## Overview of Programs

Humanities

Research Libraries

Venetian Programs

For application guidelines for Humanities, Performing Arts, and Research Library programs, see General Application Guidelines. For the Venetian grant programs see the Venetian Programs page.

### Humanities Program

The Foundation intends to further the humanities along a broad front, supporting projects which address the concerns of the historical *studia humanitatis*—a humanistic education rooted in the great traditions of the past, the formation of human beings according to cultural, moral, and aesthetic ideals derived from that past, and the ongoing debate over how these ideals may best be conceived and realized.

Programs in the following areas are eligible: history, archaeology, literature, languages, both classical and modern, philosophy, ethics, comparative religion, the history, criticism, and theory of the arts, and those aspects of the social sciences which share the content and methods of humanistic disciplines. The Foundation welcomes projects that cross the boundaries between humanistic disciplines and explore the connection between the humanities and other areas of scholarship. Programs of institutions in Venice relating to the humanities are eligible in this category. (Individuals seeking research grants for work in Venice should see Venetian Programs.)

The Humanities Program is primarily directed to institutions of higher education and humanistic enterprises such as learned societies, museums, and major editorial projects. The program may also consider, on a selective basis, projects that increase the exposure of those outside these institutions to the humanistic experience or that strengthen preparation for the humanistic disciplines in secondary education. *The prime criterion remains that of Gladys and Jean Delmas: a commitment to excellence, whether proven or promised.*

### Performing Arts Program

The principal mission of the Performing Arts Program is to provide core program and special project support to organizations of quality in the fields of dance, music and theater that perform or produce work in New York City.

The Foundation has a special interest in supporting

Ballet and modern dance companies, especially those that are actively working to preserve an important legacy of past achievement, and the presenters who make the work of these companies available to the public and otherwise provide support to the dance field,

Theater companies and presenters that have demonstrated a commitment to include the classics in their regular offerings,

Music groups and concert presenters committed to making the contemporary repertoire available to New York City audiences and a limited number of notable early music groups of professional importance to the field,

Organizations formed to support the work of artists who, over time, have reinterpreted the traditional elements of dance or theater and thereby have broadened our aesthetic appreciation and understanding.

### Research Libraries Program

The Research Library Program concentrates primarily in those areas of its founders' interests and aims to be fully complementary to the Foundation's

other program areas (i.e., humanities scholarship, performing arts, and Venetian history and culture)

The overall objective of the Research Library Program is to improve the ability of research libraries to serve the needs of scholarship in the humanities and the performing arts, and to help make their resources more widely accessible to scholars and the general public. Wherever possible, grants to libraries seek to promote cooperative cataloging projects, with an emphasis on access to archival, manuscript, and other unique sources, some elements of interpretation and exhibition, scholarly library publications; bibliographical and publishing projects of interest to research libraries, and preservation/conservation work and research.

The geographical concentration is primarily but not exclusively directed toward European and American history and letters, broadly defined. Technological developments that support humanities research and access to humanities resources are also eligible. A limited number of modest grants will also be available for projects related to the history of the book, book culture, printing history, and related programs. Conferences designed to address these issues in collaborative ways and programs formulated to enhance or leverage similar activity by other institutions, consortia, or funding agencies will also be considered.

### **Venetian Programs**

Designed to support historical research on Venice and the former Venetian empire, and the study of contemporary Venetian society and culture, grants are awarded for independent research, for publications assistance, and for the support of institutions engaged in related research programs. See Venetian Programs page for more details.

### **Trustees' Discretionary Grants**

The discretionary fund permits each Trustee to initiate, with concurrence of the other Trustees, a limited number of grants outside of the Foundation's established grant-making guidelines. Applications are not accepted for Trustees' Discretionary Grants.

### **Foundation Service Organizations**

The Delmas Foundation supports various foundation service organizations through membership contributions.

## General Application Guidelines

These guidelines apply to the following programs: **Humanities, Performing Arts, Research Libraries**, and one of the four **Venetian Programs** (Grants to Organizations Supporting Venetian Scholarship and Culture)

For the three other Venetian programs (namely, Independent Research in Venice on Venetian History and Culture, Grants for Independent Venetian Research in European Libraries Outside Venice), and Publications Assistance, see Venetian Programs

Consult the Overview of Programs page for an explanation of the nature and purpose of all Foundation programs

### Eligibility

The Foundation supports not-for-profit organizations engaged in activities of interest to the Foundation. Institutions located in the United States should have an IRS 501(c)3 designation; institutions outside of the United States can present other kinds of evidence of non-for-profit status after consultation with the Foundation. With the exception of the Venetian independent scholars' programs (see above), these programs do not provide funds to individuals. In general, awards are made for single-year, and not multi-year, projects.

The Foundation does not usually support building campaigns, capital campaigns except where objectives are clearly focused and closely tied to Foundation interests, overhead or indirect costs.

