscal year 2009 and all Federal income taxes plus interest were to be refunded to BFH for tax years 2003 – 2007. In addition, BFH wrote off \$1,578,081 in Federal income tax receivable previously recognized for overpayments and potential carry backs related to the tax years covered by the refund. The net amount of \$15,317,569 was recorded in the consolidated statement of operations in the provision (benefit) for income tax.

The following table indicates the components of the amount recorded

	 2012
Federal income tax refund for years 2003 – 2007	\$ 16,163,747
Interest income	1,381,179
Refunded interest paid	5,611
Refunded penalties paid	2,909
Fees	 (2,235,877)
Benefit for income tax	15,317,569
Adjustment for previously recognized tax receivable	(1.578,075)
Provision for income tax for fiscal year 2012	 (848,993)
Total benefit for income tax	\$ 12,890,501

Use of Estimates

Accounting principles generally accepted in the United States of America require disclosure of certain significant estimates and current vulnerabilities due to certain concentrations. Those matters include net patient service revenue, malpractice, workers' compensation, litigation matters, post-retirement benefits and medical service claims incurred but not yet reported.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates

2012

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Litigation

During the normal course of business. Baptist may be subject to allegations that result in litigation Some of these allegations are in areas not covered by Baptist's self-insurance program or by commercial insurance. Based on the advice and assistance from professional and legal counsel. Baptist assesses the probable outcome of unresolved litigation and records an estimate of the ultimate expected loss. Events could occur that would cause the estimate of ultimate loss to differ materially in the near term.

Reclassifications

Certain reclassifications have been made to the 2012 consolidated financial statements to conform to the 2013 consolidated financial statement presentation. These reclassifications had no effect on the change in net assets

Note 2: Patient Service Revenue

Patient service revenues are derived from services provided to patients who are directly responsible for payment or are covered by various insurance programs including the Medicare and Medicaid programs. Baptist has agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to Baptist under these agreements includes prospectively determined rates per discharge and/or per day, discounts from established charges, fee schedules and other methods.

Baptist recognizes patient service revenue associated with services provided to patients who have third-party payer coverage on the basis of contractual rates for the services rendered. These payment arrangements include

Medicare Substantially all inpatient and outpatient services are paid at prospectively determined rates. These rates vary according to the patient classification system that is based on clinical, diagnostic, acuity and other factors. Certain defined medical education costs are paid based on a cost reimbursement methodology. Baptist is also reimbursed for certain services at tentative rates with final settlement determined after submission of annual cost reports by Baptist and audits thereof by the Medicare administrative contractor.

Medicaid Inpatient services are paid at prospectively determined rates. These rates vary according to a patient classification system that is based on clinical, diagnostic and other factors. Outpatient services are reimbursed under a cost reimbursement methodology for certain services and at prospectively determined rates for other services. Baptist is reimbursed for cost reimbursable services, a portion of which are paid using tentative rates with final settlement determined after submission of annual cost reports by Baptist and audits thereof by the Medicaid administrative contractor.

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation and change. As a result, it is reasonably possible that recorded estimates will change materially in the near term

Other third-party payers Baptist has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to Baptist under these agreements includes prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates.

Patient liability Baptist recognizes patient deductible and co-payment revenue for patients who have third-party insurance. A provision for uncollectible accounts is recorded in the period of service on the basis of its past experience, which indicates that some patients are unwilling to pay the portion of their bill for which they are financially responsible. Baptist offers financial assistance programs to patients who are unable to pay the portion of their bill for which they are financially responsible and records a provision for charity in the period of service on the basis of its past experience.

Baptist recognizes patient service revenue associated with services provided to patients who do not have third-party paver coverage as follows

Uninsured patients Baptist provides a significant discount from standard charges to all uninsured patients who receive medically necessary care. An uninsured discount provision is recorded in the period of service. The amount for which the patient is responsible is recognized as patient service revenue. Baptist offers financial assistance programs to patients who are unable to pay the portion of their bill for which they are financially responsible and records a provision for charity in the period of service on the basis of its past experience. A provision for uncollectible accounts is recorded in the period of service on the basis of past experience for patients who are unwilling to pay the portion of their bill for which they are financially responsible.

In 2012, the Department of Health and Human Services reached a \$700 million settlement to compensate approximately 500 hospitals for past underpayments related to an error in Medicare's rural floor budget neutrality adjustment for fiscal years 1999 through 2011. The Centers for Medicare and Medicaid Services has agreed to settle related lawsuits involving approximately 2,000 hospitals due to the fact they incorrectly applied an adjustment from 1999 to 2006 in a way that was not budget neutral and progressively reduced Medicare payments for inpatient hospital services over time. In 2012, Baptist received approximately \$14.7 million for its portion of the settlement, which is recorded in patient service revenue in the accompanying consolidated financial statements. Legal fees related to the settlement were approximately \$3.7 million, which is recorded in general and administrative expenses in the consolidated statements of operations

Notes to Consolidated Financial Statements August 31, 2013 and 2012

The following table indicates patient service revenue by payer, net of contractual allowances, uninsured discounts and charity (but before the provision from uncollectible accounts) for the years ended August 31

Patient service revenue	2013	3 2012
		(In thousands)
Medicare	\$ 627.	,295 \$ 520,876
Medicaid	109.	.488 84.914
Other third-party payers	696	557,706
Total third-party payers	1,433.	.198 1,163,496
Patient liability (a)	299.	303,276
Patient service revenue	\$ <u>1.732</u>	.580 \$ 1,466,772

⁽a) Patient liability represents revenue due from both insured patients for co-payments, patient deductibles and other services for which the patient's insurance has deemed the responsibility of the patient and from uninsured patients after the uninsured discount and applicable financial assistance. Patient liability is reported in this table prior to the provision for uncollectible accounts.

