Board of Directors Philhaven

Report on the Financial Statements

We have audited the accompanying financial statements of Philhaven, which comprise the balance sheet as of June 30, 2014 and 2013, and the related statements of operations and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Philhaven as of June 30, 2014 and 2013, and the results of its operations, changes in net assets, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements June 30, 2014 and 2013

1. Organization and Basis of Presentation

Philhaven is a not-for-profit corporation and has been recognized as tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code. Its operations include the following:

- Philhaven a behavioral healthcare provider specializing in the diagnosis and care of persons with mental, emotional, and behavioral difficulties and providing inpatient, residential, outpatient, partial hospitalization, and community-based facilities and services.
- Philhaven Farm (Farm) a dairy farm, whose income is taxable for federal purposes as unrelated business income of a not-for-profit organization.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include collateralized repurchase agreements and investments in highly liquid debt and equity instruments with an original maturity of three months or less from the purchase date, excluding amounts whose use is limited.

Patient Accounts Receivable

Patient accounts receivable are reported at net realizable value. Accounts are written off when they are determined to be uncollectible based upon management's assessment of individual accounts. In evaluating the collectibility of patient accounts receivable, Philhaven analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. For receivables associated with services provided to patients who have third-party coverage, Philhaven analyzes contractual amounts due and provides an allowance for doubtful accounts and a provision for bad debts, if necessary. For receivables associated with self-pay patients, Philhaven records a significant provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the billed rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts.

Philhaven's allowance for doubtful accounts for self-pay patients increased to approximately 42% of self-pay accounts receivable at June 30, 2014 from approximately 36% of self-pay accounts receivable at June 30, 2013. The increase is directly related to an adjustment made by management to more accurately reflect the allowance balance based on historical write-offs and increase in self pay volume. In addition, Philhaven's total account write-offs (net of recoveries) increased to \$236,547 in 2014 from \$215,412 in 2013. The increase was primarily related to the result of an increase in self-pay volumes. Philhaven has not changed its financial assistance policy in 2014 or 2013.

Investments, Assets Limited as to Use, Investment Income and Investment Risk

All investments with readily determinable fair values are measured at fair value in the balance sheet. Assets limited as to use include designated assets set aside by the Board of Directors for future capital improvements, charity care uses, and a board designated endowment over which the Board retains control, assets held by trustees which are self-insurance trust arrangements in accordance with the Pennsylvania Workers' Compensation Act and amounts restricted by donors. Amounts required to meet current obligations are reported as current assets.

Investment income, including realized gains and losses on investments and interest and dividends on board-designated funds, is reported as non-operating gains in the statements of operations and changes in net assets. Investment income on temporarily restricted net assets is reported as non-operating gains in the statements of operations and changes in net assets unless the income or loss is restricted by donor or law. Unrealized gains on investments are reported as a component of changes in unrestricted net assets.

Philhaven's investments are comprised of a variety of financial instruments and are managed by investment advisors. The fair values reported in the balance sheet are exposed to various risks including changes in the equity markets, the interest rate environment, and general economic conditions. Due to the level of risk associated with certain investment securities, it is reasonably possible that the amounts reported in the accompanying financial statements could change materially in the near term.

Property, Equipment and Cattle

It is Philhaven's policy to capitalize property and equipment that exceed \$1,500 individually, or a group of similar items exceeding \$10,000. Lesser amounts are expensed.

Property, equipment and cattle are recorded at cost or fair value if donated. Depreciation is being provided on the straight-line method over the estimated useful lives of the assets.

Gifts of long-lived assets such as property, equipment and cattle are reported as other changes in unrestricted net assets, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Notes to Financial Statements June 30, 2014 and 2013

Impairment losses are recognized in the statement of operations as a component of operating income as they are determined. Philhaven reviews its long-lived assets whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. In that event, Philhaven calculates the estimated future net cash flows to be generated by the asset. If those future net cash flows are less than the carrying value of the asset, and impairment loss is recognized for the difference between the estimated fair value and the carrying value of the asset. No such impairment losses were recorded in 2014 and 2013.

