Provide the following information

1 Required descriptions. Provide the descriptions required for Part I, lines 3c, 6a, and 7, Part II and Part III, lines 2, 3, 4, 8 and 9b

- 2 Needs assessment. Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B
- 3 Patient education of eligibility for assistance. Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy
- 4 Community information. Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves
- **Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.)
- **Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served
- 7 State filing of community benefit report. If applicable, identify all states with which the organization, or a related organization, files a community benefit report

Form and Line Reference	Explanation
Schedule H, Part I, Line 6a	COMMUNITY BENEFIT REPORT Each hospital within Baptist Healthcare System ("BHS") (61-0444707) prepares a community benefits report In addition, a summary community benefits report
	is prepared on a consolidated basis for all entities within BHS

Form and Line Reference	Explanation
Schedule H, Part I, Line 7g	No physician clinic costs are included in the costs of subsidized health services

Form and Line Reference	Explanation
Schedule H, Part I, Line 7	COSTING METHODOLOGY BHS utilizes a sophisticated cost accounting system that identifies the cost of delivering care at the individual procedure and item (supply) level for direct costs and a detailed step-down methodology to allocate overhead costs as accurately as possible. Costs are determined for each patient based upon the specific procedures performed and items used for each patient. Patients are also categorized by 1 patient type (inpatient and outpatient), 2 payer plan (42 unique categories of payer plans. Charity, State-sponsored charity and the Uninsured are among the uniquely identified payer plans), and 3 clinical service (53 unique clinical services). The cost of care for uninsured patients who qualify for "full" charity care (under a State-sponsored or BHS sponsored charity program) is determined by calculating the cost of each uninsured charity patient (at the procedure and item level) and accumulating the cost of each patient. For insured patients who also qualify for partial charity under the BHS sponsored charity program, costs are allocated to each portion (insurance, partial charity, patient payments and bad debt) using the patient's payer plan cost-to-charge ratio (CCR). For example, this CCR is multiplied by the charges covered by insurance to determine the cost of insurance, multiplied by charges covered by partial charity to determine the cost of partial charity, multiplied by patient payments to determine the cost of paid services and multiplied by unpaid charges to determine the cost of bad debt. The cost of care for uninsured patients who do NOT qualify for charity care (full or partial bad debt accounts) are allocated to each portion (patient paid portion and unpaid portion) using the patient's uninsured payer plan CCR. For example, this CCR is multiplied by patient payments to determine the cost of paid services and multiplied by unpaid charges to determine the cost of bad debt. Much care is taken to ensure that costs used for community benefit reporting are directly related to exemp

Form and Line Reference	Explanation
Schedule H, Part III, Lille 4	BAD DEBT EXPENSE FOOTNOTE A separate footnote for bad debt expense is not included in the audited financial statements. However, beginning in 2012 BHS reported the provision for uncollectible accounts related to patient service revenue as a deduction from patient service revenue. Costing methodology of bad debt is outlined in Schedule H, Part VI, line 1. The estimated amount of bad debt expense attributable to patients eligible under the organization's FAP was determined using a historical percent to total of net amounts written off as bad debt for those patients with a low propensity to pay or low income to total net amounts written off as bad debt

Form and Line Reference	Explanation
Schedule H, Part III, Line o	MEDICARE COSTING METHODOLOGY Medicare revenues and allowable costs were taken from the "as filed" Medicare cost report Much care is taken to ensure that all adjustments to remove non-allowable costs are taken Due to the fact that Medicare rates are non-negotiable and are established by the government, all of the shortfall for Medicare should be included as a community benefit

