Return Reference	Explanation
Part X, Line 2	St George has received a determination letter from the Internal Revenue Service stating that it is exempt from the payment of income taxes under Section 501(c)(3) of the Internal Revenue Code. Palos Medical Group is a disregarded entity and is considered part of St George for income tax filing purposes. Accordingly, income taxes are not provided for in the accompanying consolidated financial statements. The Corporation adopted the FASB-issued guidance for accounting for uncertainty in income taxes on January 1, 2007. St George files Form 990 (Return of Organization Exempt from Income Tax) annually. When these returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that would ultimately be sustained. Examples of tax positions common to health systems include such matters as the following: the tax exempt status of each entity, the continued tax exempt status of bonds issued by the obligated group, the nature, characterization and taxability of joint venture income and various positions relative to potential sources of unrelated business taxable income (UBTI). UBTI is reported on Form 990-T, as appropriate. The benefit of a tax position is recognized in the consolidated financial statements in the period during which, based on all available evidence, management believes that it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any. Tax positions are not offset or aggregated with other positions. Tax positions that meet the "more-likely-than-not" recognition threshold are measured as the largest amount of tax benefit that is more than 50 percent likely to be realized on settlement with the applicable taxing authority. The portion of the benefits associated with tax positions taken that exceeds the amount measured as described above is reflected as a liability for unrecognized tax benefits in the accompanying consolidated balance sheets along with any associated interest and penalties that would be payable to the taxing authorities upon examination. Upon the adoption of the FASB-issued guidance at January 1, 2007, and since that date through December 31, 2013, there were no unrecognized tax benefits identified and recorded as a liability. Forms 990 filed by St George are subject to examination by the Internal Revenue Service (IRS) up to three years from the extended due date of each return. Forms 990 filed by St George are no longer subject to examination for the years 2009 and prior.

Return Reference	Explanation
Form 990, Part VI, Section B, line 11	Management reviewed, approved, and submitted Form 990 to the Board for final approval before filing
Form 990, Part VI, Section B, line 12c	Trustees are required to complete a Conflict of Interest Statement each year identifying any interests that could give rise to conflicts. These annual disclosure statements are reviewed by PCH's VP of Human Resources and lists of potential conflicts are prepared and used to monitor trustee's involvement with decisions throughout the year. Any issue identified as part of this annual disclosure is referred to the President of PCH for disposition. Persons completing the conflict of interest form know to disclose any potential conflicts on an ongoing basis. An individual with a conflict of interest would be excluded from any discussion, vote, or decision that involved the conflict or decision.
Form 990, Part VI, Section B, line 15	Officers are compensated through a related entity, Palos Community Hospital ("PCH"). During 2013, PCH had two different CEOs and an interim CEO to bridge the gap. Sister Wright's contract was a management contract with the religious order. The Executive Committee of the Board of Directors has the responsibility for the contract and fees. The interim CEO was a VP of the facility and continued to be paid at his VP salary. The second CEO signed an employment contract that was signed by the Chairman of the Board of Directors. This contract was reviewed by legal counsel and approved by the outside consultant that was utilized for the placement of this position. All of these salaries are the responsibility of the Executive Committee of the Board of Directors. Annually, Human Resources gathers market data on executive positions from a variety of published survey sources such as Metropolitan Healthcare Council, Mercer, Watson Wyatt, etc. The market data is analyzed for organizations with similar size and characteristics (FTEs, revenue, beds, region, non-for profit, stand alone institutions, etc.) The mean, median and, if available, the 90th percentile rates are provided to the President/CEO for consideration and reviewed with the Board of Directors. Discussion and process are contemporaneously documented in the minutes.
Form 990, Part VI, Section C, line 19	The governing documents, conflict of interest policy and financial statements are available upon request for the same period of disclosure as set forth in IRC Section 6104(d). Requests can be made from the Financial Department of Palos Community Hospital.
