Return Reference	Explanation
Part V Line 4	The endowment funds are held by a related non-profit organization, Helena Devereux Foundation (HDF). HDF invests funds transferred to it from the Devereux Foundation and uses the earnings from these investments to further Devereux's mission of changing lives and nurturing human potential through a wide range of services and supports for individuals and families. The end of year balance for the HDF endowment is \$113,107,000. Endowment funds are used to support Devereux's programs through the implementation of a spending rule, which currently calls for an annual distribution equal to 5% of the average endowment balance over the last 3 years.
Part IV Line 2b	Devereux maintains Social Security client trust funds held for current needs of its clients and residents receiving treatment services. These funds are required to be maintained in separate accounts.

Form and Line Reference	Explanation
Description of Facility	Devereux operates the Children's Behavioral Health Center in Malvern, PA, a 49-bed private psychiatric facility that provides care to children and adolescents ages 4 - 17

Form and Line Reference	Explanation
Charity Care and Certain Other Community Benefits	In advancement of its charitable mission, Devereux accepts clients with limited or no ability to pay for services. A client is classified as a charity client based on established written policies. Charity services are defined as those for which no payment is anticipated. In assessing a client's ability to pay, Devereux uses federal poverty income levels, but also includes cases where incurred charges are significant relative to income. Under certain governmental reimbursement programs, Devereux has been paid an amount less than actual costs due to agency budgeting constraints or other factors. The economic loss attributable to such programs is also reported as charity care. Charity care amounts are not included in net client revenue or accounts receivable. The amount of charges forgone, based on established rates, for services provided to clients that qualify for charity care and the economic shortfall attributable to unreimbursed costs of certain programs aggregated \$11,874,000 and \$15,909,000 in 2014 and 2013, respectively.

Form and Line Reference	Explanation
Community Benefits	Devereux also provides a variety of services and benefits within the communities in which it operates, for which no compensation is received. The cost of these services has not been quantified and, therefore, is not included in the charity care amounts listed above. Devereux has not provided a separate Community Health Needs Assessment since we are not a community-based hospital. Rather, our hospital serves a specialized population and referrals come from wide geographic areas, including other states. Many of those admissions are from Devereux's own residential treatment programs in situations where a particular child in treatment decompensates and/or needs a more intensive environment for a specified period of time.

Form and Line Reference	Explanation
Billing and Collections	When all efforts at collections fail, Devereux may refer the outstanding bill to a third party for collection. However, this is done in fairly limited situations.

Form and Line Reference	Explanation
Policy Relating to Emergency Medical Care	Devereux facilities do not operate an emergency department. Nearly all of Devereux's clients come by way of referral from a physician, insurance company, governmental agency, or other healthcare facility.

Form and Line Reference	Explanation
Charges for Medical Care	Devereux provides an allowance for uncollectible accounts for estimated losses resulting from the unwillingness or inability of patients or payors to make payments for services. The allowance is determined by analyzing specific accounts and historical data and trends. Accounts receivable are charged off against the allowance for uncollectible accounts when management determines that recovery is unlikely and Devereux ceases collection efforts. Losses have been consistent with management's expectations.

Form and Line Reference	Explanation
Charges for Medical Care	Devereux has a relatively few private pay patients who pay the standard rate for care

Form and Line Reference	Explanation
Other Health Care Facilities	The organization also operated hundreds of community group homes that generally serve up to 6 individuals with mental health issues or developmental disabilities. These are not individually listed in Part V, Section D.

Activities & Governance	The number of employees listed is the total number of employees who worked at Devereux during the year, including those who left employment during calendar year 2013, as reported on Form W-3

Return Reference	Explanation
Governing Body and Management	Article I, Section 1 of the Bylaws of Devereux provides that Devereux shall be governed by a Board of Trustees of fifteen (15) to twenty-two (22) members of the Board. A minimum of five (5) members of the Board shall be parents, relatives, or guardians of clients or former clients of Devereux. Schedule L provides further information on these care arrangements. The Executive Committee of the Board, which consists of six (6) members of the governing body, has the authority to act on behalf of the full Board of Trustees.

