Panthera makes grants via two processes: one is our open application grant programs, the other is granting to established partners in conservation. The processes are used for all grant and scholarship awards, both domestic and international ("grants"). We accept applications to our grant programs two times per year (Jan-Mar and Jul-Sep). Applicants to all external grant programs do not require invitation, and are eligible to apply if their project proposal meets the criteria listed on our website for one of our programs. Each grant proposal is submitted to Panthera via an online grant system. The grant system is automated and automatically notifies the Program Manager who sends a grant application receipt to the applicant. All grant proposals undergo an initial review by our staff members consisting of the President and Program Manager. This initial review process removes proposals that do not satisfy the application criteria and selects competitive proposals for further review. From this point, all proposals are reviewed by at least one and typically two Panthera staff members. Our staff members will, if deemed appropriate, utilize the external members of our Cat Advisory Council and other internal experts to assist us in those areas where we may not have the necessary level of expertise to fully evaluate the grant application. In the case of Small Cat Action Fund, all proposals are additionally reviewed by the Co-Chairs of the IUCN Cat Specialist Group. Following the review process, the funding decision is made by the staff members, typically the President and Senior Scientific Program staff, taking into consideration available funding contained in our budget and prior commitments. In the case of established conservation partners, we solicit a specific project proposal based on criteria and review the proposal response internally. The funding decision is made internally by our staff members. Each approved grant recipient signs a contract regarding the award. The grant contract will among other things, specify the term; the amount of the grant, will require that the project involves exclusively charitable, educational, or scientific activities that are described in Section 170 (c) (2)(B) of the United States Internal Revenue Code of 1986, as amended (the "Code"), and set forth reporting requirements and accountability over funds. As part of the grant process we require the following information: 1) Organization's EIN for all organizations and social security number for an individual that is a USA citizen being paid a service; 2) Organization's tax exempt IRS letter or, if a foreign entity, the comparable letter from that country. Once a contract is executed, the funds are sent to the grant recipient via check or wire transfer following the normal cash disbursement process. A central file is maintained on our shared server relating all approved grants and a separate server file is set up for each granting period. The server will include a spreadsheet of all grants approved for the application period. In addition, grant specific information is included in the server file which consists of among other things, of: 1) grant application; 2) grant approval letter; 3) contract (if applicable); 4) budget; and 5) results reporting data. Each of the approved grants is included within our grant database, which reflects the due dates of each grant's six month and annual report for follow up by the Program Manager. The grantee's final report requires comparison of the actual expense to the approved budget. The open application grant recipients are required to submit a six month narrative report using the guidelines (continued)

PART I, LINE 3 - Panthera's Compensation Committee of the Board of Directors seeks to provide CEO compensation that is fairly consistent with prevailing rates at similar nonprofit organizations for comparable job functions consistent with the annual budget approved by the Board of Directors. A long term compensation arrangement is in place for the CEO based on a written employment contract established by the Board of Directors and CEO at the time of initial employment. The CEO's compensation is established annually based on job performance, salaries paid by comparable tax exempt organizations based on publicly available information, including other organization's Form 990 filings, discussions with others with knowledge of salary levels, and such other information as deemed appropriate to arrive at an appropriate salary. The Compensation Committee, after the review of such information, establishes the CEO overall salary level taking into consideration base pay and other salary benefits.

PART I, LINE 4B - Effective January 1, 2010, Panthera became the sponsor of a non qualified deferred compensation plan ("457(f)"). Under plan agreements, Panthera is required to only fund the nonqualified deferred compensation plan 457 (f) annually based on a specified funding schedule. Pension expense under the 457(f) plan for the year ended December 31, 2013 amounted to \$9,929, for Dr. Alan Rabinowitz.

FORM 990, PART I, LINE 1:

Panthera's mission is to ensure the future of wild cats through scientific leadership and global conservation action.

FORM 990, PART III, LINE 1:

Panthera Corporation ("Panthera") is a not-for-profit wildlife conservation organization incorporated in the State of Delaware.

Panthera's focus is the conservation of the world's 37 wild cat species, many of which are endangered or threatened. Panthera develops,

implements, and oversees wild cat conservation strategies on a global scale. Panthera's large scale initiatives with tigers, lions, jaguars,

snow leopards, leopards and other species currently span four continents. Panthera conducts critical research, enacts effective conservation

measures, works closely with the world's top cat biologists, various governments and related agencies, local and international

non-government organizations ("NGO's"), assists and trains felid biologists, and educates the local and international populations as to

felid conservation. Field work is performed in North America, South America, Africa and Asia in numerous individual countries.

FORM 990, PART III, LINE 4D

Lions - Panthera combines an understanding of lion ecology in human dominated landscapes with techniques that provide local communities

with the ability and incentive to avoid conflict with lions. In addition, Panthera also works to curtail widespread wire-snare poaching which

is pervasive in many key lion landscapes, including Kafue (Zambia), Niassa (Mozambique) and Hwange (Zimbabwe).

Snow Leopards - Panthera developed a state-of-the-art global range map and database of snow leopard habitat and helps delineate critical

conservation units and identify prevailing threats. Using the database to target populations that require conservation, Panthera's efforts are

geared towards a range-wide approach in conserving the snow leopards.

