Part III Statement of Program Service AccomplishmentsCheck if Schedule O contains a response or note to any line in this Part III ☐**1** Briefly describe the organization's mission:

To strengthen the system of fire and emergency services in San Diego County. The Foundation seeks strong & effective emergency services to provide quality fire protection and emergency services throughout the County; to give fire and emergency services providers access to basic equipment, training and training materials; to facilitate multi-jurisdictional coordination and cooperation; and to educate citizens about fire preparedness & safety precautions they can take and about the system of fire & emergency services.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? ☐ Yes ☒ No

If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? ☐ Yes ☒ No

If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.**4a** (Code:) (Expenses \$ 203,569 including grants of \$ 190,897) (Revenue \$)

To provide the basic fire and medical equipment and training needed by firefighters the Fire Foundation conducts an annual grant program involving all 30 volunteer fire stations in San Diego County. These fire stations are first responders protecting over 60% of San Diego County. They respond to about 6,000 emergencies annually, about 5,000 of which are medical/rescue calls. To prevent the major wildfires of 2003 and 2007, these departments must have the necessary equipment and training to respond quickly and effectively extinguish fires while they are small, in spite of the strong winds, heavy fuel and steep rough terrain in San Diego County. Medical equipment and training is critical as all volunteer firefighters are EMTs and generally will arrive and treat patients for 15 to 60 minutes before an ambulance or other medical assistance can arrive on the scene in many rural parts of the County. The medical care provided in the field by these firefighters is critical for the survivability of some patients and for the speed and degree of recovery for other patients.

4b (Code:) (Expenses \$ 50,253 including grants of \$) (Revenue \$)

After the devastating wildfires of 2003 and 2007, the County of San Diego engaged the services of an independent consultant to study fire services in San Diego County. The consultant's recommendations included having the Fire Foundation take the lead in increasing public awareness about the system of fire protection and what responsibilities individual citizens have in fire prevention and preparedness. This awareness is critical given the high loss of lives and properties in these two major fire storms. The Fire Foundation has created a web site with information about fire protection and preparedness and safety precautions individuals can take personally. The Fire Foundation was featured on television with local fire departments explaining the fire protection system in San Diego County and providing safety tips to minimize the chance of fires and what steps to take if a fire were to occur.

4c (Code:) (Expenses \$ 9,995 including grants of \$) (Revenue \$)

To effectively assess the long-term equipment needs of San Diego County's 30 fire stations with volunteer firefighters and in response the County's outside consultant recommendation, the Fire Foundation commenced a needs assessment of all fire apparatus, fire equipment, medical equipment and fire stations needs for the next five years. This study will be used by the County and the Fire Foundation of determining the highest needs to be address first, determine where quantity purchases can reduce the cost of equipment acquisition, and to communicate to the public what these needs are and where their financial donations can make a significant difference in the quality of fire prevention and suppression. In addition, the County is working on improving the communication systems in the County for all emergency service providers. The Fire Foundation is working with the County to help fund this effort, which included purchasing an aerial camera system mounted on an airplane which provides a live video stream of fire activity in an area taken through smoke. This will better enable the safe and effective positioning of around firefighting resources as well as aerial firefighting resources.

Part IV Supplemental Information. Provide the information required in Part I, line 2, Part III, column (b), and any other additional information.						

Annually the Fire Foundation conducts a grant program where all eligible fire agencies in San Diego County can submit a request for funding for equipment or training. The Foundation then seeks donors to contribute to fund these grant applications. If a donor specifies that their donation is to go to fund equipment at a specific fire department, that request is honored.

For all other funds where the donor has not specified which department they wish to fund, the Foundation Board prioritizes the remaining grant applications and funds as many as possible.
