Independent Auditors' Report

To the Board of Directors of Speare Memorial Hospital and Subsidiaries:

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Speare Memorial Hospital (a New Hampshire not-for-profit corporation) and Subsidiaries, which comprise the consolidated statements of financial position as of June 30, 2014 and 2013, and the related consolidated statements of operations and changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Speare Memorial Hospital and Subsidiaries as of June 30, 2014 and 2013, and the consolidated changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating schedules on pages 33-38 are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Supplemental Disclosure of Noncash Transactions

During 2013, the Organization issued \$21,100,000 of tax-exempt revenue bonds (Series 2012) (see Note 16). The Series 2012 bonds were issued in order to pay off the Organization's existing Series 2010 tax-exempt revenue bond obligation (Series 2010) totaling \$3,710,435 and provide advance-refunding for the Organization's existing Series 2004 tax-exempt revenue bond obligation (Series 2004) totaling \$12,005,000. The advance-refunding of the Series 2010 bond obligation represents in-substance defeasance as of June 30, 2013. The Organization recognized a loss on early extinguishment of bond totaling \$1,973,354, representing prepaid interest required as a component of the advance-refunding agreement totaling \$1,698,202, as well as the unamortized value of both the Series 2010 and Series 2004 bond issuance fees totaling \$275,152. Bond issuance fees incurred and capitalized as a result of the Series 2012 issuance totaled \$204,601 and are carried net of amortization as a component of other intangibles in the 2013 statement of financial position. Accrued and unpaid interest expense as of the date of issuance totaled \$293,592 and was satisfied through the utilization of existing Series 2004 bond escrow funds. Net proceeds from the Series 2012 issuance totaled \$4,572,156.

During 2014, the Organization transferred land and a building located in Bristol, New Hampshire to assets held for sale with a net carrying value of \$216,860.

Notes to Consolidated Financial Statements

As of and for the Years Ended June 30, 2014 and 2013

1. Summary of Significant Accounting Policies:

Organization

Speare Memorial Hospital (the Organization) provides medical services on an inpatient, outpatient and physician basis. The Organization is a provider of health services with facilities in Plymouth, New Hampshire. The Organization grants credit to patients, substantially all of whom are local residents. Effective May 1, 2005, the Organization was designated as a critical access hospital (see Note 8). The statements also include:

Speare Health Venture, Inc (SHV) formerly Plymouth Hospital Professional Building (PHPB), the Organization's wholly-owned subsidiary, which holds a 50% equity interest in a joint venture, Plymouth Regional Rehabilitation Services, LLC (see Note 5).

Speare Health Network (SHN), the Organization's 50% owned subsidiary, which is a physician/hospital organization.

Speare Memorial at Boulder Point, Inc (SMBP), the Organization's wholly-owned subsidiary, which provides professional rental space to the Organization in Plymouth, New Hampshire

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Organization and its subsidiaries, SMBP, SHV and SHN. All significant intercompany transactions have been eliminated in consolidation.

Community Care

The Organization provides care to patients who meet certain criteria under its community care policy without charge or at amounts less than its established rates. Because the Organization does not pursue collection of amounts determined to qualify as community care, they are not reported as revenue

Basis of Statement Presentation

The accompanying financial statements, which are presented on the accrual basis of accounting, have been prepared consistent with the American Institute of Certified Public Accountants *Audit and Accounting Guide, Health Care Organizations* (Audit Guide). In accordance with the provisions of the Audit Guide, net assets and revenue, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, unrestricted net assets are amounts not subject to donor-imposed stipulations and are available for operations. Temporarily restricted net assets are those whose use has been limited by donors to a specific time period or purpose and, generally, the net accumulated earnings on permanently restricted endowment funds. Permanently restricted net assets have been restricted by donors to be maintained in perpetuity.

Excess of Revenue and Gains over Expenses

The statements of operations include excess of revenues and gains over expenses. Changes in unrestricted net assets which are excluded from excess of revenues and gains over expenses, consistent with industry practice, include permanent transfers of assets to and from affiliates for other than goods and services and contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets).

Notes to Consolidated Financial Statements

As of and for the Years Ended June 30, 2014 and 2013

1. Summary of Significant Accounting Policies (continued):

Assets Limited as to Use

Assets limited as to use include assets set aside by the Board of Directors for future capital improvements and long-term investment purposes, over which the Board retains control and may at its discretion subsequently use for other purposes. In addition, assets limited as to use also include investments externally designated under indenture or donor restriction.

