2013 Consolidated Form 1099

Copy B, For Recipient

Account Number: BL 11580 GG

Tax Identification Number: 30-6016104

Proceeds from Broker Transactions Details Reported on Form 1099-B (OMB No. 1545-0715)

Consistent with IRS guidance, transactions are grouped into section(s) based upon whether the security is covered or noncovered, and whether the term is short or long. Transactions for which the term cannot be determined are grouped in a separate section. As a result, the substitute Form 1099-B could have up to five separate sections each with a heading identifying which securities are included and how to report the transactions on Form 8949. When available, basis information will be displayed in sections where basis is not required to be reported to the IRS. A security is a "covered security" and subject to basis reporting requirements if it is acquired on or after its corresponding effective date. For stock in a corporation, the effective date is January 1, 2011. For stock in a mutual fund the effective date is January 1, 2012. UBS is not required to report basis to the IRS for any securities acquired before 2011. IRS regulations now require that brokers report short sales for the year in which the short sale is closed. The possible application of the "Constructive Sale" provisions (sec. 1259) for short-against-the-box transactions is not required and thus not reflected here. Clients may wish to discuss the potential application of this provision with their tax advisors.

The cost basis of the oldest security lot (first-in, first-out or FIFO method of accounting) is assigned to a sale to calculate Gain/Loss unless you identified a specific lot (a "VSP" order) when you placed your sell order. 2013 Gain/Loss for transactions with trade dates through 12/31/13 has been incorporated into this statement. The net gain or loss for each transaction is calculated based on the sales amount less cost basis with any wash sale loss disallowed. Although we apply wash sale rules to covered lots of identical securities, there are other circumstances that may result in or negate wash sales. Gain or loss is not calculated on the sale or redemption of certain Structured Products and certain grantor trusts with collectible or foreign currency as it may be ordinary, and not capital, gain or loss. These gains or losses will not be included on the gain or loss subtotal and total amounts. Where applicable, symbol (2) will be printed to the right of the gain or loss subtotal and total amounts. Net gain or loss is not reported to the IRS.

In Box 2a gross proceeds are reported less commissions and option premiums. Sale amounts with "s" symbol indicate where an option premium adjustment has been made. If Box 2b is checked, a loss based on the amount reported in Box 2a is not allowed.

Beginning in 2012, basis for both covered and noncovered securities have been adjusted for all capital changes. Prior to 2012, basis may not have been adjusted for noncovered tax lots. The Original Cost Basis column is only populated for transactions of securities that have had their basis reduced due to premium amortization or increased due to OID accretion. Cost basis for coupon tax-exempt municipal securities (including securities subject to AMT) has been adjusted for mandatory amortization of bond premium. The OID amount reported on your Form 1099-OID is not adjusted for market discount, amortized acquisition premium, or bond premium. Therefore, the amortization and accretion adjustments used here may not be consistent with the Form 1099-OID amounts reported to the IRS because the reporting requirements are different.

Please check with your tax advisor and/or read the tax-related disclosure materials associated with those products.

Proceeds from Broker Transactions Details Reported on Form 1099-B (OMB No. 1545-0715)

Consistent with IRS guidance, transactions are grouped into section(s) based upon whether the security is covered or noncovered, and whether the term is short or long. Transactions for which the term cannot be determined are grouped in a separate section. As a result, the substitute Form 1099-B could have up to five separate sections, each with a heading identifying which securities are included and how to report the transactions on Form 8949. When available, basis information will be displayed in sections where basis is not required to be reported to the IRS. A security is a "covered security" and subject to basis reporting requirements if it is acquired on or after its corresponding effective date. For stock in a corporation, the effective date is January 1, 2011. For stock in a mutual fund the effective date is January 1, 2012. UBS is not required to report basis to the IRS for any securities acquired before 2011. IRS regulations now require that brokers report short sales for the year in which the short sale is closed. The possible application of the "Constructive Sale" provisions (Sec 1259) for short-against-the-box transactions is not required and thus not reflected here. Clients may wish to discuss the potential application of this provision with their tax advisors.

The cost basis of the oldest security lot (first-in, first-out or FIFO method of accounting) is assigned to a sale to calculate Gain/Loss unless you identified a specific lot (a "versus purchase" or "VSP" order) when you placed your sell order. 2013 Gain/Loss for transactions with trade dates through 12/31/13 has been incorporated into this statement. The net gain or loss for each transaction is calculated based on the sales amount less cost basis with any wash sale loss disallowed. Although we apply wash sale rules to covered lots of identical securities, there are other circumstances to be considered that may result in or negate wash sales. Gain or loss is not calculated on the sale or redemption of certain Structured Products and certain grantor trusts with collectible or foreign currency as it may be ordinary, and not capital, gain or loss. These gains or losses will not be included on the gain or loss subtotal and total amounts. Where applicable, symbol (2) will be printed to the right of the gain or loss subtotal and total amounts. Net gain or loss is not reported to the IRS.