Form and Line Reference	Explanation
Schedule H, Part III, line 9b	COLLECTION PRACTICES Patients and guarantors who qualify for a "full" charity discount will not be billed once the charity determination is made. Patients and guarantors who qualify for a "partial" charity discount will be billed only for the non-discounted portion of their account. Guarantors who have an ability to pay for services will be billed based on the following guidelines. Patients or guarantors may be asked to pay an estimated patient liability at point of service. BHS facilities will accept and file claims for all insurances assigned to the organization with adequate proof of coverage. This assignment does not relieve the guarantor of responsibility for payment if the insurer fails to pay as prescribed by regulation, statute or patient-insurance contract. Deductibles, co-payments and non-covered services will be the responsibility of guarantors. Statements will be sent to guarantors once patient liability is determined for insured or uninsured patients and necessary billing follow-up calls will be made by BHS Patient Financial Services and/or a designated external early out vendor over a period of time averaging from 90 to 120 days. All statements will contain information regarding the availability of financial assistance. If applicable, effort will be made to assist uninsured patients to secure coverage through any governmental or other assistance programs. Patients requesting detailed charge information will be provided with an itemized bill. BHS Patient Financial Services will provide all patients the same information concerning services and charges. Patient accounts not resolved at the end of this cycle will be considered for placement with external collection agencies. Collection agencies will continue to pursue patient balances while maintaining compliance with the Fair Debt Collection Practices Act and the ACA International's Code of Ethics and Professional Responsibility

Schedule H, Part VI, line 4	COMMUNITY INFORMATION BHS is comprised of four regional hospitals. Each one serves a unique and separate geographic area within Kentucky. Baptist Health Louisville (BHLou) opened in 1975 and is located in St. Matthews, approximately five miles east of downtown. Louisville area. BHLou is strategically located near Interstate 64, a main access to downtown, and Interstate 264, a main beltway around Louisville. The primary geographic service area for BHLou consists of Jefferson, lotham and Bullitt Kentucky counties. BHLou serves as a general acute care facility, specializing in services such as cardiovascular services, cancer care and comprehensive rehabilitation services that are much needed in the area. In addition, BHLou operates one of the busiest emergency rooms in the State of Kentucky. Approximately 13.4% of the population of the local area surrounding the hospital is over 65 and the unemployment rate is 8.8%, as compared to the national average of 8.2%. Approximately 5% of the patients seeking care at BHELou are Medicaid and approximately 3% are uninsured Baptist Health Corbin (BHCor) opened in 1986 in Corbin, Kentucky. It is located one-half mile off of Interstate 75, approximately three miles from downtown Corbin and ear U.S. Highway 25, which is a main access to several of the surrounding communities. The primary geographic service area for BHCor consists of the counties of Knox, Laurel and Whitley in Kentucky. BHCor serves as a general acute care facility, specializing in services such as psychiatric, substance abuse, comprehensive rehabilitation and emergency care services. The psychiatric program at BHCor has plans to continue its growth Approximately 48% of the psychiatric program serves the Medicaid and uninsured populations. Overall, approximately 28% and 12% of the patients seeking care at BHCor are Medicaid and uninsured, respectively. Approximately 13.5% of the population of the local area surrounding the hospital is over 65 and the unemployment rate is 9.8%, as compared to the national average

Schedule H, Part VI, line 5	PROMOTION OF COMMUNITY HEALTH The BHS Board of Directors is comprised of local representatives who, along with the hospital's management and employees, understand that they are responsible to provide high quality health care services to the communities they serve Operating healthcare facilities in today's environment requires a delicate balance between producing a sufficient margin to allow for adequate staffing and investment in new technologies, while also providing enough resources to absorb the cost of care for those patients who do not have the ability to pay for the services. In 2014, Baptist was able to re-invest over \$109 million into the communities in new technology, construction, renovation and systems improvement Clear BHS hospitals reach out to the community in many ways through. Conducting health fairs for local schools, businesses and churches. Participating in fund-raising and other events to help local agencies such as the American Heart Association, Metro United Way, American Cancer Society, Big Brothers and Big Sisters and the American Red Cross. Donating hospital space for community group meetings. Participating on community health assessment teams that are dedicated to identifying and addressing local health needs in each of the counties we serve. Hosting educational programs, including our pre-natal classes, and Safe Sitter program. Amaintaining necessary, but unprofitable services that meet community needs. Helping to recruit physicians to underserved areas. Helping patients coordinate services with other healthcare providers. Providing resources for support groups, such as cancer recovery groups. Promoting and providing preventive care services. Monitoring clinical outcomes in order to ensure quality care. Committing resources for support groups, such as cancer recovery groups. Schedule H, Part V, Section B, Line 7	Baptist Health Lexington Baptist Health Lexington works collaboratively with other community resources to provide, support and serve as a referral source to address the additional identified health needs that fall below the significant prevalence level for our service area. It is not within the scope of Baptist Health Lexingtons services, expertise or resources to be able to address all of the risk factors that have been identified as influencers of our communitys health status. But it is through networking and partnerships with other community stakeholder organizations and agencies that these issues are being addressed. Impact issues such as unemployment and uninsured populations are being dealt with by economic development groups, Commerce Lexington, Kentucky Chamber of Commerce, Lexington Fayette Urban County Government, and county health departments. Safe neighborhoods/safe community issues are being examined by Lexington Fayette County Police Department, Department of Parks and Recreation, Safe Kids Coalition, and Kentucky Department of Transportation