Goodwill Impairment

The Organization evaluates the carrying value of goodwill periodically throughout the year or when events occur or circumstances change that would more likely than not reduce the fair value of the reporting unit below its carrying amount Such circumstances could include, but are not limited to.

- i. A significant adverse change in legal factors or in business climate
- ii. Unanticipated competition, or
- iii. An adverse action or assessment by a regulator

When evaluating whether goodwill is impaired, the Organization compares the fair value of the reporting unit to which the goodwill is assigned to the reporting unit's carrying amount, including goodwill. The fair value of the reporting unit is estimated using a combination of the income, or discounted cash flows, approach and the market approach, which utilizes comparable companies' data. If the carrying amount of the reporting unit exceeds its fair value, then the amount of the impairment loss must be measured. The impairment loss would be calculated by comparing the implied fair value of the reporting unit goodwill to its carrying amount. An impairment loss would be recognized when the carrying amount of goodwill exceeds its implied fair value. The Organization's evaluation of goodwill completed during the year resulted in no impairment losses.

Intangible Asset Impairment

The Organization evaluates the recoverability of identifiable intangible assets whenever events or changes in circumstances indicate that an intangible asset's carrying amount may not be recoverable. Such circumstances could include, but are not limited to

- i. A significant decrease in market value of an asset
- ii. A significant adverse change in the extent or manner in which an asset is used, or
- iii. An accumulation of costs significantly in excess of the amount originally expected for the acquisition of an asset

The Organization measures the carrying amount of the asset against the estimated undiscounted future cash flows associated with it. Should the sum of the expected future net cash flows be less than the carrying value of the asset being evaluated, an impairment loss would be recognized. The impairment loss would be calculated as the amount by which the carrying value of the asset exceeds its fair value. The Organization did not recognize an impairment charge relative to intangible assets for the year ended June 30, 2014.

Notes to Consolidated Financial Statements

As of and for the Years Ended June 30, 2014 and 2013

1. Summary of Significant Accounting Policies (continued):

Concentration of Credit Risk

Financial instruments that potentially expose the Organization to concentrations of credit and market risks consist primarily of cash and investments. The Organization has not experienced any losses on its cash. The Organization's investments do not represent significant concentrations of market risk in as much as the Organization's investment portfolio is adequately diversified among issuers.

Estimates

The Organization uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from those estimates.

Reclassification

Certain reclassifications have been made to the 2013 consolidated financial statements to conform to the 2014 presentation. Such reclassifications had no effect on previously reported excess of revenues over expenses or net assets.

Property and Equipment

Property and equipment acquisitions are recorded at cost. Property and equipment donated for Organization operations are recorded at fair value at the date of receipt. Expenditures for repairs and maintenance are expensed when incurred and betterments are capitalized.

Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed on the straight-line method. Equipment under capital leases is amortized on the straight-line method over the estimated useful life of the equipment. Such amortization is included in depreciation and amortization in the financial statements.

Estimated useful lives are as follows:

	<u>YEARS</u>
Land improvements	5 – 15
Buildings and building improvements	5 - 50
Equipment	5 - 20
Capital leases	5 – 10

Works of art are maintained as collections and, accordingly, are not depreciated.

Assets Held For Sale

Assets held for sale are reported at the lower of carrying value or fair value less cost to sell. Assets held for sale represent land and a building located in Bristol, New Hampshire. During the year ended June 30, 2014, the Organization made the decision to hold the land and building for sale.

Notes to Consolidated Financial Statements

As of and for the Years Ended June 30, 2014 and 2013

1. Summary of Significant Accounting Policies (continued):

Income Taxes

The Organization is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code (Code) and is exempt from Federal income taxes on related income pursuant to Section 501(a) of the Code.

SHV is a taxable corporation and is subject to Federal and New Hampshire income taxes.

SHN is a partnership that has elected to be taxed as a corporation and is subject to Federal and New Hampshire income taxes.

SMBP is a not-for-profit corporation as described in Section 501(c)(3) of the Code and is exempt from Federal income taxes on related income pursuant to Section 509(a)(3) of the Code.