Donor-Restricted Gifts

Donor-restricted gifts are reported at fair value at the date the gift is received, which is then treated as cost. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statements of operations and changes in net assets as net assets released from restriction. Donor-restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions in the accompanying financial statements.

Unconditional Promises to Give

Unconditional promises to give are recorded at fair value as revenue on the date the promise to give is irrevocable. Depending on the existence and nature of any donor restrictions, donations are reflected as increases in unrestricted, temporarily restricted, or permanently restricted net assets.

Philhaven estimates the fair value of donations that expected to be collected after one year using present value techniques and market interest rates in effect on the date of the donation and a related discount is recorded. Discount amortization is included in donation revenue as the associated pledges reach maturity. The fair value of donations that are expected to be collected within one year is estimated at net realized value. Philhaven believes all donations will be collected in accordance with stipulated terms and has not provided an allowance for uncollectible pledges.

Unconditional promises to give at June 30, 2014 and 2013 are as follows:

| | 2014 | | 2013 | | |
|--|------|--------------------|------|--------------------|--|
| Unrestricted Caring Fund | \$ | 349,742 1,838 | \$ | 266,940 14,876 | |
| | \$ | 351,580 | \$ | 281,816 | |
| Receivable in less than one year Receivable in one to five years | \$ | 128,401 223,179 | \$ | 130,025 151,791 | |
| Less discount to net present value | | 351,580 (8,100) | | 281,816 (3,700) | |
| | \$ | 343,480 | \$ | 278,116 | |

Unconditional promises to give due in more than one year have been discounted at range of 2.44% to 3.63%.

Beneficial Interest in Irrevocable Trust

Philhaven is the beneficiary of several irrevocable trusts, whereby Philhaven receives a percentage of the income from the trust, net of fees. The asset described as beneficial interest in irrevocable trust represents Philhaven's share of the underlying asset value. The change in the value of the underlying asset is recorded as a change in permanently restricted net assets.

Estimated Medical Malpractice Claims Liability

The provision for estimated medical malpractice claims liability includes estimates of the ultimate costs for both reported claims and claims incurred but not reported, including costs associated with litigating or settling claims. Anticipated insurance recoveries associated with reported claims are reported separately in Philhaven's balance sheet at net realizable value.

Investment in Limited Liability Companies

Philhaven is accounting for its 50% investment in KE LLC (KE) and for its 22.375% investment in Advance Management Services, LLC (AMS), limited liability companies, by the equity method of accounting. Under this method, the net income of KE and AMS is recognized as income in Philhaven's statement of operations and added to the investment account, and distributions received from KE and AMS are treated as a reduction of the investment account. Allocation of KE's and AMS' profits is governed by operating agreements, although it is generally based on the ownership percentage of each of the partners.

Temporarily Restricted Net Assets

Temporarily restricted net assets represent those whose use has been limited by donors to a specific time period or purpose. Temporarily restricted net assets are released from donor restrictions when expenses are incurred or time period expires satisfying the restricted purposes. Net assets of \$266,565 in 2014 and \$802,740 in 2013 were released from restrictions.

Permanently Restricted Net Assets

Permanently restricted net assets represent funds that have been restricted by the donor in perpetuity. Permanently restricted net assets consist of Philhaven's beneficial interest in several irrevocable trusts and an endowment fund. The change in the value of Philhaven's beneficial interest in these funds is recorded as a change in permanently restricted net assets.

Revenues in Excess of (Less Than) Expenses

The statement of operations includes the determination of revenues in excess of (less than) expenses. Changes in unrestricted net assets, which are excluded from revenues in excess of (less than) expenses, consistent with industry practice, include unrealized gains and losses on investments other than trading securities and contributions and grants of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purpose of acquiring such assets).