#### 990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Sect A, line 2	
Form 990, Part VI, Sect B, line 11b	DESCRIBE THE PROCESS USED BY MANAGEMENT &/OR GOVERNING BODY TO REVIEW 990 A copy of the 99 0 is provided to the board of directors prior to the filing of the return. Any questions o r comments are addressed by explanation or a change to the form
Form 990, Part VI, Sect B, line 12c	DESCRIPTION OF PROCESS TO MONITOR TRANSACTIONS FOR CONFLICTS OF INTEREST Annually the secr etary of BHS sends out a conflict of interest questionnaire to each of the directors and o fficers serving on the board of BHS. After completion, they are returned to the secretary and reviewed by the Board or the Governance Effectiveness Committee for any potential conf licts. A conflict of interest is any circumstance, relationship (financial or otherwise), activity or decision (made in the course of governance, management or professional respons ibilities or otherwise) that adversely influences or appears to adversely influence the ability of a Covered Person to 1) make objective decisions on behalf of BHS and/or 2) act in the best interests of BHS in a manner consistent with the tax-exempt purposes of BHS. The Board or Committee will determine by a majority vote of disinterested directors whether the disclosed Financial or Special Interest may result in a Conflict of Interest.
Form 990, Part VI, Sect B, line 15a & 15b	COMPENSATION DETERMINATION PROCESS Annually in September, the BHS Compensation Committee r eviews the compensation, including base compensation and incentive compensation for the CE O and all officers and key employees of BHS except for the Secretary and Assistant Secreta ry Compensation for these employees is reviewed and approved by the CEO of BHS. The BHS C ompensation Committee is comprised of independent Board Members. The Committee retains a C ompensation Consultant to advise the Committee and who provides data as to comparable compensation for similarly qualified persons in functionally comparable positions at similarly situated healthcare organizations. The Committee reviews this information in approving an nual base and incentive compensation and other items of reportable compensation described on Schedule J of the IRS Form 990. The decisions of the Committee regarding compensation a re contemporaneously documented in the minutes of the Committee Annually, the Committee C hairperson and the Compensation Consultant provide a report on executive compensation to the full Board of Directors of BHS
Form 990, Part VI, Sect C, line 19	AVAIL OF GOV DOCS, CONFLICT OF INTEREST POLICY, & FIN STMTS TO GEN PUBLIC in adherence to the Master Trust Indenture among BHS, Baptist Healthcare Affiliates, Inc. and U.S. Bank National Association, as Master Trustee, Dated as of February 1, 2009, BHS reports its financial results on a quarterly basis to the Master Trustee who in turn makes them available through Electronic Municipal Market Access. Additionally, the organization will provide any documents open to public inspection upon request.
Form 990, Part VII	HOURS WORKED FOR RELATED ORGANIZATION Officers for BHS provide services to BHS and its sub sidiaries. Hours worked are not tracked on an entity by entity basis. Therefore, all officers' hours reported on Form 990, Part VII, Compensation of Officers, Directors, Trustees, Key Employees, Highest Compensated Employees, and Independent Contractors represent aggregate hours worked per week for all entities.
Form 990, Part XI, line 9	Other Changes in Net Assets Distribution - BCHS 1,175,488 Distribution - PET/CT 248,215 Fu nding for strategic & capital needs (104,519,954) Post retirement change (4,965,627) Trsf from other assets (256,800,979) TOTAL (364,862,857)