The provision for uninsured discounts, charity care and uncollectible accounts were as follows

	Years Ended August 31,						
Provision for	2013	2012	Change				
	(In Thousands)						
Uninsured discounts	\$ 60,805 \$	52,906 \$	7,899				
Charity	124,602	93,821	30,781				
Uncollectable accounts	 75,569	59,676	15,893				
Total	\$ 260,976 \$	206,403 \$	54,573				

Note 3: Electronic Health Records Incentive Program

The Electronic Health Records Incentive Program (EHRIP), enacted as part of the *American Recovery and Reinvestment Act of 2009*, provides for incentive payments under both the Medicare and Medicaid programs to eligible hospitals that demonstrate meaningful use of certified electronic health records technology. Payments under the Medicare program are generally made for up to four years based on a statutory formula. Payments under the Medicaid program are generally made for up to four years based upon a statutory formula, as determined by the state, which is approved by the Centers for Medicare and Medicaid Services. Payments under both programs are contingent upon hospitals and physicians continuing to meet escalating meaningful use criteria and any other specific requirements that are applicable for the reporting period. The final amount for any payment year is determined based upon an audit by the fiscal intermediary. Events could occur that would cause the final amounts to differ materially from the initial payments under the program

Baptist recognizes EHRIP revenue under the grant method and the contingency method, depending on the specific circumstances at each entity regarding the likelihood of meeting the requirements necessary to demonstrate meaningful use. Under the grant method, Baptist recognizes revenue ratably over the reporting period starting at the point when management is reasonably assured it

Notes to Consolidated Financial Statements August 31, 2013 and 2012

will meet all of the meaningful use objectives and any other specific grant requirements applicable for the reporting period. Under the contingency method, Baptist recognizes revenue when the hospital has received confirmation of meeting the meaningful use requirements

Baptist met the requirements for both Medicare and Medicaid EHRIP payments and recorded revenue in 2013 and 2012 of approximately \$14.3 million and \$15.4 million, respectively EHRIP revenue is included in other revenue within other operating revenues in the consolidated statements of operations

Note 4: Concentration of Credit Risk

Accounts Receivable

The portion of accounts receivable due from patients (patient liability portion) is reduced by various allowances

For receivables associated with uninsured patients who are receiving medically necessary care. Baptist provides a significant discount from standard charges and records a provision and allowance for uninsured discounts

For receivables associated with patients who qualify for a government or Baptist sponsored financial assistance charity program, which includes both the portion of accounts due from uninsured patients after the Baptist uninsured discount and the portion due from insured patients which the patients third-party insurance did not cover (deductible and co-payment balances). Baptist records a provision and allowance for charity care

For receivables associated with patients who do not qualify for a government or Baptist sponsored financial assistance charity program. Baptist records a provision and allowance for uncollectible accounts in the period of service on the basis of its past experience, which indicates that many patients are unwilling to pay the portion of their bill for which they are financially responsible. The difference between the total amount due from the patient and the amount actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for uncollectible accounts.

Baptist's total allowances for uninsured discounts, charity and uncollectible accounts was 75% and 72% of the total patient liability portion of accounts receivable at August 31, 2013 and 2012, respectively

Notes to Consolidated Financial Statements August 31, 2013 and 2012

The percentages of receivables from patients and third-party payers at August 31 were as follows

Net patient accounts receivable	2013	2012
Medicare	32 7%	29 1%
Medicaid	8 1	9 3
Other thurd-party payers	416	43 4
Total thurd-party payers	82 4	818
Patient liability (a)	<u>176</u>	18 2
Patient accounts receivable, net of allowance for uncollectible accounts	100 0%	100 0%

⁽a) Patient liability represents the portion due from both insured patients for co-payments, patient deductibles and other services for which the patient's insurance has deemed the responsibility of the patient and from uninsured patients after the uninsured discount and applicable financial assistance

Bank Balances

Baptist considers all liquid investments with original maturities of three months or less to be cash equivalents. At August 31, 2013 and 2012, cash equivalents consisted primarily of money market accounts with brokers, certificates of deposit and repurchase agreements.

At August 31, 2013, Baptist's interest-bearing cash, cash equivalents and certificates of deposit accounts exceeded federally insured limits by approximately \$148,133,000. Baptist also has repurchase agreements of approximately \$34,256,000 that are not covered under Federal Deposit Insurance Corporation (FDIC) insurance included in cash and cash equivalents.

