Return Reference	Explanation
Part X, Line 2	Accounting principles generally accepted in the United States of America require association management to evaluate tax positions taken by the association and recognize a tax liability (or asset) if the association has taken an uncertain position that more likely than not would not be sustained by examination by the Internal Revenue Service of the U S Department of Labor. The executive director has analyzed the tax positions taken by the association, and has concluded that as of July 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The association is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The executive director believes it is no longer subject to income tax examinations for the fiscal years prior to July 31, 2011.
