INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
SSM Health Care
St Louis, Missouri

We have audited the accompanying consolidated financial statements of SSM Health Care Corporation and its subsidiaries (the "Organization"), which comprise the consolidated balance sheets as of December 31, 2013 and 2012, and the related consolidated statements of operations and changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits We conducted our audits in accordance with auditing standards generally accepted in the United States of America Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control Accordingly, we express no such opinion An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of SSM Health Care Corporation and its subsidiaries as of December 31,

2013 and 2012, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America

Report on Supplementary Consolidating Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole The supplementary consolidating information on pages 52–56 is presented for the purpose of additional analysis of the consolidated financial statements rather than to present the financial position and results of operations of the individual companies, and is not a required part of the consolidated financial statements This supplementary information is the responsibility of the Organization's management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements Such information has been subjected to the auditing procedures applied in our audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America In our opinion, such information is fairly stated in all material respects in relation to the consolidated financial statements as a whole

1. ORGANIZATION

SSM Health Care (SSMHC) is a multi-institutional health care system comprised of SSM Health Care Corporation (SSMHCC) as the principal not-for-profit corporation which holds membership or stock ownership in other affiliated corporations SSMHCC has been established as the parent corporation Through its affiliated corporations, SSMHC owns and operates 18 acute care hospitals, one children's hospital, two long-term care facilities, an extensive network of physician practice operations, and other health care businesses located primarily in Missouri, Oklahoma, Wisconsin, and Illinois SSMHC also has exclusive affiliation agreements with certain acute care hospitals SSMHCC and most of its affiliated subsidiary corporations are organizations described in Section 501(c)(3) of the Internal Revenue Code (IRC) As such, they are exempt from federal income tax on income from activities related to their exempt purposes under IRC Section 501(a)

On April 16, 2013, SSMHC and Dean Health Systems, Inc (DHS) entered into a merger agreement whereby DHS would become a wholly owned subsidiary of SSMHC The merger was finalized on September 1, 2013 DHS includes a large multi-specialty physician group, Dean Health Plan (DHP), a health maintenance organization, Navitus Health Solutions, LLC (Navitus), a national pharmacy benefit management company, and various subsidiary organizations DHS is a taxable corporation under the IRC See Note 11 for further discussion of the impact of this merger agreement and other merger/ acquisition activity

Prior to November 15, 2013, SSMHC was sponsored by the Franciscan Sisters of Mary (FSM) As of November 15, 2013, with Vatican approval, FSM transitioned sponsorship of SSMHC to SSM Health Ministries SSM Health Ministries is an independent 6-member body comprised of three Franciscan Sisters of Mary and three lay people who collectively hold certain reserved powers over SSMHC

2. SSMHCC SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Presentation — The consolidated financial statements include the accounts of SSMHCC and all wholly owned, majority owned, and controlled entities, including the consolidated statements of SSMHC Liability Trust I and SSMHC Liability Trust II as described in Note 14 Operating consolidated results of DHS are included for the period September 1, 2013 through December 31, 2013 as further described in Note 11 All significant intercompany balances and transactions have been eliminated in consolidation

Cash and Cash Equivalents — Cash and cash equivalents include investments in highly liquid debt instruments with a maturity of three months or less when purchased

Short-Term Investments — Short-term investments are measured at fair value and include liquid investments maintained for near-term cash flow purposes

Financial Instruments — The carrying amounts of cash equivalents and unsettled investment transactions approximate fair value Management's estimates of the fair value of other financial instruments are described elsewhere in the notes to the consolidated financial statements Investments

reported as assets that are designated as limited as to use or restricted, short-term investments, and interest rate swaps are measured at fair value as described in Note 7 Long-term debt fair value is disclosed in Note 12 Due to the volatility of the U S economy and the financial markets, there is uncertainty regarding the long-term impact market conditions will have on SSMHC's investment portfolio

Patient Accounts Receivable — Patient accounts receivable are stated at estimated net realizable amounts from patients, third-party payors, and other insurers for services provided Management periodically reviews the adequacy of the allowance for uncollectible accounts based on historical experience, trends in health care coverage, and other collection indicators Reserves for charity and uncollectible amounts have been established and are netted against patient accounts receivable in the consolidated balance sheets

SSMHC's mission is to provide exceptional health care services to all persons regardless of their ability to pay After all payments, discounts and reasonable collection efforts have been exhausted, SSMHC follows established guidelines for placing certain past-due patient balances with collection agencies, subject to the terms of certain restrictions on collection efforts as determined by SSMHC Accounts placed with collection agencies are written off and excluded from patient accounts receivable and allowance for doubtful accounts

Premiums Receivable and Unearned Premiums — Premiums are recognized in the period for which services are covered Premiums receivable include amounts due from subscriber groups for premiums Premiums billed and due in advance of a coverage period are included in unearned premiums

Inventories — Inventories are stated at the lower of cost or market Cost is determined principally using the first-in, first-out method Supplies and pharmaceuticals are expensed when they are distributed for use SSMHC held inventories in the amount of $62,189 and $52,280 at December 31, 2013 and 2012, respectively These amounts are included in inventories, prepaid expenses, and other

Assets Limited as to use or Restricted — Assets limited as to use include investments and other assets set aside by the Board of Directors at their discretion for future capital improvements, medical insurance claims or for other purposes, and assets held in trust under bond indentures and self-insurance agreements Unsettled investment transactions include receivables and payables from investment sales which have been initiated prior to the consolidated balance sheet date that are not formally settled until the following year Assets restricted as to use include investments and other assets whose use is restricted by donors (temporarily or permanently)

Pooled Investments — SSMHC holds the majority of its investments in a pooled investment program which also includes the investments of its defined benefit plans as well as other smaller nonconsolidated entities The earnings are allocated proportionately according to ownership percentages as defined in pooled investment agreements The combined investments of SSMHC and its defined benefit plans account for over 99% of the pooled investments

SSMHC has elected the fair value option for financial investments in limited partnerships and limited liability corporations made through its centralized investment program that would otherwise be recorded using either the cost or equity methods SSMHC made this election in order to ensure that the accounting treatment of these investments was comparable between categories, regardless of the current organizational structure of the various investments

Derivative Instruments — It is SSMHC's policy to provide sound stewardship of fiscal resources by effectively managing both the level of outstanding debt and the proportion of variable to fixed rate debt

