We have audited the accompanying consolidated financial statements of Wellmont Health System and affiliates, which comprise the consolidated balance sheets as of June 30, 2014 and 2013, and the related consolidated statements of operations and changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Wellmont Health System and affiliates as of June 30, 2014 and 2013, and the results of their operations and their cash flows for the years then ended, in accordance with U.S. generally accepted accounting principles.

(1) Operations and Basis of Presentation

Wellmont Health System (Wellmont), a Tennessee not-for-profit corporation, currently operates six acute care hospitals in Tennessee and Virginia that include Bristol Regional Medical Center in Bristol, Tennessee, Holston Valley Medical Center in Kingsport, Tennessee, Lonesome Pine Hospital in Big Stone Gap, Virginia, Hawkins County Memorial Hospital in Rogersville, Tennessee, Hancock County Hospital in Sneedville, Tennessee, and Mountain View Regional Medical Center in Norton, Virginia.

The consolidated financial statements also include the operations of:

- Wellmont Cardiology Services and Wellmont Medical Associates, which operate physician practices.
- Wellmont Madison House and Wellmont Wexford House, which operate assisted living, adult day care, and skilled nursing facilities.
- Wellmont Foundation, which conducts fund-raising activities for the benefit of Wellmont.
- Wellmont Integrated Network, LLC, which is an accountable care organization.
- Wellmont Insurance Company SPC, Ltd, which is a captive insurance company.
- Wellmont, Inc., a wholly owned taxable subsidiary of Wellmont, formed as the holding company of various other taxable subsidiaries that provide medical collection services, provide other healthcare-related services, and invest in affiliates and other activities.

All significant intercompany accounts and transactions have been eliminated in the accompanying consolidated financial statements.

Wellmont's continuing operations consist primarily of the delivery of healthcare services in northeast Tennessee and southwest Virginia.

The following are included in discontinued operations:

- As of October 1, 2013, Wellmont closed Lee Regional Medical Center in Pennington Gap, Virginia. The losses of \$26,091 and \$2,317, including an impairment loss of \$22,456 and \$0, for the years ended June 30, 2014 and 2013, respectively, are included in discontinued operations
- As of May 17, 2013, a subsidiary of Wellmont ceased operating its sleep labs, which were managed by a third party. The losses of \$292 and \$2,302, including an impairment loss of \$0 and \$2,007, for the years ended June 30, 2014 and 2013, respectively, are included in discontinued operations.
- As of September 23, 2010, Wellmont sold the majority of its retail pharmacy's assets to a national pharmacy company. The gains (losses) of \$45 and (\$131) for the years ended June 30, 2014 and 2013, respectively, are included in discontinued operations.
- As of April 30, 2009, Wellmont closed Jenkins Community Hospital in Jenkins, Kentucky. The gains (losses) of (\$301) and \$266 for the years ended June 30, 2014 and 2013, respectively, are included in discontinued operations.

(2) Significant Accounting Policies

A summary of significant accounting policies is as follows:

(a) *Use of Estimates*

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the consolidated financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Significant estimates include allowances for contractual adjustments and bad debts; third-party payor settlements; valuation of investments, land, buildings, equipment, and goodwill; and self-insurance and other liabilities. Actual results could differ from these estimates.

(b) *Cash and Cash Equivalents*

Wellmont considers all highly liquid investments with a maturity of three months or less when purchased, excluding amounts whose use is limited by board of directors' designation or other arrangements under trust agreements, to be cash equivalents.

(c) *Investments*

Marketable equity securities and debt securities are recorded at fair value and classified as other than trading. Fair value is determined primarily using quoted prices (unadjusted) in active markets for identical assets or liabilities that Wellmont has the ability to access at the measurement date. However, Wellmont also uses observable and unobservable inputs for investments without quoted market prices to determine the fair value of certain investments at the measurement date. Investments in limited partnerships are recorded at fair value as determined by the partnership using net asset value. Wellmont has adopted the measurement provisions of Accounting Standards Update (ASU) No. 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, to certain investments in funds that do not have readily determinable fair values including private investments, hedge funds, real estate, and other funds. Investments in affiliates in which Wellmont has significant influence but does not control are reported on the equity method of accounting, which represents Wellmont's equity in the underlying net book value. Long-term investments include those investments that have not been designated by the board of directors for specific purposes and are also not intended to be used for the liquidation of current liabilities. Investment income is recognized when earned.

Realized gains and losses are determined on the specific-identification method and included in investment income with interest and dividends. Investment income is reported net of related investment fees. Unrealized gains and losses are included in other changes in unrestricted net assets except for losses determined to be other than temporary, which are considered realized losses and included in investment income.

WELLMONT HEALTH SYSTEM AND AFFILIATES

Notes to Consolidated Financial Statements

June 30, 2014 and 2013

(Dollars in thousands)

(d) *Assets Limited as to Use*

Assets limited as to use primarily include designated assets set aside by the board of directors for future capital improvements, over which the board of directors retains control and may, at its discretion, subsequently use for other purposes, and assets held by trustees under bond indenture and self-insurance arrangements. Amounts required to meet current liabilities of Wellmont have been reclassified to current assets in the accompanying consolidated balance sheets.

(e) *Inventories*

Inventories are stated at the lower of cost or market value and are valued principally by the first-in, first-out, and average-cost methods.

(f) *Land, Buildings, and Equipment*

Land, buildings, and equipment are stated at cost, if purchased, or fair value at date of donation. Depreciation is computed using the straight-line method based on the estimated useful life of the asset, ranging from 3 to 40 years. Buildings and equipment held under capital leases are recorded at net present value of future lease payments and are amortized on a straight-line basis over the shorter of the lease term or estimated useful life of the asset. Costs of maintenance and repairs are expensed as incurred. Upon sale or retirement of land, buildings, or equipment, the cost and related accumulated depreciation are eliminated from the respective accounts and the resulting gain or loss, if any, is included in other revenues on the consolidated statements of operations and changes in net assets. Interest costs incurred on borrowed funds during the period of construction of capital assets is capitalized as a component of the cost of acquiring those assets. The amount capitalized is net of investment earnings on assets limited as to use derived from borrowings designated for capital assets. Renewals and betterments are capitalized and depreciated over their useful life, whereas costs of maintenance and repairs are expensed as incurred.

Wellmont evaluates long-lived assets for impairment on annual basis. Long-lived assets are considered to be impaired whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable from future cash flows. Recoverability of long-lived assets to be held and used is measured by a comparison of the carrying amount of an asset to future cash flows expected to be generated by the asset. When such assets are considered to be impaired, the impairment loss recognized is measured by the amount by which the carrying value of the asset exceeds the fair value of the asset.

