1	<u>The Importance of Education Program</u> In order to encourage the importance of education, a program has been established to promote the fundamentals, cost, and long term successes that come with a good education. This program was established to purchase items and provide seminars to children and their parents on the importance of a good education. Funds were given to education savings accounts in the name of the children involved to start a savings program for their college education. Education was provided by investment councilors on how to invest, what the risks are and how to diversify your investments. Seminars are planned to show parents importance of saving for college, tutor children, and plan for their child's education. Other seminars are planned, to include reading specialists, resume building, various job finding skills, the use of technology, and discussions about various career paths. The initial program involved about 50 youth ages 6 to 18.	254,000
2	<u>Education Day August 2013</u> An education day was held on August 14, 2013, whereby a large group of youth ages 8 through 18 were brought in, divided into groups according to age and taught a variety of things depending on their age. The main focus was to encourage them to love to learn and the reason why they need to be focused on learning. They were also taught life lessons on how to be safe on the internet. The children learned in an atmosphere where all were etified, feed physically, and given tools to help them reach their potential and be inspired to learn. The children received technology tools to help them learn. The program involved about 150 children.	50,709
3	<u>School Reading Program</u> We provided these funds to the University of Utah for a childrens reading program which we have participated in the past. These funds literally help hundreds of disadvantaged children learn to read at a higher level than possible in a normal classroom setting.	30,250
4	<u>Physical Rehab Education</u> A young family man was run over by a train and lost one of his legs in 2012 in Toole county and his other leg was severely damaged. As a result he will no longer be able to provide a living for his family in the same manner as he had in the past and will require extensive education to get a job that does not require physical labor. These funds were paid to him to contribute to his education consistent with Foothold mission.	15,425
