Facts And Circumstances Test

Palm Healthcare Foundation's public support for fiscal year ended June 30, 2014 was 21.41%. The following facts and circumstances support the public charity status of the Foundation for three main reasons: 1) the Foundation's original corpus was funded substantially from broad public sources, and the high levels of investment income that impacts the public support percentage (Schedule A, Section C, Line 14) comes from that original public support, 2) the Foundation has always operated a comprehensive fund development program which solicits a broad range of public donors in a number of ways, includes major giving, annual giving, planned giving, grant-writing, special events and on-line giving, and 3) the Foundation's 15-member board of trustees and its eight (8) committees are made up of community members from a variety of geographic locations, industries, ethnic and religious backgrounds and socio-economic levels, representing Palm Beach County as a whole. 1) Palm Healthcare Foundation, a hospital conversion foundation, was created in July 2001 as the successor to the Good Samaritan Medical Center Foundation and St. Mary's Hospital Foundation when the two not-for-profit hospitals were sold to a for-profit entity. The funds in the hospital foundations, donated from a wide-range of public sources including individual donors, other foundations and corporations, formed the original corpus of Palm Healthcare Foundation. At the end of Palm Healthcare Foundation's first fiscal year, the Foundation held \$64 million in assets, which was invested for the purposes of supporting the healthcare needs of Palm Beach County residents. From the beginning, the Foundation solicited the public at large for donations to supplement the corpus. Public donations and investment return has allowed Palm Healthcare Foundation to grant more than \$63 million to more than 100 not-for-profit organizations serving the healthcare needs of our community. In recent years, the Foundation's work has been focused around and made significant advances in the critical issues of diabetes prevention and management, nursing advancement, family caregiving, and behavioral health. 2) Since its inception, Palm Healthcare Foundation has maintained a continuous program for solicitation of funds from the general public, community and local sponsors. The Foundation employs a senior-level fund development executive who manages a comprehensive solicitation program, including a. Three annual direct mail pieces are sent to thousands of community members. b. Return Reference	Explanation
Part X, Line 2	The Internal Revenue Service has determined that the Foundation is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to the Foundation's tax-exempt purpose is subject to taxation as unrelated business income. There was no unrelated business income during the year ended June 30, 2014. The Foundation follows FASB ASC Topic 740-10, Accounting for Uncertainty in Income Taxes. This standard seeks to reduce the diversity in practice associated with certain aspects of measurement and recognition in accounting for income taxes. It prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position that an entity takes or expects to take in a tax return. An entity may only recognize or continue to recognize tax positions that meet a "more likely than not" threshold. The Foundation assesses its income tax positions based on management's evaluation of the facts, circumstances, and information available at the reporting date. The Foundation uses the prescribed "more likely than not" threshold when making its assessment. The Foundation did not record any adjustment and did not accrue any interest expense or penalties related to tax positions. There are currently no open federal or state tax years under audit.