Return Reference	Explanation
Policies	Form 990 is provided in hard-copy or electronically to all Board members approximately two months before the filing deadline. Board members are requested to provide comments or questions to the CFO by a specific date, approximately three weeks from receiving the draft. The comments are reviewed by the CFO, who directs the response to all Board questions, and where appropriate, directs changes to be made to the Form 990. The Board is advised of the changes and given an opportunity for final review. Additionally, the CFO reviews any important issues regarding the Form 990 at a designated Board meeting, with follow up as necessary after the meeting, and solicits additional Board comments and questions. After this review process, the CFO signs the Form 990 and submits it to the IRS.

Policies - Conflict of Interest	Representatives of Devereux dealing with clients, parents, guardians, vendors, competitors or anyone who does or seeks to do business with Devereux are required to act in Devereux's best interests, disregarding any personal preference or advantage. Representatives shall make prompt and full disclosure to his/her manager and to the Internal Audit Department (and, in the case of Trustees and senior managers, to the Board's Audit and Compliance Committee) via the Devereux Conflict of Interest form of any prospective or actual situation that involves, may involve, or might appear to involve a conflict of interest. Members of the same family or living within the same domicile may be employed by Devereux in the same center or department unless the center Director or department head determines such employment is not in Devereux's best interest. Relatives of senior management or trustees, as well as those working in Human Resources, Payroll, and Internal Audit, shall not be hired by Devereux in any capacity unless approved in advance by the President/CEO. Each Devereux employee has the responsibility to report any actual or perceived conflicts of interest to management, Human Resources, the Vice President of Audit & Compliance or the Employee Helpline. The Helpline is an anonymous "whistleblower" service, where complaints are processed by an independent third party retained by Devereux for this purpose and subsequently referred to the Vice President of Compliance. Annually, a copy of Devereux's business ethics policy is mailed or e-mailed to trustees, officers, directors and key personnel along with the annual Conflict of Interest Disclosure Statement, which must be signed and returned to the Director of Internal Audit within 30 days. The annual disclosure requires an acknowledgement of understanding Devereux's business ethics policy, as well as disclosure of any conflict, or appearance of a conflict, between personal interests and the interests of Devereux. Failure to comply or falsification of disclosure may result in disciplinary action, including possible dismissal. Newly-hired employees in the categories identified above are given this policy on the first day of their employment and are required to complete the annual Conflict of Interest Disclosure Statement immediately. All employees disclosing a conflict or potential conflict must have the Disclosure Statement reviewed and signed by the Executive Director at their location (President/CEO for Corporate staff) prior to sending it to Audit Services. All Annual Conflict of Interest Disclosure Statements identifying a conflict or potential conflict are reviewed by the Vice President of Audit & Compliance and any other officers or senior management determined to be appropriate, and submitted to the Audit & Compliance Committee of the Board of Trustees for review. No Disclosure Statement may be reviewed by the person submitting it or by a person directly supervised by the person submitting the report.

Policies - Determining Compensation	Devereux reviews officers' and Executive Directors' salaries against the market on an annual basis in connection with the July meeting of the Executive Committee of the Devereux Board of Trustees, which serves as the Board's Compensation Committee. However, reviews may occur at other times to respond to changes in the market. During this benchmarking process, the Vice President of Human Resources conducts a review of salaries for benchmark positions for which there is sufficient market survey data. Additionally, Form 990s of other comparable organizations are also reviewed. The results of these reviews are compared against all Executive Directors' and officers' salaries. The review is intended to make Devereux compensation both reasonable and competitive. The Vice President of Human Resources will make recommendations for adjustments, if necessary. Devereux's market for this salary review is primarily with the health care industry for organizations of our size (budget, number of employees, revenue) and structure (system vs. single entities). However, general industry data as provided by the U.S. Department of Labor or other sources as well as residential and educational surveys that become available or that Devereux may conduct may also be factored into the review. The results of the review conducted are typically validated by an outside compensation consultant at least every 2 years.

