Williamsburg Health Foundation Grant Guidelines

NOTE: All links can be found at http://williamsburghealthfoundation.org/grants

Before Applying

2014 Funding Priorities

Williamsburg Health Foundation (WHF) grants support health-related programs in Greater Williamsburg that strengthen access to quality health services and promote responsible health practices.

The Foundation defines health broadly: It is a dynamic state of complete physical, mental and social well-being. It is not merely absence of disease or infirmity.

WHF grants support a wide variety of programs including expanding access, eliminating barriers to care, addressing health care disparities, encouraging wellness, and promoting personal responsibility.

WHF has established three main goals to guide its grant making:

- Strengthen access to health care for medically underserved residents and for other vulnerable populations.
- Reduce the prevalence of preventable illness over the long-term.
- Facilitate health-related improvements through partnerships and increased collaboration with community organizations.

Grant Eligibility Requirements

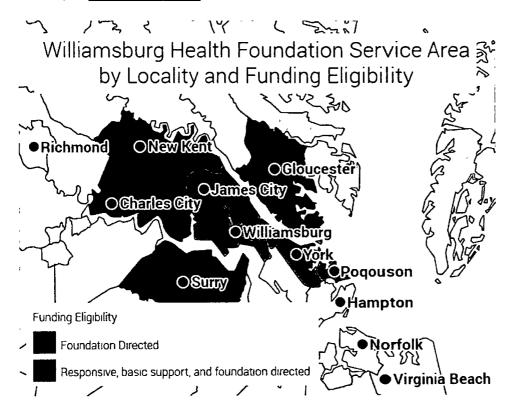

Before beginning the application process, review these requirements to ensure the program and agency meet the Foundation's eligibility.

Alignment with the Foundation's Interests

A program must be in alignment with the mission and goals of the Foundation, which are outlined in WHF's Strategic Plan 2012-2014. For more information, see http://williamsburghealthfoundation.org/about-us/mission-goals.)

Service Area

Foundation grants support programs benefiting the citizens of Greater Williamsburg, a region defined by this map of <u>WHF's service area</u>.

Agency Eligibility

The following types of organizations may apply for funding:

- Nonprofit corporations with 501(c)3 tax status as demonstrated by an IRS determination letter
- State or local government agencies

Application Documents

An application must include the most recent copies of an agency's board roster, annual budget, IRS determination letter, annual report, IRS Form 990, and the agency's annual financial audit.

Applications and supporting documents are due by noon (12:00 p.m.) on the <u>dates indicated</u>. There are no exceptions to deadlines. Please complete your application early to avoid any last minute problems. Late applications will not be considered.

Other Considerations

- Programs involving collaboration among organizations will receive higher priority.
- Programs funded through multiple sources will receive higher priority.

- Programs combining health and social service elements must have a clear and compelling health component. Agencies should identify anticipated health outcomes. The majority of WHF funding must be clearly associated with the delivery of health services or wellness and prevention programming.
- The Foundation will not fund applications requesting funding for:
 - o Annual appeals and fundraising
 - o Endowments
 - o Real estate acquisition
 - o Restoration of funds cut by governments or other organizations
 - o Lobbying

Grant Categories

There are four distinct grant types offered by the Foundation:

- Grants Initiated by a Letter of Intent (LOI):
- Responsive Grants
- Grants by Invitation:
- Basic Operating Support Grants
- Basic Program Support Grants
- Foundation Directed Grants

Applying for a Responsive Grant

Any organization meeting the basic requirements can apply for a Responsive Grant from WHF. For the best results, follow the steps outlined on this page.

Step 1: Questions to answer before applying.

- Is the organization's mission consistent with WHF's funding priorities?
- Does the organization meet all of WHF's funding requirements?
- Has the applicant reviewed WHF's strategic plan?
- Has the applicant reviewed the other considerations that WHF takes into account when making its funding decisions?
- Is the applicant familiar with WHF's current Grant Cycle Calendar?
- Has the applicant downloaded and examined the "LOI Worksheet?"