Accordingly, SSMHC periodically enters into derivative arrangements to manage interest rate risk related to variable rate debt

SSMHC records derivative instruments as either an asset or liability measured at its fair value (Note 7) The estimated fair value of interest rate swap instruments has been determined using available market information and valuation methodologies, primarily discounted cash flows This amount is reported in other noncurrent liabilities

The net change in the fair value is recorded as a nonoperating gain or loss The difference between the actual amount paid and the actual amount received on all interest rate swaps is accrued and recognized as an adjustment to interest expense

Securities Lending Program — SSMHC participates in securities lending transactions with its custodian whereby SSMHC lends a portion of its investments to various brokers in exchange for collateral for the securities loaned, usually on a short-term basis SSMHC maintains effective control of the loaned securities through its custodian during the term of the arrangement in that they may be recalled at any time Collateral received from brokers must equal at least 100% of the original market value of the securities on loan, and is subsequently adjusted for market fluctuations SSMHC must return to the borrower the original value of collateral received regardless of the impact of market fluctuations The collateral is invested in a pool maintained by the custodian Under the terms of the agreement, the borrower must return the same, or substantially the same, investments that were borrowed

The securities on loan under this program are recorded as assets whose use is limited The market value of collateral held for loaned securities is reported as collateral held under securities lending program which is recorded in assets whose use is limited, and an obligation is recorded in current liabilities for repayment of collateral upon settlement of the lending transaction

Property and Equipment — Property and equipment acquisitions are recorded at cost or, if donated or impaired, at fair value at the date of receipt or impairment Depreciation expense is determined using the straight-line method over the estimated useful life of the asset 5 to 25 years for land improvements, 5 to 40 years for buildings, and 3 to 20 years for equipment Equipment under capital leases is amortized using the straight-line method over the shorter of the lease term or the estimated useful life of the equipment Such amortization is included in depreciation and amortization expense Interest costs incurred on borrowed funds during construction periods are capitalized as a component of the asset cost

SSMHC periodically evaluates property and equipment to determine whether assets may have been impaired The evaluations address the estimated recoverability of the assets' carrying value Such analyses require various valuation techniques using management assumptions, including estimates of future cash flows As a result, there is at least a reasonable possibility that recorded estimates of fair value and impairment will change by a material amount

Deferred Financing Costs — Deferred financing costs are amortized using the effective interest rate method over the term of the related obligation

Goodwill — Goodwill represents the excess of costs over the fair value of assets of businesses acquired Goodwill acquired in business combinations is not amortized, but instead is subject to impairment tests performed at least annually Goodwill is evaluated for possible impairment at the reporting unit level at least annually or whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable Goodwill is evaluated for possible impairment by comparing the fair value of a reporting unit with its carrying value, including the goodwill assigned to that reporting unit Fair value of a reporting unit is estimated using a combination of income-based and market-based

valuation methodologies Under the income approach, forecasted cash flows of a reporting unit are discounted to a present value using a discount rate commensurate with the risks of those cash flows Under the market approach, the fair value of a reporting unit is estimated based on the revenues and earnings multiples based on recent transactions involving comparable entities An impairment charge is recorded if the carrying value of the goodwill exceeds its implied fair value The determination of a reporting unit's fair value requires management to make significant assumptions regarding estimated future cash flows and long-term growth rates As a result, there is at least a reasonable possibility that recorded estimates of fair value and impairment will change

Intangibles — Intangible assets include capitalized computer software costs, tradenames, non-compete agreements and other intangible assets acquired from independent parties Intangible assets with a definite life are amortized on a straight-line basis, with estimated useful lives ranging from one to 20 years Amortization of intangibles is included in depreciation and amortization expense SSMHC reviews the carrying value of its amortizable intangible assets only when impairment indicators are present SSMHC evaluates intangible assets for impairment by comparing the estimates of undiscounted future cash flows to the carrying values of the related assets Indefinite-lived intangible assets are evaluated for possible impairment at least annually or whenever events or changes in circumstances indicate the asset might be impaired There were no impairments identified during 2013 or 2012

Software Costs — Capitalized computer software costs include internally developed software Costs incurred in developing and installing internal use software are expensed or capitalized depending on whether they are incurred in the preliminary project stage, application development stage, or post-implementation stage Capitalized software costs and related accumulated amortization expense are included in net intangible assets

Investments in Unconsolidated Entities — Investments in unconsolidated entities, other than limited partnerships and limited liability corporations in the pooled investment program, are accounted for under the cost or equity method of accounting, as appropriate SSMHC utilizes the equity method of accounting for its investments in unconsolidated entities over which it exercises significant influence SSMHC's equity income or loss on these investments is recorded as other revenue SSMHC evaluates these investments for other-than-temporary impairment in accordance with accounting standards for equity method investments

Unfunded Pension Liability — Unfunded pension liability represents the value of the projected benefit obligation of SSMHC's pension plans over the fair value of the plans' assets The pension plan obligations and plan assets are measured as of December 31 In 2013, SSMHC recorded $268,606 to decrease other liabilities and increase unrestricted net assets due to recognition of the change in the underfunded status of the plan The gain was a result of higher discount rates as well as strong investment returns In 2012, SSMHC recorded $22,969 to decrease other liabilities and increase unrestricted net assets due to recognition of the change in the underfunded status of the plan The gain was a result of plan amendments as described in Note 13 offset by the impact of the declining discount rate

Other Liabilities — Other liabilities include various deferred compensation plans, the fair value of interest rate swaps and various other noncurrent liabilities

Temporarily and Permanently Restricted Net Assets — Temporarily restricted net assets are those whose use by SSMHC has been limited by donors to a specific time period or purpose These assets are restricted for funding a specific program, capital projects, and other purposes Permanently restricted net assets have been restricted by donors to be maintained by SSMHC in perpetuity They are generally restricted to provide ongoing income for a specific program

Noncontrolling Interests — The consolidated financial statements include all assets, liabilities, revenue and expenses of less than 100% owned or controlled entities SSMHC controls in accordance with applicable accounting guidance Accordingly, SSMHC has reflected a noncontrolling interest for the portion of net assets not owned or controlled by SSMHC separately on the consolidated balance sheets

Net Patient Service Revenues — SSMHC recognizes net patient service revenue before provision for bad debt in the period in which services are provided SSMHC has agreements with payors that provide for payments at amounts different from established charges The basis for payment under these agreements includes prospectively determined rates, cost reimbursement, and negotiated discounts from established charges