Report of Independent Auditors

The Board of Trustees
The Devereux Foundation and Controlled Entities

We have audited the accompanying consolidated financial statements of The Devereux Foundation and Controlled Entities (Devereux), which comprise the consolidated balance sheets as of June 30, 2014 and 2013, and the related consolidated statements of operations and changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U S generally accepted accounting principles, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of The Devereux Foundation and Controlled Entities at June 30, 2014 and 2013, and the consolidated results of their operations and changes in their net assets and their cash flows for the years then ended, in conformity with U S generally accepted accounting principles

The Devereux Foundation and Controlled Entities

Notes to Consolidated Financial Statements (In Thousands)

June 30, 2014

1. Organization and Basis of Presentation

The Devereux Foundation and Controlled Entities (Devereux) is a not-for-profit corporation, dually designated by the Internal Revenue Service (IRS) as an educational facility and health care organization, with a nationwide network of behavioral health treatment centers for children, adolescents, and adults with complex emotional, psychiatric, and developmental disabilities, including individuals with autism spectrum disorders. Treatment settings range along a continuum from acute psychiatric inpatient and campus-based residential settings to outpatient, foster care, in home, educational, vocational and prevention programs.

Devereux functions as the sole corporate member for the following entities, which are included in the consolidated financial statements:

Helena Devereux Foundation (HD Foundation) is a Pennsylvania not-for-profit corporation, which holds certain assets to benefit Devereux's programs.

Devereux Cleo Wallace (DCW) is a Colorado not-for-profit corporation that operates a psychiatric residential treatment facility and provides other behavioral health services in the Denver area. DCW is the sole corporate member of Devereux Cleo Wallace Foundation (DCW Foundation), a Colorado not-for-profit corporation that was established for the benefit of DCW.

All significant intercompany balances and transactions have been eliminated in the consolidated financial statements.

Devereux is affiliated with Devereux Community Based Care (DCBC), which is a Florida not-for-profit corporation that, effective November 1, 2013, entered into a contract with the Florida Department of Children and Families (DCF) to administer and coordinate child welfare and related services in Indian River, Martin, Okeechobee and St. Lucie counties in Florida. Devereux provides certain administrative, financial, and other support services to DCBC. It also appoints a simple majority of DCBC's Board of Directors, with the remaining seats filled by individuals from the local community. However, major decisions of the Board require supermajority approval, defined as two-thirds of the directors. Accordingly, Devereux does not control the Board of DCBC and, because it also has no direct economic or controlling interest, DCBC is not consolidated into Devereux's consolidated financial statements.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States (U S GAAP) requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents, for which the carrying value approximates fair value, include money market funds and certain investments with original maturities of three months or less.

Fair Value of Financial Instruments

Financial instruments consist of cash equivalents, accounts receivable, assets limited as to use and investment, accounts payable and accrued expenses, and long-term debt. The carrying amounts reported in the consolidated balance sheets for cash equivalents, accounts receivable, assets limited as to use and investment, and accounts payable and accrued expenses approximate fair value. Management's estimates of the fair value of other financial instruments are described elsewhere in the notes to the consolidated financial statements.

Allowance for Uncollectibles

Devereux provides an allowance for uncollectible accounts for estimated losses resulting from the unwillingness or inability of clients to make payments for services. The allowance is determined by analyzing specific accounts and historical data and trends. Accounts receivable are charged off against the allowance for uncollectible accounts when management determines that recovery is unlikely and Devereux ceases collection efforts.

Assets Limited as to Use, Investments, and Investment Income

Assets limited as to use include assets set aside by the Board of Trustees (the Board), assets held by trustees under bond indenture agreements, assets for insurance agreements, and assets held by the Board for donor purposes. Amounts set aside by the Board are designated for the operation of

The Devereux Foundation and Controlled Entities

Notes to Consolidated Financial Statements (continued)

(In Thousands)

2. Summary of Significant Accounting Policies (continued)

certain facilities, scholarships, continuing care, and other contingencies. The Board retains control over designated assets and may, at its discretion, subsequently use the assets for other purposes. Assets limited as to use that are required for current obligations or designated for current use are reported as current assets.

Investments in debt and equity securities are measured at fair value based on quoted market prices. Investment income or loss (including realized gains and losses on investments, interest, and dividends) is included in unrestricted investment income, or included in restricted investment income, if such income is restricted by the donor or legislation. Devereux periodically reviews its investments for other-than-temporary declines in the market value of investments. When an other-than-temporary decline is identified, the investment's cost is written down to the current market value and the loss is recorded as a component of the excess of revenue over expenses.