(g) *Goodwill*

Wellmont adopted ASU No. 2010-07, *Not for Profit Entities: Mergers and Acquisitions*, which in part requires healthcare entities to follow Accounting Standards Codification (ASC) Topic 350-20-35, *Intangibles – Goodwill and Other* along with ASU 2011-08, *Testing Goodwill for Impairment*, effective July 1, 2012. ASC Topic 350-20-35 requires goodwill of not-for-profit entities to be evaluated for impairment at least annually. An entity has the option to first assess qualitative factors to determine whether the existence of events or circumstances leads to a determination that it is more likely than not that the fair value of a reporting unit is less than its

WELLMONT HEALTH SYSTEM AND AFFILIATES

Notes to Consolidated Financial Statements

June 30, 2014 and 2013

(Dollars in thousands)

carrying amount. If, after assessing the totality of events or circumstances, an entity determines it is not more likely than not that the fair value of a reporting unit is less than its carrying amount, then performing the two-step impairment test is unnecessary. The more-likely than-not threshold is defined as having a likelihood of more than 50%. However, if an entity concludes otherwise, then it is required to perform the first step of the two-step impairment test by calculating the fair value of the reporting unit and comparing the fair value with the carrying amount (including goodwill) of the reporting unit. If the carrying amount of a reporting unit exceeds its fair value, then the entity is required to perform the second step of the goodwill impairment test to measure the amount of the impairment loss. Under step two, an impairment loss is recognized for any excess of the carrying amount of the reporting unit's goodwill over the implied fair value of that goodwill. The implied fair value of goodwill is determined by allocating the fair value of the reporting unit in a manner similar to a purchase price allocation and the residual fair value after this allocation is the implied fair value of the reporting unit goodwill. Fair value of the reporting unit is determined using a discounted cash flow analysis. If the fair value of the reporting unit exceeds its carrying value, step two does not need to be performed. The annual impairment test is performed as of June 30.

(h) *Deferred Debt Expense*

Deferred debt expense is amortized over the life of the related bond issues using the effective-interest method.

(i) *Derivative Financial Instruments*

As further described in note 12, Wellmont is a party to interest rate swap and other derivative agreements. These financial instruments are not designated as hedges and are presented at estimated fair market value in the accompanying consolidated balance sheets. These fair values are based on the estimated amount Wellmont would receive, or be required to pay, to enter into equivalent agreements with a third party at the valuation date. Due to the nature of these financial instruments, such estimates are subject to significant change in the near term. Wellmont recognizes changes in the fair values of derivatives as nonoperating gains or losses in the consolidated statements of operations and changes in net assets. The cash settlements resulting from these interest rate swaps are reported as interest expense in the consolidated statements of operations and changes in net assets.

(j) *Asset Retirement Obligations*

Asset retirement obligations (AROs) are legal obligations associated with the retirement of long-lived assets. These liabilities are initially recorded at fair value, and the related asset retirement costs are capitalized by increasing the carrying amount of the related assets by the same amount as the liability. Asset retirement costs are subsequently depreciated over the useful lives of the related assets. Subsequent to initial recognition, Wellmont records period-to-period changes in the ARO liability resulting from the passage of time and revisions to either the timing or the amount of the original estimate of undiscounted cash flows. Wellmont derecognizes ARO liabilities when the related obligations are settled.

WELLMONT HEALTH SYSTEM AND AFFILIATES

Notes to Consolidated Financial Statements

June 30, 2014 and 2013

(Dollars in thousands)

(k) *Temporarily and Permanently Restricted Net Assets*

Temporarily restricted net assets are those whose use by Wellmont has been limited by donors to a specific-time period or purpose. Permanently restricted net assets have been restricted by donors to be maintained by Wellmont in perpetuity. Generally, donors of permanently restricted assets permit use of all or part of the income earned on related investments for general or specific purposes.

Temporarily restricted net assets relate primarily to amounts held by the Foundation and include amounts restricted for future capital expenditures and for operations of such areas as children's healthcare services, hospice, and cancer care.

Net assets are released from restrictions by Wellmont incurring expenses that satisfy the restricted purposes. Such net assets released during 2014 and 2013 primarily included amounts related to the purchase of equipment for pediatrics, cancer, and other healthcare operations.

Wellmont has adopted guidance issued by Financial Accounting Standards Board (FASB), which provides guidance on the net asset classification of donor-restricted endowment funds for a tax-exempt organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). Effective July 1, 2007, the State of Tennessee adopted legislation that incorporates the provisions outlined in UPMIFA. Wellmont's endowments consist solely of donor-restricted endowment funds. Wellmont's endowments consist of five individual funds established for a variety of purposes.

Wellmont has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, Wellmont classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are approved for expenditure by the organization in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, Wellmont considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the fund; (2) the purposes of the organization and the donor-restricted endowment fund; (3) general economic conditions; (4) the possible effect of inflation and deflation; (5) the expected total return from income and the appreciation of investments; (6) other resources of the organization; and (7) the investment policies of the organization.

(l) *Net Patient Service Revenue and Accounts Receivable*

Net patient service revenue is reported on the accrual basis in the period in which services are provided at the estimated net realizable amounts expected to be collected. Net patient service revenue includes amounts estimated by management to be reimbursable by patients and various third-party payors under provisions of reimbursement formulas in effect, including retroactive adjustments under reimbursement agreements. Estimated retroactive adjustments are accrued in the

WELLMONT HEALTH SYSTEM AND AFFILIATES

Notes to Consolidated Financial Statements

June 30, 2014 and 2013

(Dollars in thousands)

period related services are rendered and adjusted in future periods as final and other settlements are determined. On the basis of historical experience, a significant portion of Wellmont's uninsured patients will be unable or unwilling to pay for the services provided. Therefore, Wellmont records a significant provision for bad debts related to uninsured patients in the period the services are provided. This provision for bad debts is presented on the statements of operations as a component of net patient revenue. Wellmont provides care to patients who meet criteria under its charity care policy without charge or at amounts less than its established rates. Because Wellmont does not pursue collection of amounts determined to qualify as charity care, they are not included in net patient service revenue.

Patient accounts receivable are reported net of both an allowance for contractual adjustments and an allowance for uncollectible accounts. The contractual allowance represents the difference between established billing rates and estimated reimbursement from Medicare, TennCare, Medicaid, and other third-party payment programs. Wellmont's policy does not require collateral or other security for patient accounts receivable. Wellmont routinely obtains assignment of, or is otherwise entitled to receive, patient benefits payable under health insurance programs, plans, or policies.