Note 5: Investments, Assets Limited as to Use and Investment Return

Total assets limited as to use	\$ 956,090	\$ 865,281

- (a) Assets designated by board for endowment are invested in securities in the same proportion as assets designated by board for capital improvements
- (b) Assets under workers' compensation self-insurance funding arrangement are invested in securities in the same proportion as assets designated by board for capital improvements

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Investment Return

Total investment return for assets whose use is limited and investments are reflected in the consolidated statements of operations and are comprised of the following for the years ended August 31

	 2013		2012
	(In Thousands)		
Excess of revenues, gains and other support over expenses			
Interest and dividend income	\$ 16,115	\$	14,120
Realized gains (losses) on sale of securities	23,402		(3.937)
Change in net unrealized gains on available-for-sale			
securities	38,465		52,909
Total investment income	\$ 77,982	\$	63,092

Certain investments in debt and marketable equity securities are reported in the consolidated financial statements at an amount less than their historical cost. Total fair value of these investments at August 31, 2013 and 2012, was \$298,658,795 and \$125,393,366, which is approximately 27% and 13%, respectively, of the investment portfolio

Baptist's investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in these risks in the near term could materially affect the amounts reported in the consolidated balance sheets and consolidated statements of operations

Note 6: Beneficial Interest in Perpetual Trusts

Baptist is an income beneficiary of several perpetual trusts controlled by unrelated third-party trustees. The beneficial interests in the assets of these trusts are included in Baptist's consolidated financial statements as permanently restricted net assets. Income is distributed in accordance with the individual trust documents and is included in investment return. The estimated value of the expected future cash flows at August 31, 2013, is \$17,608,000, which represents the fair value of the trust assets at August 31, 2013.

Note 7: Fair Value of Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs

Notes to Consolidated Financial Statements August 31, 2013 and 2012

There is a hierarchy of three levels of inputs that may be used to measure fair value

- Level 1 Quoted prices in active markets for identical assets or liabilities
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying consolidated balance sheets measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at August 31, 2013

Following is a description of the inputs and valuation methodologies used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying consolidated balance sheets, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended August 31, 2013.

Investments and Assets Limited as to Use

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include money market funds, common stocks, preferred stocks and mutual funds.

Where quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows and are classified within Level 2 of the valuation hierarchy. Level 2 securities include U.S. Treasury obligations, municipal bonds, corporate bonds, corporate short-term obligations and mutual funds

Notes to Consolidated Financial Statements August 31, 2013 and 2012

For these Level 2 securities, the inputs used by the pricing service to determine fair value may include one, or a combination of, observable inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference to data market research publications. For the index mutual fund, included in Level 2, that has sufficient activity or liquidity within the fund, fair value is determined using the net asset value (or its equivalent) provided by the fund.

For beneficial interest in perpetual trust, fair value is estimated at the present values of future distributions expected to be recovered over the term of the agreement. Due to the nature of the valuation inputs, the interest is classified within Level 2 of the hierarchy.

Where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the valuation hierarchy—Baptist does not hold Level 3 securities

Fair Value of Financial Instruments

The following table presents estimated fair values of Baptist's financial instruments and the level within the fair value hierarchy in which the fair value measurements fall at August 31, 2013

The following methods were used to estimate the fair value of all other financial instruments recognized in the accompanying consolidated balance sheets at amounts other than fair value

Cash and Cash Equivalents

The carrying amount approximates fair value

Long-Term Debt

Fair value is estimated based on the borrowing rates currently available to Baptist for bank loans with similar terms and maturities

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Note 8: Property and Equipment, Net

Property and equipment, net	\$	898,890	\$	736,728	

As of August 31, 2013, Baptist has entered into contractual agreements for the purchase of equipment and the construction of hospital facilities for approximately \$10,113,000

Included in the consolidated balance sheets in accounts payable are purchases of property and equipment of \$2,725,000 and \$11,082,000 at August 31, 2013 and 2012, respectively

Note 9: Medical Malpractice Claims

Baptist, (excluding Baptist Health Richmond), is self-insured with respect to medical malpractice risks and has established an irrevocable trust fund for the payment of medical malpractice claim settlements. Professional insurance consultants have been retained to assist Baptist in determining liability amounts to be recognized, as well as amounts to be deposited into the trust fund.

Baptist is self-insured for the first \$6,000,000 per occurrence and not to exceed \$20,000,000 in the aggregate for all Baptist hospitals combined (excluding Baptist Health Madisonville and Baptist Health Richmond) Baptist participates in the American Excess Insurance Exchange (AEIX). Risk Retention Group, a Vermont-chartered "captive" insurance company organized as a reciprocal for coverage above the self-insurance limits Baptist currently has a 9 14% ownership in AEIX, the value of which is reported using the equity method of accounting

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Baptist Health Madisonville is self-insured for the first \$1,500,000 per occurrence through January 1, 2008, and \$2,000,000 per occurrence thereafter and not to exceed \$14,000,000 in aggregate. Baptist Health Madisonville purchases commercial insurance coverage on a claims-made basis over the self-insurance limits and has established an irrevocable trust fund for the payment of medical malpractice claim settlements. Losses from asserted and unasserted claims are accrued based on estimates that incorporate past experience, as well as other considerations, including the nature of each claim or incident and relevant trend factors. Professional insurance consultants have been retained to assist Baptist in determining liability amounts to be recognized, as well as amounts to be deposited into the trust fund.

