To the Board of Directors of
Bishop's University Foundation

We have audited the accompanying financial statements of Bishop's University Foundation, which comprise the statement of financial position as at June 30, 2014 and the statements of revenues and expenses, changes in fund balances and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Bishop's University Foundation as at June 30, 2014 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

1 - GOVERNING STATUTES AND PURPOSE OF THE ORGANIZATION

The Bishop's University Foundation (hereafter the "Foundation") was incorporated in 1971 under Part III of the Companies Act (Quebec) for the purpose of receiving and maintaining funds which are to be disbursed for charitable or educational purposes for the benefit of Bishop's University. It is a registered charity under the Income Tax Act.

2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The Foundation's financial statements are prepared in accordance with Canadian accounting standards for not-for-profit organizations.

Fund accounting

The Foundation follows the restricted fund method of accounting for revenues.

Unrestricted non-trust funds

The Unrestricted non-trust funds represent contributions not received for endowment and net investment income, neither of which is subject to restrictions as to usage.

Unrestricted trust funds

The Unrestricted trust funds represent contributions received for endowment. These contributions are to be invested and held in perpetuity. The investment income earned thereon, which is not subject to restrictions as to usage, is accounted for in the unrestricted non-trust fund and is to be used to fund the priorities of Bishop's University.

Restricted non-trust funds

The Restricted non-trust funds represent contributions not received for endowment and net investment income, both of which are subject to restrictions as to usage.

Restricted trust funds

The Restricted trust funds represent contributions received for endowment. These amounts are to be invested and held in perpetuity. The investment income earned thereon, which is subject to restrictions as to usage, is accounted for in the restricted non-trust fund and is to be used to fund scholarships, research and various initiatives of Bishop's University.

Accounting estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts recorded in the financial statements and notes to financial statements. These estimates are based on management's best knowledge of current events and actions that the Foundation may undertake in the future. Actual results may differ from these estimates.

2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial assets and liabilities

Initial measurement

Upon initial measurement, the Foundation's financial assets and liabilities are measured at fair value, which, in the case of financial assets or financial liabilities that will be measured subsequently at amortized cost, is increased or decreased by the amount of the related financing fees and transaction costs. Transaction costs relating to financial assets and liabilities that will be measured subsequently at fair value are recognized in the statement of revenues and expenses in the year they are incurred.

Subsequent measurement

At each reporting date, the Foundation measures its financial assets and liabilities at cost or amortized cost (including any impairment in the case of financial assets), except for investments in the balanced pooled funds which the Foundation has elected to measure at fair value by designating that fair value measurement shall apply.

With respect to financial assets measured at cost or amortized cost, the Foundation assesses whether there are any indications of impairment. When there is an indication of impairment, and if the Foundation determines that during the year there was a significant adverse change in the expected timing or amount of future cash flows from the financial asset, it will then recognize a reduction as an impairment loss in operations. The reversal of a previously recognized impairment loss on a financial asset measured at cost or amortized cost is recognized in the statement of revenues and expenses in the year the reversal occurs.

Revenue recognition

Donations

The Foundation follows the restricted fund method in which restricted contributions are recognized upon receipt in the fund corresponding to the purpose for which they were contributed

Net investment income

Investment transactions are recorded on the transaction date and resulting revenues are recognized using the accrual method of accounting.

Contributed supplies and services

The Foundation may recognize contributed supplies and services when the fair value of these contributions can be reasonably estimated and if it would have had to otherwise acquire these supplies and services for its normal operations.

3 - INTERFUND TRANSFERS

During the year, the Board of Directors assigned an amount of \$1,534,145 from the unrestricted non-trust funds to the restricted non-trust funds and an amount of \$635,154 from the restricted non-trust funds to the restricted trust funds.

6 - FINANCIAL INSTRUMENTS

Financial risks

The Foundation's main financial risk exposure is detailed as follows.

Credit risk

The Foundation is exposed to credit risk regarding the financial assets recognized in the statement of financial position. The Foundation has determined that the financial assets with more direct credit risk exposure are accounts receivable and balanced pooled funds, since failure of any of these parties to fulfil their obligations could result in significant financial losses for the Foundation. Additionally, some investments in the balanced pooled funds also indirectly expose the Foundation to credit risk.

The credit risk regarding cash is considered to be negligible because it is held by a reputable financial institution with an investment grade external credit rating

6 - FINANCIAL INSTRUMENTS (Continued)

Market risk

The Foundation's financial instruments expose it to market risk, in particular, currency risk, interest rate risk and other price risk, resulting from its investing activities.

– Currency risk:

The Foundation is exposed to currency risk due to investments denominated in U.S. dollars and other foreign currencies. Note 4 presents these amounts in detail.

– Interest rate risk:

The investments in balanced pooled funds are exposing the Foundation indirectly to interest rate risk.

– Other price risk.

The Foundation is exposed to other price risk due to balanced pooled funds investments since changes in market prices could result in changes in the fair value or cash flows of these instruments.

Liquidity risk

The Foundation's liquidity risk represents the risk that the Foundation could encounter difficulty in meeting obligations associated with its financial liabilities. The Foundation is, therefore, exposed to liquidity risk with respect to all of the financial liabilities recognized in the statement of the financial position.

Carrying amount of financial assets by categories

The carrying amount of the Foundation's financial assets that are measured at amortized cost totals \$1,435,585 (\$620,771 as at June 30, 2013), whereas the carrying amount of financial assets measured at fair value totals \$39,157,453 (\$33,490,986 as at June 30, 2013) and the carrying amount of investments in equity instruments measured at cost totals \$471,455 (\$363,163 as at June 30, 2013)
