Message about your CD: The prices shown for Certificates of Deposit (CDs) are generally estimates based upon matrix or model pricing methodology provided by an independent third-party. CDs may be priced at face value for up to seven calendar days from date of issue if estimated prices have not been received from the third-party pricing vendor. If no price is shown, an estimated market value was not available on the day your statement was generated. The prices shown for CDs may not represent the actual price you would receive if sold prior to maturity. If you hold your CD until maturity, you will receive the CD's face value and all accrued unpaid interest, assuming no issuer default.

B - See Additional Information and Endnotes for important information about the adjusted cost basis information provided.

Total Cost Basis does not include the cost basis on core, money market or other positions where cost basis is unknown or not applicable.

\* This statement does not reflect the distribution for this fund that was declared in December and is payable in January. As a result, the total value of this fund may appear lower than you expected. Please be assured that the distribution has been correctly credited to your account and the distribution will be reported on your next statement.