## **Independent Auditor's Report**

Board of Directors. Audit Committee and Management Baptist Healthcare System, Inc. and Affiliates Louisville, Kentucky

## **Report on the Consolidated Financial Statements**

We have audited the accompanying consolidated financial statements of Baptist Healthcare System, Inc and Affiliates (Baptist), which comprise the consolidated balance sheets as of August 31, 2014 and 2013, and the related consolidated statements of operations, changes in net assets and cash flows for the years then ended and the related notes to the consolidated financial statements

#### Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error

#### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to Baptist's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Baptist's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements

Board of Directors. Audit Committee and Management Baptist Healthcare System. Inc. and Affiliates Page 1

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion

#### **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Baptist as of August 31, 2014 and 2013, and the results its operations, the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America

## Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole The accompanying supplementary information, including the schedule of expenditures of federal awards required by OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and supplementary consolidating information as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2014, on our consideration of Baptist's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Baptist's internal control over financial reporting and compliance.

#### Basis of Presentation

The accompanying consolidated financial statements represent the consolidated operations of Baptist, the affiliates in which it has sole ownership or membership and the entities in which it has greater than 50% equity interest with commensurate control (collectively, Baptist). All significant intercompany accounts and transactions are eliminated in consolidation.

### Mission and Vision Statement

Baptist's mission is to continue the Christian heritage of service and to enhance the health of the people and communities it serves Baptist is guided by the vision to be the health care leader in Kentucky Baptist will live out its Christ-centered mission and achieve its vision guided by Integrity. Respect. Stewardship. Excellence and Collaboration

#### Cash Equivalents

Baptist considers all liquid investments, other than those limited as to use, with original maturities of three months or less to be cash equivalents. At August 31, 2014 and 2013, cash equivalents consisted primarily of money market accounts with brokers, certificates of deposit and repurchase agreements.

# Notes to Consolidated Financial Statements August 31, 2014 and 2013

## Noncontrolling Interest

Noncontrolling interest represents investments in Baptist Physicians' Surgery Center, Baptist Eastpoint Surgery Center, LLC, St. Matthews Surgery Center, LLC and PET/CT Management, LLC that Baptist does not own. Losses attributable to the noncontrolling interest are allocated to the noncontrolling interest even if the carrying amount of the noncontrolling interest is reduced below zero.

#### Investments and Investment Return

Investments in equity securities with readily determinable fair values and in all debt securities are carried at fair value in the consolidated balance sheets. Investments in an equity investee are reported on the equity method of accounting. Other investments are valued at the lower of cost (or fair value at time of donation, if acquired by contribution) or fair value.

Investment income or loss (including realized gains and losses on investments, dividends, interest and unrealized gains and losses on investments carried at fair value) is included in the excess of revenues, gains and other support over expenses unless donor or law restricts the income or loss

#### Patient Accounts Receivable

Baptist reports patient accounts receivable for services rendered at net realizable amounts from third-party payers and patients. In evaluating the ability to collect accounts receivable. Baptist analyzes its past history and identifies trends for each of its major payer sources of revenue to estimate the appropriate provisions and allowances. Management regularly reviews data regarding these major payer sources of revenue in evaluating the sufficiency of the allowances.

#### Inventories

Inventories are stated at the lower of cost or market on a first-in, first-out basis

#### Assets Limited as to Use

Assets limited as to use are recorded at fair value and include (1) assets set aside by the board for capital improvements over which the board retains control and may, at its discretion, subsequently use for other purposes. (2) assets held by trustee under bond indenture. (3) assets held by trustee for the medical malpractice and workers' compensation self-insurance funding arrangements and (4) assets held by trustee in perpetual trust. Amounts required to meet current liabilities are reported as current assets in the consolidated balance sheets

Baptist invests in various securities including money market funds. U.S. Government securities, corporate debt instruments, corporate stocks and mutual funds. The unrealized gains and losses of these securities are recognized as net investment return in the consolidated statements of operations. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect the amounts reported in the consolidated balance sheets and consolidated statements of operations

# Notes to Consolidated Financial Statements August 31, 2014 and 2013

Baptist uses derivative financial instruments in its investment portfolio to moderate changes in value due to fluctuations in the financial markets. Baptist has not designated its derivatives related to marketable securities as hedged financial instruments. Accordingly, the change in the fair value of derivatives is recognized as a component of investment income as described above.