Unrealized gains and losses on investments, to the extent that such losses are considered temporary, are reported as a component of changes in unrestricted or restricted net assets. Realized gains and losses on investments sold are computed using the weighted-average cost method.

Property and Equipment

Property and equipment is recorded at cost or, if donated, at fair market value at the date of receipt. Depreciation is provided on a straight-line basis over the expected useful lives of the assets. Gifts of long-lived assets, such as land, buildings, or equipment, are reported as other changes in net assets. Interest cost incurred on borrowed funds during the period of construction of capital assets is capitalized as a component of acquiring those assets.

Deferred Financing Costs

Deferred financing costs consist of bond financing costs, which relate to the long-term debt, and are amortized using the effective-interest-rate method over the term of the related debt.

The Devereux Foundation and Controlled Entities

Notes to Consolidated Financial Statements (continued) (In Thousands)

2. Summary of Significant Accounting Policies (continued)

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets represent those assets whose use has been limited by donors to a specific time period or purpose. Permanently restricted net assets have been restricted by donors to be maintained by Devereux in perpetuity, with income generally available to support health care and education services.

Permanently restricted net assets are invested on a pooled basis with Devereux's Board-designated investments. In accordance with Commonwealth of Pennsylvania Act 141, organizations are annually permitted to spend between 2% and 7% of permanently restricted net assets. For both 2014 and 2013, Devereux elected to spend at a rate of 5%. Additionally, in accordance with the Pennsylvania law, Devereux classifies as permanently restricted net assets (a) the value of gifts donated to the permanent endowment and (b) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument. This is regarded as the "historic dollar value" of the endowed fund. Any remaining, unspent earnings or net appreciation of the donor-restricted endowment funds is not classified in permanently restricted net assets and is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by Devereux in a manner consistent with Devereux's spending policy.

Excess of Revenue Over Expenses

Included in the excess of revenue over expenses in the accompanying consolidated statements of operations and changes in net assets are all changes in unrestricted net assets, except for unrealized gains and losses on investments, to the extent that such losses are considered temporary, and net assets released from restrictions for property and equipment additions and other changes.

Income Taxes

The IRS determined that Devereux, HD Foundation, DCW, and DCW Foundation qualify under certain provisions of the Internal Revenue Code and are exempt from federal income taxes. Accordingly, no provision for federal or state income taxes is included in the consolidated financial statements.

The Devereux Foundation and Controlled Entities

2. Summary of Significant Accounting Policies (continued)

Charity Care

In advancement of its charitable mission, Devereux accepts clients with limited or no ability to pay for services. A client is classified as a charity client by reference to certain established policies. Essentially, these policies define charity services as those for which no payment is anticipated. In assessing a client's ability to pay, Devereux uses generally recognized poverty income levels, but also includes cases where incurred charges are significant relative to income.

Under certain governmental reimbursement programs, Devereux has been paid an amount less than actual costs due to agency budgeting constraints or other factors. The economic loss attributable to such programs is also included as charity care. Charity care amounts are not included in net client revenue or accounts receivable. The amount of costs incurred for services provided to clients that qualify for charity care and the economic shortfall attributable to unreimbursed costs of certain programs aggregated \$11,874 and \$15,909 in 2014 and 2013, respectively.

In total, the amounts Devereux receives from third-party payers do not cover the full cost of providing services to its clients. For 2014 and 2013, the percentage of total expenses covered by third-party reimbursement sources was 97.90% and 95.93%, respectively.

Devereux also provides a variety of services and benefits within the communities in which it operates, for which no compensation is received. The cost of these services has not been quantified and, therefore, is not included in the charity care amounts referred to above.

Contributions

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. Unconditional promises to give cash and other assets that are expected to be collected in future years are recorded at the present value of estimated future cash flows. The discounts on those amounts are computed using a risk-free interest rate applicable to the year in which the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the timing or nature in which donated assets can be used. When a donor restriction expires, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the consolidated statement of

The Devereux Foundation and Controlled Entities

Notes to Consolidated Financial Statements (continued) (In Thousands)

2. Summary of Significant Accounting Policies (continued)

operations and changes in net assets as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reported as gifts and bequests in the accompanying consolidated financial statements.