Accounting Standards Codification Subtopic 740-10, *Accounting for Uncertainty in Income Taxes*, addresses the accounting uncertainty of income taxes recognized in an enterprise's financial statements and prescribes a threshold of "more-likely-than-not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. Subtopic 740-10 also provides guidance on measurement classification, interest and penalties and disclosure. The Organization has determined that the provisions of Subtopic 740-10 do not have a material effect on the Organization's consolidated financial statements. The Organization believes it is no longer subject to examinations for years prior to 2009.

Cash Equivalents

All investments that are not limited as to use with a maturity of three months or less at the time of acquisition are reflected as cash equivalents. Cash equivalents include checking accounts, money market accounts, demand deposits and petty cash. The carrying value of cash equivalents approximates fair value.

Inventories

Inventories are stated at the lower of cost (first-in, first-out) or market

Advertising

Advertising costs are charged to operations when incurred.

Deferred Financing Costs

Costs incurred in connection with the issuance of long-term debt are deferred and amortized over the term of the related financing, which approximates the effective interest method

Patient Accounts Receivable

Standard charges for services to patients are recorded as revenue when services are rendered. Provisions are made in the accounts for estimated uncollectible amounts based on experience and any unusual circumstances, which may affect the ability of patients to meet their obligations.

Notes to Consolidated Financial Statements

As of and for the Years Ended June 30, 2014 and 2013

1. Summary of Significant Accounting Policies (continued):

Net Patient Service Revenue

Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods, as final settlements are determined. Provisions for bad debt are reflected as a component of net patient service revenue in order to arrive at the net realizable amounts received (see Note 8).

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the statements of financial position. The Organization accounts for its investment portfolio in accordance with Accounting Standards Codification Topic 825 – *Financial Instruments* – and, accordingly, investment income or loss (including realized gains and losses on investments, interest and dividends) and unrealized gains and losses are included in the excess of revenues over expenses unless the income or loss is restricted by donor or law.

Investment in Joint Venture

Investments in entities where the Organization or its subsidiaries own more than 20% and less than 51% and do not have significant operational influence are recorded under the equity method. Under the equity method of accounting, an investee company's accounts are not reflected within the Organization's Consolidated Statements of Financial Position and Statements of Operations; however, the Organization's share of the earnings of losses of the Investee company is reflected in the caption "equity in earnings of unconsolidated joint venture" in the Consolidated Statements of Operations and Change in Net Assets – Unrestricted. The Organization's carrying value in an equity method investee company in which it is a party to a joint venture is reflected in the caption "Investment in joint venture" in the Organization's Consolidated Statements of Financial Position.

When the Organization's carrying value in an equity method investee company is reduced to zero, no further losses are recorded in the Organization's consolidated financial statements unless the Organization guaranteed obligations of the investee company or has committed additional funding.

An investment in an entity where the Organization or its subsidiaries own less than 20% and do not have significant operating influence is recorded at cost.

Risk and Uncertainties

Investment securities, including assets limited as to use, are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the fair value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect the net assets of the Organization.

Notes to Consolidated Financial Statements

As of and for the Years Ended June 30, 2014 and 2013

1. Summary of Significant Accounting Policies (continued):

Self-Insurance

The Organization has elected to self-insure certain costs related to employee health programs. Costs resulting from noninsured losses are charges to income when incurred. The Organization has purchased insurance that limits its exposure to individual claims in excess of \$90,000. A provision is accrued for self-insured employee health claims including both claims reported and claims incurred but not yet reported. The accrual is estimated based upon prior lagging claims experience, recently incurred claims and other qualitative factors. The accrued self-insurance reserve was \$289,000 as of June 30, 2014 and 2013. It is reasonably possible that the Organization's estimate will change by a material amount in the near term.

Donor Contributions

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received to the extent estimated to be collectible by the Organization. Contributions received with donor restrictions that limit the use of the donated assets are reported as either temporarily or permanently restricted support. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of operations and changes in net assets as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are included in nonoperating revenues (expenses) in the accompanying consolidated financial statements.

Temporarily Restricted Net Assets

Temporarily restricted net assets are used to differentiate resources, the use of which is restricted by donors or grantors to a specific time period or purpose, from resources on which no restrictions have been placed or that arise from the general operations of the Organization

Permanently Restricted Net Assets

Permanently restricted net assets have been restricted by donors to be maintained by the Organization in perpetuity. In accordance with the restriction, investment income and investment gains and losses from permanently restricted net assets are time restricted and are therefore temporarily restricted.