### Property and Equipment

Property and equipment are recorded at cost and depreciated on a straight-line basis over the estimated useful life of each asset. Leasehold improvements are depreciated over the shorter of the lease term or their respective estimated useful lives.

The estimated useful lives for each major depreciable classification of property and equipment are as follows

Buildings and improvements	15-40 years
Leasehold improvements	5-10 years
Equipment	3-20 years

Donations of property and equipment are reported at fair value as an increase in unrestricted net assets, unless the donor restricts use of the assets. Monetary gifts that must be used to acquire property and equipment are reported as donor-restricted support. The expiration of such restrictions is reported as an increase in unrestricted net assets when the donated asset is placed in service.

Baptist capitalizes interest costs as a component of construction in progress, based on interest costs of borrowing for the project, net of interest earned on investments acquired with the proceeds of the borrowing or based on the weighted-average rates paid for long-term borrowing. Total interest capitalized and incurred was

## Notes to Consolidated Financial Statements August 31, 2014 and 2013

## Long-Lived Asset Impairment

Baptist evaluates the recoverability of the carrying value of long-lived assets whenever events or circumstances indicate the carrying amount may not be recoverable. If a long-lived asset is tested for recoverability and the undiscounted estimate of future cash flows is expected to result from the use and eventual disposition of the asset is less than the carrying amount of the asset, the asset cost is adjusted to fair value and an impairment loss is recognized as the amount by which the carrying amount of a long-lived asset exceeds its fair value. No asset impairment was recognized during the years ended August 31, 2014 and 2013.

### **Deferred Financing Costs**

Deferred financing costs represent costs incurred in connection with the issuance of long-term debt and are amortized over the term of the respective debt using the effective-interest method Deferred financing costs are reported in the consolidated balance sheets in other assets

#### Temporarily Restricted Net Assets

Temporarily restricted net assets are those whose use by Baptist has been limited by donors to a specific time period or purpose. Investment income from restricted funds is included in temporarily restricted net assets when earned

#### Permanently Restricted Net Assets

Permanently restricted net assets are those that have been restricted by donors to be maintained in perpetuity. Permanently restricted net assets represent Baptist's beneficial interest in perpetual trusts. Investment income from restricted funds is included in permanently restricted net assets when earned

#### Charity Care

Baptist provides care to patients who meet certain criteria under its charity care policy, without charge or at amounts less than its established rates. Baptist also provides discounts from established rates to all uninsured patients. Because Baptist does not pursue collection of charity or uninsured discounts, such amounts are not reported as revenue. The cost of charity care is estimated by applying the ratio of cost to gross charges to the uncompensated charges. Total unreimbursed costs of charity and discounts to the uninsured were approximately \$56,734,000 and \$76,245,000 for the years ended August 31, 2014 and 2013, respectively. The decrease in the unreimbursed cost of charity and discounts to the uninsured were primarily due to the expansion of Kentucky's Medicaid coverage as provided for in the Patient Protection and Affordable Care Act (PPACA). See Note 19 for further discussion

# Notes to Consolidated Financial Statements August 31, 2014 and 2013

#### Net Patient Service Revenue

Baptist has agreements with third-party payers that may provide for payments at amounts different from its established rates. Net patient service revenue is reported at the estimated net realizable amounts from patients and third-party payers for services rendered and includes estimated retroactive adjustments. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered and such estimated amounts are revised in future periods, as final settlements are determined.

#### Premium Revenue

Baptist, through BFH, enters into membership contracts with employer groups. The contracts contain varying terms subject to cancellation by the employer group or BFH upon 60 days' written notice. Premiums are due at the beginning of each month and are recognized as revenue during the period in which BFH is obligated to provide services to members.