In Box 2a gross proceeds are reported less commissions and option premiums. Sale amounts with "+" symbol indicate where an option premium adjustment has been made. If Box 2b is checked, a loss based on the amount reported in Box 2a is not allowed.

Beginning in 2012, basis for both covered and noncovered securities have been adjusted for all capital changes. Prior to 2012, basis may not have been adjusted for noncovered tax lots. The Original Cost Basis column is only populated for transactions of securities that have had their basis reduced due to premium amortization or increased due to OID accretion. Cost basis for coupon tax-exempt municipal securities (including securities subject to AMT) has been adjusted for mandatory amortization of bond premium. The OID amount reported on your Form 1099-OID is not adjusted for market discount, amortized acquisition premium, or bond premium. Therefore, the amortization and accretion adjustments used here may not be consistent with the Form 1099-OID amounts reported to the IRS because the reporting requirements are different.

Please check with your tax advisor and/or read the tax-related disclosure materials associated with those products.

Account Number: BL 11582 GG

Tax Identification Number: 30-6016104

Proceeds from Broker Transactions Details Reported on Form 1099-B (OMB No. 1545-0715)

Consistent with IRS guidance, transactions are grouped into section(s) based upon whether the security is covered or noncovered, and whether the term is short or long. Transactions for which the term cannot be determined are grouped in a separate section. As a result, the substitute Form 1099-B could have up to five separate sections, each with a heading identifying which securities are included and how to report the transactions on Form 8949. When available, basis information will be displayed in sections where basis is not required to be reported to the IRS. A security is a "covered security" and subject to basis reporting requirements if it is acquired on or after its corresponding effective date. For stock in a corporation, the effective date is January 1, 2011. For stock in a mutual fund the effective date is January 1, 2012. UBS is not required to report basis to the IRS for any securities acquired before 2011. IRS regulations now require that brokers report short sales for the year in which the short sale is closed. The possible application of the "Constructive Sale" provisions (Sec. 1259) for short-against-the-box transactions is not required and thus not reflected here. Clients may wish to discuss the potential application of this provision with their tax advisors.

The cost basis of the oldest security lot (first-in, first-out or FIFO method of accounting) is assigned to a sale to calculate Gain/Loss unless you identified a specific lot (a "verus purchase" or "VSP" order) when you placed your sell order. 2013 Gain/Loss for transactions with trade dates through 12/31/13 has been incorporated into this statement. The net gain or loss for each transaction is calculated based on the sales amount less cost basis with any wash sale loss disallowed. Although we apply wash sale rules to covered lots of identical securities, there are other circumstances that may result in or negate wash sales. Gain or loss is not calculated on the sale or redemption of certain Structured Products and certain grantor trusts with collectible or foreign currency as it may be ordinary, and not capital, gain or loss. These gains or losses will not be included on the gain or loss subtotal and total amounts. Where applicable, symbol (2) will be printed to the right of the gain or loss subtotal and total amounts. Net gain or loss is not reported to the IRS.

In Box 2a gross proceeds are reported less commissions and option premiums. Sale amounts with "+" symbol indicate where an option premium adjustment has been made. If Box 2b is checked, a loss based on the amount reported in Box 2a is not allowed.

Beginning in 2012, basis for both covered and noncovered securities have been adjusted for all capital changes. Prior to 2012, basis may not have been adjusted for noncovered tax lots. The Original Cost Basis column is only populated for transactions of securities that have had their basis reduced due to premium amortization or increased due to OID accretion. Cost basis for coupon tax-exempt municipal securities (including securities subject to AMT) has been adjusted for mandatory amortization of bond premium. The OID amount reported on your Form 1099-OID is not adjusted for market discount, amortized acquisition premium, or bond premium. Therefore, the amortization and accretion adjustments used here may not be consistent with the Form 1099-OID amounts reported to the IRS because the reporting requirements are different.

Please check with your tax advisor and/or read the tax-related disclosure materials associated with those products.