Electronic Health Records Incentive Program

The Electronic Health Records Incentive Program, enacted as part of the American Recovery and Reinvestment Act of 2009, provides for one-time incentive payments under both the Medicare and Medicaid programs to eligible hospitals that demonstrate meaningful use of certified electronic health records technology ("EHR"). The Organization periodically submits and attests to its use of certified EHR technology, satisfaction of meaningful use objectives and various patient data. These submissions generally include performance measures for each annual EHR reporting period. Critical access hospitals are eligible to receive incentive payments for up to four years under the Medicare program for its reasonable costs of the purchase of certified EHR technology multiplied by the Organization's Medicare utilization plus 20%, limited to 100% of the cost incurred. Payments under the Medicaid program are generally made for up to four years based upon a statutory formula, as determined by the state, which is approved by the centers for Medicare and Medicaid Services. Payments under both programs are contingent on the Organization continuing to meet escalating meaningful use criteria and any other specific requirements that are applicable for the reporting period.

1. Summary of Significant Accounting Policies (continued):

Electronic Health Records Incentive Program (continued)

The Organization recognizes a receivable for unpaid incentive payments at the point when management is reasonably assured it will meet all of the meaningful use objectives and the income is measurable.

EHR incentive income is included in other revenue in the statements of operations. EHR incentive income recognized is based on management's estimate and amounts are subject to change, with such changes impacting operations in the period changes occur. The final amount for any payment year under both programs is determined based upon an audit by the fiscal intermediary and may be subject to repayment upon a determination of noncompliance.

Recent Accounting Pronouncements

In April 2013, the FASB issued Accounting Standards Update (ASU) No. 2013-06, *Not-for-Profit Entities* (Topic 958) - Services Received from Personnel of an Affiliate. The objective of the amendments in this ASU is to specify the guidance that not-for-profit entities apply for recognizing and measuring services received from personnel of an affiliate. More specifically, the amendments in this ASU apply to not-for-profit entities that receive services from personnel of an affiliate that directly benefit the recipient not-for-profit entity and for which the affiliate does not charge the recipient not-for-profit entity.

The amendments in this ASU require a recipient not-for-profit entity to recognize all services received from personnel of an affiliate that directly benefit the recipient not-for-profit entity. Those services should be measured at the cost recognized by the affiliate for the personnel providing those services. However, if measuring a service received from personnel of an affiliate at cost will significantly overstate or understate the value of the service received, the recipient not-for-profit entity may elect to recognize that service received at either: (a) the cost recognized by the affiliate for the personnel providing that service or; (b) the fair value of that service.

The amendments in this ASU are effective prospectively for fiscal years beginning after June 15, 2014, and interim and annual periods thereafter. A recipient not-for-profit entity may apply the amendments using a modified retrospective approach under which all prior periods presented upon the date should be adjusted, but no adjustment should be made to the beginning balance of net assets of the earliest period presented. Early adoption is permitted.

2. Community Benefits:

The Organization's mission statement is to provide and coordinate quality health care services based on principles of compassion and professionalism while promoting wellness and prevention. As part of this mission statement, the Organization provides several benefits to the community at reduced or no cost. As a result of the Organization not pursuing collection of amounts determined to qualify as community care, these amounts are not reported as net patient service revenue. The Organization's direct and indirect costs for services furnished under its community care policy, before consideration of the Medicaid Enhancement Tax, aggregated approximately \$1,870,000 and \$1,780,000 for the years ended June 30, 2014 and 2013, respectively.

The Organization estimates the cost to provide community care by applying a cost-to-charge ratio to gross uncompensated charges.

Notes to Consolidated Financial Statements

As of and for the Years Ended June 30, 2014 and 2013

2. Community Benefits (continued):

The Organization provided community care for the following number of inpatient admissions and outpatient visits for the years ended June 30:

•	2014					
	Community	<u>Total</u>	<u>%</u>	Community	Total	<u>%</u>
Inpatient admissions	247	1,508	16.38%	72	1,453	4.96%
Outpatient visits	3,329	57,285	5.81%	1,507	59,111	2.55%

The Organization and its subsidiaries provide health care services to residents of Plymouth, New Hampshire and the surrounding area, without regard to the individual's ability to pay for their services.