Functional Expenses

Devereux and its members' primary mission is to provide behavioral health care and education services to its clients. The majority of all operating expenses incurred were related to the provision of these services.

Reclassifications

Certain reclassifications have been made to the financial statements of the prior year to conform to the current-year presentation.

Recent Accounting Pronouncements

In October 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2012-05, *Not-for-Profit Entities: Classification of the Sale Proceeds of Donated Financial Assets in the Statement of Cash Flows*, which requires a not-for-profit entity to classify cash receipts from the sale of donated financial assets consistently with cash donations received in the statement of cash flows if those cash receipts were from the sale of donated financial assets that upon receipt were directed without any imposed limitations for sale and were converted nearly immediately to cash. Accordingly, the cash receipts from the sale of those financial assets should be classified as cash inflows from operating activities, unless the donor restricted the use of the contributed resources to long-term purposes, in which case those cash receipts should be classified as cash flows from financing activities. Otherwise, cash receipts from the sale of donated financial assets should be classified as cash flows from investing activities. This guidance is effective prospectively for fiscal years beginning after June 15, 2013, with retrospective application to all prior periods presented permitted. Devereux will adopt these provisions for the year ending June 30, 2015. The adoption will not impact Devereux's consolidated results of operations or financial position, however, it may change the classifications on the consolidated statement of cash flows.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events

In accordance with Accounting Standards Codification (ASC) 855, management has evaluated subsequent events through the date the financial statements were issued on September 23, 2014

3. Net Client Revenue

Accounts receivable and net client revenue are reported on the accrual basis in the period in which services are rendered at established rates, net of contractual adjustments, discounts, and charity care. Devereux recognizes bad debt expense and the allowance for uncollectible accounts based on its historical experience and individual account analysis.

The majority of services are rendered to clients through reimbursement programs administered by state and local governmental agencies. A majority of those services are funded directly or indirectly by Pennsylvania, New Jersey, Florida, New York, and California. No single government agency accounted for more than 10% of revenue in 2014 or 2013. Under these programs, reimbursed amounts are based upon fee-for-service rates, a combination of historical costs and prospectively determined rates, or reasonable costs, as defined. In total, these programs accounted for 95% and 94% of total net client revenue in fiscal years 2014 and 2013, respectively. Remaining services are rendered through payment arrangements with managed care organizations, commercial insurance carriers, or private accounts.

Certain governmental agencies pay an interim rate or a fixed periodic amount during the period Devereux provides services and retroactively adjusts the reimbursement based upon actual costs incurred during the year or based on actual units of service delivered. Third-party settlements with governmental agencies are accrued on an estimated basis in the period the related services are rendered. Estimated settlements due to third-party payors are classified as current or noncurrent based on the anticipated timing of settlements. Differences between the estimated settlement and the finalized amounts are recorded in the year of settlement. During 2014 and 2013, prior-year settlement adjustments increased net client revenue by \$612 and \$889, respectively. In the opinion of management, adequate provision has been made for any additional adjustments that may result from the final settlement of outstanding cost reports.

The Devereux Foundation and Controlled Entities

Notes to Consolidated Financial Statements (continued) (In Thousands)

3. Net Client Revenue (continued)

Devereux is subject to numerous laws and regulations of federal, state, and local governments. Compliance with these laws and regulations can be subject to government review and interpretation, as well as regulatory actions unknown and unasserted at this time. Government activity in the health care industry continues to increase with respect to investigations and allegations concerning possible violations of regulations by health care providers, which could result in the imposition of significant fines and penalties, as well as significant repayments of previously billed and collected revenues of client services. Devereux has implemented a corporate compliance program and conducts documentation audits of services provided and the underlying clinical documentation to ensure compliance with established regulations. When potential overpayments are identified, payors are notified and refunds issued.

5. Fair Value Measurements

In determining fair value, Devereux uses the market approach. The market approach utilizes prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Information used to establish fair value estimates falls into three tiers, which prioritize the inputs used in measuring fair value. These tiers include Level 1 – defined as observable inputs such as quoted prices in active markets, Level 2 – defined as inputs other than quoted prices in active markets that are either directly or indirectly observable, and Level 3 – defined as unobservable inputs in which little or no market data exists, therefore, requiring an entity to develop its own assumptions.

