| Part IV, Line 2b | As of June 30, 2014 and 2013, Firelight held \$44,237 and \$48,145 of funds held as a fiscal agent for other parties, respectively. These funds will be delivered to the ultimate recipients in the upcoming year, as directed by the providers of the funds. This amount is shown as funds held as fiscal agent in the accompanying statements of financial position, as Firelight has no variance power over the ultimate use of the funds.                                         |
| Part V, Line 4   | Firelight's policy is to make available on July 1 of each year, as expendable income, an amount equal to the greater of the yearly return of the previous fiscal year or four percent of the average of the long-term reserve fund's' total market value for the four quarters ending March 31 of the previous fiscal year. Board of Directors may also authorize withdrawal of the principal of the quasi-endowment should it be determined to be in the best interest of Firelight. |
| Part X, Line 2   | In accordance with Accounting Standards Codification (ASC) Topic 740, Income Taxes, Firelight has evaluated its income tax positions for the years ended June 30, 2014 and 2013, and determined that there were no material uncertain tax positions.                                                                                                                                                                                                                                  |

| Part I, Line 2   | Firelight hires Program Staff that have lived in the countries where Firelight funds, thereby bringing real world knowledge to our work. Before a grant to a new organization is approved, Firelight requires a site visit from Program Staff, as well as assessments by two external individuals. Assessments capture organizational management, including use of sound financial management, quality of programming, networking, and sustainability, governance and leadership. Firelight's Africa based Advisory Council reviews funding recommendations before the grants are approved by the Board of Directors. Multiple steps are used to monitor use of funds (detailed below). In order to meet reporting requirements, financial reports must show up to 95% expenditure or greater in both local currency and/or USD in order for the grant to meet reporting requirements. Firelight uses multiple strategies to monitor use of funds - Grantees provide annual report, both narrative and financial, as well as beneficiary data, which is analyzed against what they proposed. Staff also analyze budgets and financial reports for reasonable expenditure. Any changes over 10% of budget must be approved with a rationale. Budget changes below 10% must be explained in the financial report - Firelight program consultants and Lead Partners conduct ongoing visits for support and monitoring of grantee activities. These include both planned and unplanned monitoring and support visits - Firelight staff conduct site visits annually where they conduct in-depth review of organization's goals, programs, accomplishments, as well as operational systems, such as financial management systems - Partners with large budget have an annual external financial audit. |

It is then shared with the entire Board of Directors for their review before filing with the Internal Revenue Service.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| Form 990, Part VI, Section B, line 12c | The Board members sign a conflict of interest policy on an annual basis. All Board members and Advisory Council members are asked at each meeting to declare any conflicts of interest they may have. If any conflicts of interest arise, the Board members will discuss the next steps and document how to rectify the situation. The conflict of interest policy for employees is incorporated into the employee handbook, which all employees sign when they are first employed and when there is a significant revision to the handbook. If a conflict of interest should arise, the conflict and the resolution of the conflict are documented in a memo reviewed by the Executive Director and/or the Human Resources Manager. |
| Form 990, Part VI, Section B, line 15  | The Executive Director's salary is set by the Board of Directors, by reviewing other exempt organizations' federal Form 990 and a compensation survey or study. Other employees' salaries are set according to a salary schedule where jobs are ranked and there is a predetermined salary range for each ranking. These ranges are benchmarked against other similar organizations, so that the salaries are both reasonable and competitive.                                                                                                                                                                                                                                                                                       |

The Audit Report and federal Form 990 are posted on Firelight's website, and the financial statements are available in an abbreviated form in the Annual Report.                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