Determination of eligibility for community care is granted on a sliding fee basis. Patients with family income less than the 125% of the Community Services Administration Income Poverty Guidelines shall not be responsible for the balance of their account for services rendered at the Organization Those with family income at least equal to 126%, but not exceeding 150% of the Federal Poverty Guidelines, shall be responsible for 5% of the remaining balance of their accounts. Those with family income at least equal to 151%, but not exceeding 175% of the guidelines, will be responsible for 25% of the remaining balance of their accounts. Those with family income at least equal to 176%, but not exceeding 200% of the guidelines, will be responsible for 50% of the remaining balance of their accounts and lastly those with family income at least equal to 201%, but not exceeding 225% of the guidelines, will be responsible for 75% of the remaining balance of their accounts.

Third-Party Payor Losses

The Organization also incurred losses in the treatment of Medicare and Medicaid patients. Both of these government programs reimburse for medical services at less than billed charges to provide those services. In 2014 and 2013, the Organization incurred contractual losses of \$32,921,578 and \$29,109,097, respectively, related to treating Medicare and Medicaid patients representing 32% and 30%, respectively, of gross patient service revenue. The Organization also provided uncompensated care of \$7,381,680 and \$6,663,107 in 2014 and 2013, respectively, related to uncollectible accounts receivable

Other Community Benefits

The Organization also provides services to the community at large for which it receives minimal or no payment. These include several health screenings, administration of a prescription assistance program for the low income and uninsured, primary care services, school dental programs, health fair screenings, mammography clinics, childbirth preparation classes and wellness promotion and health education classes, which are provided at various locations throughout the Plymouth area. The Organization also provided other community benefits upon which no monetary value can be placed.

6. Goodwill and Other Intangibles:

In January 2011, the Organization completed the asset purchase of a New Hampshire Limited Liability Company which provided rehabilitation and physical therapy services in the Plymouth, New Hampshire and surrounding area. The assets acquired, inclusive of allocated legal fees, included goodwill in the amount of \$890,002 and other intangible assets totaling \$148,400. The intangibles assets included a covenant not-to-compete and the books and records of the Company with a weighted-average useful life of approximately 12 years.

The Organization incurred costs to obtain financing for construction programs that are amortized over the repayment periods of the associated long-term debt. The amortization expense associated with these costs was \$94,664 and \$103,289 for the years ended June 30, 2014 and 2013, respectively, and is included in interest expense on the consolidated statement of operations and changes in net assets – unrestricted.

8. Net Patient Service Revenue and Patient Accounts Receivable (continued):

Patient accounts receivable has been reported gross of monies due third-party payors and self-pay patients. Monies owed to third-party payors and self-pay patients have been reported on the consolidated statement of financial position as a component of accounts payable. Patient accounts receivable are reduced by an allowance for doubtful account. In evaluating the collectibility of accounts receivable, the Organization analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with service provided to patients who have third-party coverage, the Organization analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts, if necessary. For receivables associated with self-pay patients, including both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for only part of the bill, the Organization records a significant provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts.

The following table represents a summary of self-pay estimated allowances for doubtful accounts as of June 30 and the related write-offs for the years ended June 30:

	<u>2014</u>	<u>2013</u>
Allowance for doubtful accounts - self-pay as a percentage of net outstanding patient receivables	35%	35%
Write-offs of self-pay accounts receivable	\$ 7,488,563	\$ 5,643,131

The Organization has agreements with third-party payors that provide for payments to the Organization at amounts different from its established rates A summary of the payment arrangements with major third-party payors follows:

Medicare

Effective May 1, 2005, the Organization was granted Critical Access Hospital (CAH) status. The Medicare Critical Access Hospital Program is a component of the Rural Hospital Flexibility Act passed as part of the Balanced Budget Act of 1997. CAHs can provide outpatient, emergency and limited inpatient services and receive reasonable cost for their services. The program requires the Organization to have an average length of stay limit of 96 hours, be part of a network with one acute care hospital and have no more than 25 inpatient beds that can be used for either acute or skilled nursing facility level of care.

The Organization is reimbursed 101% of allowable costs for its inpatient and outpatient services provided to Medicare beneficiaries. The Organization is reimbursed at tentative rates, with final settlement determined after submission of annual cost reports by the Organization and audits thereof, by the Medicare fiscal intermediary. The Organization's cost reports have been audited or desk reviewed by the intermediary through June 30, 2011.