Premiums billed and collected in advance recorded as unearned premiums are included in the consolidated balance sheets in other current liabilities

Estimated medical claims incurred but not reported are included in the consolidated balance sheets in accounts payable

#### Provider Tax

Since July 1993. Kentucky has imposed various taxes on health care providers to help fund the state of Kentucky's portion of the Medicaid program. The law imposes a tax of 2.5% on the gross receipts of hospitals and 2% on nursing facility services, intermediate care facility services, services for the mentally handicapped, home health care services and health maintenance organization. Hospital provider taxes were capped in 2008 by Kentucky statute at the level paid in state fiscal year 2005-2006. Baptist recognized an expense for such provider taxes of approximately \$24,807,000 and \$24,540,000 in 2014 and 2013, respectively. No assurance can be given that the Kentucky General Assembly will not remove the cap on hospital provider taxes

#### Contributions

Unconditional gifts expected to be collected within one year are reported at their net realizable value. Unconditional gifts expected to be collected in future years are initially reported at fair value determined by using the discounted present value of estimated future cash flows technique. The resulting discount is amortized using the level-yield method and is reported as contribution revenue.

Donor-restricted stipulations that limit the use of contributions are initially reported as temporarily or permanently restricted net assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the consolidated statements of changes in net assets as net assets released from restriction.

# Notes to Consolidated Financial Statements August 31, 2014 and 2013

## **Estimated Malpractice Costs**

An annual estimated provision is accrued for the self-insured portion of medical malpractice claims and is reported in the consolidated statements of operations as a general and administrative expense. The liability for self-insured malpractice claims includes an estimate of the ultimate costs for both reported claims and claims incurred but not reported and are reported in the consolidated balance sheets in other liabilities.

#### Income Taxes

The Baptist nonprofit, tax exempt entities are recognized as exempt from income taxes under Section 501 of the Internal Revenue Code (Code). However, these entities are subject to federal income tax on income earned through unrelated business activities. In addition, the Baptist nonprofit, taxable and for-profit entities are subject to federal and state income taxes. The net tax liabilities are recorded in the consolidated balance sheets in other current liabilities and other liabilities.

#### Use of Estimates

Accounting principles generally accepted in the United States of America require disclosure of certain significant estimates and current vulnerabilities due to certain concentrations. Those matters include net patient service revenue, malpractice, workers' compensation, litigation matters, post-retirement benefits and medical service claims incurred but not vet reported.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates

## Self-Insurance

Baptist has elected to self-insure certain costs related to employee health, medical malpractice and workers' compensation programs. Costs resulting from noninsured losses are charged to income when incurred. Baptist has purchased insurance that limits its exposure for individual claims. See Notes 9 and 10 for additional information related to medical malpractice and workers' compensation programs.

#### Litigation

During the normal course of business. Baptist may be subject to allegations that result in litigation Some of these allegations are in areas not covered by Baptist's self-insurance program or by commercial insurance. Based on the advice and assistance from professional and legal counsel. Baptist assesses the probable outcome of unresolved litigation and records an estimate of the ultimate expected loss. Events could occur that would cause the estimate of ultimate loss to differ materially in the near term.

Notes to Consolidated Financial Statements August 31, 2014 and 2013

#### Reclassifications

Certain reclassifications have been made to the 2013 consolidated financial statements to conform to the 2014 consolidated financial statement presentation. These reclassifications had no effect on the change in net assets

#### **Note 2: Patient Service Revenue**

Patient service revenues are derived from services provided to patients who are directly responsible for payment or are covered by various insurance programs including the Medicare and Medicaid programs. Baptist has agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to Baptist under these agreements includes prospectively determined rates per discharge and/or per day, discounts from established charges, fee schedules and other methods

Baptist recognizes patient service revenue associated with services provided to patients who have third-party payer coverage on the basis of contractual rates for the services rendered. These payment arrangements include

Medicare Substantially all inpatient and outpatient services are paid at prospectively determined rates. These rates vary according to the patient classification system that is based on clinical, diagnostic, acuity and other factors. Certain defined medical education costs are paid based on a cost reimbursement methodology. Baptist is also reimbursed for certain services at tentative rates with final settlement determined after submission of annual cost reports by Baptist and audits thereof by the Medicare administrative contractor.

