SeaKeepers is a nonprofit organization whose mission is to inspire the leaders of the world to become a voice for the oceans, by bridging the gaps between good science and the business and yachting communities

If "Yes," describe these new services on Schedule O

If "Yes," describe these changes on Schedule O

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

Vessel Charter Program - A yacht or tender donated to SeaKeepers is immediately delivered to a chartering agent. A percentage of charter revenue is paid to SeaKeepers over three years, with a purchasing option after the term is over. The chartering program eases the burden of significant costs of keeping donated vessels and facilitates SeaKeepers' mission to preserve the world's oceans and offer research platforms to the scientific community.

Scientific Vessel of Opportunity Program - Unites science and the broader yachting community by forming partnerships between research scientists and participating members. The program provides scientists with the necessary platform on which to conduct cutting-edge research by placing them on member vessels. Likewise, members have the exceptional chance to meet with scientists of interest and involve themselves directly in ocean data collection and preservation. All types of projects, from deep-sea exploration to water quality monitoring, are considered.