(m) Revenue and Gains in Excess of Expenses and Losses

The consolidated statements of operations and changes in net assets include revenue and gains in excess of expenses and losses. Changes in unrestricted net assets that are excluded from revenue and gains in excess of expenses and losses, consistent with industry practice, include changes in net unrealized gains (losses) on investments other than trading securities, changes in the funded status of Wellmont's defined-benefit plan, contributions of long-lived assets, including assets acquired using contributions that, by donor restriction, were to be used for the purposes of acquiring such assets, and cumulative effects of changes in accounting principles.

For purposes of financial statement display, those activities directly associated with Wellmont's mission of providing healthcare services are considered to be operating activities. Nonoperating activities primarily include investment and related activities. Other operating revenues primarily include cafeteria, rental, meaningful use incentives, and income from affiliates.

(n) Contributed Resources

Gifts of long-lived assets, such as land, buildings, or equipment, are reported as unrestricted contributions, and are excluded from revenue and gains in excess of expenses and losses, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted contributions. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expiration of donor restrictions is reported when the donated or acquired long-lived assets are placed in service.

Unconditional promises to give cash or other assets are reported at fair value at the date the promise is received. Gifts are reported as either a temporarily or permanently restricted contribution if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished,

WELLMONT HEALTH SYSTEM AND AFFILIATES

Notes to Consolidated Financial Statements

(Dollars in thousands)

temporarily restricted net assets are reclassified as unrestricted net assets and reported in the consolidated statements of operations and changes in net assets as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are recorded as unrestricted contributions. Unrestricted contributions are included in other revenues.

(o) Federal Income Taxes

The Wellmont entities are primarily classified as organizations exempt from federal income taxes under Section 501(a) as entities described in Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been included for these entities in the consolidated financial statements. The operations of Wellmont, Inc. are subject to state and federal income taxes, which are accounted for in accordance with ASC Topic 740, *Income Taxes*; however, such amounts are not material.

(p) Recently Adopted Accounting Standards

The FASB issued ASU No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, in May 2011. This ASU requires the reason for the fair value measurement to be disclosed, a description of the valuation techniques, and descriptions of the inputs used for all Level 2 and Level 3 fair value measurements. It also requires all transfers between levels of the fair value hierarchy to be separately reported and described. Wellmont adopted ASU 2011-04 as of July 1, 2012.

(q) Reclassifications

Certain 2013 amounts have been reclassified to conform to the 2014 consolidated financial statement presentation. The reclassifications had no impact on total assets or changes in net assets.

(3) Business Combinations and Goodwill

On November 30, 2013, Wellmont purchased 100% of the membership interest in Wexford House from Residential Healthcare Affiliates. Wexford House is a skilled nursing facility, which serves residents of Sullivan County, Tennessee and the surrounding communities. The facility provides short- and long-term medical and rehabilitation care. In addition, on March 31, 2014, Wellmont purchased the remaining 25% interest in Holston Valley Imaging Center (HVIC), which included the remaining 50% governance interest from Blue Ridge Radiology Investment. The assets acquired and liabilities assumed under each acquisition were recorded at their estimated fair value in accordance with ASC 805.

(4) Net Patient Service Revenue

A reconciliation of the amount of services provided to patients at established rates to net patient service revenue as presented in the consolidated statements of operations and changes in net assets is as follows for the years ended June 30:

| | 2014 | 2013 |
|--|--------------|-------------|
| Gross patient service revenue | \$ 2,683,891 | 2,452,561 |
| Less: | | |
| Contractual adjustments and other discounts | (1,838,900) | (1,605,045) |
| Charity care | (56,081) | (56,286) |
| Net patient service revenue before provision for bad debts | 788,910 | 791,230 |
| Less provision for bad debts | (45,644) | (53,251) |
| Net patient service revenue | \$ 743,266 | 737,979 |

Wellmont's allowance for doubtful accounts is predominantly for self-pay patients and patient balances remaining after third-party payments. The provision for bad debts decreased \$7,607 from fiscal 2013 to fiscal 2014 and the net write-offs decreased \$19,262 from fiscal 2013 to fiscal 2014. The decrease in the provision for bad debts was primarily offset by an increase of \$6,594 in self-pay discounts. The decrease in write-offs was due to the above item and the implementation of a new billing system in the last quarter of the fiscal year. Wellmont has not changed its charity care or uninsured discount policies during fiscal 2014. Wellmont does not maintain a material allowance for doubtful accounts from third-party payors, nor did it have significant write-offs from third-party payors.

(5) Third-Party Reimbursement Arrangements

Wellmont renders services to patients under contractual arrangements with the Medicare and Medicaid programs. The Medicaid programs in Tennessee and Virginia are contracted by each state to commercial managed care contractors to cover Medicaid eligible enrollees. Amounts earned under these contractual arrangements are subject to review and final determination by fiscal intermediaries and other appropriate governmental authorities or their agents. Management believes that adequate provision has been made for any adjustments that may result from such reviews. Participation in these programs subjects Wellmont to significant rules and regulations; failure to adhere to such could result in fines, penalties, or expulsion from the programs.

Wellmont contracts with various managed care organizations under the Medicaid programs. Reimbursement for both inpatient and outpatient services is based upon prospectively determined rates, including diagnostic-related group assignments, fee schedules, and per diem amounts. Reimbursement under the Medicaid program is also based upon prospectively determined amounts.

The Medicare program pays for the costs of inpatient services on a prospective basis. Payments are based upon diagnostic-related group assignments, which are determined by the patient's clinical diagnosis and

(Dollars in thousands)

medical procedures utilized. Wellmont receives additional payments from Medicare based on the provision of services to a disproportionate share of Medicaid-eligible and other low-income patients. Outpatient services are also reimbursed primarily on a prospectively determined basis.

Net patient service revenue in 2014 and 2013 related to Medicare and TennCare/Medicaid and net patient accounts receivable at June 30, 2014 and 2013 from Medicare and TennCare/Medicaid were as follows:

| | <u>2014</u> | <u>2013</u> |
|----------------------------------|-------------|-------------|
| Net patient service revenue: | | |
| Medicare | \$ 304,713 | 313,429 |
| TennCare/Medicaid | 37,216 | 39,515 |
| Net patient accounts receivable: | | |
| Medicare | \$ 44,480 | 38,102 |
| TennCare/Medicaid | 6,817 | 6,146 |

Wellmont has filed cost reports with Medicare and Medicaid. The cost reports are subject to final settlement after audits by the fiscal intermediary. The Medicare and Medicaid cost reports have been audited and final settled by the intermediary through June 30, 2010 and audit adjustments have been received and considered for certain hospitals and year-ends through June 30, 2012.

Wellmont has also entered into reimbursement agreements with certain commercial insurance companies, health maintenance organizations, and preferred provider organizations. The basis for reimbursement under these agreements includes prospectively determined rates per discharge, per diem rates, and discounts from established charges.