Proceeds from Broker Transactions Details Reported on Form 1099-B (OMB No. 1545-0715)

Consistent with IRS guidance, transactions are grouped into section(s) based upon whether the security is covered or noncovered, and whether the term is short or long. Transactions for which the term cannot be determined are grouped in a separate section. As a result, the substitute Form 1099-B could have up to five separate sections, each with a heading identifying which securities are included and how to report the transactions on Form 8949. When available, basis information will be displayed in sections where basis is not required to be reported to the IRS. A security is a "covered security" and subject to basis reporting requirements if it is acquired on or after its corresponding effective date. For stock in a corporation, the effective date is January 1, 2011. For stock in a mutual fund the effective date is January 1, 2012. UBS is not required to report basis to the IRS for any securities acquired before 2011. IRS regulations now require that brokers report short sales for the year in which the short sale is closed. The possible application of the "Constructive Sale" provisions (Sec. 1259) for short-against-the-box transactions is not required and thus not reflected here. Clients may wish to discuss the potential application of this provision with their tax advisors.

The cost basis of the oldest security lot (first-in, first-out or FIFO method of accounting) is assigned to a sale to calculate Gain/Loss unless you identified a specific lot (a "versus purchase" or "VSP" order) when you placed your sell order. 2013 Gain/Loss for transactions with trade dates through 12/31/13 has been incorporated into this statement. The net gain or loss for each transaction is calculated based on the sales amount less cost basis with any wash sale loss disallowed. Although we apply wash sale rules to covered lots of identical securities, there are other circumstances to be considered that may result in or negate wash sales. Gain or loss is not calculated on the sale or redemption of certain Structured Products and certain grantor trusts with collectible or foreign currency as it may be ordinary and not capital, gain or loss. Those gains or losses will not be included on the gain or loss subtotal and total amounts. Where applicable, symbol (2) will be printed to the right of the gain or loss subtotal and total amounts. Net gain or loss is not reported to the IRS.

In Box 2a gross proceeds are reported less commissions and option premiums. Sale amounts with "*" symbol indicate where an option premium adjustment has been made. If Box 2b is checked, a loss based on the amount reported in Box 2a is not allowed.

Beginning in 2012, basis for both covered and noncovered securities have been adjusted for all capital changes. Prior to 2012, basis may not have been adjusted for noncovered tax lots. The Original Cost Basis column is only populated for transactions of securities that have had their basis reduced due to premium amortization or increased due to OID accretion. Cost basis for coupon tax-exempt municipal securities (including securities subject to AMT) has been adjusted for mandatory amortization of bond premium. The OID amount reported on your Form 1099-OID is not adjusted for market discount, amortized acquisition premium, or bond premium. Therefore, the amortization and accretion adjustments used here may not be consistent with the Form 1099-OID amounts reported to the IRS because the reporting requirements are different.

Please check with your tax advisor and/or read the tax-related disclosure materials associated with those products.

2013 Consolidated Form 1099

Copy B, For Recipient

Account Number: BL 11585 GG

Tax Identification Number: 30-6016104

Proceeds from Broker Transactions Details Reported on Form 1099-B (OMB No. 1545-0715)

Consistent with IRS guidance, transactions are grouped into section(s) based upon whether the security is covered or noncovered, and whether the term is short or long. Transactions for which the term cannot be determined are grouped in a separate section. As a result, the substitute Form 1099-B could have up to five separate sections, each with a heading identifying which securities are included and how to report the transactions on Form 8949. When available, basis information will be displayed in sections where basis is not required to be reported to the IRS. A security is a "covered security" and subject to basis reporting requirements if it is acquired on or after its corresponding effective date. For stock in a corporation, the effective date is January 1, 2011. For stock in a mutual fund the effective date is January 1, 2012. UBS is not required to report basis to the IRS for any securities acquired before 2011. IRS regulations now require that brokers report short sales for the year in which the short sale is closed. The possible application of the "Constructive Sale" provisions (Ser 1.259) for short-against-the box transactions is not required and thus not reflected here. Clients may wish to discuss the potential application of this provision with their tax advisors.

The cost basis of the oldest security lot (first-in, first-out or FIFO method of accounting) is assigned to a sale to calculate Gain/Loss unless you identified a specific lot (a "versus purchase" or "VSP" order) when you placed your sell order. 2013 Gain/Loss for transactions with trade dates through 12/31/13 has been incorporated into this statement. The net gain or loss for each transaction is calculated based on the sales amount less cost basis with any wash sale loss disallowed. Although we apply wash sale rules to covered lots of identical securities, there are other circumstances that may result in or negate wash sales. Gain or loss is not calculated on the sale or redemption of certain Structured Products and certain grantor trusts with collectible or foreign currency as it may be ordinary, and not capital, gain or loss. These gains or losses will not be included on the gain or loss subtotal and total amounts where applicable. Symbol (2) will be printed to the right of the gain or loss subtotal and total amounts. Net gain or loss is not reported to the IRS.