Net patient service revenues are reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments due to future audits, reviews, and investigations The differences between the estimated and actual adjustments are recorded as part of net patient service revenues in future periods, as the amounts become known, or as years are no longer subject to such audits, reviews, and investigations

Premiums Earned — SSMHC receives capitation insurance premiums based on the demographic characteristics of covered members in exchange for providing comprehensive medical services for those members SSMHC recorded capitated revenues of $360,880 and $10,370 for the years ended December 31, 2013 and 2012, respectively Capitation revenues are included in premium revenues

Effective January 1, 2011, SSMHC and Dean Health Systems, Inc entered into a risk sharing arrangement for certain health care services provided to members of Dean Health Insurance, Inc (DHI) and Dean Health Plan, Inc (DHP) Under the risk sharing arrangement, a percentage of the DHI and DHP premiums are paid into various pools for which SSMHC assumes a portion of the risk Payments are made from the pools for certain covered services SSMHC receives disbursements from the pools for their share of the accumulated surplus or pays into the pools for their share of the accumulated deficit Total payments received during the eight month period ended August 31, 2013 and the year ended December 31, 2012 for services, net of accumulated deficits, were $105,693 and $133,612, respectively, which are included within net patient service revenues Payments received subsequent to August 31, 2013 were eliminated on consolidation

Medical Claims — Medical claims consist of payments to health care providers and are accrued as of the date of service and reported net of recoveries of $5,294 for the period from September 1, 2013 to December 31, 2013 Recoveries consist mainly of drug company volume discounts, Centers for Medicare and Medicaid Services (CMS) risk-sharing, and subsidies and reinsurance

Changes in estimates of claims costs resulting from an ongoing review process and differences between estimates and payments for claims are recognized in the period in which the estimates are changed or payments are made The liability for unpaid medical claims for medical services purchased, which is included in accounts payable, is based on known amounts of reported claims and an estimate of incurred but not reported claims using past experience adjusted for current trends

Investment Income — Most investment income is reported as nonoperating gains or losses Investment income on funds held in trust for self-insurance purposes, funds held for insurance and pharmacy benefit purposes, and unrestricted funds held by foundations is included in other operating revenue The cost of investments sold is based on the specific-identification method

Investment income on investments of donor-restricted funds, other than endowments, is included in excess of revenues over expenses unless the income or loss is restricted by donors Investment income

that is restricted by the donor is recorded directly to temporarily or permanently restricted net assets, in accordance with the donor-imposed restrictions

SSMHC values hedge funds, real estate investments, and partnership interests at fair value Gains and losses on these investments are included in nonoperating investment income unless it is restricted by donors

SSMHC classifies its debt and equity securities as trading securities Changes in the fair values of trading securities are recorded in the excess of revenues over expenses

The change in unrealized gains and losses on investments recorded as a change in unrestricted net assets includes the unrealized gains or losses related to investments available for sale at equity method investees

SSMHC reports investment income net of investment fees paid Investment fees totaled $10,603 and $10,464 for the years ended December 31, 2013 and 2012, respectively

Contributions — Contributions, including unconditional promises to give, are recognized at their fair value at the time of receipt For financial reporting purposes, SSMHC distinguishes between contributions that are unrestricted, temporarily restricted, or permanently restricted based on the restrictions placed on their use by the donors Contributions restricted for additions to property and equipment are recorded as temporarily restricted assets When the restrictions have been met, these temporarily restricted contributions are recorded as net assets released from restrictions for property acquisitions Contributions temporarily restricted for other purposes are reported as temporarily restricted contributions if the restrictions are not met in the same reporting period When such donor-imposed restrictions are met in subsequent reporting periods, they are reported as net assets released from restrictions and an increase to unrestricted net assets Contributions of assets that donors have stipulated must be maintained permanently, with only the income earned thereon available for use, are classified as permanently restricted assets Contributions for which donors have not stipulated restrictions are reported as other revenue

Endowment assets include donor-restricted funds that SSMHC must hold in perpetuity or for a donor-specified period SSMHC preserves the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary SSMHC classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and, if applicable, (c) accumulations to the permanent endowment made in accordance with specific donor instructions The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the SSMHC entity that received the donation SSMHC considers the following factors in making determinations to appropriate or accumulate donor-restricted endowment funds

a State law

b The duration and preservation of the fund

c The purposes of the donor-restricted endowment funds and how they relate to SSMHC's priorities for carrying out its mission within the communities it serves

d General economic conditions

e The possible effects of inflation and deflation

f The expected total return from income and the appreciation of investments

g Other resources available to the entity and its beneficiary, if applicable

h The investment policies of the entity

Electronic Health Record Incentives — Under certain provisions of the American Recovery and Reinvestment Act of 2009 (ARRA), federal incentive payments are available to hospitals, physicians and certain other professionals (Providers) when they adopt, implement or upgrade (AIU) certified electronic health record (EHR) technology or become "meaningful users," as defined under ARRA, of EHR technology in ways that demonstrate improved quality, safety and effectiveness of care Providers can become eligible for annual Medicare incentive payments by demonstrating meaningful use of EHR technology in each period over four periods Medicaid providers can receive their initial incentive payment by satisfying AIU criteria, but must demonstrate meaningful use of EHR technology in subsequent years in order to qualify for additional payments Hospitals may be eligible for both Medicare and Medicaid EHR incentive payments, however, physicians and other professionals may be eligible for either Medicare or Medicaid incentive payments, but not both Hospitals that are meaningful users under the Medicare EHR incentive payment program are deemed meaningful users under the Medicaid EHR incentive payment program and do not need to meet additional criteria imposed by a state Medicaid EHR incentive payments to Providers are 100% federally funded and administered by the states The Centers for Medicare and Medicaid Services (CMS) established calendar year 2011 as the first year states could offer EHR incentive payments Before a state may offer EHR incentive payments, the state must submit and CMS must approve the state's incentive plan