5. Fair Value Measurements (continued)

Devereux's Level 1 securities primarily consist of cash, money market funds, equity mutual funds, commodity funds, REIT funds, fixed-income mutual funds, and U S government and agency bonds. Devereux determines the estimated fair value for its Level 1 securities using quoted (unadjusted) prices for identical assets or liabilities in active markets.

Devereux has investments in two multi-asset funds. One of the funds is an exchange-traded mutual fund whose fair value has been determined using Level 1 inputs. In accordance with ASU 2009-12, the fair value of Devereux's other investment in a multi-asset fund was calculated using the fund's net asset value per share at June 30, 2014 and 2013. The fair value of these underlying assets as of June 30, 2014 and 2013, was \$47,018 and \$43,326, respectively, with a daily redemption period without notice. This multi-asset fund requires no up-front commitments and is made up of the following diversified investments: common stock, convertible bonds, commodity funds and REIT funds, corporate bonds, asset-backed securities, mortgage-backed securities, U S Government and agency bonds, U S Treasury bonds, acquired funds, preferred stocks, and other short-term investments. Given Devereux's prompt ability to liquidate this investment at its net asset value, it was classified as a Level 2 investment.

The interest rate swap, which is classified as a Level 2 liability, is valued using techniques including discounted cash flow analysis on the expected cash flow of the derivative. This analysis reflects the contractual terms of the derivative, including the period to maturity, and uses observable market-based inputs, including interest rate curves.

6. Property and Equipment (continued)

In 2007, Devereux sold its campus in Santa Barbara, California, and leased back a portion of the campus for operating purposes. At the time of the sale, \$3,960 of the \$18,309 gain on sale was deferred and is being recognized over the ten-year initial lease period.

7. Pledges Receivable and Deferred Gifts

The following is a summary of promises to give funds to Devereux:

	June 30	
	2014	2013
Pledges receivable in:		
Less than one year	\$ 293	\$ 1,034

Beneficial interest in trusts held by third parties, net	5,689	4,864
Total	<u><u>\$ 6,461</u></u>	<u><u>\$ 6,448</u></u>

The present value of the future cash flows of pledges receivable was determined using discount rates approximating 2.0% for 2014 and 2013.

Devereux periodically receives indications of an intention to give from individuals through the settlement of the individuals' estates. The anticipated value of these intended gifts has not been established, nor has it been recognized as an asset in the consolidated balance sheets.

The beneficial interests in trusts are unconditionally designated for the benefit of Devereux upon the occurrence of some future event. During 2014, Devereux did not receive any cash from trusts; one new gift of \$450 in beneficial interest in trusts was received. During 2013, Devereux received \$2,196 in cash from trusts; no new gifts in beneficial interest in trusts were received. The interests are recorded at fair value as represented by the third-party trustee.

8. Long-Term Debt (continued)

In July 2013, Devereux entered into an agreement with a bank to borrow \$9,000 in variable-rate debt (the 2013 Loan) that was used to currently refund the 1995 New York and 1997 New Jersey Bonds and finance certain capital expenditures. The 2013 Loan matures over a five-year period, however, after three years and annually thereafter, Devereux may request the bank to extend the maturity date up to a maximum term of 15 years. Concurrent with the 2013 Loan, Devereux entered into a 15-year interest rate swap with a notional amount of \$8,393 that effectively fixes the interest rate at 5.03%. A loss on early extinguishment of debt of \$121, comprised of the write-off of the unamortized issuance costs and original issue discount, was recorded in 2014 and is included as a component of excess of revenue over expenses.

In November 2012, Devereux issued the 2012 Pennsylvania and 2012 Colorado Bonds to refinance the Series 2002 Pennsylvania and Series 2002 Colorado Bonds. All of the bonds were acquired by a financial institution. The bonds mature over a 15-year period and the financial institution has an option to call the bonds after seven years (November 1, 2019). The 2012 Pennsylvania and 2012 Colorado Bonds bear interest at a fixed rate, subject to a rate reset if the bonds are not called by the financial institution. A loss on early extinguishment of debt of \$1,032, comprised of the write-off of the unamortized issuance costs and original issue discount, was recorded in 2013 and is included as a component of excess of revenue over expenses. The Series 2002 Bonds bore interest at rates between 4.125% to 5.000% for the period from July 1, 2012 through the November 2012 redemption.