In Box 2a gross proceeds are reported less commissions and option premiums. Sale amounts with "*" symbol indicate where an option premium adjustment has been made. If Box 2b is checked, a loss based on the amount reported in Box 2a is not allowed.

Beginning in 2012, basis for both covered and noncovered securities have been adjusted for all capital changes. Prior to 2012, basis may not have been adjusted for noncovered tax lots. The Original Cost Basis column is only populated for transactions of securities that have had their basis reduced due to premium amortization or increased due to OID accretion. Cost basis for coupon tax-exempt municipal securities (including securities subject to AMT) has been adjusted for mandatory amortization of bond premium. The OID amount reported on your Form 1099-OID is not adjusted for market discount, amortized acquisition premium, or bond premium. Therefore, the amortization and accretion adjustments used here may not be consistent with the Form 1099-OID amounts reported to the IRS because the reporting requirements are different.

Please check with your tax advisor and/or read the tax-related disclosure materials associated with those products.

Interest Income Details Reported on Form 1099-INT

In addition to amounts reported in Box 3, income from certain Federal Agency obligations reported in Box 1 may be exempt from state taxes. Please consult your tax advisor concerning your specific tax situation. For clients holding REMICs / CDOs, you may receive a corrected Consolidated Form 1099 in March. This Form will contain a Supplemental Information Statement comprised of rate accruals provided to us by the issuers' agents. This is information that is not available in January and is necessary for individual tax filing purposes. See enclosure for more information.

2013 Consolidated Form 1099

Copy B, For Recipient

Account Number: BL 11586 GG

Tax Identification Number: 30-6016104

Proceeds from Broker Transactions Details Reported on Form 1099-B (OMB No. 1545-0715)

Consistent with IRS guidance, transactions are grouped into section(s) based upon whether the security is covered or noncovered; and whether the term is short or long. Transactions for which the term cannot be determined are grouped in a separate section. As a result, the substitute Form 1099-B could have up to five separate sections, each with a heading identifying which securities are included and how to report the transactions on Form 8949. When available, basis information will be displayed in sections where basis is not required to be reported to the IRS. A security is a "covered security" and subject to basis reporting requirements if it is acquired on or after its corresponding effective date. For stock in a corporation, the effective date is January 1, 2011. For stock in a mutual fund the effective date is January 1, 2012. UBS is not required to report basis to the IRS for any securities acquired before 2011. IRS regulations now require that brokers report short sales for the year in which the short sale is closed. The possible application of the "Constructive Sale" provisions (Sec 1.259) for short-against-the box transactions is not required and thus not reflected here. Clients may wish to discuss the potential application of this provision with their tax advisors.

The cost basis of the oldest security for (first-in, first-out or FIFO method of accounting) is assigned to a sale to calculate Gain/Loss unless you identified a specific lot (a "versus purchase" or "VSP" order) when you placed your sell order. 2013 Gain/Loss for transactions with trade dates through 12/31/13 has been incorporated into this statement. The net gain or loss for each transaction is calculated based on the sales amount less cost basis with any wash sale loss disallowed. Although we apply wash sale rules to covered lots of identical securities, there are other circumstances to be considered that may result in or negate wash sales. Gain or loss is not calculated on the sale or redemption of certain Structured Products and certain grantor trusts with collectible or foreign currency as it may be ordinary, and not capital, gain or loss. These gains or losses will not be included on the gain or loss subtotal and total amounts. Where applicable, symbol (?) will be printed to the right of the gain or loss subtotal and total amounts. Net gain or loss is not reported to the IRS.

In Box 2a gross proceeds are reported less commissions and option premiums. Sale amounts with "s" symbol indicate where an option premium adjustment has been made. If Box 2b is checked, a loss based on the amount reported in Box 2a is not allowed. Beginning in 2012, basis for both covered and noncovered securities have been adjusted for all capital changes. Prior to 2012, basis may not have been adjusted for noncovered tax lots. The Original Cost Basis column is only populated for transactions of securities that have had their basis reduced due to premium amortization or increased due to OID accretion. Cost basis for coupon tax-exempt municipal securities (including securities subject to AMT) has been adjusted for mandatory amortization of bond premium. The OID amount reported on your Form 1099-OID is not adjusted for market discount, amortized acquisition premium, or bond premium. Therefore, the amortization and accretion adjustments used here may not be consistent with the Form 1099-OID amounts reported to the IRS because the reporting requirements are different. Please check with your tax advisor and/or read the tax-related disclosure materials associated with those products.