SSMHC recognizes Medicaid EHR incentive payments in its consolidated statements of operations for the first payment year when (1) CMS approves a state's EHR incentive plan, and (2) its hospital or employed physician acquires certified EHR Medicare and Medicaid EHR incentive payments for subsequent payment years are recognized in the period during which the specified meaningful use criteria are met SSMHC recognizes Medicare EHR incentive when (1) the specified meaningful use criteria are met, and (2) contingencies in estimating the amount of the incentive payments to be received are resolved During the years ended December 31, 2013 and 2012, certain of SSMHC's entities satisfied the CMS AIU and/or meaningful use criteria As a result, SSMHC recognized approximately $3,799 and $3,528 of Medicaid EHR incentive payments as other revenue for the years ended December 31, 2013 and 2012, respectively SSMHC's entities recognized $13,408 and $20,846 of Medicare EHR incentive payments as other revenue for the years ended December 31, 2013 and 2012, respectively

Performance Indicator — The consolidated statements of operations and changes in net assets include excess of revenues over expenses as SSMHC's performance indicator Changes in unrestricted net assets that are excluded from excess of revenues over expenses, consistent with industry practice, include changes in unrealized gains and losses on investments related to available for sale investments held by equity investees, permanent transfers of assets to and from affiliates for other than goods and services, contributions of long-lived assets (including assets acquired using contributions that by donor restriction were to be used for the purpose of acquiring such assets), and pension related changes other than net periodic pension cost

Consolidated Statements of Operations — For purpose of display, transactions deemed by management to be ongoing, major, or central to the provision of health care and related services are

reported as operating revenue and expenses Peripheral or incidental transactions are reported as nonoperating gains and losses

Advertising Costs — SSMHC expenses advertising costs as they are incurred Advertising expenses were $13,110 and $10,749 for the years ended December 31, 2013 and 2012, respectively, and are included in professional fees and other

Income Taxes — SSMHC has established its status as an organization exempt from income taxes under IRC Section 501(c)(3) and the laws of the states in which it operates, and as such, is generally not subject to federal or state income taxes However, SSMHC is subject to income taxes on net income derived from a trade or business, regularly carried on, which does not further the organization's exempt purpose SSMHC is also subject to income tax on debt-financed investment income derived from various investments No significant income tax provisions have been recorded in the financial statements for net income, if any, derived from any unrelated business or investment income as management has determined that such amounts are not material to the consolidated financial statements taken as a whole

SSMHC's for-profit subsidiaries account for income taxes related to their operations The for-profit subsidiaries recognize deferred tax assets and liabilities for temporary differences between the financial reporting basis and the tax basis of their assets and liabilities along with net operating losses that meet the more likely than not recognition criteria Changes in recognition or measurement are reflected in the period in which the change in judgment occurs Penalties and interest incurred on income tax liabilities are included in income tax expense

SSMHC evaluates its uncertain tax positions on an annual basis A tax benefit from an uncertain tax position may be recognized when it is more likely than not that the position will be sustained upon examination, including resolutions of any related appeals or litigation processes, based on the technical merits There have been no uncertain tax positions recorded in 2013 or 2012

Use of Estimates — The preparation of the consolidated financial statements in conformity with U S generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements Estimates also affect the reported amounts of revenues and expenses during the reporting period Actual results could differ from those estimates

Non-Cash Transactions — During the years ended December 31, 2013 and 2012, SSMHC had the following non-cash transactions

	2013	2012
Collateral received under securities lending program	$10,157	$22,300
Property and equipment purchases included in accounts payable	12,367	19,618
Acquisition of health care entities included in accounts payable	4,762	-
Investment in unconsolidated entities included in long-term debt	-	8,648
Acquisition of hospital and health care entities	42,690	-

New Accounting Pronouncements — In February 2013, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No 2013-04, *Liabilities (Topic 405), Obligations Resulting from Joint and Several Liability Arrangements for Which the Total Amount of the Obligation is Fixed at the Reporting Date* (ASU 2013-04) ASU 2013-04 requires SSMHC to measure obligations resulting from joint and several liability arrangements for which the total amount of the obligation is fixed at the reporting date as the sum of the amount SSMHC agreed to pay on the basis of its

arrangement amount the co-obligors and any additional amount that SSMHC expects to pay on behalf of its co-obligors ASU 2013-04 is effective for SSMHC as of January 1, 2014, and is not expected to have a material impact on SSMHC's consolidated financial statements

In January 2013, the FASB issued ASU No 2013-01, *Balance Sheet (Topic 210), Clarifying the Scope of Disclosures about Offsetting Assets and Liabilities*, (ASU 2013-01) to address implementation issues about the scope of ASU 2011-11 (*Balance Sheet (Topic 210), Disclosures about Offsetting Assets and Liabilities*) The amendments clarify the scope applies to certain derivatives, repurchase agreements and reverse repurchase agreements, and securities borrowing and securities lending transactions that are either offset or subject to an enforceable master netting arrangement or similar agreement The adoption of ASU 2013-01 was effective for fiscal years beginning on or after January 1, 2013 and resulted in additional disclosures at Note 17

In October 2012, FASB issued ASU No 2012-05, *Statement of Cash Flows (Topic230), Not-for-Profit Entities Classification of the Sale Proceeds of Donated Financial Assets in the Statement of Cash Flows* (ASU 2012-05) to address diversity in practice about how to classify cash receipts arising from the sale of certain donated financial assets, such as securities, in the statement of cash flows of not-for-profit entities The adoption of ASU 2012-05 was effective prospectively for SSMHC as of January 1, 2013 and did not have a material impact on SSMHC's consolidated financial statements

In July 2012, the FASB issued ASU 2012-02, *Intangibles – Goodwill and Other (Topic 350), Testing Indefinite-Lived Intangible Assets for Impairment*, (ASU 2012-02) which permits an entity to first assess qualitative factors to determine whether it is more likely than not that an indefinite-lived intangible asset is impaired as a basis for determining whether it is necessary to perform the quantitative impairment test as described in Topic 350 The adoption of ASU 2012-02 was effective for SSMHC as of January 1, 2013, and did not have a material impact on SSMHC's consolidated financial statements

In July 2011, FASB issued ASU No 2011-06, *Other Expenses (Topic 720), Fees Paid to the Federal Government by Health Insurers* (ASU 2011-06) which provides guidance regarding how health insurers should recognize and classify fees mandated by the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010 (collectively, Health Insurance Reform Legislation) The Health Insurance Reform Legislation imposes a nondeductible annual fee on health insurers for each calendar year beginning on January 1, 2014 ASU 2011-06 requires that the liability for the fee should be estimated and recorded in full once SSMHC provides qualifying insurance coverage in the applicable calendar year in which the fee is payable, with a corresponding deferred cost that is amortized to expense over the calendar year ASU 2011-06 is effective for SSMHC as of January 1, 2014