Notes to Consolidated Financial Statements

As of and for the Years Ended June 30, 2014 and 2013

8. Net Patient Service Revenue and Patient Accounts Receivable (continued):

Medicaid

Inpatient services rendered to Medicaid program beneficiaries are reimbursed at prospectively determined rates per unit. These rates vary according to a patient classification system that is based on clinical, diagnostic and other factors. Outpatient services rendered to Medicaid program beneficiaries are reimbursed under a prospectively determined rate per unit for certain services and under a cost reimbursement methodology for other outpatient services. The Organization is reimbursed at a tentative rate for New Hampshire outpatient services with final settlement determined after submission of annual cost reports by the Organization and audits thereof by the fiscal intermediary. The Organization's Medicaid cost reports have been audited or desk reviewed by the fiscal intermediary through June 30, 2011.

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. Compliance with such laws and regulations can be subject to future government review and interpretation as well as significant regulatory action. The Organization believes that it is in compliance with all applicable laws and regulations. The Organization has included reserves of \$4,480,995 and \$4,230,015 in 2014 and 2013, respectively, in due to third-party payors for disproportionate share and open cost report years including the 2014 cost report yet to be filed as of June 30, 2014.

The Organization has also entered into payment agreements with certain commercial insurance carriers and health maintenance organizations. The basis for payment to the Organization under these agreements includes prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates.

9. Funds Held by Trustee under Revenue Bond Agreement:

The Organization had \$3,278,240 in cash held by a trustee under the Series 2012 revenue bond agreement as of June 30, 2014 (see Note 16). These funds are to be used towards funding future capital expenditures of the Organization.

The Organization had \$4,581,591 in investments held by trustee under the revenue bond agreement as of June 30, 2013. These investments were comprised of highly liquid U.S. Treasury obligations and notes whose cost approximates market. These funds are to be used towards funding the debt service requirements and completing the construction project.

10. Beneficial Interest in Perpetual Trusts:

Donors have established and funded certain trusts, which are administered by third parties. Under the terms of the trusts, the Organization has the irrevocable right to receive a portion of the income earned on the trust assets in perpetuity. The Organization's interest in the investment income of the trusts ranges from 10-33%. The assets are reported at fair market value and totaled \$323,204 and \$295,694 as of June 30, 2014 and 2013, respectively.

Notes to Consolidated Financial Statements

As of and for the Years Ended June 30, 2014 and 2013

11. Fair Value of Financial Instruments:

The following methods and assumptions were used by the Organization in estimating the fair value of its financial instruments:

Cash and Cash Equivalents

The carrying amount reported in the consolidated statement of financial position for cash and cash equivalents approximates its fair value due to its short-term nature.

Assets Limited as to Use

These assets are reported in the consolidated statement of financial position at their fair value. The fair value amounts are based on quoted market prices, if available, or are estimated using quoted market prices for similar securities.

Accounts Payable and Accrued Expenses

The carrying amounts reported in the consolidated statement of financial position for accounts payable, construction payable and accrued expenses approximate their fair value due their short-term nature.

Due to Third-Party Payors

The carrying amount reported in the consolidated statement of financial position for due to third party payors approximates its fair value due to its short-term nature.

12. Fair Value Measurement:

Accounting Standards Codification Topic 820 prioritizes, within the measurement of fair value, the use of market-based information over entity-specific information and establishes a three-level hierarchy for fair value measurements based on the transparency of information used in the valuation of an asset or liability as of the measurement date.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level I - Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments in Level I include listed equities held in the name of the Organization, and exclude listed equities and other securities held indirectly through commingled funds.

Level II – Pricing inputs, including broker quotes, are generally those other than exchange quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

Notes to Consolidated Financial Statements

As of and for the Years Ended June 30, 2014 and 2013

12. Fair Value Measurement (continued):

Level III – Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Judgment about inputs into the determination of fair value shall be developed based on the best information available in the circumstances.

Accounting Standards Codification Topic 825, *Financial Instruments*, provides the option to elect fair value as an alternative measurement for selected financial assets and liabilities not previously required to be recorded at fair value. The Organization carries its internally designated investments in accordance with Topic 825, measured utilizing the framework provided by Topic 820.