Net Patient Service Revenues

Philhaven has agreements with third-party payors that provide for payments to Philhaven at amounts different from its established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges, per diem payments, and contracted amounts. Philhaven recognizes patient service revenues associated with services provided to patients who have third-party payor coverage on the basis of these established rates for the services rendered. For uninsured patients that do not qualify for charity care, Philhaven recognizes revenues on the basis of its standard rates, discounted in accordance with the Philhaven's policy. On the basis of historical experience, a portion of the Philhaven's uninsured patients will be unable or unwilling to pay for the services provided. Thus, Philhaven records a provision of bad debts related to uninsured patients in the period the services are provided. Patient service revenues, net of contractual allowances and discounts (but before the provision of bad debts), recognized in 2014 and 2013 from these major payor sources, are as follows:

| | June 30, 2014 | | | | | |
|--|-------------------------------------|-------------------------------------|--------------|---------------|--|--|
| | Third-Party Government Payors | Third-Party Commercial Payors | Self-Pay | Total | | |

Notes to Financial Statements June 30, 2014 and 2013

|--|-------------------------------------|-------------------------------------|--------------|---------------|--|--|--|
| | Third-Party Government Payors | Third-Party Commercial Payors | Self-Pay | Total | | | |
| Patient service revenues (net of contractual allowances and discounts) | \$ 38,069,947 | \$ 16,341,903 | \$ 2,600,733 | \$ 57,012,583 | | | |

Charity Care and Community Service

Philhaven provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because Philhaven does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue. Criteria for charity care consider the patient's family income, net worth, and other factors.

Philhaven maintains records to identify and monitor the level of charity care it provides. A patient is classified as a charity care patient by reference to established policies of Philhaven. These policies utilize the Department of Health and Human Services' Poverty Levels as guidelines for eligibility for charity care. The costs associated with the charity care services provided are estimated by applying a cost-to-charge ratio to the amount of gross uncompensated charges for the patients receiving charity care. The level of charity care provided by Philhaven amounted to \$289,550 in 2014 and \$196,886 in 2013.

Additionally, Philhaven sponsors certain other service programs and charity services which provide substantial benefit to the broader community. Such programs include educational features for the general community as well as for other professional health care providers in the community on such topics as women's issues, pain management, stress management, substance abuse as well as other mental health issues. Charity services are also provided to local disaster response professionals following traumatic events in the community.

Income Taxes

Philhaven is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal income taxes on their exempt income under Section 501(a) as the Internal Revenue Code. The Farm's income is taxable for federal purposes as unrelated business income. Philhaven and the Farm prescribe a recognition threshold of more-likely-than-not to be sustained upon examination by the appropriate taxing authority in recording tax liabilities in the financial statements. Measurement and recognition of the tax uncertainty occurs if the recognition threshold has been met. Management determined there were no tax uncertainties that met the recognition threshold for the years ended June 30, 2014 and 2013. The Organization's federal Exempt Organization Business Income Tax Returns for the years ended after June 30, 2010 remain subject to examination by the Internal Revenue Service.

Subsequent Events

Philhaven has evaluated subsequent events through December 3, 2014, which is the date these financial statements were available to be issued.

Notes to Financial Statements June 30, 2014 and 2013

Reclassifications

Certain items relating to 2013 have been reclassified to conform to the 2014 reporting format.

New Accounting Standard

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-09, *Revenue from Contracts with Customers* (Topic 606). ASU No. 2014-09 supercedes the revenue recognition requirements in Topic 605, *Revenue Recognition*, and most industry-specific guidance. Under the requirements of ASU No. 2014-09, the core principle is that entities should recognize revenue to depict the transfer of promised goods or services to patients in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Philhaven will be required to retrospectively adopt the guidance in ASU No. 2014-09 for years beginning after December 15, 2017; early application is not permitted. Philhaven has not yet determined the impact of adoption of ASU No. 2014-09 on its consolidated financial statements.