2013 Consolidated Form 1099

Copy B, For Recipient

Account Number: BL 06308 GG

Tax Identification Number: 30-6016104

Proceeds from Broker Transactions Details Reported on Form 1099-B (OMB No. 1545-0715)

Consistent with IRS guidance, transactions are grouped into section(s) based upon whether the security is covered or noncovered, and whether the term is short or long. Transactions for which the term cannot be determined are grouped in a separate section. As a result, the substitute Form 1099-B could have up to five separate sections, each with a heading identifying which securities are included and how to report the transactions on Form 8949. When available, basis information will be displayed in sections where basis is not required to be reported to the IRS. A security is a "covered security" and subject to basis reporting requirements if it is acquired on or after its corresponding effective date. For stock in a corporation, the effective date is January 1, 2011. For stock in a mutual fund the effective date is January 1, 2012. UBS is not required to report basis to the IRS for any securities acquired before 2011. IRS regulations now require that brokers report short sales for the year in which the short sale is closed. The possible application of the "Constructive Sale" provisions (Sec. 1259) for short-against-the-box transactions is not required and thus not reflected here. Clients may wish to discuss the potential application of this provision with their tax advisors.

The cost basis of the oldest security lot (first-in, first-out or FIFO method of accounting) is assigned to a sale to calculate Gain/Loss unless you identified a specific lot (a "versus purchase" or "VSP" order) when you placed your sell order. 2013 Gain/Loss for transactions with trade dates through 12/31/13 has been incorporated into this statement. The net gain or loss for each transaction is calculated based on the sales amount less cost basis with any wash sale loss disallowed. Although we apply wash sale rules to covered lots of identical securities, there are other circumstances to be considered that may result in or negate wash sales. Gain or loss is not calculated on the sale or redemption of certain Structured Products and certain grantor trusts with collectible or foreign currency as it may be ordinary, and not capital, gain or loss. These gains or losses will not be included on the gain or loss subtotal and total amounts. Where applicable, symbol (2) will be printed to the right of the gain or loss subtotal and total amounts. Net gain or loss is not reported to the IRS.

In Box 2a gross proceeds are reported less commissions and option premiums. Sale amounts with "*" symbol indicate where an option premium adjustment has been made. If Box 2b is checked, a loss based on the amount reported in Box 2a is not allowed.

Beginning in 2012, basis for both covered and noncovered securities have been adjusted for all capital changes. Prior to 2012, basis may not have been adjusted for noncovered tax lots. The Original Cost Basis column is only populated for transactions of securities that have had their basis reduced due to premium amortization or increased due to OID accretion. Cost basis for coupon tax-exempt municipal securities (including securities subject to AMT) has been adjusted for mandatory amortization of bond premium. The OID amount reported on your Form 1099-OID is not adjusted for market discount, amortized acquisition premium, or bond premium. Therefore, the amortization and accretion adjustments used here may not be consistent with the Form 1099-OID amounts reported to the IRS because the reporting requirements are different.

Please check with your tax advisor and/or read the tax-related disclosure materials associated with those products.

Application for Extension of Time To File an Exempt Organization Return

OMB No. 1545-1709

Department of the Treasury
Internal Revenue Service

► File a separate application for each return.
► Information about Form 8868 and its instructions is at www.irs.gov/form8868.

- If you are filing for an **Automatic 3-Month Extension**, complete only **Part I** and check this box ☒
- If you are filing for an **Additional (Not Automatic) 3-Month Extension**, complete only **Part II** (on page 2 of this form)

Do not complete Part II unless you have already been granted an automatic 3-month extension on a previously filed Form 8868

Electronic filing (e-file). You can electronically file Form 8868 if you need a 3-month automatic extension of time to file (6 months for a corporation required to file Form 990-T), or an additional (not automatic) 3-month extension of time. You can electronically file Form 8868 to request an extension of time to file any of the forms listed in Part I or Part II with the exception of Form 8870, Information Return for Transfers Associated With Certain Personal Benefit Contracts, which must be sent to the IRS in paper format (see instructions). For more details on the electronic filing of this form, visit www.irs.gov/efile and click on *e-file for Charities & Nonprofits*.

Part I Automatic 3-Month Extension of Time. Only submit original (no copies needed).

A corporation required to file Form 990-T and requesting an automatic 6-month extension - check this box and complete

Part I only ☐

All other corporations (including 1120-C filers), partnerships, REMICs, and trusts must use Form 7004 to request an extension of time to file income tax returns