In December 2011, Devereux issued the 2011 Pennsylvania Bonds to refinance the 1997 Pennsylvania Bonds. All of the bonds were acquired by a financial institution. The 2011 Pennsylvania Bonds bear interest at a variable rate equal to 65.00% of the one-month LIBOR, plus a margin of 1.40%. The rate on the bonds at June 30, 2014, was 1.50%. The bonds mature over a 15½-year period, and the financial institution has an option to call the bonds after seven years (December 15, 2018).

All of the tax-exempt bonds, except the New York Bonds (collectively, the Bonds) and the 2013 Loan, were issued under a Master Trust Indenture (MTI) for which Devereux, HD Foundation, DCW, and DCW Foundation are members of the obligated group and were issued to advance, refund, or refinance previously issued tax-exempt bonds and other debt, to finance certain capital expenditures, and to fund required debt service and reserve funds. They are secured by an interest in Gross Revenues, as defined, as well as mortgages on certain properties. Gross Revenues represent all revenue and accounts, excluding those of the Red Hook, New York, facility, pledged for the New York Bonds.

8. Long-Term Debt (continued)

The original issue discounts and premiums on the Bonds are being amortized using the interest method over the term of the related debt

Agreements related to the Revolving Credit Agreement (see Note 9) and the debt issued under the MTI, contain financial covenants requiring Devereux to maintain debt service coverage and liquidity ratios. All such covenants were complied with at June 30, 2014 and 2013.

Other information relating to each of the Bonds, all of which have serial and term components, is as follows:

8. Long-Term Debt (continued)

Scheduled maturities of all long-term debt for the next five years ending June 30 are as follows

2015	\$ 3,433
2016	3,641
2017	3,747
2018	3,852
2019	9,657
Thereafter	36,769

Interest paid on all indebtedness amounted to \$2,847 in 2014 and \$3,592 in 2013

Fair Value

Devereux uses quoted market prices in estimating the fair value of the revenue bonds and the outstanding mortgage obligations' carrying value approximates the fair value. The fair value of the long-term debt at June 30, 2014 and 2013, is \$62,201 and \$60,475, respectively, and was determined using the market approach under ASC 820.

9. Note Payable

Devereux has a bank Revolving Credit Agreement (Revolver) for \$39,300, which is available for working capital and letters of credit. The term of the Revolver is through November 30, 2014. The Revolver is secured by a parity lien on Gross Revenues and by mortgages on certain Devereux properties, as defined under the MTI (see Note 8). As of June 30, 2014 and 2013, under the Revolver, interest on working capital loans is computed at the one-month LIBOR rate plus an applicable margin of 1.00%. At June 30, 2014 and 2013, no working capital loans were outstanding. At June 30, 2014, letters of credit aggregating \$10,309 were outstanding, substantially all of which were used to secure deductibles under insurance policies (see Note 14). Fees on outstanding letters of credit accrue at 1.00% at June 30, 2014 and 2013. A commitment fee of 0.25% is paid on unused Revolver amounts.

Devereux entered into a financing agreement, as amended (the Loan Agreement), with a bank providing advances up to an aggregate amount of \$4,000 that expires on December 31, 2015. The loans are for the purpose of acquiring and renovating real property at various locations in the state of New Jersey, to be used as group homes for intellectually and developmentally disabled

individuals. Loan advances initially bear interest at the prime rate, and within 90 days are converted to amortizing term loans with a term of either five, seven, or ten years at the election of Devereux. Principal is paid in monthly installments based on a 25-year amortization, and bears interest at the following rates: for a five- or a seven- year term, the Federal Home Loan Bank (FHLB) rate plus 225 basis points, or for a ten-year term, the FHLB rate plus 250 basis points. The loans are secured by first mortgage liens on the properties financed. A commitment fee of 0.25% is paid on the unused amount. At June 30, 2014 and 2013, there was \$3,135 and \$1,772, respectively, in outstanding loans that are included in the mortgages payable total in Note 8.