3. Net Patient Service Revenue

Philhaven has agreements with third-party payors that provide for payments to Philhaven at amounts different from its established rates. Payment arrangements include per diem payments, reimbursed costs and discounted charges. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments due to future audits, reviews, and investigations. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as adjustments become known or as years are no longer subject to such audits, reviews, and investigations.

Payments from Medicare for inpatient services are made as a combination of reasonable cost and prospective reimbursement basis. Payments from the Medical Assistance and Blue Cross programs for inpatient services are made on a prospective basis. Under these programs, payments are made at a predetermined specific rate for each day of hospital stay. Outpatient services for Medicare and Medical Assistance are reimbursed principally on an established fee schedule. Blue Cross reimburses outpatient services on the basis of charges.

Philhaven's Medicare cost reports have been finalized through the year ended June 30, 2013. Differences between the estimated and final settlements are recorded in the year of settlement. In the opinion of management, adequate provision has been made for any adjustment that may result from the final settlement of these reports. Net patient service revenue for 2014 and 2013 include no favorable (unfavorable) settlements of prior-year cost reports.

Revenues from the Medicare and Medical Assistance programs constitute approximately 66% and 67% in for the years ended 2014 and 2013 of Philhaven's net patient service revenues. Laws and regulations governing the Medicare and Medical Assistance programs are extremely complex and subject to interpretation, and noncompliance could be subject to significant regulatory action, including fines and penalties. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

Notes to Financial Statements June 30, 2014 and 2013

The Corporation has also entered into agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to the Corporation under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates.

Philhaven believes that it is in compliance with applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretations as well as significant regulatory action including fines, penalties, and exclusion from the Medicare and Medical Assistance programs.

4. Fair Value Measurements, Investments and Assets Whose Use is Limited

Fair Value Measurements

Philhaven measures its assets whose use is limited, investments, and beneficial interests in irrevocable trusts on a recurring basis in accordance with accounting principles generally accepted in the United States of America.

Fair value is defined as the price that would be received to sell an asset or the price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework established for measuring fair value includes a hierarchy that prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

Level 1 - Fair value is based on unadjusted quoted prices in active markets that are accessible to Philhaven for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 - Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

Level 3 - Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows, and other similar techniques.

The fair value of the Philhaven's assets whose use is limited, investments, and beneficial interest in irrevocable trusts were measured using the following inputs at June 30, 2014 and 2013:

| | 2014 | | | | | | | |

The valuation gains on irrevocable trusts for the years ended June 30, 2014 and 2013 is included in the changes in permanently restricted net assets.

Investments and Assets Limited as to Use

Cash and certificates of deposit are carried at fair value as the carrying amounts approximate fair value because of the short maturity of these instruments.

Mutual funds are carried at fair value as determined by the closing price reported on the active market on which the individual securities are traded, and bonds are carried at fair value as determined based on quoted prices for the same or similar securities.

Beneficial Interest in Irrevocable Trusts

The fair value of the beneficial interest in irrevocable trusts is based on Philhaven's interest in the fair value of the underlying assets, which approximate the present value of estimated future cash flows to be received from the trusts.

Investments and assets limited as to use at June 30 consist of the following:

| | 2014 | 2013 |

14. Commitments and Contingencies

Workers' Compensation Insurance

Philhaven is self-insured for workers' compensation claims in accordance with the Department of Labor and Industry for Self-Insurance status under the Pennsylvania Worker's Compensation Act (the Act). As required under the Act, Philhaven obtained a letter of credit in the amount of \$700,000 and established a trust fund to provide a source of funds and to maintain reserves solely for the payment of workers' compensation benefits. At June 30, 2014 and 2013, Philhaven has accrued \$510,250 and \$396,543, respectively, for potential losses. These amounts were included in accrued expenses in the accompanying balance sheets.

Notes to Financial Statements June 30, 2014 and 2013

Healthcare Industry

Philhaven is subject to lawsuits and claims arising out of its business. After consultation with legal counsel, management estimates that these matters will be resolved without material adverse affect on the balance sheet of Philhaven or results of operations.