Baptist Health Richmond is insured for medical malpractice claims through claims-made policies. This provides protection from liability in amounts not to exceed \$1,000,000 per claim and \$3,000,000 in the aggregate. In addition, Baptist Health Richmond has purchased a \$10,000,000 umbrella policy. Liabilities for incurred but not reported losses at August 31, 2013 and 2012, if any, will not have a material effect on the Baptist Health Richmond's financial position and its malpractice and general liability insurance is adequate to cover losses, if any. Should the claims-made policies not be renewed or replaced with appropriate insurance coverage, claims based upon occurrences during these terms, but reported subsequently, will be uninsured. Baptist Health Richmond intends to continue carrying such insurance.

The total current liability for medical malpractice claims reported and claims incurred but not reported was approximately \$10.690.000 and \$9.000.000 at August 31, 2013 and 2012, respectively. The total long-term liability for medical malpractice claims reported and claims incurred but not reported was approximately \$65.805.000 and \$56.473.000 at August 31, 2013 and 2012, respectively. Net malpractice expense recognized was approximately \$13.760.000 and \$11.311.000 for the years ended August 31, 2013 and 2012, respectively. Earnings on investments of the malpractice self-insurance trust funds amounted to approximately \$1.064.000 and \$573.000 for the years ended August 31, 2013 and 2012, respectively.

Note 10: Workers' Compensation

Baptist is self-insured with respect to workers' compensation risks and has established an irrevocable trust fund for the payment of workers' compensation claim settlements. Professional insurance consultants have been retained to assist Baptist in determining liability amounts to be recognized, as well as amounts to be deposited into the trust fund.

The total accrued liability for incurred and incurred but not reported workers' compensation claims and related costs of settlement was approximately \$15,998,000 and \$13,092,000 at August 31, 2013 and 2012, respectively, and is included in long-term liabilities in the consolidated financial statements. Net workers' compensation expense recognized was approximately \$5,611,000 and \$2,979,000 for the years ended August 31, 2013 and 2012, respectively.

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Note 11: Long-Term Debt

The bonds are collateralized by a pledge of revenues The agreements also contain several covenants, the most significant of which places limitations on additional indebtedness and required levels of unrestricted cash Baptist was in compliance with all debt covenants at August 31, 2013

		2013	20	12
	(In Thousands)

Less unamortized discount		4,349		4,156
Total long-term debt	\$	611,199	\$	600,339

- (A) The Series 2009A Revenue Bonds were issued on February 19, 2009, to redeem the Series 1999A Bonds and to deposit \$99,287,000 into the project fund used to reimburse Baptist for the costs of acquiring and constructing hospital facilities and equipment. Interest on the bonds is fixed and is payable semi-annually on each February 15 and August 15, commencing August 15, 2009. Interest rates range from 3 000% to 5 625%. Principal payments began August 2011 with a maturity date of August 2027.
- (B) The Series 2009B Variable Rate Demand Hospital Revenue Bonds were issued on February 19, 2009 Principal payments begin August 2027 through August 2038 The 2009B Bonds are secured by direct letters of credit issued by Branch Banking and Trust Company for \$154,906,515 and JP Morgan Chase Bank, N A for \$133,619,675, which expire February 19, 2016, and December 31, 2015, respectively. If the 2009B Bonds fail to remarket and Baptist draws on the letters of credit, JP Morgan Chase Bank, N A requires Baptist to repay principal and interest over 12 equal quarterly installments commencing 367 days after the liquidity drawing and Branch Banking and Trust Co requires monthly interest payments and after 367 days, principal and interest in 24 equal monthly installments. Interest for the 2009B-1 and 2009B-2 Bonds (\$131,725,000) which are re-priced daily was 0.05% and 0.04% at August 31, 2013. Interest for the 2009B-3 and 2009B-4 Bonds (\$152,710,000) which are re-priced weekly was 0.06% and 0.05% at August 31, 2013.