Change in Presentation — Effective January 1, 2013, SSMHC reclassified net software acquisition costs to intangibles on the consolidated balance sheets This change did not have a material impact on SSMHC's consolidated financial statements other than the reclassification of net software costs totaling $51,515 from plant and equipment – net to intangibles – net for the year ended December 31, 2012

Effective September 1, 2013, SSMHC reported premiums earned in the consolidated statement of operations and changes in net assets This change did not have a material impact on SSMHC's consolidated financial statements other than the reclassification of premiums earned totaling $10,370 from net patient service revenue to premiums earned for the year ended December 31, 2012

3. UNCOMPENSATED CARE

In line with its mission, SSMHC provides services to patients without regard to their ability to pay for those services For some of its patient services, SSMHC receives no payment or payment that is less than the full cost of providing the services

SSMHC voluntarily provides free care to patients who are unable to pay for all or part of their health care expenses as determined by SSMHC's criteria for financial assistance Because SSMHC does not pursue collection of amounts determined to qualify as charity care, they are not reported as patient service revenues

In some cases, SSMHC does not receive the amount billed for patient services even though it did not receive information necessary to determine if the patients met the criteria for financial assistance

The estimated cost of charity care and the cost of doubtful accounts are as follows The estimated costs are calculated using the costs of providing patient care divided by gross patient service revenue This ratio is then multiplied by the gross charity and doubtful charges to determine estimated costs

	2013	2012
Cost of charity care	$92,871	$95,484
Cost of doubtful accounts	86,340	69,954

SSMHC also commits significant time and resources to activities and critical services that address unmet community needs Many of these activities are sponsored with the knowledge that they will not be self-supporting or financially viable Such programs include health screenings and assessments, prenatal education and care, hospice, support for residences for homeless persons, trauma care, community health education and various support groups

4. NET PATIENT SERVICE REVENUES

A significant portion of SSMHC's revenue is generated under agreements with Medicare and Medicaid Payments for services covered by Medicare are based on federal regulations specific to the type of service provided Medicare pays for most services at a prospective rate Hospital facilities that meet certain requirements receive additional funds in partial payment for the cost of medical education and caring for the indigent The rates for services covered by Medicaid are determined by the regulations of the state in which the beneficiary is a resident Medicare and Medicaid regulations are complex and subject to interpretation As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount

SSMHC has an estimation process for recording Medicare net patient service revenue and estimated cost report settlements Accruals are recorded to reflect the expected final cost report settlements Accruals are based upon filed cost reports or an estimate of what is expected to be reported on cost reports not yet filed

In addition, SSMHC has negotiated contracts with certain other third-party payors Revenues under these contracts are based primarily on payment terms involving predetermined rates per diagnosis, per-diem rates, discounted fee-for-service rates and other similar contractual arrangements SSMHC estimates the discounts for contractual allowances at the individual hospital level utilizing billing data on an individual patient basis On a monthly basis, an estimate is made of the expected reimbursement for patients of managed care plans based on the applicable contract terms

SSMHC provides discounts on charges for hospital services to all patients without insurance and who do not receive their health care services under Medicare, Medicaid or a public aid program The discount varies by geographical location, primarily based on the discounts negotiated with SSMHC private third-party payors in that location The total discounts provided to uninsured patients under this policy were $214,638 and $205,362 for the years ended December 31, 2013 and 2012, respectively, and are included as a reduction in net patient service revenues If it is determined that an uninsured patient is eligible for a charity discount for hospital services, the charity discount will be taken after the discount for uninsured patients has been applied

SSMHC participates in assessment programs in the four states in which it operates For the year ended December 31, 2013, SSMHC recognized $187,907 in revenue and $137,466 in expenses relating to these programs For the year ended December 31, 2012, SSMHC recognized $191,375 in revenue and $136,319 in expenses relating to these programs The revenue is included in net patient service revenues and the expenses are included in professional fees and other expenses

The table below shows the sources of net patient service revenue before provision for bad debt

	2013	2012
Medicare	$ 895,907	$ 907,218
Medicaid	446,431	479,091
Managed Care	1,561,920	1,501,064
Other	412,893	331,404
Net patient service revenue before provision for bad debt	$3,317,151	$3,218,777

A summary of SSMHC's Medicare, Medicaid and managed care utilization percentages, based upon gross patient service revenues was as follows

	2013	2012
Medicare	34 %	33 %
Medicaid	12	12
Managed Care	42	45

In 2013 and 2012, net patient service revenues (decreased) increased by ($66,806) and $32,466, respectively, relating to changes in estimates for prior years' settlements from Medicare, Medicaid and other programs Of the 2013 decrease, $61,244 was based upon an adverse ruling rendered by CMS During a periodic cost report audit performed by the Medicare intermediary in Oklahoma, the intermediary identified potential issues with the calculation of the disproportionate share hospital (DSH) payments paid to SSMHC's Oklahoma facility The specific issue identified was whether the care furnished for children and adolescents in an adolescent psychiatric program at SSMHC's Oklahoma facility is similar in acuity to services that are usually paid for under Medicare's inpatient hospital prospective payment system As of December 31, 2013, CMS rendered a ruling for full repayment of the DSH payments received and recognized as revenue attributable to the adolescent psychiatric program for the year ended December 31, 2006 Management anticipates that this ruling will be applied to the remainder of the period 2004 – 2013 As a result, SSMHC has recorded a liability for full repayment for this period, of which $61,244 related to prior years In 2012, net patient service revenues increased by

$24,236 in settlement of an appeal with CMS related to underpayments that occurred between 1998 and 2011 as a result of errors in the Medicare inpatient wage index calculation

5. CONCENTRATION OF CREDIT RISK

SSMHC provides health care services through its inpatient and outpatient care facilities located in their respective communities SSMHC attempts to collect amounts due from patients, including co-payments and deductibles for patients with insurance, at the time of service while complying with all federal and state laws and regulations, including the Emergency Medical Treatment and Active Labor Act (EMTALA) Generally, as required by EMTALA, patients may not be denied emergency treatment due to the inability to pay In non-emergency circumstances or for elective procedures, SSMHC's policy is to verify insurance prior to treatment, however, exceptions can occur SSMHC generally does not require collateral or other security in extending credit to patients, however, it routinely obtains assignment of (or is otherwise entitled to receive) patients' benefits payable under their health insurance programs, plans or policies (e g , Medicare, Medicaid, health maintenance organizations, and commercial insurance policies)