The healthcare industry is subject to numerous laws and regulations of federal, state and local governments. Compliance with these laws and regulations is subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time. Government activity continues to increase with respect to investigations and allegations concerning possible violations by healthcare providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties as well as significant repayments for patient services previously billed. Management is not aware of any material incidents of noncompliance; however, the possible future financial effects of this matter on Philhaven, if any, are not presently determinable.

Operating Leases

Philhaven leases office space under various building lease arrangements. Total rental expense for operating leases was \$907,693 in 2014 and \$787,331 in 2013. Minimum future rental payments on noncancelable operating leases with terms in excess of one year at June 30, 2014 are as follows:

| Years ending June 30: | | |
|-----------------------|------|-----------|
| 2015 | \$ | 721,274 |
| 2016 | | 576,607 |

| 2019 | | 236,175 |
| | | |
| Total | _ \$ | 2,369,035 |

15. Medical Malpractice Claims Coverage

Philhaven's medical malpractice insurance coverages are provided under the provisions of three insurance arrangements, as follows:

Primary coverage - Primary coverage is provided under the terms of an insurance contract which covers losses, if any, which are reported during the period the contract is in force, "claims made coverage," subject to the per occurrence and aggregate limits of such contract.

MCARE Fund coverage - The Pennsylvania Medical Care Availability and Reduction of Error Fund ("MCARE Fund") provides excess coverage per the Pennsylvania law governing the MCARE Fund. Pursuant to the per occurrence and aggregate limits set forth in the controlling Pennsylvania statutes, the MCARE Fund provides coverage for losses in excess of the primary coverage that was in effect on the date of the incident. The cost of MCARE Fund coverage is recognized as expense in the period incurred. Increases in annual surcharges and concerns over the MCARE Fund's ability to manage and pay claims continue to result in proposals to reform or restructure the MCARE Fund. MCARE Fund coverage is currently scheduled to be reduced, unless the State Insurance Commissioner determines that additional primary insurance capacity is not available at that time, and eliminated in 2014. The Hospital will be required to purchase additional primary insurance to take the place of the MCARE fund coverage if it is reduced. Depending upon the ultimate resolution of this matter, Philhaven may incur additional insurance costs.

Umbrella coverage - Philhaven has an umbrella liability insurance contract which insures against losses in excess of the primary or catastrophic coverage reported during the period of policy coverage.

Philhaven believes it has adequate insurance coverages for all asserted claims and it has no knowledge of unasserted claims which would exceed its insurance coverages.

16. Related Party Transactions

At June 30, 2014 and 2013, Philhaven has outstanding unconditional promises to give from members of its Board of Directors totaling \$15,570 and \$17,757, respectively.

Philhaven rents office space from KE LLC, of which it owns 50% (Note 6). Total rental expense incurred to KE LLC amounted to \$197,795 in 2014 and \$143,465 in 2013.

17. Functional Expenses

18. Concentrations of Credit Risk

Financial instruments which subject Philhaven to concentrations of credit risk consist primarily of cash and cash equivalents, including overnight repurchase agreements, investments, interest-bearing deposits and patient receivables.

Philhaven's cash and cash equivalent balances on deposit with any one financial institution are insured to FDIC limits.

In addition to the cash and cash equivalents noted above, assets limited as to use, and unrestricted investments consist of variable demand notes, and debt and equity securities, the market value of which is subject to various market fluctuations including changes in the interest rate environment and general economic conditions.

Philhaven's primary operations are located in Lebanon, Pennsylvania. Its service area includes Lebanon, Pennsylvania and surrounding communities in South Central Pennsylvania.

Philhaven grants credit without collateral to its patients and other third-party payors, primarily Medicare, Medical Assistance, Blue Cross and various commercial insurance and managed care companies. The mix of receivables from patients and third-party payors is as follows:
