Part IV **Supplemental Information.** Provide the information required in Part I, line 2, Part III, column (b), and any other additional information

Part I, Line 2, Missouri Foundation for Health (MFH) maintains detailed records of all grants and contracts to government agencies and organizations. Funding programs are approved

by the MFH Board of Directors. A typical funding program will issue a Request for Applications (RFA). An applicant organization's eligibility is verified by staff, and the applicant's

response to the RFA is evaluated. Recommendations are made by staff to the Board, who makes funding decisions. On award of a grant, a contractual agreement is entered into

between MFH and the applicant, now termed 'grantee'. The use of grant funds is monitored by staff through interim reports that must be submitted by the grantee to continue

to receive scheduled disbursements. Monitoring is performed from both a programmatic and financial viewpoint to ensure that objectives are being met and that funds are being

spent according to the project plan and grant award agreement. At the conclusion of the grant, a final report is required from the grantee. The final report provides programmatic

outcomes as well as a final financial report that must be supported by appropriate receipts/documentation.