Net patient service revenue is reported at the net amounts billed to patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Estimated retroactive adjustments are accrued in the period the related services are rendered and adjusted in future periods as changes in estimated provisions and final settlements are determined. Net patient service revenue increased approximately \$3,334 and \$6,605 in 2014 and 2013, respectively, due to final settlements and revised estimates in excess of amounts previously recorded, removal of allowances previously estimated that are no longer necessary as a result of audits and final settlements, and years that are no longer subject to audits, reviews, and investigations.

Estimated settlements recorded at June 30, 2014 could differ materially from actual settlements based on the results of third-party audits.

(6) Meaningful Use Incentives

The American Recovery and Reinvestment Act of 2009 (ARRA) established incentive payments under the Medicare and Medicaid programs for certain professionals and hospitals that meaningfully use certified electronic health record (EHR) technology. The Medicare incentive payments are paid out to qualifying hospitals and physician groups over four consecutive years on a transitional schedule. To qualify for Medicare incentives, hospitals, and physician groups must meet EHR "meaningful use" criteria that

WELLMONT HEALTH SYSTEM AND AFFILIATES

Notes to Consolidated Financial Statements

June 30, 2014 and 2013

(Dollars in thousands)

become more stringent over three stages as determined by Centers for Medicare & Medicaid Services (CMS). Medicaid programs and payment schedules vary from state to state.

For fiscal years ended June 30, 2014 and 2013, Wellmont recorded \$7,211 and \$12,267, respectively, in other operating revenue related to the EHR and meaningful use incentives. These incentives have been recognized following the grant accounting model, recognizing income ratably over the applicable reporting period as management becomes reasonably assured of meeting the required criteria.

Amounts recognized represent management's best estimates for payments ultimately expected to be received based on estimated discharges, charity care, and other input data. Subsequent changes to these estimates will be recognized in other operating revenue in the period in which additional information is available. Such estimates are subject to audit by the federal government or its designee.

(7) Charity Care and Community Services

Wellmont accepts all patients within its primary service area regardless of their ability to pay. A patient is classified as a charity patient by reference to certain established policies that consider, among other factors, generally recognized poverty income levels.

Wellmont maintains records to identify and monitor the level of charity care it provides. These records include the amount of charges foregone and estimated costs incurred for services and supplies furnished under its charity care policy. Costs incurred are estimated based on the ratio of total operating expenses to gross charges applied to charity care charges. Charges foregone for services and supplies furnished under its charity care policy, the estimated cost of those services, and the equivalent percentage of charity care patients to all patients serviced were \$56,081, \$14,567, and 2.39%, respectively, for the year ended June 30, 2014 and \$56,286, \$15,735, and 2.57%, respectively, for the year ended June 30, 2013.

In addition to the charity care services described above, Wellmont provides a number of other services to benefit the indigent for which little or no payment is received. Medicare, Medicaid, and state indigent programs do not cover the full cost of those services. The shortfall between actual receipts from those programs and Wellmont's cost of providing care to those patients totaled \$37,432 and \$45,056 for the years ended June 30, 2014 and 2013, respectively.

Wellmont also provides services to the community at large for which it receives little or no payment. Health evaluations, screening programs, and specific services for the elderly and homebound are other services supplied. Wellmont also provides public health education, trains new health professionals, and conducts health research.

(8) Investment in Affiliates

Wellmont has investments with other healthcare providers, which include hospital, home care, regional laboratories, and other healthcare-related organizations. Wellmont records its share of equity in the operations of the respective organizations. Equity in earnings of affiliates was approximately \$1,764 and \$4,594 for the years ended June 30, 2014 and 2013, respectively, and is included in other operating revenue in the consolidated financial statements. Wellmont received distributions of \$3,484 and \$5,366 during 2014 and 2013, respectively, which reduced Wellmont's overall investment in the affiliates.

The following table summarizes the unaudited aggregate financial information of Wellmont's investments in affiliates:

| | | <u>2014</u> | <u>2013</u> |
|--------------------------------|----|----------------|----------------|
| Total assets | \$ | 136,824 | 135,802 |
| Total liabilities | | <u>38,396</u> | <u>40,617</u> |
| Total net assets | \$ | <u>98,428</u> | <u>95,185</u> |

| Expenses | | <u>191,023</u> | <u>186,394</u> |
| Revenues in excess of expenses | \$ | <u>10,616</u> | <u>14,371</u> |

Wellmont's investment in these affiliates and its ownership percentage as of June 30, 2014 and 2013 is as follows:

| | | <u>Amount</u> | | <u>Percentages</u> | |
|--------------------------------------|----|---------------|---------------|--------------------|-------------|
| | | <u>2014</u> | <u>2013</u> | <u>2014</u> | <u>2013</u> |
| Takoma Regional Hospital | \$ | 10,763 | 11,983 | 60% | 60% |
| Holston Valley Imaging Center (HVIC) | | — | 8,336 | — | 75 |

| | \$ | <u>18,221</u> | <u>31,874</u> | | |

As of March 31, 2014, Wellmont purchased the remaining 25% interest in HVIC and included HVIC in the consolidated financial statements from that date.

Prior to this transaction and although Wellmont's ownership percentage in Takoma Regional Hospital and HVIC was greater than 50%, Wellmont did not consolidate these entities because Wellmont only had a 50% representation on each respective board and did not have control over these entities. Also, during the fiscal year ended June 30, 2014, Lab Group Holdings, LLC was purchased by another entity, which also purchased all of Wellmont's share in this entity.

Wellmont provided billing, management, and professional services to some of the affiliates. Income recognized by Wellmont for the services was \$173 in 2014 and \$971 in 2013 and is included in other revenues. Included in other receivables are \$242 and \$406 as of June 30, 2014 and 2013, respectively, of amounts due to Wellmont from these entities.

| Total long-term investments | \$ 32,521 | 28,628 |

Investments in certain alternative limited partnership investments contain agreements whereby Wellmont is committed to contribute approximately \$10,162 as of June 30, 2014 of additional funds to the limited partnerships in the form of capital calls at the discretion of the general partner, of which \$567 was paid subsequent to June 30, 2014.

Effective June 27, 2013, Wellmont redeemed its \$10,000 in the preferred equity of a regional managed services organization; however, retained its \$1,512 on a right of first refusal related to any future sale of this organization. This equity had a guaranteed annual return of at least 6.5% of the outstanding preferred equity balance.

Wellmont's investments are concentrated in stock and bond mutual funds. In the event of a downward trend in the stock and bond markets, Wellmont's overall market value of net assets could be adversely

(Dollars in thousands)

affected by a material amount. Investments in alternative investments are generally illiquid investments whose value is determined by the general partner such as hedge funds, private equity, commingled funds, and real estate funds. Distributions are only at the discretion of a voting majority of the general partners.

