Nearly all have been exported from ACG with formal government export permits, with the consent of the Costa Rican government, for donation to various national or international biodiversity institutions for use in research, education, and exhibitions. None have been sold or are destined for sale. The approximately 13,500 hectares of land acquired by GDFCF are held as a collection intended for public exhibition, education, and/or research in furtherance of public service. The lands are protected, kept unencumbered, cared for, and preserved.