Other Species - Our cougar program encompasses the California and Teton Mountain landscapes with a view of securing landscapes,

safe travel corridors, and developing workable solutions for cougar-human conflicts. Our Iranian Cheetah program focuses on the mitigation

of immediate threats to cheetahs and their prey of the critically endangered cheetah population in the Islamic Republic of Iran, which is the

only remaining cheetah population in the entire Asiatic range.

Leopards - Panthera's signature leopards program seeks to reduce the widespread traditional use of leopard skins by the Shembe Nazareth

Church in southern Africa. In addition, Panthera has established a network of surveillance sites across South Africa and neighboring

countries to monitor changes in key leopard populations.

Scholarships and Awards - Panthera provides scholarship, research and project funding awards to post-graduate students in advanced degree programs, and research and conservation awards to individuals and organizations implementing conservation projects on wild cats.

Special Projects - Panthera, in conjunction with the American Museum of Natural History, is developing a global felid genetic database to understand the impact of large scale genetic issues impacting felids. In addition, Panthera's Geographic Identification System ("GIS") Lab undertakes sophisticated geographic and mapping analysis across the entire geographic range in four continents utilized by the major wild cat species.

(continued) expenditure approval or the affairs of Panthera or any of its affiliates). Key Employees must make the same disclosures,

at the same frequency, as the Directors and Officers. This policy is intended to supplement, but not replace, any applicable laws governing
conflicts of interest for directors of nonprofit corporations; in the event this policy and statutes are inconsistent, the statutes will control.

Disclosure of conflicts of interest:

Directors, Officers, and Key Employees have a duty to disclose the existence of any material facts about any personal relationship having a
personal or financial interest in a proposed transaction, contract or compensation arrangement with Panthera. The interest must be disclosed
before the transaction, contract, or arrangement is reviewed, authorized, approved, or ratified. The personal interest may arise because the
Director, Officer, or Key Employee or an immediate family member of the Director, Officer, or Key Employee has a relationship or personal
financial interest in a proposed transaction, contract, or compensation agreement ("immediate family" means the Director's, Officer's,
or Key Employees's spouse or children, or individual(s) residing in the Director's, Officer's, or Key Employee's home).

Compliance Review:

Panthera's Corporate Secretary is responsible for circulating disclosure forms to Directors, Officers, any Key Employees and confirming on
an annual basis that the forms are kept up to date and informing the Board of Directors of actual or potential conflicts of interest.

Enforcing the Conflicts of Interest Policy:

Following any disclosure of a potential conflict of interest by a Director, Officer, or Key Employee, the Compensation Committee of the
Board of Directors will review the disclosure and determine whether a conflict exists. The Compensation Committee of the Board of Directors
then may or may not authorize or approve the proposed transaction or other matter as fair and reasonable by a vote without counting
the vote or votes of such interested person or persons.

Following any disclosure of a potential conflict of interest by employees, the Chief Executive Officer shall be responsible for determining
the proper way for Panthera to handle decisions which involve employee conflicts of interest. The Chief Executive Officer shall report
to the Compensation Committee of the Board of Directors at least annually concerning employee conflicts of interest which
have been disclosed and contracts and transactions involving employee conflicts which the Chief Executive Officer has
approved.

The Director, Officer, or Key Employee with a conflict may be present for or participate in the discussion of the proposed transaction
or other matter if deemed appropriate by the Chairperson of the Compensation Committee Meeting or by the Board of Directors, or
in the case of employees, the Chief Executive Officer.

Violations of the Conflicts of Interest Policy:

If the Board of Directors has reasonable cause to believe that a Director, Officer, or any employee has failed to disclose a potential/actual conflict of interest, it will inform the individual of the basis for the belief and afford the individual the opportunity to explain the failure to disclose. The Board may take whatever follow-up action it deems necessary and, at its option, may void a transaction, contract, or arrangement where a potential conflict of interest exists that has not been disclosed.

Annual Statements:

Each Director, Officer, and Key Employee will annually sign the Disclosure Form and the Certification Form that affirms that the Director, Officer or Key Employee has:

A. Received a copy of Panthera's Conflicts of Interest Policy

B. Read and understands the Policy;

C. Agrees to comply with the Policy; and

D. Understands that Panthera is a charitable organization and that in order to maintain its tax exempt status, it must engage primarily in activities that accomplish one or more of its tax exempt purposes.

E. Is in compliance with the Policy other than actual or potential conflicts of interest that may exist and have been disclosed to the Corporate Secretary or the Board of Directors.

FORM 990, PART VI, SECTION B LINE 15A-B

Panthera's Compensation Committee of the Board of Directors evaluates each Officer's or Key Employee's individual duties, responsibilities, educational background, work experience, and past performance (if applicable) to set fair rates of compensation. Panthera seeks to provide compensation that is fairly consistent with prevailing rates at similar nonprofit organizations for comparable job functions consistent with the annual budget approved by the Board of Directors. Under Panthera's bylaws, Board of Director members shall not receive compensation for any services rendered in such capacity, but may be reimbursed for reasonable and customary expenses incurred in connection therewith. A compensation arrangement for the CEO is based on a written employment contract established by the CEO in conjunction with the Board of Directors at the time of initial employment. All Officers' and Key Employees' compensation is established annually based on salaries paid by comparable tax exempt organizations, based on publicly available information, including other organization's Form 990 filings, independent salary survey studies and such other information as deemed appropriate. The Compensation Committee, after the review of such information, establishes the CEO, President, CFO, and Vice President salary levels annually.