Wellmont evaluates whether unrealized losses on investment securities indicate other-than-temporary impairment. Based on this evaluation, Wellmont recognized other-than-temporary impairment losses of \$0 and \$131 on investments as of June 30, 2014 and 2013, respectively. Other-than-temporary impairment losses are considered as realized losses and are reported within "investment income" in the consolidated statements of operations and changes in net assets.

Gross unrealized losses on investments for which other-than-temporary impairments have not been recognized and the fair values of those investments, aggregated by the length of time that individual investments have been in a continuous unrealized loss position, at June 30, 2014 and 2013 were as follows:

(c) *Project Odyssey 2012 Tax-Exempt Master Lease/Sublease Financing*

On December 1, 2012, The Health, Educational, and Housing Facilities Board of the County of Sullivan, Tennessee (as Lessee) and Wellmont (as Sub-Lessee) entered into a Master Equipment Lease and Sublease Agreement with Banc of America Public Capital Corp (the Lessor). The proceeds of this Master Lease were used to finance an electronic medical records system consisting of an EpicCare Inpatient Clinical System and an EpicCare Ambulatory Electronic Medical Records System inclusive of hardware, software, and implementation services. The Sub-Lessee authorized the Lessor to take a security interest in the entire System although only certain components of the System were funded under this Master Lease with the rest funded by Bank of America N.A. and Sub-Lessee. During the fiscal year ended June 30, 2013, Wellmont received two draws totaling \$16,150. During the fiscal year ended June 30, 2014, Wellmont received two additional draws totaling \$26,349.

Each lease term shall commence and interest shall begin to accrue on the date any funds are advanced by Wellmont. The first six lease payments under each agreement consist only of an interest component and the remaining 78 lease payments consist of a principal component and an interest component. Commencing on June 30, 2013, and continuing on the first day of each fiscal quarter thereafter, Wellmont shall pay accrued interest on the outstanding balance of the loan. Each agreement will have an interest component based on a fixed rate of interest and payable with respect to the amount of funds that the Lessor has advanced. The rates of interest are 1.79% and 1.97% for the two draws in the fiscal year ended June 30, 2014 and 1.45% and 1.82% for the two draws in the fiscal year ended June 30, 2013.

(d) *Series 2011 Bonds*

On May 5, 2011, Wellmont refunded the Revenue Bonds, Series 2006A, with the proceeds of the Revenue Bonds, Series 2011. The Series 2011 Bonds were issued by Health, Educational, and Housing Facilities Board of the County of Sullivan, Tennessee on behalf of Wellmont. Under the terms of the bond indenture, the proceeds were used to advance refund the Revenue Bonds, Series 2006A and to pay the costs of issuing the Series 2011 Bonds.

In order to refund the Series 2006A Bonds, Wellmont made a tender offer to the holders of the Series 2006A Bonds. The holders of all outstanding Series 2006A Bonds agreed to tender their Series 2006A Bonds to Wellmont. Proceeds of the Series 2011 Bonds were used to pay the purchase price of Series 2006A Bonds tendered for purchase. All outstanding Series 2006A Bonds were purchased by the Wellmont on the date of issuance of the Bonds and were immediately surrendered to the trustee for the Series 2006A Bonds for retirement and cancellation.

The Series 2011 Bonds were issued with two maturities of \$42,385 and \$33,780 for 2026 and 2032, respectively. The Series 2011 Bonds maturing September 1, 2026 are subject to mandatory redemption prior to maturity pursuant to the operation of a sinking fund, in part by lot starting on the redemption dates beginning on September 1, 2013 and ending on September 1, 2026 in annual amounts ranging from \$865 to \$4,680. The Series 2011 Bonds maturing September 1, 2032 are subject to mandatory redemption prior to maturity pursuant to the operation of a sinking fund, in part by lot starting on the redemption dates beginning on September 1, 2027 and ending on September 1, 2032 in annual amounts ranging from \$4,980 to \$6,300. The Series 2011 Bonds were issued as fixed-rate obligations at 6.0% and 6.5% for the two maturities (2026 and 2032, respectively).

(e) *Series 2010 Bank Qualified Bonds*

On November 1, 2010, The Health, Educational, and Housing Facilities Board of the County of Sullivan, Tennessee (the Board) issued \$30,000 Hospital Revenue Bonds, Series 2010 (Bank Qualified). The Series 2010 Bonds were issued and sold pursuant to the Bond Purchase Agreement dated as of November 1, 2010, between the Board and First Tennessee Bank National Association. Commencing on January 1, 2011, and continuing on the first day of each fiscal quarter thereafter, Wellmont shall pay accrued interest on the outstanding balance of the loan. Commencing on October 1, 2011 and continuing on the first day of each fiscal quarter thereafter, Wellmont shall also make principal payments equal to \$500. The outstanding bonds accrue interest at a rate equal to the product of 65% of the sum of LIBOR plus the applicable margin; however, the Series 2010 Bonds were redeemed upon the issuance of the Series 2014C Bonds.

(f) *Series 2007 Bonds*

On July 24, 2007, The Virginia Small Business Financing Authority issued, on behalf of Wellmont, \$55,000 of Hospital Revenue Bonds, Series 2007A. The Series 2007A Bonds, with other methods of financing, were used to purchase the assets of Mountain View Regional Medical Center and Lee Regional Medical Center.

Principal on outstanding Series 2007A Bonds is payable through maturity or mandatory sinking fund redemption in annual amounts ranging from \$360 to \$2,460 commencing on September 1, 2017 through September 1, 2036, with a balloon payment of \$29,245 due on September 1, 2037. The outstanding bonds accrue interest at rates ranging from 5.125% to 5.250%.

(g) Series 2006 C

On October 26, 2006, The Health, Educational, and Housing Facilities Board of the County of Sullivan Tennessee issued, on behalf of Wellmont, \$200,000 of Hospital Revenue Bonds, Series 2006C. The Series 2006C Bonds were used to finance the costs of acquisition of land for expansion, construction, expansion, equipping, and renovation of HVMC, including the construction of a new patient tower (collectively known as Project Platinum); finance the costs of the construction, expansion, equipping, and renovation of the emergency department at BRMC (the Bristol Emergency Department Project); and finance the costs of construction, expansion, renovation, and equipping of an operating room and related facilities at Hawkins County Memorial Hospital.

Principal on outstanding Series 2006C Bonds is payable through maturity or mandatory sinking fund redemption in annual amounts ranging from \$1,605 to \$25,330 commencing on September 1, 2017 through September 1, 2036. The outstanding bonds accrue interest at rates ranging from 5.00% to 5.25%.