SSMHC records an allowance for uncollectible accounts by establishing an allowance to reduce the carrying value of receivables to their estimated net realizable value This allowance is calculated on an individual hospital basis and is based upon the aging of accounts receivable by payor class, historical collection experience and other relevant factors SSMHC has not changed its charity care, allowance for uncollectible accounts or uninsured discount policies during the years ended December 31, 2013 and 2012 The allowance for uncollectible accounts increased $25,028 from $120,927 at December 31, 2012 to $145,955 at December 31, 2013 Of this increase, $4,524 was attributable to the acquisition of DHS entities The remainder of the increase was primarily due to increased volumes of self-pay patients as well as co-payments and deductibles for patients with insurance

The mix of net receivables from patients and third-party payors as of December 31, 2013 and 2012, was as follows

	2013	2012
Medicare	22 %	26 %
Medicaid	11	15
Managed Care	40	43
Other	27	16
	100 %	100 %

Cash Concentrations — SSMHC has cash and cash equivalents deposited in financial institutions in which the balances exceed the Federal Deposit Insurance Corporation (FDIC) insured limit of $250 No losses have been incurred to date, and management believes SSMHC is not exposed to any significant credit risk

6. ASSETS LIMITED AS TO USE OR RESTRICTED

The SSMHC Board of Directors has designated the accumulation of certain funds for future replacement of property and equipment, other capital improvements, debt retirement, medical insurance claims, and other purposes Additionally, under the terms of the indentures for various bond issues, funds held by trustees have been established and legally designated for debt service

The collateral held for the securities loaned and related payable of equal value at December 31, 2013 and 2012, were $207,345 and $197,188, respectively

The securities on loan are included in the following classifications

	2013	2012
Equity securities	$ 91,238	$ 39,700
Government securities	97,955	133,306
Corporate obligations	13,970	20,704
Total	$203,163	$193,710

SSMHC recorded net investment income of $571 and $1,225 on these transactions for the years ended December 31, 2013 and 2012, respectively Net investment income represents the amount received as investment income on the securities received as collateral, offset by the fees paid to the various brokers and the investment earnings on the securities loaned to the brokers

7. FAIR VALUE MEASUREMENTS

SSMHC defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity In addition, the fair value of liabilities should include consideration of non-performance risk including SSMHC's own credit risk

The fair values of all assets and liabilities recognized or disclosed at fair value are classified based on the lowest level significant inputs SSMHC used the following methods to determine fair value

Level 1 — Quoted prices (unadjusted) in active markets for identical assets or liabilities that SSMHC has the ability to access on the report date

Level 2 — Inputs (financial matrices, models, valuation techniques) other than quoted market prices included in Level 1, that are observable for the asset or liability, either directly or indirectly If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability Such observable inputs include benchmarking prices for similar assets in active, liquid markets, quoted prices in markets that are not active and observable yields and spreads in the market SSMHC's Level 2 assets and liabilities include investment securities with quoted prices

that are traded less frequently than exchange-traded instruments and derivative contracts whose values are determined using market standard valuation techniques This category primarily includes corporate obligations and government securities, among others Level 2 valuations are generally obtained from third party pricing services for identical or comparable assets or liabilities Prices from services are validated through analytical reviews and assessment of current market activity Interest rate swaps are valued using discounted future cash flows

Level 3 — Inputs (such as professional appraisals, quoted prices from inactive markets that require adjustment based on significant assumptions or data that is not current, data from independent sources) that are unobservable for the asset or liability SSMHC holds investments in real estate funds, hedge funds, and partnership interests The real estate funds invest in real estate investment trusts and commercial real estate, diversified by geographical location and use The hedge funds invest in funds that hold various types of debt and equity securities

For the years ended December 31, 2013 and 2012, a majority of the hedge funds, real estate investments, and partnership interests are recorded at the net asset value (NAV), which is the estimated fair value of the investments

Following is a summary of assets and liabilities measured at fair value on a recurring basis by the level of significant input

It is SSMHC's policy that transfers between levels will occur when revised information regarding the lowest level of significant inputs becomes available There were no transfers between levels during 2013 or 2012

Changes related to the fair values based on Level 3 inputs for the years ended December 31, 2013 and 2012, are summarized as follows

	2013	2012
Assets		
Beginning balance	$ 313,883	$332,810

Purchases	441,389	15,696
Sales	(442,302)	(50,634)
Ending balance	$ 338,296	$313,883

Unrealized gains on Level 3 investments were $2,439 and $15,249 for 2013 and 2012, respectively, and are recorded as nonoperating investment income

The hedge funds, real estate investments, and partnership interests are redeemable at NAV under the original terms of the agreements However, it is possible that these redemption rights may be restricted or eliminated by the funds in the future in accordance with the underlying fund agreements Due to the nature of the investments held by the funds, changes in market conditions and the economic

environment may significantly impact the net asset value of the funds and, consequently, the fair value of SSMHC's interests in the funds Although a secondary market exists for these investments, it is not active and individual transactions are typically not observable When transactions do occur in this limited secondary market, they may occur at discounts to the reported net asset value It is therefore reasonably possible that if SSMHC were to sell these investments in the secondary market a buyer may require a discount to the reported net asset value, and the discount could be significant As such, SSMHC has classified these as Level 3 investments In addition, the unfunded commitments to these funds are $5,823 and $8,830 at December 31, 2013 and 2012, respectively Assets recorded at NAV at December 31, 2013, are as follows

December 31, 2013	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if Currently Eligible)**	**Redemption Notice Period**

It is SSMHC's policy that transfers between levels will occur when revised information regarding the lowest level of significant inputs becomes available There were no transfers between levels in 2013 or 2012

Changes related to the fair values based on Level 3 inputs, are summarized as follows

	2013	2012
Beginning balance	$244,058	$215,838
Actual return on plan assets — realized	18,314	544
Actual return on plan assets — unrealized	1,942	10,901
Purchases, sales, and settlements — net	20,051	16,775
Ending balance	$284,365	$244,058

Unrealized gains on Level 3 investments were $1,942 and $10,901 for 2013 and 2012, respectively