Notes to Consolidated Financial Statements August 31, 2013 and 2012

- (C) The Series 2010 Variable Rate Demand Hospital Revenue Bonds were issued by Baptist Health Madisonville on December 15, 2010 in the amount of \$25,780,000 to extinguish the remaining Series 2006 Bonds, finance the construction, rehabilitation and equipping of certain facilities and pay costs related to the issuance of the Series 2010 Bonds. The Series 2010 Bonds are variable rate demand bonds which were issued as bank qualified tax-exempt obligations. Interest on the bonds is at a fixed rate of 2.49 percent and is payable quarterly through December 15, 2015, at which time the fixed rate is reset in accordance with the provisions of the trust indenture and is subject to a mandatory tender if elected. The Series 2010 Bonds are subject to retirement in varying annual principal payments of \$452,000 to \$633,250 from March 2012 through 2023. The Series 2010 Bonds are secured by gross receipts and certain property and equipment.
- (D) The Series 2011 Fixed Rate Hospital Revenue Bonds were issued on December 15, 2011, in the amount of \$140,000,000 to pay or reimburse Baptist for the costs of certain hospital projects, including a portion of the costs of constructing and equipping a new seven-story, approximately 400,000 square foot medical structure connected to the existing hospital building at Central Baptist Hospital Principal payments for the 2042 term bond in the amount of \$63,060,000 will begin August 15, 2039, with a maturity date of August 15, 2042. The 2042 term bonds will bear an interest rate of 5 00%. Principal payments for 2046 term bond in the amount of \$76,940,000 will begin August 15, 2043, with a maturity date of August 15, 2046. The 2046 bonds will bear an interest rate of 5 25%. Interest on the bonds is fixed and is payable semi-annually on each February 15 and August 15.

The aggregate amount at August 31, 2013, of required funding for principal payments of long-term debt is as follows

	Sei	ries 2009A	S	Series 2009B	Series 2010	Series 2011	Total

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Note 12: Operating Leases

Baptist has certain equipment that is leased under noncancelable operating leases with terms greater than one year. Rental expense under operating leases was \$15,494,000 and \$15,080,000 for the years ended August 31, 2013 and 2012, respectively

As of August 31, 2013, future minimum rental payments are as follows

Year Ending August 31		Amount
		(In Thousands)
2014	\$	10,962
2015		8,221
2016		5,449
2017		3,268
2018		1,811
Thereafter	-	2,486
Total	\$_	32,197

Note 13: Employee Benefit Plans

Baptist employees who meet eligibility requirements are covered by a Retirement Accumulation Plan (RAP), which includes a defined contribution plan funded entirely by Baptist and a 401(k) plan to which the employees of BFH are the only participants permitted to make 401(k) deferrals. The finance committee of the board of directors of Baptist controls and manages the operation of the RAP. Participants are immediately fully vested in participant contributions and related earnings and are fully vested in Baptist contributions after five years of service, or after reaching age 65, whichever occurs first. Contributions by Baptist to the RAP were approximately \$19,087,000 and \$17,861,000 for the years ended August 31, 2013 and 2012, respectively

Baptist offers a Thrift 403(b) Plan to which employees may defer up to 10% of their earnings on a pre-tax basis Baptist matches \$50 on each dollar for the first 4% of the employees` contributions and \$25 on each dollar for contributions of 5-6% of the employees` contributions Employees are immediately vested in their contributions and related earnings Employee vesting in employer contributions is graduated with full vesting after five years

Baptist provides an Executive Severance and Deferred Compensation Plan, a nonqualified plan designed to provide severance benefits for select management or highly compensated employees of Baptist and to provide deferred compensation for those adversely affected by the required compensation limits of qualified retirement plans or Section 403(b) plans. The total accrued liability was \$200,000 and \$394,000 at August 31, 2013 and 2012, respectively

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Baptist Health Madisonville has a defined contribution pension plan covering substantially all employees. Under terms of the plan, Baptist Health Madisonville contributes 4.6 percent of eligible compensation up to \$150,000 for eligible employees with two years of service. Pension expense associated with the plan was approximately \$2,280,000 for the period from November 1, 2012, through August 31, 2013.

Baptist Health Richmond employees hired January 1, 2005 or later are eligible to participate in a defined contribution pension plan Baptist Health Richmond matches a portion of the employees' basic voluntary contributions, as determined by the provisions of the plan Total expenses related to the defined contribution plan for the year ended August 31, 2013, was \$516,000

Note 14: Defined Benefit Pension Plan

Baptist Health Richmond has a noncontributory defined benefit pension plan covering substantially all of its employees employed prior to 2005. Baptist Health Richmond's funding policy is to make the minimum annual contribution that is required by applicable regulations. Effective December 31, 2004, the defined benefit pension plan was frozen and does not allow any new participants. Effective December 31, 2007, Baptist Health Richmond resolved to freeze the accrued benefits of the defined benefit plan as part of its plan to restructure employee benefits of its employees.

Baptist Health Richmond uses an August 31 measurement date for the plans Information about the plan's funded status follows

Pension Plan Assets

Following is a description of the valuation methodologies used for pension plan assets measured at fair value on a recurring basis and recognized in the accompanying consolidated balance sheets, as well as the general classification of pension plan assets pursuant to the valuation hierarchy

Where quoted market prices are available in an active market, plan assets are classified within Level 1 of the valuation hierarchy. Level 1 plan assets include mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of plan assets with similar characteristics or discounted cash flows. Level 2 plan assets include an immediate participation guarantee contract. The plan does not hold Level 3 assets.