(h) Series 2005

On December 8, 2005, The Health, Educational, and Housing Facilities Board of the County of Sullivan, Tennessee, issued, on behalf of Wellmont, \$70,620 of Hospital Revenue Refunding Bonds, Series 2005. The Series 2005 Bonds together with other available funds were used to advance refund the previously issued Hospital Revenue Bonds, Series 2002, and to pay certain expenses incurred in connection with the issuance of the Series 2005 Bonds. Principal on outstanding Series 2005 Bonds is payable through maturity or mandatory sinking fund redemption in annual amounts ranging from \$1,945 to \$3,390 commencing on September 1, 2007 through September 1, 2032; however, the Series 2005 Bonds were redeemed upon the issuance of the Series 2014B Bonds.

(i) Series 2003

On June 1, 2003, The Health, Educational, and Housing Facilities Board of the County of Sullivan, Tennessee, issued, on behalf of Wellmont, \$59,100 of Hospital Revenue Bonds, Series 2003. The bonds were issued to provide funds necessary to refund Wellmont's Hospital Revenue Bonds, Series 1993 (HVHC), to fund a debt service reserve fund and to pay certain expenses incurred in connection with the issuance of the Series 2003 Bonds.

The Wellmont Series 2003 Bonds consist of \$27,460 in fixed-rate serial bonds and \$19,280 in fixed-rate term bonds payable through maturity or mandatory sinking fund redemption maturing in annual amounts ranging from \$3,230 on September 1, 2007 to \$4,140 on September 1, 2019; however, the Series 2003 Bonds were redeemed upon the issuance of the Series 2014A Bonds.

(j) Master Trust Indenture

The master trust indentures and loan agreements for the 2014, 2011, 2007, and 2006 bonds contain certain requirements regarding deposits to trustee funds, maintenance of rates, maintenance of debt service coverage and liquidity, permitted indebtedness, and permitted disposition of assets. Gross

receipts of Wellmont collateralize the bonds. The purpose of the master trust indenture is to provide a mechanism for the efficient and economical issuance of notes by individual members of Wellmont using the collective borrowing capacity and credit rating of Wellmont. The master trust indenture requires individual members of Wellmont to make principal and interest payments on notes issued for their benefit. The master trust indenture also requires Wellmont members to make payments on notes issued by other members of Wellmont if such other members are unable to satisfy their obligations under the master trust indenture. Payments of principal and interest on certain bonds are also insured by bond insurance policies.

Funds held by the trustee related to the various revenue bonds are available for specific purposes. The bond interest and revenue funds may be used only to pay interest and principal on the bonds; the debt service reserve fund may be used to pay interest and principal if sufficient funds are not available in the bond interest and revenue funds. The original issue discount and premium on all bond series outstanding are being amortized over the life of the bond issue using the effective-interest method.

(k) Notes Payable

During 2007, Wellmont entered into a five-year \$3,000 note payable, which has a fixed interest rate of 7.25% and a termination date of July 2011. In August 2011, Wellmont renewed this note agreement in the amount of \$1,760 with a variable interest rate indexed to *The Wall Street Journal* U.S. Prime Rate with a ceiling of 7.75% and a floor of 4.00% and a maturity date of August 2016. At June 30, 2014 and 2013, \$828 and \$1,199, respectively, were outstanding on this note.

During 2009, Wellmont entered into a five-year \$2,400 term note payable with a variable interest rate indexed to *The Wall Street Journal* U.S. Prime Rate and a maturity date of October 2014. At June 30, 2014 and 2013, \$150 and \$379, respectively, were outstanding on this note.

On October 17, 2012, Wellmont entered into a 10-year \$12,500 term note payable with Bank of America, N.A. The proceeds were used for the EpicCare system and its implementation, among other general corporate purposes. The note payable has a fixed interest rate of 3.27% and a maturity date of December 13, 2022. At June 30, 2014, \$9,254 and \$10,390 was outstanding on this note.

(l) Capital Lease Obligations

Assets under capital leases are included in property and equipment and have a net carrying value of \$24,242 and \$26,695 as of June 30, 2014 and 2013, respectively. Amortization of capital assets is included in depreciation expense. The lease obligations are recorded at the net present value of the minimum lease payments with interest rates from 2.1% to 12.0%.

Interest paid for the years ended June 30, 2014 and 2013 was \$18,899 and \$19,622, respectively, net of amounts capitalized. Interest costs of \$1,444 and \$299 were capitalized in 2014 and 2013, respectively.

(13) Derivative Transactions

Wellmont is a party to a number of interest rate swap agreements. Such swaps have not been designated as hedges and are valued at estimated fair value in the accompanying consolidated balance sheets. By using derivative financial instruments to hedge exposures to changes in interest rates, Wellmont exposes itself to credit risk and market risk. Credit risk is the failure of the counterparty to perform under the terms of the derivative contract. When the fair value of a derivative contract is positive, the counterparty owes Wellmont, which creates credit risk for Wellmont. When the fair value of a derivative contract is negative, Wellmont owes the counterparty, and therefore, Wellmont is not exposed to the counterparty's credit risk in those circumstances. Pursuant to the terms of its interest rate swap agreements, Wellmont is required to postcollateral with its counterparties under certain specified conditions. Collateral posting requirements are based on the amount of Wellmont's derivative liability and Wellmont's bond rating. As of June 30, 2014 and 2013, Wellmont was not required to postcollateral related to its swaps.

Market risk is the adverse effect on the value of a derivative instrument that results from a change in interest rates. The market risk associated with interest-rate contracts is managed by establishing and monitoring parameters that limit the types and degree of market risk that may be undertaken.

Management's primary objective in holding such derivatives is to introduce a fixed or variable rate component into its variable rate debt structure using LIBOR rates. The fair value as of June 30, 2014 and 2013 of approximately \$(6,118) and \$(7,425), respectively, is included in other long-term liabilities in the consolidated balance sheets. The change in the fair value of the derivative instruments was approximately \$1,307 and \$2,356, respectively, in 2014 and 2013 and is included in nonoperating gains in the consolidated statements of operations. The terms of the swap agreements allow netting of all amounts due from/to the counterparty. The following is a summary of the interest rate swap information as of June 30, 2014:

| Type of interest swap | Debt hedging | Notional amount | Effective date | Maturity date | Rate paid | Rate received | Swap fair value asset (liability) |

In September and October 2008, the counterparty and credit support provider, for four of the swaps held at that time, filed bankruptcy. The bankruptcy process is underway and the ultimate outcome regarding any final settlement cannot be determined at this time.

(14) Pension and Other Postretirement Benefits

Wellmont sponsors a retirement program and defined-contribution retirement plan (Retirement Plan) that covers substantially all employees. Wellmont makes annual contributions to the Retirement Plan in an amount equal to 2% (after October 1, 2013) and 3% (before October 1, 2013) of each participant's base wages and contributes an additional amount, based on each participant's voluntary contributions, which

cannot exceed certain limits established in the Internal Revenue Code, up to 2.4% (after October 1, 2013) and 3% (before October 1, 2013) of each participant's wages. The total pension expense related to the Retirement Plan was \$10,687 and \$12,765 for the years ended June 30, 2014 and 2013, respectively.