The hedge funds and real estate investments are redeemable at NAV under the original terms of the agreements However, it is possible that these redemption rights may be restricted or eliminated by the funds in the future in accordance with the underlying fund agreements Due to the nature of the investments held by the funds, changes in market conditions and the economic environment may significantly impact the net asset value of the funds and, consequently, the fair value of SSMHC's interests in the funds Although a secondary market exists for these investments, it is not active and individual transactions are typically not observable When transactions do occur in this limited secondary market, they may occur at discounts to the reported net asset value It is therefore reasonably possible that if SSMHC were to sell these investments in the secondary market a buyer may require a discount to the reported net asset value, and the discount could be significant As such, SSMHC has classified these as Level 3 investments In addition, the unfunded commitments to these funds are $5,163 and $7,345 at December 31, 2013 and 2012, respectively Assets recorded at NAV at December 31, 2013, are as follows

December 31, 2013	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if Currently Eligible)**	**Redemption Notice Period**
Hedge funds (a)	$165,267	$ -	Quarterly	30–100 days
Real estate investments (b)	119,098	5,163		
Total	$284,365	$5,163		

December 31, 2012	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if Currently Eligible)**	**Redemption Notice Period**
Hedge funds (a)	$143,066	$ -	Quarterly	30–100 days
Real estate investments (b)	100,992	7,345		
Total	$244,058	$7,345		

(a) This category includes investments in hedge funds that maintain positions both long and short in equity and equity derivative securities A wide variety of investment processes can be employed to arrive at an investment decision, including both quantitative and fundamental techniques, and the

managers can maintain net long or net short exposure levels based on market views The strategy designs a diversified portfolio of managers and strategies with the objective of significantly lowering the risk and volatility of investing with an individual manager

(b) This category includes investments in real estate funds that invest in the following underperforming and distressed real estate assets at well below potential replacement cost and which create significant value-added upside through extensive repositioning and capital improvements, distressed real estate and real estate-related debt, companies, securities, and other assets, high quality properties in major metropolitan areas, participating mortgages secured by core real estate properties Investments in real estate are valued based upon independent appraisals using a cost approach, market approach or income approach as well as consideration of other third party evidence

Defined Contribution Plans — SSMHC also sponsors defined contribution plans covering employees (excluding DHS employees) who participate in the voluntary tax deferred annuity program and who meet age and service requirements SSMHC's contributions to these plans are based on a percentage of employee compensation or employee contributions Defined contribution pension expense for these plans was $11,551 and $10,684 for 2013 and 2012, respectively, and is included in salaries and benefits

DHS and its subsidiaries sponsor several defined contribution plans covering substantially all employees of DHS Total contributions to these plans for the period from September 1, 2013 to December 31, 2013 was $3,067 which is included in salaries and benefits

14. SELF-INSURANCE

Professional and General Liability Insurance — A majority of the members of SSMHC (excluding DHS) participate in the SSMHC Liability Trust I or SSMHC Liability Trust II (Trusts) Both Trusts are revocable grantor trusts These Trusts, which cover primary limits of professional and general liability, require annual contributions by participating entities at actuarially determined amounts All professional and general liability claims and workers' compensation claims are paid from the Trusts subject to certain liability limitations

SSMHC's underlying self-insured retention for professional liability claims is as follows

	January 1, 2012 to December 31, 2013
Per occurrence limits — Missouri, Oklahoma, and Illinois	$5,000
Annual aggregate	None

SSMHC's hospitals and physicians located in Wisconsin are qualified healthcare providers as defined by Wisconsin state statutes regarding professional liability coverage and participate in the State of Wisconsin Injured Patients and Families Compensation Fund (PCF) As defined by Wisconsin state statute, these hospitals and physicians have separate professional liability limits of $1,000 per claim and $3,000 annual aggregate applied to each qualified provider Losses in excess of these amounts are fully covered through mandatory participation in the PCF SSMHC is commercially insured up to these limits for these hospitals and physicians

SSMHC's underlying self-insured retention for general liability claims is as follows

	January 1, 2012 to December 31, 2013
Per occurrence limits — Missouri, Oklahoma, Wisconsin and Illinois	$3,000
Annual aggregate	None

SSMHC maintains reinsurance through a wholly owned captive for professional and general liability claims exceeding the underlying self-insured retention As of December 31, 2013, the reinsurance provides coverage up to the limits in the following table The sublimits that apply are part of and not in addition to the overall policy aggregate limits

	All Locations
Each loss event	$ 135,000
Annual aggregate, per location	135,000
Annual aggregate all locations	160,000

The estimated professional and general liability obligation is recorded in the consolidated financial statements at the present value of future cash payments for both asserted and unasserted claims, using a discount rate of 3 0% at December 31, 2013 and 2012 The liability for self-insured reserves represents estimates of the ultimate net cost of all losses and related expenses, which are incurred but not paid at the balance sheet date based on an actuarial valuation This estimated obligation is $67,106 and $77,520 at December 31, 2013 and 2012, respectively, of which $18,095 and $17,754 is recorded in accounts payable and accrued liabilities at December 31, 2013 and 2012, respectively

The accumulated assets of the Trusts are not available to participating members except to pay covered professional liability claims or to reduce future contributions when warranted by claims experience In the event the Trusts are ever depleted, the participating members would be required to fund deficiencies based on future actuarial determinations

DHS retains deductible levels with respect to its professional liability program For professional liability claims reported on or after July 1, 2004, the per-occurrence deductible level is $1,000 per defendant, and the annual aggregate deductible level is $3,000 DHS is contractually obligated to reimburse its insurance carriers for all claims paid under the professional liability policies The PCF also provides unlimited insurance limits for amounts in excess of the deductibles At December 31, 2013, DHS recognized a liability of $9,500, of which $1,662 is recorded in accounts payable and accrued expenses at December 31, 2013

Workers' Compensation — A majority of the members of SSMHC participate in SSMHC's centralized self-insured workers' compensation program Claims in excess of certain liability limitations are covered by commercial insurance The estimated workers' compensation liability obligation is actuarially determined and recorded in the consolidated financial statements at the present value of future cash payments for both asserted and unasserted claims, using a discount rate of 1 0% at December 31, 2013 and 2012 DHS maintains a fully insured workers' compensation program through commercial insurance

Employee Health Insurance — A majority of the members of SSMHC participate in the SSM Employee Health Care Plan (the "HC Plan") Each participating member funds an actuarially determined amount for payment of covered benefits and related expenses, which are subject to certain

limitations Claims paid by the HC Plan are included in salaries and benefits expense and include claims paid by the HC Plan to SSMHC entities were $67,617 and $62,119 for the years ended December 31, 2013 and 2012, respectively DHS members are fully insured under DHP

