Summary of Direct Charitable Activities

**NJ Early Childhood Public Education Project**

Historically the Foundation has only used its resources to make grants to public charities to assist those charities in the fulfillment of their exempt purposes.

While grants to various public charities will be continued, the Foundation has determined that the need exists for action to increase the awareness of the importance of early childhood education by the residents of New Jersey.

To this end, the Foundation believes that an appropriate use of its resources is the development and implementation of a public education and awareness project designed to increase the enrollment of children in early childhood education programs.

The Foundation has retained the services of the Neimand Collaborative, a Washington DC based social impact organization which has particular knowledge in dealing with early childhood education, as well as the Monmouth University Polling Institute to assist the Foundation in the development and implementation of this project.
