## ATTACHMENT TO PART IX-A Summary of Direct Charitable Activities

### 1. International Meetings

Greentree, the former Whitney family home in Manhasset, New York, is being preserved, and actively managed in an environmentally responsible manner, and to serve as a place for programs and high-level international meetings devoted to the furtherance of peace, human rights, and international cooperation. Since 2000, the United Nations, public charities, governmental entities and other international, philanthropic organizations devoted to these issues have been meeting at Greentree. In addition, the Foundation has designed and held meetings regarding such issues as maternal and child health and the U.N.'s Millenium Development Goals.

### 2 Long Island

The Foundation hosts meetings at Greentree for several Long Island philanthropies Many of the meetings bring donors together to collaborate on issues of concern in the community.

3. Ecological Approach to Land and Wildlife Management

Greentree Foundation practices environmentally sensitive land management, leaving roughly 80 percent of Greentree in its natural state. With 400 acres of rolling hills, gardens and woodlands, Greentree is one of Nassau County's largest open spaces, and it helps sustain the aquifer that provides fresh water for much of the region.

During 2012, the Foundation expanded its environmental work and established a Teachers' Ecology Workshop for teachers who seek to strengthen their knowledge and skills to teach basic science principles. The Foundations is also undertaking research on wildlife at Greentree

The 5,000-acre Greenwood Plantation in Thomasville, Georgia, includes a unique long leaf pine and wiregrass forest. The Foundation's mission is the preservation and good stewardship of Greenwood's ecological environment, as well as the cultural, historical, and archeological aspects of the property. Scientific research groups and other philanthropies visit Greenwood for research and educational programs