15. ASSET RETIREMENT OBLIGATIONS

SSMHC has recorded conditional asset retirement obligations and capitalized retirement costs related to the estimated cost of removing asbestos from its facilities Federal and state regulations require the removal of asbestos when a building is demolished or, at a minimum, encapsulation of the asbestos when it would be exposed during renovation The obligation is included in other liabilities, and the capitalized costs are included in property and equipment The following summarizes the asset retirement obligations at December 31, 2013 and 2012

	2013	2012
Balance — beginning of the period	$ 9,947	$ 10,152
Retirements	(1,223)	(703)
Additions	524	169
Accretion expense	306	329
Balance — end of the period	$ 9,554	$ 9,947

16. ENDOWMENTS

Endowments consist of approximately 50 individual funds established for a variety of purposes They include both donor-restricted endowment funds and funds designated by the boards of trustees or governors of its 15 foundations to function as endowments (board-designated endowment funds) Net assets associated with endowment funds, including board-designated funds, are classified and reported based on the existence or absence of donor-imposed restrictions and the nature of the restrictions, if any

Endowment net assets — end of year	$ 15,606	$ 7,460	$ 19,000	$ 42,066

Transfers in (out) include a reclassification of permanently restricted endowment earnings and new endowments acquired through acquisitions

Funds with Deficiencies — From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or current law requires SSMHC to retain as a fund of perpetual duration In accordance with accounting principles generally accepted in the United States of America, deficiencies of this nature are reported in unrestricted net assets There were no such deficiencies as of December 31, 2013 and 2012

Return Objectives and Risk Parameters — SSMHC has investment and spending practices for endowment assets that intend to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets Endowment assets include those assets of donor-restricted funds that SSMHC must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds The policy allows the endowment assets to be invested in a manner that is intended to produce results that exceed the price and yield results of the allocation index while assuming a moderate level of investment risk SSMHC expects its endowment funds to provide a rate of return that preserves the gift and generates earnings to achieve the endowment purpose

Strategies Employed for Achieving Objectives — To satisfy its long-term rate-of-return objectives, SSMHC relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and interest and dividend income SSMHC uses a diversified asset allocation to achieve its long-term return objectives within prudent risk constraints to preserve capital

Spending Policy and how the Investment Objectives Relate to Spending Policy — SSMHC has a practice of distributing the major portion of current year earnings on the endowment funds, if the restrictions have been met Some of the donor-restricted endowments require a portion of the earnings to increase the corpus of the endowment This is consistent with the organization's objective to maintain the purchasing power of the endowment assets held in perpetuity as well as to provide additional real growth through new gifts and investment return

17. BALANCE SHEET OFFSETTING

SSMHC's interest rate swap agreements allow for net settlements of payment in the normal course as well as offsetting of all contracts with a given counterparty in the event of default or bankruptcy of one of the two parties of the transaction As of December 31, 2013 and 2012, there was no collateral posted for the interest rate swaps In addition, SSMHC's security lending agreement allows for the sale of the collateral to settle securities lending activities should a deficit arise

The net presentation of SSMHC's financial instruments subject to rights of offset are summarized as follows

Description	Gross Amounts of Recognized Liabilities	Gross Amounts Offset in the Consolidated Balance Sheets	Net Amounts Presented in the Consolidated Balance Sheets	Gross Amounts Not Offset in the Consolidated Balance Sheets	Net Amount

20. FUNCTIONAL EXPENSES

SSMHC provides general health care services to residents within its geographic locations Expenses related to providing these services are as follows

	2013	2012
Health care services	$3,586,442	$3,054,404
General and administrative	292,708	205,336
Fundraising	9,809	9,249
Total expenses	$3,888,959	$3,268,989

21. COMMITMENTS AND CONTINGENT LIABILITIES

Leases for property and equipment that do not meet the criteria for capitalization are classified as operating leases with related rentals charged to operating expense on a straight-line basis over the term of the lease

The following is a schedule of future minimum lease payments under operating leases as of December 31, 2013, that have initial or remaining lease terms in excess of one year

2014	$ 46,249
2015	40,874
2016	33,122
2017	26,071
2018	20,822
Thereafter	38,716
Total minimum lease payments	$205,854

Total rental expense was approximately $51,208 and $46,083 in 2013 and 2012, respectively

SSMHC has outstanding letters of credit of $15,419 and $12,605 at December 31, 2013 and 2012, respectively There were no outstanding draws on these letters of credit

At December 31, 2013, SSMHC has entered into construction projects for new facilities and capital improvements to existing facilities The commitments for these projects totaled approximately $232,398 As of December 31, 2013, SSMHC has unmet commitments of approximately $143,322, which will be financed with board-designated assets, project funds or cash generated from operations Of this amount, $15,000 will be reimbursed by a third party upon payment

As part of acquisition agreements in Wisconsin and Missouri, SSMHC has committed an additional $80,000 for facility improvements to be paid out from 2014 to 2018

SSMHCC has guaranteed that certain lease payments will be made by some of its equity investments The amount of future lease payments guaranteed by SSMHCC totaled $78 and $109 at December 31, 2013 and 2012, respectively In addition, SSMHC has entered into certain other income guarantees with outside entities to be paid out from 2014 through 2018 which totaled $95,250 at December 31, 2013

Certain of SSMHC's hospitals are part of a nationwide investigation to determine if implantable cardioverter defibrillator (ICD) procedures from 2002 to 2010 complied with Medicare coverage requirements In August 2012, the Department of Justice (DOJ) released the patient conditions and criteria for the medical necessity of the implantation of ICDs in Medicare beneficiaries and how the DOJ will enforce the repayment obligations of hospitals As of December 31, 2013, management has established a reserve of $5,700 to reflect the current estimate of probable liability

SSMHC is involved in litigation and regulatory investigations arising in the normal course of business After consultation with legal counsel, it is management's opinion that these matters will be resolved without a material adverse effect on SSMHC's consolidated financial position or consolidated results of operations

22. SUBSEQUENT EVENTS

For the year ended December 31, 2013, SSMHC has evaluated subsequent events for potential recognition and disclosure through April 9, 2014, the date the financial statements were available for issuance
