Schedule I, Part I, Line 2 - It is the BFTP/NEPA policy to use Ben Franklin's resources to help technology-related early stage firms and established manufacturers for high growth, and to support the creation and enhancement of a business infrastructure necessary to competitively position the region in the global economy. Investments are made in order to develop and employ new technologies, adopt new business practices, and adapt and integrate modern approaches to systematically utilize people and technology for competitive advantages. Investments are provided to a select portfolio of client companies and community initiatives chosen as the best prospects for future growth and retention of jobs. There are three basic types of investments utilized by Ben Franklin as designated in the state guidelines. They are 1) Early Stage and Established Manufacturer Companies 2) Technology/Entrepreneurial Infrastructure 3) Business and Technical Direct Services. The investment decision is made by reviewing a formal proposal application and budget submitted by the company(s) to Ben Franklin. It is the policy of Ben Franklin to invest in Early Stage Firms and Established Manufacturer funding only after 1. it has been reviewed by external experts for business and technical feasibility and appropriateness. For projects in which research and development or other technical tasks are funded, the proposals will be reviewed by at least one external technical expert. Additionally, all initial proposals for early stage firms will have the business plan reviewed by one or two external business experts; 2. it has been reviewed and recommended by a group of Ben Franklin staff appointed by the Chief Executive Officer; and 3. it has received final approval from the BFTP/NEP Board of Directors or Executive Committee.
