2013 Consolidated Form 1099

Copy B, For Recipient

Account Number: SR 16685 TY

Tax Identification Number: 65-0757808

Proceeds from Broker Transactions Details Reported on Form 1099-B (OMB No. 1545-0715)

Consistent with IRS guidance, transactions are grouped into section(s) based upon whether the security is covered or noncovered, and whether the term is short or long. Transactions for which the term cannot be determined are grouped in a separate section. As a result, the substitute Form 1099-B could have up to five separate sections, each with a heading identifying which securities are included and how to report the transactions on Form 8949. When available, basis information will be displayed in sections where basis is not required to be reported to the IRS. A security is a "covered security" and subject to basis reporting requirements if it is acquired on or after its corresponding effective date. For stock in a corporation, the effective date is January 1, 2011. For stock in a mutual fund the effective date is January 1, 2012. UBS is not required to report basis to the IRS for any securities acquired before 2011. IRS regulations now require that brokers report short sales for the year in which the short sale is closed. The possible application of the "Constructive Sale" provisions (Sec.1259) for short-against-the box transactions is not required and thus not reflected here. Clients may wish to discuss the potential application of this provision with their tax advisors.

The cost basis of the oldest security lot (first-in, first-out or FIFO method of accounting) is assigned to a sale to calculate Gain/Loss unless you identified a specific lot (a "versus purchase" or "VSP" order) when you placed your sell order. 2013 Gain/Loss for transactions with trade dates through 12/31/13 has been incorporated into this statement. The net gain or loss for each transaction is calculated based on the sales amount less cost basis with any wash sale disallowed. Although we apply wash sale rules to covered lots of identical securities, there are other circumstances to be considered that may result in or negate wash sales. Gain or loss is not calculated on the sale or redemption of certain Structured Products and certain grantor trusts with collectible or foreign currency as it may be ordinary, and not capital, gain or loss. These gains or losses will not be included on the gain or loss subtotal and total amounts. Where applicable, symbol (2) will be printed to the right of the gain or loss subtotal and total amounts. Net gain or loss is not reported to the IRS.

In Box 2a gross proceeds are reported less commissions and option premiums. Sale amounts with "+" symbol indicate where an option premium adjustment has been made. If Box 2b is checked, a loss based on the amount reported in Box 2a is not allowed.

Beginning in 2012, basis for both covered and noncovered securities have been adjusted for all capital changes. Prior to 2012, basis may not have been adjusted for noncovered tax lots. The Original Cost Basis column is only populated for transactions of securities that have had their basis reduced due to premium amortization or increased due to OID accretion. Cost basis for coupon tax-exempt municipal securities (including securities subject to AMT) has been adjusted for mandatory amortization of bond premium. The OID amount reported on your Form 1099-OID is not adjusted for market discount, amortized acquisition premium, or bond premium. Therefore, the amortization and accretion adjustments used here may not be consistent with the Form 1099-OID amounts reported to the IRS because the reporting requirements are different.

Please check with your tax advisor and/or read the tax-related disclosure materials associated with those products

Proceeds from Broker Transactions Details Reported on Form 1099-B (OMB No. 1545-0715)

Consistent with IRS guidance, transactions are grouped into section(s) based upon whether the security is covered or noncovered, and whether the term is short or long. Transactions for which the term cannot be determined are grouped in a separate section. As a result, the substitute Form 1099-B could have up to five separate sections, each with a heading identifying which securities are included and how to report the transactions on Form 8949. When available, basis information will be displayed in sections where basis is not required to be reported to the IRS. A security is a "covered security" and subject to basis reporting requirements if it is acquired on or after its corresponding effective date. For stock in a corporation, the effective date is January 1, 2011. For stock in a mutual fund the effective date is January 1, 2012. UBS is not required to report basis to the IRS for any securities acquired before 2011. IRS regulations now require that brokers report short sales for the year in which the short sale is closed. The possible application of the "Constructive Sale" provisions (Sec. 1259) for short-against-the-box transactions is not required and thus not reflected here. Clients may wish to discuss the potential application of this provision with their tax advisors.