### Procedures for applying

Other than for the Venetian Research programs, there are neither application forms nor deadlines for sending applications. Decisions are made throughout the year.

#### Applications should consist of two parts:

1. A **two-page application letter** addressed to the Foundation printed on the official letterhead of the applying organization. (*Note: there are no application forms*)
2. A **copy of the institution's IRS 501(c)3 designation letter**. There are some exceptions to this requirement. If your institution has received a Delmas Foundation grant within the past three years, you do *not* need to include this IRS-status document. Contact the Foundation for other possible exceptions.

*(Note: It is not necessary to apply to a particular program; there is considerable overlap among the Foundation's several programs.)*

#### The application letter should include this information:

1. A description of the undertaking or need (project, activity, etc.)
2. An indication of the specific outcome or result anticipated
3. A brief budget
4. A time-line or date-span for the undertaking
5. A concise description of the applying organization. If applicable, list partnering organizations
6. Contact information for the applying person and organization. Include email address, telephone number(s), and street address.

*(Note: Do not include ancillary materials, press clippings, or financial audits.)*

#### How to submit the application:

1. If your organization has *not* applied to the Delmas Foundation before, please send all documents by *surface mail* to Pele Bauch at the address

below. This requirement applies also to applicant institutions whose previous applications have not resulted in grants.

2. If your organization *has received a grant* from the Delmas Foundation within the past three years, then you may, if you wish, submit your application letter *by email* as an attachment to [info@delmas.org](mailto:info@delmas.org)

**When you will hear from the Foundation:**

*Please allow 3-4 months* for an official response to the application. The Foundation reviews applications throughout the year. There are no deadlines for applications.

If you have general question about applying, you may call Ms. Bauch at the number below before sending an application.

## Venetian Programs

The Foundation's Venetian program awards four types of support. Details on these programs can be found immediately below. Links to application instructions and forms appear at the bottom of this page.

1. **Research *within* Venice and the Veneto**
2. **Research *outside* Venice and the Veneto**
3. **Publication Assistance**
4. **Grants to organizations supporting Venetian scholarship and culture.**

### 1. Independent Research *within* Venice and the Veneto (for individuals)

The Foundation awards grants (pre-doctoral and post-doctoral) for travel to and residence in Venice and the Veneto. These grants are made to individuals to support historical study of Venice and the former Venetian empire and the study of contemporary Venice. Grants will be awarded for historical research specifically on Venice and the former Venetian empire, and for study of contemporary Venetian society and culture. Disciplines of the humanities and social sciences are eligible areas of study, including (but not limited to) archaeology, architecture, art, bibliography, economics, history, history of science, law, literature, music, political science, religion, and theater.

Applicants must (i) be citizens or permanent residents of the United States, (ii) have experience in advanced research at the graduate level or equivalent, and (iii) if graduate students, have fulfilled all doctoral requirements except completion of the dissertation (but including acceptance of dissertation proposal) by December 15 of the year when the application is submitted.

(Applicants who are citizens or permanent residents of the United Kingdom or Commonwealth are eligible for Venetian study awards made by the Delmas Foundation's British and Commonwealth Advisory Board. See the application instructions for this program. The contact for Commonwealth applications is Professor Gardner, [Julian.Gardner@warwick.ac.uk](mailto:Julian.Gardner@warwick.ac.uk).)

Applications will be entertained for grants up to a maximum of \$19,900 for a full academic year. Grants for the maximum amount are rarely awarded, and successful applicants are frequently awarded less than the amount requested. Funds are granted primarily for research in Venice and the Veneto only, and for transportation to, from, and within the Veneto.

Applications are due at the Foundation by December 15. Letters of recommendation may arrive after the deadline, but please work to ensure their arrival before the end of the month.

Please see the application instructions for this program.

**Please review additional information on your length of stay and visa requirements at the Italian Consulate webpage.**

### 2. Independent Research in European Libraries and Archives *outside* Venice (for individuals)

Scholars who have already received and accepted a Delmas grant for work in Venice and the Veneto are eligible for subsequent, one-time grants of up to \$3,000 (one month maximum) to work exclusively on Venetian materials in other European libraries or museums. The proposed study must be related to the previous Delmas grant. Due date: December 15.

Please see the application instructions for this program.

### 3. Publications assistance for the work of Delmas Fellows (for not-for-profit publishers)

The Foundation supports publications to help make possible the dissemination of work accomplished through our Grants for Independent Study on Venetian History and Culture. Publications are eligible for funding only when the author accomplished the work with the aid of a Delmas Foundation

Grant for Independent Study on Venetian History and Culture Requests for funding are reviewed on an ongoing basis Applications may be submitted in the form of a letter, usually no longer than two pages in length

To apply, follow the instructions for Publications Assistance applications. There are no deadlines for these grants

**4. Grants for organizations in support of Venetian scholarship and culture (for not-for-profit organizations).**

Applicants should follow the general guidelines for applications