The fair values of Baptist Health Richmond's pension plan assets at August 31, 2013, by asset class are as follows

			August 31, 2013				
			Fair Value Measurements Using				
Asset Class		Total Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)		
Immediate participation guarantee contract Mutual funds (A)	\$	8,352 4,386	\$ - \$ 4.386	8.352	\$ <u>-</u>		
Total	\$_	12,738	\$ 4.386 \$	8,352	\$		

⁽A) 92% of mutual funds invest in common stock and 8% of the mutual funds invest fixed income

2019-2023	\$ 5,368,141

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Note 15: Post-Retirement Benefit Plan

Baptist has a post-retirement benefit plan covering all employees who meet the eligibility requirements. The plan provides for a continuation of medical benefits at the division from which the employee retires until the retiree reaches the age of 65 and for death benefits that vary with retirement date and position.

The post-retirement medical benefits plan is contributory, with retiree contributions adjusted annually. Funding by Baptist is on a cash basis as benefits are paid. Baptist contributed approximately \$1,186,000 and \$1,026,000 for the years ended August 31, 2013 and 2012, respectively. Baptist expects to contribute approximately \$1,192,000 to the plan in 2014.

Baptist amended the post-retirement benefit plan that becomes effective beginning on January 1, 2014. The amendment increases employee responsibility for plan funding and restricts retiree medical benefits to existing participants and to employees who will become eligible to participate before January 1, 2019. As a result of the amendment, Baptist recognized a reduction in the accumulated benefit obligation of \$9,989,000 as of August 31, 2013.

Baptist uses an August 31 measurement date for the plan Information about the plan's funded status follows

Change in Accumulated Benefit Obligation

There is no estimated transition obligation to be amortized over the next fiscal year. The estimated prior service credit and accumulated loss that will be amortized from unrestricted net assets into net periodic benefit cost over the next fiscal year are approximately \$3.191,000 and (\$663,000), respectively

Significant Assumptions Include

	2013	2012
Weighted-average discount rate to determine benefit obligation	5 03%	3 62%
Weighted-average assumptions used to determine benefit	2 02 70	2 0270
costs	3 62%	5 02%

Notes to Consolidated Financial Statements August 31, 2013 and 2012

For measurement purposes, a 7 2 and 7 4% annual rate of increase in the per capita cost of covered health care benefits was assumed for each of the years ended August 31, 2013 and 2012, respectively. The rate was assumed to decrease gradually to 4 5% by the year 2028 and remain at that level thereafter.

Assumed health care cost trend rates have a significant effect on the amounts reported for the post-retirement plan costs and benefit obligation. A one-percentage-point increase in assumed health care cost trend rates would have the following effects

	 2013		2012	
	(In Ti	housands)	
Effect on total of service cost and interest cost	\$ 228	\$	184	
Effect on post-retirement benefit obligation	\$ 541	\$	2,146	

As of August 31, 2013, the following future benefit payments are expected to be paid

Years Ending August 31	Α	mount
	(In T	Chousands)
2014	\$	1,192
2015		1,198
2016		1,301
2017		1,379

Notes to Consolidated Financial Statements August 31, 2013 and 2012

In 2006, Baptist Health Richmond received capital assets in the amount of \$6,398,049 from the Chemical Stockpile Emergency Preparedness Program (CSEPP) As a part of the acquisition of Baptist Health Richmond on September 1, 2012, the fair value of those assets was \$2,239,436 CSEPP is conducting a chemical stockpile disposal project at the nearby Blue Grass Army Depot The chemical stockpile disposal project is expected to last approximately 15 years. In the event of any chemical leak or airborne contamination, Baptist Health Richmond will be used as a first response center. At the end of the disposal project, Baptist Health Richmond has the option to retain any or all of the capital assets contributed as part of the project or have CSEPP remove them from the facility. Currently, Baptist Health Richmond intends to retain all of the capital assets until after the completion of the disposal project, the assets are temporarily restricted due to the passage of time. These assets are being depreciated over their estimated useful lives and each year's depreciation expense on these assets will be recorded as released from restrictions in the consolidated statement of operations. Depreciation expense on restricted capital assets for the year ended August 31, 2013, was \$275,132.

Permanently restricted net assets represent Baptist's interest in perpetual trusts

Note 17: Acquisitions

Pattie A. Clay

On September 1, 2012, Baptist acquired the net assets of Pattie A. Clay Infirmary Association and Pattie A. Clay Foundation (collectively Pattie A. Clay and renamed to Baptist Health Richmond) a not-for-profit hospital that provides a continuum of health care services such as orthopedics, pediatrics, obstetrics, gynecology, cardiology and internal medicine, sports medicine and a full array of outpatient, diagnostic and emergency services. Baptist Health Richmond is located in Richmond, Kentucky approximately two miles off Interstate 75, adjacent to Eastern Kentucky University. It's located approximately 25 miles south of downtown Lexington, Kentucky and 28 miles from Baptist Health Lexington.

