INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
American Friends of Leket Israel, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of American Friends of Leket Israel, Inc. (a Not-for-Profit Organization) (the "Organization") which comprise the statement of financial position as of December 31, 2013 and the related statements of activities and changes in net assets and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of American Friends of Leket Israel, Inc. as of December 31, 2013, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The Organization's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimated.

Financial Statement Net Asset Presentation

The classification of the Organization's net assets and its support, revenues and expenses is based on the existence or absence of donor-imposed restrictions. It requires that the amounts for each of three classes of net assets - permanently restricted, temporarily restricted, and unrestricted - be displayed in a statement of financial position and that the amounts of change in each of those classes of net assets be displayed in a statement of activities and changes in net assets.

These three classes are defined as follows:

Permanently Restricted - Net assets resulting from contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization, rather remain in perpetuity.

Temporarily Restricted - Net assets. resulting from contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Organization pursuant to those stipulations. When such stipulations end or are fulfilled, such temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and changes in net asset. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Organization reports the support as unrestricted.

Unrestricted - The portion of net assets that is neither permanently nor temporarily restricted by donor-imposed stipulations.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Valuation of Investment in Securities at Fair Value-Definition and Hierarchy

In accordance with Generally Accepted Accounting Principles in the United States of America, the Organization has adopted the standards surrounding *Fair Value Measurements*. Under these standards, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Accounting principles establish a fair value hierarchy for inputs used in measuring fair value that maximize the use of observable inputs and minimize the use of unobservable inputs by requiring the most observable units to be used, when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Organization. Unobservable inputs reflect the Organization's assumption about inputs market participants would use at the measurement date. The fair value hierarchy is categorized into three levels based on inputs as follows:

Level 1- Valuation based on quoted prices in active markets for identical assets or liabilities that the Organization has the ability to access.

Level 2- Valuation based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3- Valuation based on inputs that are unobservable and significant to the overall fair value measurement.

Level 3 assets and liabilities measured at fair value are based on one or more of three valuation techniques noted in the standards, as follows:

- Market approach - Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;
- Cost approach - Amount that would be required to replace the service capacity of an asset (i.e. replacement cost); and
- Income approach - Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing models and lattice models).

Cash and Cash Equivalents

The Organization considers all highly liquid investments with an original maturity date of three months or less at the time of purchase to be cash equivalents. For the fiscal year ending December 31, 2013 the Organization had cash equivalents amounting to \$1,325.

Accounts Receivable

Accounts receivable have been adjusted for all known uncollectible accounts. Management reviews the accounts receivable to determine if an allowance is necessary and the balance is written off when deemed uncollectible. For the year ended December 31, 2013, no allowance was necessary because the accounts receivable balance, as determined by management, was deemed fully collectible. Such estimate is based on management's assessments of the creditworthiness of its donors, the aged basis of its receivables, as well as current economic conditions and historical information. Amounts are due within one year aside from \$150,000 which represents a time restricted contribution that is due between 2 and 5 years.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Property and Equipment

Property and equipment, are recorded at cost, or at fair market value if free of cost, less accumulated depreciation, and are depreciated on the straight-line basis over the estimated useful lives of the assets. These amounts do not purport to represent replacement or realizable values. The Organization capitalizes all owned property and equipment having a useful life of greater than one year and a cost of more than \$5,000. Expenditures for repairs and maintenance are expensed as incurred. Leasehold improvements are amortized over the lesser of the useful lives of the improvements or the term of the applicable lease.

Costs related to planned major maintenance projects are expensed as incurred. The Organization reviews long-lived assets to determine whether there has been any permanent impairment whenever events or circumstances indicate the carrying amount of an asset may not be recoverable. If the sum of the expected future undiscounted cash flows is less than the carrying amount of the assets, the Organization recognizes an impairment loss. No impairment losses were recognized for the year ended December 31, 2013.

Deferred Income

Revenues are recognized when earned. Cash received in excess of revenue recognized is recorded as deferred income.
