not-for-profit organization as described in Section 501 (c)(3) of the Internal Revenue

Code and is exempt from federal income taxes pursuant to Section 501 (a) of the Internal

Revenue Code. Accordingly, no provision for income taxes has been made. The Foundation

adopted the accounting guidance related to accounting for uncertainty in income taxes,

which sets out a consistent framework to determine the appropriate level of tax reserves

to maintain for uncertain tax positions. A tax position that meets the

more-likely-than-not recognition threshold is initially and subsequently measured as the

largest amount of tax benefit that has a greater than 50 percent likelihood of being

realized upon settlement with a taxing authority that has full knowledge of all relevant

information. The determination of whether or not a tax position has met the

more-than-likely-than-not recognition threshold considers the facts, circumstances, and

information available at the reporting date and is subject to management's judgment.

Changes in the recognition or measurement are reflected in the period in which the change

in judgment occurs. The Foundation has evaluated its position regarding the accounting for

uncertain income tax positions and determined that it had no uncertain tax positions at

September 30, 2013. With few exceptions, the statute of limitations for the examination of

the Foundation's income tax returns is generally 3 years from the due date of the tax

return including extensions. The tax years open for assessment are the years ending on or

after December 31, 2010.
