Application Guidelines

A proposal for funding by the Charles H. Revson Foundation should fall within the Foundation's program areas: urban affairs in New York City; education; biomedical research; and Jewish life. The Foundation supports a number of ongoing fellowship programs in public service and biomedical research. The Foundation does not make grants to individuals, endowments, local health appeals, direct aid programs, or building or construction funds.

Those wishing to apply for a grant should go to www.revsonfoundation.org and submit a letter of inquiry online describing the proposed project and the activities of the sponsoring organization. Upon receiving a letter of inquiry, Foundation staff may invite the submission of a full proposal. A proposal should include the following information: background and objectives of the project and methods to be used in carrying it out; a detailed budget for the proposed project, as well as the organization's annual budget; qualifications and responsibilities of the principal staff for evaluation and future funding; and other sources of support, if any. Applicants should submit with the proposal a copy of the Internal Revenue Service letter confirming tax-exempt status, latest audited financial statements, latest form 990 tax return, and a list of directors and their organizational affiliations. Proposals are reviewed by Foundation staff and acted on by the board of directors at regular meetings; select proposals for amounts of up to \$50,000 may be approved by the Foundation president without board authorization.