The following table summarizes the valuation of the Organization's internally designated investments carried in accordance with Accounting Standards Codification Topic 825 by the fair value hierarchy levels as of June 30, 2014:

14. **Permanently Restricted Net Assets:**

Permanently restricted net assets have been restricted by donors to be maintained in perpetuity. The income earned from the investment of these funds is expendable in accordance with the Organization endowment spending policy.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or the Uniform Prudent Management of Institutional Funds Act requires the Organization to retain as a fund of perpetual duration. These deficiencies result from unfavorable market fluctuations that occurred shortly after the investment of new permanently restricted contributions and continued appropriation for certain programs that was deemed prudent by the Board of Directors. As of June 30, 2014, the Organization did not have any funds with deficiencies to note.

Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for endowment assets that related to the preservation and appreciation of its endowment assets. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity or for a donor-specified period(s).

16. Long-Term Debt:

In November 2004, the Organization in conjunction with the New Hampshire Higher Educational and Health Facilities Authority (the "Authority"), issued \$13,520,000 of tax-exempt revenue bonds (Series 2004) to finance the Organization's construction and renovation project. The proceeds were to be used to finance the acquisition of certain land adjacent to the hospital, construction, furnishing and equipping of approximately a 23,000 square foot expansion and renovation of approximately 46,000 square feet of the existing hospital facility.

In May 2010, the Organization in conjunction with the Authority, issued \$4,000,000 of tax-exempt revenue bonds (Series 2010) to finance the Organization's construction and renovation project. The proceeds were to be used to finance the renovation of a building and its connecting walkway to the main hospital, approximately 10,000 square feet, demolition of the existing medical office building, renovation of the hospital building, approximately 5,000 square feet and other related project components such as a heating and cooling system upgrade and parking lot improvements.

In December 2012, the Organization in conjunction with the Authority, issued \$21,100,000 of tax-exempt revenue bonds (Series 2012). The Series 2012 bonds were issued in order to pay off the Organization's outstanding Series 2010 tax-exempt revenue bond obligation totaling \$3,710,435 and provide advance-refunding for the Organization's outstanding Series 2004 tax-exempt revenue bond obligation totaling \$12,005,000. The advance-refunding of the Series 2010 bond obligation represented in-substance defeasance as of June 30, 2013. The net proceeds from the issuance are to be used to finance the Organization's future capital expenditures.

17. Retirement Program:

The Organization adopted a tax sheltered annuity plan under 403(b) of the Code for eligible employees, effective July 1, 1987. Each year, the Organization contributes 4% of base pay and a dollar for dollar match of employee contributions up to 4½% of compensation. Contributions to the plan for the years ended June 30, 2014 and 2013 amounted to \$1,069.982 and \$1,377,525, respectively.

18. Commitments and Contingencies:

Professional Liability Insurance

The Organization is covered under a claims made medical malpractice insurance policy. Malpractice claims have been asserted against the Organization by claimants and are in various stages of processing. Management estimates that any claims against the Organization for incidents that have occurred will not result in a loss in excess of the insurance coverage available, and additionally, estimate that there will be no liability to the Organization for any incidents that may have occurred but which have not been reported. Accordingly, no accrual for potential loss has been recorded in the accompanying financial statements.

Operating Leases

The Organization leases equipment and office space under various operating lease agreements with unrelated parties. In addition, the Organization has a 30 year lease commitment with SMBP that commenced in 2010. The monthly rent expense for the first seven years is \$41,882, \$502,582 per annum. From and after the first seven years the base rent shall be determined and adjusted annually equal to 105% of the debt service charge for mortgage loans then securing the premises, together with reasonable administrative overhead as mutually agreed upon, and together with \$34,916, all payable in equal monthly installments. In addition, the Organization will be responsible for additional rent payments to cover taxes, betterments, insurance, maintenance and other agreed-upon charges.

The Organization also paid rent expense to unrelated parties of \$171,813 and \$238,977 for the years ended June 30, 2014 and 2013, respectively

During 2012, SMBP entered into an agreement with the Town of Plymouth, New Hampshire Municipal Corporation ("Town") related to the tax exempt status of its operating facility. As part of the agreement, SMBP has agreed to provide a payment in lieu of taxes, on an annual basis, commencing July 31, 2012, in the amount of \$22,000. The Town has agreed to accept this payment annually through calendar year 2020. The following schedule reflects the future payments in lieu of taxes as of June 30, 2014:

2015	\$ 22,000
2016	22,000

19. Health Insurance:

The Organization has elected to self-insure employee dental and health benefits for services that are provided at the Organization to participating employees and their covered dependents. The Organization has established a self-insurance fund and pays an amount into this fund based on actuarial estimates of the amount needed to meet claims to be covered under this arrangement A third-party administrator is engaged to provide the actuarial estimates and to administer the processing of claims for services rendered by providers other than the Organization. The self-insured reserve fund was \$289,391 and \$289,391 as of June 30, 2014 and 2013, respectively, and is included in other current liabilities in the accompanying consolidated statement of financial position. Stop-loss insurance has been purchased to cover unusually large claims not performed at the Organization. This stop-loss insurance coverage consists of \$90,000 on each individual participating employee. There is no stop-loss insurance coverage for claims performed at the Organization.