A predecessor to Wellmont sponsored a noncontributory, defined-benefit pension plan covering, substantially all its employees. However, effective June 30, 1996, this plan was frozen and no further benefits accrue. One of Wellmont's acquired hospitals also sponsored a defined-benefit pension plan covering substantially all its employees, but the two plans were merged on June 30, 2007 and effective June 30, 2010, the plan was frozen for all employees and no further benefits accrue.

The defined-pension benefits are actuarially determined based on a formula taking into consideration an employee's compensation and years of service. The funding policy is to make annual contributions to the plan based upon the funding standard developed by the plan actuary. This standard uses the projected unit credit actuarial cost method, including the amortization of prior service costs, over a 20-year period. Contributions are intended to provide not only for benefits attributed to service to date but also for those expected to be earned in the future. Wellmont recognizes the funded status (i.e., difference between the fair value of plan assets and projected benefit obligations) of its defined-benefit pension plans as an asset or liability in its consolidated balance sheet and recognizes changes in that funded status in the year in which the changes occur as a change in unrestricted net assets. The defined-benefit pension plans use a June 30 measurement date.

Wellmont's overall expected long-term rate of return on assets is 7%. The expected long-term rate of return is based on the portfolio as a whole and not on the sum of the returns on individual asset categories. The return is based exclusively on historical returns, without adjustments.

Wellmont has developed a plan investment policy, which is reviewed and approved by the board of directors. The policy established goals and objectives of the fund, asset allocations, asset classifications, and manager guidelines. The policy dictates a target asset allocation and an allowable range for such categories based on quarterly investment fluctuations. Investments are managed by independent advisers who are monitored by management and the board of directors.

Wellmont monitors the asset allocation and executes required recalibrations of the portfolio allocation on a regular basis in response to fluctuations in market conditions and the overall portfolio composition.

A predecessor to Wellmont also participates in a health and welfare plan for its retirees. The plan provides postretirement medical and life insurance benefits to certain employees who meet minimum age and service requirements. Effective January 1, 1995, the death benefit was changed to provide a flat \$5 benefit to all future retirees. During 1995, the medical program for retirees was amended to terminate medical benefits for any active employees who would not meet the full eligibility requirements of the program by January 1, 1996. The plan is contributory and contains other cost-sharing features such as deductibles and coinsurance.

Wellmont's overall expected long-term rate of return on assets is 7%. The expected long-term rate of return is based on the portfolio as a whole and not on the sum of the returns on individual asset categories. The return is based exclusively on historical returns, without adjustments.

For measurement purposes, a 6.7% annual rate of increase in the per capita cost of covered healthcare benefits was assumed for 2014.

The following table summarizes the effect of one-percentage-point increase/decrease in healthcare costs trends:

There were no transfers between any levels during the years ended June 30, 2014 and 2013.

(15) Self-Insurance Programs

Wellmont is self-insured for professional and general liability and workers' compensation liability. Consulting actuaries have been retained to determine funding requirements and estimate claim liability exposures. Wellmont had established revocable self-insurance trust funds to provide for professional and general liability claims and workers' compensation claims and related expenses. Wellmont's contributions to the self-insurance trusts were based upon actuarial determinations by an independent service company. The trust fund requirement for professional and general liability was eliminated in fiscal year 2013.

Wellmont Insurance Company SPC, Ltd (the captive) was formed in 2014 as a wholly owned captive insurance company in the Cayman Islands. The captive holds Wellmont's self-insurance liabilities for professional and general liability and is funded by transfers from Wellmont Health System. These funds are included in assets limited as to use.

The professional and general liability self-insurance program is supplemented by umbrella excess liability policies consisting of various layers of coverage with commercial carriers based on policy year. The workers' compensation program is supplemented for Tennessee and Virginia by excess workers' compensation policies, with a commercial carrier for statutory limits per occurrence. Provisions based on actuarial estimates are made for the ultimate cost of claims asserted, as well as estimates of claims incurred but not reported as of the respective consolidated balance sheet dates. Workers' compensation expense under these programs amounted to approximately \$3,695 and \$3,588 for the years ended June 30, 2014 and 2013, respectively, and are included in salaries and benefits expense in the accompanying consolidated statements of operations and changes in net assets. All other self-insurance expense under these programs amounted to approximately \$5,707 and \$2,229 for the years ended June 30, 2014 and 2013, respectively,

and are included in other expense in the accompanying consolidated statements of operations and changes in net assets.

At June 30, 2014 and 2013, Wellmont was involved in litigation relating to medical malpractice and workers' compensation claims arising in the ordinary course of business. There are also known incidents that occurred through June 30, 2014 that may result in the assertion of additional claims, and other claims may be asserted arising from services provided to patients in the past. Claims have been filed requesting damages in excess of the amount accrued for estimated malpractice costs. Management of Wellmont is of the opinion that estimated professional and general liability amounts accrued at June 30, 2014 are adequate to provide for potential losses resulting from pending or potential litigation. Amounts of claim settlements may be more or less than what has been provided for by management. The ultimate settlement of claims could be different from recorded accruals, with such differences being potentially significant.

Wellmont is also self-insured for medical and other healthcare benefits provided to its employees and their families. A provision for estimated incurred but not reported claims has been provided in the consolidated financial statements.

(16) Commitments and Contingencies

Construction in progress at June 30, 2014 and 2013 relates primarily to the completion of certain buildings and renovations. Total costs to complete these and other projects were approximately \$24,685 at June 30, 2014. Wellmont has entered into contracts of \$24,685 related to these projects.

Wellmont leases certain equipment and office space under operating lease agreements. Total rental expense under cancelable and noncancelable agreements was \$15,506 and \$17,892 for the years ended June 30, 2014 and 2013, respectively. Minimum future lease payments under noncancelable operating leases with initial or remaining lease terms in excess of one year as of June 30, 2014 are as follows:

| | | |
|------------|----|---------------|
| 2015 | \$ | 11,222 |
| 2016 | | 8,117 |
| 2017 | | 7,210 |
| 2018 | | 6,439 |
| 2019 | | 6,167 |
| Thereafter | | 20,423 |
| | \$ | <u>59,578</u> |

Wellmont has entered into contractual employment relationships with physicians to provide services to Wellmont physician practices that are intended to qualify under the employee safe harbor of the Anti-Kickback Statute and the employee exception of the Physician Self-Referral Law. These contracts have terms of varying lengths, guarantee certain base payments, and may provide for additional incentives based upon productivity.

