Part IV Supplemental Information. Provide the information required in Part I, line 2, Part III, column (b), and any other additional information

Part I Line 2 The organization provides grant funding for a variety of groups and individuals who have mental health challenges

Requests for these grants come from local mental health case workers and the identity of the individuals who benefit is not given to

our Foundation, so that we do not access personal health information or violate any privacy laws, including HIPAA. The case workers who

request the grants provide us with written justification of the grants, and funds are issued to the provider of services such as a

dental clinic or training program, so that the actual individual or group that benefits from the grant does not receive any funds

directly. In the case of training programs and other grants for a series of services, we obtain feedback from the caseworker on the

successfulness or completion of the program series. In other cases, such as funding for a group home outing or building a garden, we

will get a testimonial or survey feedback from the caseworker