The cost basis of the oldest security lot (first-in, first-out or FIFO method of accounting) is assigned to a sale to calculate Gain/Loss unless you identified a specific lot (a "versus purchase" or "VSP" order) when you placed your sell order. 2013 Gain/Loss for transactions with trade dates through 12/31/13 has been incorporated into this statement. The net gain or loss for each transaction is calculated based on the sales amount less cost basis with any wash sale disallowed. Although we apply wash sale rules to covered lots of identical securities, there are other circumstances to be considered that may result in or negate wash sales. Gain or loss is not calculated on the sale or redemption of certain Structured Products and certain grantor trusts with collectible or foreign currency as it may be ordinary, and not capital, gain or loss. These gains or losses will not be included on the gain or loss subtotal and total amounts. Where applicable, symbol (2) will be printed to the right of the gain or loss subtotal and total amounts. Net gain or loss is not reported to the IRS.

In Box 2a gross proceeds are reported less commissions and option premiums. Sale amounts with "x" symbol indicate where an option premium adjustment has been made. If Box 2b is checked, a loss based on the amount reported in Box 2a is not allowed.

Beginning in 2012, basis for both covered and noncovered securities have been adjusted for all capital changes. Prior to 2012, basis may not have been adjusted for noncovered tax lots. The Original Cost Basis column is only populated for transactions of securities that have had their basis reduced due to premium amortization or increased due to OID accretion. Cost basis for coupon tax-exempt municipal securities (including securities subject to AMT) has been adjusted for mandatory amortization of bond premium. The OID amount reported on your Form 1099-OID is not adjusted for market discount, amortized acquisition premium, or bond premium. Therefore, the amortization and accretion adjustments used here may not be consistent with the Form 1099-OID amounts reported to the IRS because the reporting requirements are different.

Please check with your tax advisor and/or read the tax-related disclosure materials associated with those products.

Type of Gain/Loss: Short Term (Box 1c)

Short-term transactions reported on Form 1099-B - basis reported to the IRS, Report on Form 8949, Part I, with Box A checked.

In this sub-section Date acquired, Cost or Other Basis, and Wash Sale Loss disallowed are reported to the IRS (Box 6b checked)

Proceeds from Broker Transactions Details Reported on Form 1099-B (OMB No. 1545-0715)

Consistent with IRS guidance, transactions are grouped into section(s) based upon whether the security is covered or noncovered, and whether the term is short or long. Transactions for which the term cannot be determined are grouped in a separate section. As a result, the substitute Form 1099-B could have up to five separate sections, each with a heading identifying which securities are included and how to report the transactions on Form 8949. When available, basis information will be displayed in sections where basis is not required to be reported to the IRS. A security is a "covered security" and subject to basis reporting requirements if it is acquired on or after its corresponding effective date. For stock in a corporation, the effective date is January 1, 2011. For stock in a mutual fund the effective date is January 1, 2012. UBS is not required to report basis to the IRS for any securities acquired before 2011. IRS regulations now require that brokers report short sales for the year in which the short sale is closed. The possible application of the "Constructive Sale" provisions (Sec 1259) for short-against-the-box transactions is not required and thus not reflected here. Clients may wish to discuss the potential application of this provision with their tax advisors.

The cost basis of the oldest security lot (first-in, first-out or FIFO method of accounting) is assigned to a sale to calculate Gain/Loss unless you identified a specific lot (a "versus purchase" or "VSP" order) when you placed your sell order. 2013 Gain/Loss for transactions with trade dates through 12/31/13 has been incorporated into this statement. The net gain or loss for each transaction is calculated based on the sales amount less cost basis with any wash sale loss disallowed. Although we apply wash sale rules to covered lots of identical securities, there are other circumstances to be considered that may result in or negate wash sales. Gain or loss is not calculated on the sale or redemption of certain Structured Products and certain grantor trusts with collectible or foreign currency as it may be ordinary, and not capital, gain or loss. These gains or losses will not be included on the gain or loss subtotal and total amounts where applicable. Symbol (2) will be printed to the right of the gain or loss subtotal and total amounts. Net gain or loss is not reported to the IRS.