(Dollars in thousands)

The healthcare industry is subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, such matters as licensure, accreditation, government healthcare program participation requirements, reimbursement for patient services, and Medicare fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by healthcare providers. Violations of these laws and regulations could result in expulsion from government healthcare programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Management believes Wellmont is in compliance with fraud and abuse statutes and other applicable government laws and regulations. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as regulatory actions unknown or unasserted at this time.

(17) Functional Expense Disclosure

Wellmont provides healthcare services to residents within its geographic location. Expenses based upon functional classification related to providing these services during the years ended June 30 are as follows:

| | <u>2014</u> | <u>2013</u> |
|-------------------------------|-------------------|----------------|
| Professional care of patients | \$ 610,162 | 613,277 |
| Administrative and general | 156,647 | 150,245 |
| Fund-raising | <u>1,054</u> | <u>1,172</u> |
| | <u>\$ 767,863</u> | <u>764,694</u> |

(18) Income Taxes

Wellmont, Inc. and its subsidiaries file consolidated federal and separate-company state income tax returns. These companies have combined net operating loss carryforwards for federal income tax purposes of approximately \$111,000 at June 30, 2014, which begin expiring in fiscal 2019 and expire through 2033. These net operating losses can be used to offset future consolidated taxable income of Wellmont, Inc. and subsidiaries. Wellmont participates in certain activities that generate unrelated business taxable income. These activities have generated net operating losses in prior years, and Wellmont files a Form 990-T with the Internal Revenue Service to report such activity. Wellmont has net operating loss carryforwards for federal income tax purposes of approximately \$1,796 for unrelated business activities. Management believes that it is more likely than not that deferred tax assets arising from net operating loss carryforwards will not be realizable. Accordingly, these are fully reserved at June 30, 2014 and 2013.

(19) Concentration of Credit Risk

Wellmont grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from patients and third-party payors at June 30, 2014 and 2013 was as follows:

| | <u>2014</u> | <u>2013</u> |
|--------------------------|-------------|-------------|
| Medicare | 48% | 53% |
| TennCare/Medicaid | 13 | 14 |

(20) Disclosures about Fair Value of Financial Instruments

The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer or settle a liability in an orderly transaction between market participants at the measurement date. ASC Topic 820, *Fair Value Measurements*, establishes a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The classification of an investment within the hierarchy is based upon the pricing transparency or ability to redeem the investment and does not necessarily correspond to the perceived risk of that investment. Inputs are used in applying various valuation techniques that are assumptions, which market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, operating statistics, specific and broad credit data, liquidity statistics, recent transactions, earnings forecasts, future cash flows, market multiples, discount rates, and other factors.

Assets and liabilities measured and reported at fair value are classified within the fair value hierarchy as follows:

Level 1 – Valuations based on quoted market prices in active markets.

Level 2 – Investments that trade in markets that are considered to be active, but are based on dealer quotations or alternative pricing sources supported by observable inputs or investments that trade in markets that are not considered to be active, but are valued based on quoted market prices, dealer quotations, or alternative pricing sources supported by observable inputs.

Level 3 – Investments classified within Level 3 have significant unobservable inputs, as they trade infrequently or not at all.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest-level input that is significant to the fair value measurement in its entirety.

The following methods and assumptions were used to estimate fair value of each class of instruments:

- *Cash and Cash Equivalents*
The carrying amount approximates fair value due to the short maturities of these instruments.
- *Patient Accounts and Other Receivables*
The net recorded carrying value approximates fair value due to the short maturities of these instruments.
- *Investments and Assets Limited as to Use*
The fair values of investments and assets limited as to use are based on quoted market prices and quotes obtained from security brokers or, in the case of the limited partnerships, by the general partner.

WELLMONT HEALTH SYSTEM AND AFFILIATES

Notes to Consolidated Financial Statements

June 30, 2014 and 2013

(Dollars in thousands)

Wellmont also applies the measurement provisions of ASU No. 2009-12 to certain investments in funds that do not have readily determinable fair values including private investments, hedge funds, real estate, and other funds. This guidance amends the previous guidance and allows for the estimation of the fair value of investments in investment companies for which the investment does not have a readily determinable fair value using net asset value per share or its equivalent. Net asset value, in many instances may not equal fair value that would be calculated pursuant to ASC 820. The fair value of these investments was \$41,067 and \$36,520 at June 30, 2014 and 2013, respectively.

- *Accounts Payable and Accrued Expenses*

The carrying amount approximates fair value due to the short maturities of these liabilities.

- *Estimated Third-Party Payor Settlements, Other Long-Term Liabilities*

The carrying amount approximates fair market value due to the nature of these liabilities.

- *Long-Term Debt*

The carrying amount of indebtedness with variable interest rates approximates its fair value because the variable rates reflect current market rates for indebtedness with similar maturities and credit quality. The fair value of indebtedness with fixed interest rates is based on rates assumed to be currently available for indebtedness with similar terms and average maturities. Fair value measurements of indebtedness are based on observable interest rates and maturity schedules that fall within Level 2 of the hierarchy of fair value inputs. The estimated fair value of revenue bonds, using current market rates, was estimated at \$444,106 and \$436,832 for the years ended June 30, 2014 and 2013, respectively. The carrying amount of other long-term debt reported in note 11 and on the consolidated balance sheet approximates the related fair value.

The following table presents additional information about Level 3 assets measured at fair value. Both observable and unobservable inputs may be used to determine the fair value of positions that the Health System has classified within the Level 3 category. As a result, the unrealized gains and losses for assets within the Level 3 category in the table below may include changes in fair value that were attributable to both observable and unobservable inputs.

(21) Subsequent Events

On July 1, 2014, Wellmont sold its 60% interest in Takoma Regional Hospital to Adventist Health System (which also owned the other 40%). Cash in the amount of \$11,700 was received prior to July 1, 2014 and is included in current liabilities.

On September 24, 2014, The Health, Educational, and Housing Facilities Board of the County of Sullivan, Tennessee issued, on behalf of Wellmont, \$21,335 of Hospital Revenue Refunding Bonds, Series 2014E. Under the terms of the bond indenture, the proceeds were used to establish a fund to advance refund \$19,580 of the Hospital Revenue Bonds, Series 2006C upon their call date in 2016. The Series 2014E Bonds were issued as tax-exempt and were issued in accordance with the Master Trust Indenture dated May 1, 1991. Upon the issuance of the Series 2014E Bonds, a new Master Trust Indenture was implemented and replaced the one dated May 1, 1991.

Wellmont has evaluated subsequent events from the balance sheet date through October 24, 2014, the date at which the consolidated financial statements were issued. No other material subsequent events were identified for recognition and disclosed.
