IRS Form 1099-B - Proceeds from Broker and Barter Exchange Transactions

The amounts in this section of your Tax Information Statement reflect proceeds from securities transactions such as sales, redemptions, tender offers, return of principal distributions, the option premium portion of reverse convertibles and bond matures. Short-term and long-term transactions are segregated in your 1099-B form in a format comparable to IRS Form 8949, for dispositions of covered and noncovered securities. Since your financial organization subscribes to our premium Tax and Year-End Statement, the date of acquisition, cost or other basis, type of gain or loss (long-term or short-term) and whether any loss is disallowed due to a wash sale for both covered and noncovered securities transactions will be displayed when available. Please note that such detail for noncovered transactions is not reported to the IRS.

Type of Gain or (Loss) (Box 1c) The section headings within the 1099-B indicate the type of gain or (loss) for the transactions, short-term or long-term

Covered (b) or Noncovered (a) Security (Box 6) The section headings within the 1099-B indicate whether your security transaction is or is not a covered security under the IRS cost basis reporting program

Description (Box 8) Shows a brief description of the item or service for which the proceeds are being reported

CUSIP Broker transactions may show the Committee on Uniform Security Identification Procedures (CUSIP) number of the item reported

Disposition Transaction This column will denote the type of transaction, for example "SELL"

Disposition Method The method used to select the lot will be displayed as, for example, first-in first-out (FIFO). Please refer to the Client Service Information Section in your brokerage account statement for your account's existing tax-lot disposition method.

Quantity (Box 1e) The number of shares included in the sale or exchange for the lot reported. If fractional shares are part of the disposition, those shares will be displayed to three decimal places

IRS Form 1099-B - Proceeds from Broker and Barter Exchange Transactions

The amounts in this section of your Tax Information Statement reflect proceeds from securities transactions such as sales, redemptions, tender offers, return of principal distributions, the option premium portion of reverse convertibles and bond maturities. Short-term and long-term transactions are segregated in your 1099-B form in a format comparable to IRS Form 8949, for dispositions of covered and noncovered securities. Since your financial organization subscribes to our premium Tax and Year-End Statement, the date of acquisition, cost or other basis, type of gain or loss (long-term or short-term) and whether any loss is disallowed due to a wash sale for both covered and noncovered securities transactions will be displayed when available. Please note that such detail for noncovered transactions is not reported to the IRS.

Type of Gain or (Loss) (Box 1c). The section headings within the 1099-B indicate the type of gain or (loss) for the transactions, short-term or long-term.

Covered (b) or Noncovered (a) Security (Box 6). The section headings within the 1099-B indicate whether your security transaction is or is not a covered security under the IRS cost basis reporting program.

Description (Box 8). Shows a brief description of the item or service for which the proceeds are being reported.

CUSIP. Broker transactions may show the Committee on Uniform Security Identification Procedures (CUSIP) number of the item reported.

Disposition Transaction. This column will denote the type of transaction, for example 'SELL'.

Disposition Method. The method used to select the lot will be displayed as, for example, first-in-first-out (FIFO). Please refer to the Client Service Information Section in your brokerage account statement for your account's existing tax-lot disposition method.

Quantity (Box 1e). The number of shares included in the sale or exchange for the lot reported. If fractional shares are part of the disposition, those shares will be displayed to three decimal places.

Date of Acquisition (Box 1b). This box represents the date you acquired the security or, for short sales, the date you opened the short sale. You may see the word "VARIOUS" displayed in this column if the disposition transaction includes multiple lots with various acquisition dates.

Date of Sale or Exchange (Box 1a). This box shows the trade date of the sale or exchange. For short sales, the date shown is the date you closed the short sale.

Proceeds From Broker Transactions

We have adjusted tax costs for amortization of premium paid for the acquisition of municipal bonds through date of sale and for non-taxable dividends. An asterisk symbol (*) next to the tax cost indicates that the tax cost has been adjusted for the current year's return of capital. However, we have not made adjustments to the cost basis of all partnerships.

If applicable, we have shown IRC Section 988 translation gains and losses separately within the sales sections. Please note these gains or losses are not entitled to capital gains treatment. Rather, under IRC Section 988, they are either ordinary income or loss. However, we have not made adjustments to the cost basis of all partnerships.

We have adjusted tax costs for amortization of premium paid for the acquisition of municipal bonds through date of sale and for non-taxable dividends. An asterisk symbol (*) next to the tax cost indicates that the tax cost has been adjusted for the current year's return of capital. However, we have not made adjustments to the cost basis of all partnerships.

If applicable, we have shown IRC Section 988 translation gains and losses separately within the sales sections. Please note these gains or losses are not entitled to capital gains treatment. Rather, under IRC Section 988, they are either ordinary income or loss. However, we have not made adjustments to the cost basis of all partnerships.

We have adjusted tax costs for amortization of premium paid for the acquisition of municipal bonds through date of sale and for non-taxable dividends. An asterisk symbol (*) next to the tax cost indicates that the tax cost has been adjusted for the current year's return of capital. However, we have not made adjustments to the cost basis of all partnerships.

If applicable, we have shown IRC Section 988 translation gains and losses separately within the sales sections. Please note these gains or losses are not entitled to capital gains treatment. Rather, under IRC Section 988, they are either ordinary income or loss. However, we have not made adjustments to the cost basis of all partnerships.

Proceeds From Broker Transactions

We have adjusted tax costs for amortization of premium paid for the acquisition of municipal bonds through date of sale and for non-taxable dividends. An asterisk symbol (*) next to the tax cost indicates that the tax cost has been adjusted for the current year's return of capital. However, we have not made adjustments to the cost basis of all partnerships.

If applicable, we have shown IRC Section 988 translation gains and losses separately within the sales sections. Please note these gains or losses are not entitled to capital gains treatment. Rather, under IRC Section 988, they are either ordinary income or loss. However, we have not made adjustments to the cost basis of all partnerships.