In Box 2a gross proceeds are reported less commissions and option premiums. Sale amounts with "-" symbol indicate where an option premium adjustment has been made. If Box 2b is checked, a loss based on the amount reported in Box 2a is not allowed.

Beginning in 2012, basis for both covered and noncovered securities have been adjusted for all capital changes. Prior to 2012, basis may not have been adjusted for noncovered tax lots. The Original Cost Basis column is only populated for transactions of securities that have had their basis reduced due to premium amortization or increased due to OID accretion. Cost basis for coupon tax-exempt municipal securities (including securities subject to AMT) has been adjusted for mandatory amortization of bond premium. The OID amount reported on your Form 1099-OID is not adjusted for market discount, amortized acquisition premium, or bond premium. Therefore, the amortization and accretion adjustments used here may not be consistent with the Form 1099-OID amounts reported to the IRS because the reporting requirements are different.

Please check with your tax advisor and/or read the tax-related disclosure materials associated with those products.

2013 Consolidated Form 1099

Copy B, For Recipient

Account Number: SR 16686 TY

Tax Identification Number: 65-0757808

Proceeds from Broker Transactions Details Reported on Form 1099-B (OMB No. 1545-0715)

Consistent with IRS guidance, transactions are grouped into section(s) based upon whether the security is covered or noncovered, and whether the term is short or long. Transactions for which the term cannot be determined are grouped in a separate section. As a result, the substitute Form 1099-B could have up to five separate sections, each with a heading identifying which securities are included and how to report the transactions on Form 8949. When available, basis information will be displayed in sections where basis is not required to be reported to the IRS. A security is a "covered security" and subject to basis reporting requirements if it is acquired on or after its corresponding effective date. For stock in a corporation, the effective date is January 1, 2011. For stock in a mutual fund the effective date is January 1, 2012. UBS is not required to report basis to the IRS for any securities acquired before 2011. IRS regulations now require that brokers report short sales for the year in which the short sale is closed. The possible application of the "Constructive Sale" provisions (Sec. 1259) for short-against-the-box transactions is not required and thus not reflected here. Clients may wish to discuss the potential application of this provision with their tax advisors.

The cost basis of the oldest security lot (first-in, first-out or FIFO method of accounting) is assigned to a sale to calculate Gain/Loss unless you identified a specific lot (a "versus purchase" or "VSP" order) when you placed your sell order. 2013 Gain/Loss for transactions with trade dates through 12/31/13 has been incorporated into this statement. The net gain or loss for each transaction is calculated based on the sales amount less cost basis with any wash sale loss disallowed. Although we apply wash sale rules to covered lots of identical securities, there are other circumstances to be considered that may result in or negate wash sales. Gain or loss is not calculated on the sale or redemption of certain Structured Products and certain grantor trusts with collectible or foreign currency as it may be ordinary, and not capital, gain or loss. These gains or losses will not be included on the gain or loss subtotal and total amounts. Where applicable, symbol (2) will be printed to the right of the gain or loss subtotal and total amounts. Net gain or loss is not reported to the IRS.

In Box 2a gross proceeds are reported less commissions and option premiums. Sale amounts with "±" symbol indicate where an option premium adjustment has been made. If Box 2b is checked, a loss based on the amount reported in Box 2a is not allowed.

Beginning in 2012, basis for both covered and noncovered securities have been adjusted for all capital changes. Prior to 2012, basis may not have been adjusted for noncovered tax lots. The Original Cost Basis column is only populated for transactions of securities that have had their basis reduced due to premium amortization or increased due to OID accretion. Cost basis for coupon tax-exempt municipal securities (including securities subject to AMT) has been adjusted for mandatory amortization of bond premium. The OID amount reported on your Form 1099-OID is not adjusted for market discount, amortized acquisition premium, or bond premium. Therefore, the amortization and accretion adjustments used here may not be consistent with the Form 1099-OID amounts reported to the IRS because the reporting requirements are different.

Please check with your tax advisor and/or read the tax-related disclosure materials associated with those products.