20. Medicaid Enhancement Tax and Disproportionate Share Payments:

Section 1923 of the Social Security Act, as amended, requires that States make Medicaid disproportionate share hospital (DSH) payments to hospitals that serve disproportionately large numbers of low-income patients. The federal government distributes federal DSH funds to each state based on a statutory formula. The states, in turn, distribute their portion of the DSH funding among qualifying hospitals. The states are to use their federal DSH allotments to help cover costs of hospitals that provide care to low-income patients when those costs are not covered by other payors. Amounts recorded by the Organization are therefore subject to change and the Organization has provided reserves in estimated third-party payor settlements. The Organization identifies the Medicaid enhancement tax paid on net patient revenue to the State of New Hampshire as a separate expense item and the disproportionate share hospital payment received from the State of New Hampshire as a separate net patient service revenue item. Due to the definitions and interpretations used in this year's disproportionate share program and Medicaid Enhancement Tax, and the fact these payments/receipts are subject to audit, the Organization has included a reserve of \$1,300,000 and \$770,000 in due to third party in 2014 and 2013, respectively, related to potential audit and calculation adjustments. An adjustment of \$1,046,000 was made in 2013 to reduce the reserves and increase operating income after reaching an agreement with the State on interpretation of the formula and prior year issues.

21. <u>Functional Expenses</u>:

The Organization provides general health care services to residents within its geographic location. Hospital expenses related to providing services are as follows as of June 30:

		<u>2014</u>	<u>2013</u>
Health care services General and administrative Fundraising	·	36,581,675 13,551,090 60,386	\$ 34,839,015 12,869,093 61,223
	\$	50,193,151	\$ 47,769,331

22. <u>Noncontrolling Interest:</u>

Speare Health Network

The Organization's financial statements include the assets, liabilities and earnings of SHN. The Organization owns 50% of the issued common stock and exerts significant influence over its operations. The ownership interest of the other shareholders is called minority interest.

In 1997, SHN in conjunction with four other Physician Hospital Organizations, created a regional physician hospital organization for the purposes of contract negotiation and health care education. This entity is a limited liability company established in New Hampshire. As of June 30, 2014, the PHO consisted of only three members of which SHN a 12% member interest.

23. Related Party and Investment in Affiliate:

Speare Memorial at Boulder Point

The Organization signed two notes payable with SMBP during 2009 The proceeds of the notes are to be used to finance construction of the building site in Plymouth, New Hampshire. The notes are interest bearing at 4.596% and call for 107 monthly interest payments that commenced on February 1, 2009 and end December 1, 2017. The notes mature and are due in one lump sum on December 23, 2017. The notes have been eliminated in the statement of financial position as of June 30, 2014 and 2013. The Organization's note receivable balance and SMBP's note payable balances were as follows as of June 30, 2014:

Note 1	\$	1,540,520
Note 2		500,000
	\$_	2,040,520

24. Concentration of Credit Risk:

The Organization grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivable from patients and third-party payors at June 30 was as follows:

	<u>2014</u>	<u>2013</u>
Medicare	23.5%	22.5%
Medicaid	22.4%	17.4%
Patients	28.9%	35.0%
Other third-party payors	25.2%	<u> 25.1</u> %
	100 0%	100.0%

25. Subsequent Events:

The Organization has reviewed events occurring after June 30, 2014 through August 27, 2014, the date management accepted the final draft of the financial statements and made them available to be issued. The Organization did not note events requiring disclosure. The Organization has not reviewed events occurring after the report date, August 27, 2014, for their potential impact on the information contained in these consolidated financial statements.

As a result of continued economic uncertainty, there is a reasonable possibility that changes in the fair value of investments may occur after the date of the accompanying financial statements. These potential changes may result in additional changes in unrealized gains (losses) on investments subsequent to year end and be unrecognized in these financial statements.
