### Schedule of Realized Gains and Losses

This section includes a summary of the short-term or long-term gain or loss from the sale of selected securities in this account. "Short-term" refers to securities held for one year or less; "long-term" refers to securities held more than one year. RBC provides the following Schedule of Realized Gains and Losses as a service to its clients; the information may not be accurate for tax reporting or other purposes and may rely on information, such as the original cost basis for a security, that you or another source at your direction provided to RBC. Cost basis information may reflect a change in the value of certain fixed income and other securities that return or amortize principal over time. In the case of bonds purchased at a premium, cost basis information may be amortized. In addition, cost basis information may reflect accretion for zero coupon and OID bonds.