Step 2: The Letter of Intent (LOI)

Please note: To access saved work on a Letter of Intent or review past grant applications, log in here.

The process of applying for a Responsive Grant begins with the submission of WHF's online Letter of Intent. For more information about the Foundation's timelines, please see the <u>Grant Cycle Calendar</u>.

A LOI should identify the need, target population, and strategy for addressing the need. Additionally, the applicant should outline a program budget, document any other sources of funding, and illustrate any collaboration with other agencies. For ongoing programs, the LOI should also include evidence that WHF funding would not supplant existing funding for the agency or program.

When submitting a Letter of Intent, please attach the following forms. If the Program Budget, Expense Narrative, or Income Forms are submitted in any other format than that which the Foundation has provided, the LOI will not be reviewed.

- WHF Program Budget Form
- WHF Program Expense Narrative Form
- WHF Program Income Form
- Agency IRS Determination Letter Attach an electronic copy of an IRS Determination Letter to the LOI. Mailed copies are also acceptable. An IRS Determination Letter is not required for government entities.

Need Help With An Application? The Foundation's program officers are not able to review LOI's prior to submission, but they are available to answer general questions about the Foundation's interests or its application process. To ask questions, call (757) 345-0912 or send an email to info@williamsburghealthfoundation.org.

Step 3: LOI Review and Potential Full Application Invitation

After the LOI submission deadline has passed, WHF program officers will review all of the submitted LOIs. After this review, the Foundation will contact applicants via email to inform them of their status.

For those organizations that are invited to submit a Full Grant Application, additional information will be sent by email. An invitation to submit a Full Grant Application does not mean the submission will result in funding.

Step 4: Note Updated Responsive Grant Policies

WHF's Board of Trustees recently restructured several important elements of WHF's Responsive Grants program.

These changes are designed to provide the Foundation with flexibility to address evolving health care priorities and to better serve the long-term needs of the community. Achieving these goals will enable WHF to support innovation and sustained excellence, while encouraging continuous improvement.

Please note:

- Approved Responsive Grants may receive up to four consecutive years of funding.
- As with current policy, an agency may apply each of the four years the program is eligible.
- After the first year, programs may receive up to 75% of the original grant for the second year; 50% the third year; and 25% in the final year of eligibility.

To ask questions about WHF's Responsive Grants, please contact one of the Foundation's program officers at (757) 345-0912.

Grants By Invitation

The Foundation may invite programs or agencies with a record of strong outcomes to apply for other types of funding. Agencies invited to apply for these types of grants will receive applications by email.

Basic Operating Support grants provide support for agencies effectively addressing community health issues. In addition to meeting the Foundation's <u>eligibility requirements</u>, agencies must have had at least three years of WHF funding and demonstrated ability to meet performance benchmarks, improve efficiencies, continually deliver quality services and address community needs. Government agencies, hospitals, and higher education institutions are not eligible for these grants. An agency may only receive one grant in this category per year. Basic Operating Support status will be reviewed annually.

Basic Program Support grants provide support for individual programs effectively addressing specific community health issues. In addition to meeting the Foundation's <u>eligibility requirements</u>, programs must have had three years of WHF funding and demonstrated ability to meet performance benchmarks, improve efficiencies, continually deliver quality services and address community needs. An agency may receive two grants in this category per year.

Basic Program Support status will be reviewed annually.

Foundation-Directed grants provide funding for programs targeting community health issues identified by the Foundation and collaborating agencies. Agencies must meet Foundation's <u>eligibility</u> requirements. Other requirements are determined by the nature of the program.

An agency's Foundation-Directed status will be reviewed annually. These grants are long-term investments, and are process, data and outcome driven. They are also characterized by active involvement by Foundation staff.

Forms, Policies and Important Documents

Forms

- WHF Program Budget Form (Microsoft Excel)