10. Obligation to Provide Future Services and the Use of Facilities to Continuing Care Clients

Devereux is contractually obligated to provide care for life to certain clients. The obligation, which recognizes the future costs, to be incurred under these continuing care contracts, was computed using the following assumptions for 2014 and 2013: annual cost of care based on actual operating costs, life expectancy based on 1959-61 U.S. Life Tables, an inflation factor base of 4.75% for 2014 and 2013 of the average annual operating cost, an interest yield of 6.00% for 2014 and 2013, and a reduction for any supplemental payments to be received from the clients. The obligation is further reduced to the extent Devereux receives Social Security (assumed to increase at an annual rate of 3.00% for 2014 and 2013) or other benefits on behalf of the clients.

As of June 30, 2014, there were 27 individuals covered by continuing care contracts.

Devereux also recognizes the present value of certain arrangements with several continuing care residents under which Devereux is the beneficiary of the assets of trusts established on behalf of the residents.

	\$ 6,604	\$ 6,554

11. Retirement Plan

Devereux has a defined contribution retirement plan that covers substantially all full-time employees, as well as part-time employees working a minimum of 1,000 hours who have completed two years of service and are active employees at the end of the plan year, which is administered by the Teachers Insurance and Annuity Association. Contributions to the plan are based on 5% of the employee's compensation (6% prior to January 1, 2013), plus a match of employee contributions up to 2% of compensation. These contributions are credited to individual annuity contracts owned by each participant and are charged to expense when earned. Contribution expense was \$7,796 in 2014 and \$8,714 in 2013.

12. Temporarily Restricted Net Assets

Temporarily restricted net assets are available for the following purposes

	June 30

14. Commitments and Contingencies

Operating Leases

Devereux leases various equipment and facilities under operating leases expiring at various dates through 2019. Total rent expense for the years ended June 30, 2014 and 2013, was \$7,853 and \$8,076, respectively. The following is a schedule by year of future minimum lease payments under operating leases as of June 30, 2014, that have initial or remaining lease terms in excess of one year:

Year ending June 30	
2015	\$ 6,183
2016	4,231
2017	2,970
2018	1,163
2019	361
Thereafter	572
	<u>\$ 15,480</u>

Workers' Compensation

Devereux maintains workers' compensation insurance with a per-claim deductible of \$750 for 2014 and 2013. Due to this level of retention, Devereux maintains \$2,177 of cash on deposit with its insurers for the payment of future claims, which is included in operating fund investments in the consolidated balance sheets. Additionally, Devereux is required to post letters of credit of \$10,309 as collateral for its obligations as of June 30, 2014 and 2013 (see Note 9). Based upon historical loss experience, management determined that a \$15,008 and \$14,671 liability for the estimated retention and costs of claims not settled as of June 30, 2014 and 2013, respectively, be recorded as a component of reserves under insurance programs and other liabilities in the consolidated balance sheets. In 2013, Devereux recorded a \$1,900 charge related to prior-year losses as a change in estimate in the consolidated statement of operations.

14. Commitments and Contingencies (continued)

Professional and General Liability

Devereux is insured under a claims-made policy for professional liability and an occurrence policy for general liability. Devereux retained \$8,000 for 2014 and 2013 in aggregate deductibles related to the combination of professional and general liability coverage. Due to this level of retention, Devereux is required to post \$4,000 of collateral, which was met with an insurance trust holding treasury securities valued at \$4,197 as of June 30, 2014. Based upon historical loss experience, management determined that a \$4,731 and \$4,625 liability for the estimated retention and cost of claims and incidents not settled as of June 30, 2014 and 2013, respectively, be recorded as a component of reserves under insurance programs and other liabilities in the consolidated balance sheets. Devereux plans to continue to obtain adequate professional and general liability insurance.

Litigation

Devereux and DCW are contingently liable in connection with certain claims and contracts arising in the normal course of its activities. After consultation with legal counsel, management believes these matters will be resolved without a material adverse effect on Devereux's future financial position or results from operations.

Devereux is not a party to, nor are any of its properties the subject of, any material, pending legal proceedings other than ordinary, routine litigation incidental to the business.