As a result of the acquisition. Baptist will expand its primary service area to include Estill. Madison and Jackson counties which are adjacent to counties Baptist currently serves. Baptist also expects the acquisition will allow it to provide more comprehensive health care services to these counties through integrating clinically with current Baptist providers in the Lexington area. Baptist also believes the acquisition will provide the ability to achieve cost savings, both clinically and through the elimination of duplicative administrative support functions

The acquisition was accomplished by Baptist becoming the sole member of Baptist Health Richmond, and no consideration was or will be transferred for the acquisition. However, in connection with the acquisition. Baptist agreed to fund at least \$50,000,000 of capital improvements benefiting Baptist Health Richmond within five years from the date of the acquisition and provide \$3,000,000 of funds to the foundation at Baptist Health Richmond. In addition, immediately prior to the acquisition, all outstanding debt in the amount of \$14,757,110 was redeemed by Baptist on behalf of Pattie A. Clay Infirmary Association, and a note payable between Baptist and Pattie A. Clay Infirmary Association was established

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Baptist incurred approximately \$371,000 of third-party acquisition-related costs in connection with this acquisition. These costs are included in general and administrative costs in the consolidated statement of operations.

The following table summarizes the amounts of the assets acquired and liabilities assumed, recognized at the acquisition date

Recognized Amounts of Identifiable Assets Acquired and Liabilities Assumed

Assets		
Current assets	\$	17,473,732
Assets limited as to use		15,341,836
Property, plant and equipment		22,673,021
Identifiable intangible assets (indefinite life)		1,000,000
Liabilities		
Current liabilities		(6,980,258)
Long term debt to Baptist		(14,757,110)
Other liabilities (primarily pension and capital lease obligations)	_	(12,058,102)
Total identifiable net assets (contribution received)	\$_	22,693,119
Contribution received		
Unrestricted net assets	\$	5,111,847
Temporarily restricted net assets		2,239,436
Permanently restricted net assets		15,341,836
Total identifiable net assets (contribution received)	\$ <u></u>	22,693,119

The acquisition resulted in an inherent contribution received of \$22.693,119, which represents the net recognized amount in the identifiable assets acquired over the liabilities assumed. Of this amount, \$5,111.847 has been included in unrestricted net assets – contribution received in donation of Pattie A. Clay in the consolidated statement of operations, \$2,239,436 has been included in temporarily restricted net assets – contribution received in donation of Pattie A. Clay, and \$15,341,836 has been included in permanently restricted net assets – contribution received in donation of Pattie A. Clay.

Baptist Health Richmond contributed the following amounts to Baptist for the period from September 1, 2012 (the acquisition date) through August 31, 2013

Excess of revenues over expenses	\$ 5,014,654
Excess of revenues over expenses (before contribution received)	\$ (97,193)
Changes in unrestricted net assets	\$ 10,715,634
Changes in temporarily restricted net assets	\$ 1,964,304
Changes in permanently restricted net assets	\$ 17,608,317

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Trover Health System

On November 1, 2012, Baptist acquired the net assets of Trover Clinic Foundation, Mutual Credit Services and Western Kentucky Medical Management Services (collectively Trover Health System and renamed to Baptist Health Madisonville), a not-for-profit system that provides over 50 clinical services such as orthopedics, obstetrics, gynecology, general surgery, cardiology, acute rehab, internal medicine and a full array of outpatient, diagnostic and emergency services on and off their main campus

Baptist Health Madisonville is the major medical center within its seven county primary service area. As a result of the acquisition. Baptist will expand its primary service area to include the counties of Hopkins, Mclean, Muhlenberg, Christian, Caldwell, Crittenden and Webster. Several of these counties are adjacent to the primary service area of Baptist Health Paducah, located approximately 80 miles from Baptist Health Madisonville.

Baptist also expects the acquisition will allow it to provide more comprehensive health care services to these counties through integrating clinically with both Baptist Health Paducah and Baptist Health Louisville. In doing so, many of the patients currently leaving the area for care will be able to receive care closer to home. In addition, the acquisition will provide the ability to achieve cost savings, both clinically and through the elimination of duplicative administrative support functions.

The acquisition was accomplished by Baptist becoming the sole member of Baptist Health Madisonville, and no consideration was or will be transferred for the acquisition. Baptist incurred approximately \$675,000 of third-party acquisition-related costs in connection with this acquisition. These costs are included in general and administrative costs in the consolidated statement of operations.

The following table summarizes the amounts of the assets acquired and liabilities assumed, recognized at the acquisition date

Recognized Amounts of Identifiable Assets Acquired and Liabilities Assumed

Assets		
Current assets	\$	63,434,657
Assets limited as to use		46,297,867
Property, plant and equipment		84,438,011

Contribution received

Unrestricted net assets Temporarily restricted net assets	\$ -	142,485,463 159,404
Total identifiable net assets (contribution received)	\$_	142,644,867

The acquisition resulted in an inherent contribution received of \$142.644.867, which represents the net recognized amount in the identifiable assets acquired over the liabilities assumed. Of this amount, \$142.485,463 has been included in unrestricted net assets – contribution received in donation of Trover Health System in the consolidated statement of operations and \$159.404 has been included in temporarily restricted net assets – contribution received in donation of Trover Health System.

