Form 990, Part III, Line 4a - Program Service Accomplishments

Latin America-Peru, El Salvador, Bolivia, Paraguay

The Latin America Programs are based on the model of education and as well services to the under served. Peru is the largest program wherein we train doctors how to perform surgery on the ear in the laboratory on cadaver ear bones. As well there is an academic continuing medical education program with lectures. El Salvador is a program where we train on ENT doctor in ear surgery and as well perform surgery of the ISSH hospital, due to the shortage of skilled doctors to do the surgery. Bolivia is a humanitarian program were we assist the community of Trinidad and as well train the local ENT in ear surgery. Paraguay is a developing program with a local NGO and the University, and in the next 18 months it should be moving along. All GEO programs are designed to educate and create sustainable programs with the doctors in the communities we work in.

Form 990, Part III, Line 4c - Program Service Accomplishments

GEO EU-Ethiopia, Cambodia, Italy, Ukraine

In Africa we have visited a number of countries and applied our services to humanitarian surgical services, education in the operating theater, and the training of doctors in temporal bone lab settings. Africa is understaffed in the number of physicians and the shortage has lead to a largely under served population. In Ethiopia we participate with a group of doctors at a rural hospital and perform ear surgery while training the doctors. In Cambodia we participated in the development of a temporal bone lab that trains doctors in a country, that because of political violence, lost 90% of their professional class. This program is the most comprehensive and organized of all of our programs. In Italy we continue to work through our board members in both countries and support African education and this coming year we will be going to Iraq as well. We also participate in educational

programs in Italy, where we lecture and participate in education programs in temporal bone surgery.

Form 990, Part III, Line 4d - Other Program Services Description

South Pacific-American Samoa

In the South Pacific GEO works with local ENT doctors at the LBJ Tropical Medical Center and in the clinic and the operating theater providing care to the local Samoan population. This program is more of a humanitarian outreach than a sustainable program of education we develop elsewhere. Due to a physician shortage and as well a limited training by the doctors we deliver care two times a year. As well while we are there we do local outreach programs to communities and as well provide continuing medical education in the form of lectures to the medical community at the hospital. GEO also assists with off island referrals to mainland USA when there is a difficult case that cannot be handled there in American Samoa.