Baptist Health Madisonville contributed the following amounts to Baptist for the period from November 1, 2012 (the acquisition date) through August 31, 2013

Excess of revenues over expenses	\$ 133,509,483
Deficiency of revenues over expenses –	
excluding contribution from Trover Health System	\$ (8,975,980)
Changes in unrestricted net assets	\$ 133,509,483
Changes in temporarily restricted net assets	\$ 165,540

The following unaudited pro-forma summary presents consolidated information for Baptist as if the acquisitions of Baptist Health Madisonville and Baptist Health Richmond had occurred on September 1, 2011

	 Pro Forma Year Ended August 31, 2013	Pro Forma Year Ended August 31, 2012
Total revenue, gains and other support	\$ 1,923,810,458	\$ 1,888,588,421
Excess of revenues over expenses	\$ 51,631,009	\$ 241,683,861
Change in Unrestricted net assets Temporarily restricted net assets Permanently restricted net assets	\$ 66,928,984	\$ 235,271,201
	\$ (766,185)	\$ 3,788,517
	\$ 2,266,481	\$ 15,341,836

Pro-forma adjustments above include a consolidated inherent contribution received of \$165,337,986 (2012) and to record depreciation expense based on the estimated fair values assigned to property, plant and equipment, included in both years. Those pro-forma results are not necessarily indicative of the actual results of operations.

Notes to Consolidated Financial Statements August 31, 2013 and 2012

Note 18: Patient Protection and Affordable Care Act

The Patient Protection and Affordable Care Act (PPACA) will substantially reform the United States health care system. The legislation impacts multiple aspects of the health care system. Including many provisions that change payments from Medicare. Medicaid and insurance companies. Starting in 2014, the legislation requires the establishment of health insurance exchanges, which will provide individuals without employer-provided health care coverage the opportunity to purchase insurance. It is anticipated that some employers currently offering insurance to employees will opt to have employees seek insurance coverage through the insurance exchanges. It is possible the reimbursement rates paid by insurers participating in the insurance exchanges may be substantially different than rates paid under current health insurance products.

Another significant component of the PPACA is the expansion of the Medicaid program to a wide range of newly eligible individuals. In anticipation of this expansion, payments under certain existing programs, such as Medicare disproportionate share, may be substantially decreased. Each state's participation in an expanded Medicaid program is optional.

The state of Kentucky has currently indicated it will participate in the Medicaid expansion program

The PPACA is extremely complex and may be difficult for the federal government and each state to implement. While the overall impact of the PPACA cannot currently be estimated, it is possible it will have a negative impact on Baptist's net patient service revenue. In addition, it is possible Baptist will experience payment delays and other operational challenges during PPACA's implementation.

Note 19: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the consolidated financial statements were issued

The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic consolidated financial statements.
- 2 Baptist provided no federal awards to subrecipients during the period September 1, 2012 through August 31, 2013

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Consolidated Financial Statements Performed in Accordance With Government Auditing Standards

Board of Directors, Audit Committee & Management Baptist Healthcare System, Inc. and Affiliates Louisville, Kentucky

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the basic consolidated financial statements of Baptist Healthcare System. Inc. and Affiliates (Baptist), which comprise the consolidated balance sheet as of August 31, 2013, and the related consolidated statements of operations and changes in net assets and cash flows for the year then ended and the related notes to the consolidated financial statements and have issued our report thereon dated January 22, 2014

Internal Control Over Financial Reporting

Management of Baptist is responsible for establishing and maintaining effective internal control over financial reporting (internal control). In planning and performing our audit, we considered Baptist's internal control to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Baptist's internal control. Accordingly, we do not express an opinion on the effectiveness of Baptist's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of Baptist's consolidated financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses as defined above. However, material weaknesses may exist that have not been identified

Board of Directors, Audit Committee & Management Baptist Healthcare System, Inc. & Affiliates Page 2

Compliance

As part of obtaining reasonable assurance about whether Baptist's consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*

Other Matters

We noted certain matters that we reported to Baptist's management in a separate letter dated January 22, 2014

The purpose of this communication is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Baptist's internal control or compliance. This communication is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Baptist's internal control and compliance. Accordingly, this communication is not suitable for any other purpose

Independent Auditor's Report on Compliance With Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133

Board of Directors, Audit Committee & Management Baptist Healthcare System, Inc. and Affiliates Louisville, Kentucky

Report on Compliance for the Major Federal Program

We have audited the compliance of Baptist Healthcare System. Inc. and Affiliates (Baptist) with the types of compliance requirements described in the OMB Circular A-133. *Compliance Supplement* that could have a direct and material effect on its major federal program for the year ended August 31. Baptist's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs

Management's Responsibility

Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Baptist's management

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Baptist's major federal program based on our audit of the types of compliance requirements referred to above

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and OMB Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations* Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Baptist's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances

We believe our audit provides a reasonable basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination on Baptist's compliance with those requirements

Board of Directors, Audit Committee & Management Baptist Healthcare System, Inc. and Affiliates Page 2

Opinion on Major Federal Program

In our opinion, Baptist complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended August 31, 2013

Report on Internal Control Over Compliance

The management of Baptist is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Baptist's internal control over compliance with the requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Baptist's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 Accordingly, this report is not suitable for any other purpose