Medicaid Prior to November 1, 2011, approximately 170,000 Medicaid members residing in Jefferson County (Louisville) and 15 nearby counties were covered by Passport Health On November 1, 2011. Kentucky implemented Medicaid managed care for an additional 560,000 members residing in the geographic areas outside of the region served by Passport Health With this expansion, approximately 90% of the Medicaid members are enrolled through a Managed Care Organization (MCO) while only about 10% of the members remained covered by "traditional" Medicaid

Inpatient services are paid at prospectively determined rates. These rates vary according to a patient classification system that is based on clinical, diagnostic and other factors. Outpatient services are reimbursed under a cost reimbursement methodology for certain services and at prospectively determined rates for other services.

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation and change. As a result, it is reasonably possible that recorded estimates will change materially in the near term

# Notes to Consolidated Financial Statements August 31, 2014 and 2013

Other third-party payers Baptist has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to Baptist under these agreements includes prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates.

Patient liability Baptist recognizes patient deductible and co-payment revenue for patients who have third-party insurance. A provision for uncollectible accounts is recorded in the period of service on the basis of its past experience, which indicates that some patients are unwilling to pay the portion of their bill for which they are financially responsible. Baptist offers financial assistance programs to patients who are unable to pay the portion of their bill for which they are financially responsible and records a provision for charity in the period of service on the basis of its past experience.

Baptist recognizes patient service revenue associated with services provided to patients who do not have third-party payer coverage as follows

Uninsured patients Baptist provides a significant discount from standard charges to all uninsured patients who receive medically necessary care. An uninsured discount provision is recorded in the period of service. The amount for which the patient is responsible is recognized as patient service revenue. Baptist offers financial assistance programs to patients who are unable to pay the portion of their bill for which they are financially responsible and records a provision for charity in the period of service on the basis of its past experience. A provision for uncollectible accounts is recorded in the period of service on the basis of past experience for patients who are unwilling to pay the portion of their bill for which they are financially responsible.

The following table indicates patient service revenue by payer, net of contractual allowances, uninsured discounts and charity (but before the provision from uncollectible accounts) for the years ended August 31

	20	14	2013
		(In Thousan	ds)
Patient service revenue			
Medicare	\$	741.279 \$	653,070
Medicaid		186,108	112,605

Patient liability (a)		60,985	134,873
Patient service revenue	\$	1.878.505 \$	1,714,098

(a) Patient liability represents revenue due from both insured patients for co-payments, patient deductibles and other services for which the patient's insurance has deemed the responsibility of the patient and from uninsured patients after the uninsured discount and applicable financial assistance. Patient liability is reported in this table prior to the provision for uncollectible accounts.

# Notes to Consolidated Financial Statements August 31, 2014 and 2013

The provision for uninsured discounts, charity care and uncollectible accounts were as follows

## **Note 3: Electronic Health Records Incentive Program**

The Electronic Health Records Incentive Program (EHRIP), enacted as part of the *American Recovery and Reinvestment Act of 2009*, provides for incentive payments under both the Medicare and Medicaid programs to eligible hospitals that demonstrate meaningful use of certified electronic health records technology. Payments under the Medicare program are generally made for up to four years based on a statutory formula. Payments under the Medicaid program are generally made for up to four years based upon a statutory formula, as determined by the state, which is approved by the Centers for Medicare and Medicaid Services. Payments under both programs are contingent upon hospitals and physicians continuing to meet escalating meaningful use criteria and any other specific requirements that are applicable for the reporting period. The final amount for any payment year is determined based upon an audit by the fiscal intermediary. Events could occur that would cause the final amounts to differ materially from the initial payments under the program

Baptist recognizes EHRIP revenue under the grant method and the contingency method, depending on the specific circumstances at each entity regarding the likelihood of meeting the requirements necessary to demonstrate meaningful use. Under the grant method, Baptist recognizes revenue ratably over the reporting period starting at the point when management is reasonably assured it will meet all of the meaningful use objectives and any other specific grant requirements applicable for the reporting period. Under the contingency method, Baptist recognizes revenue when the hospital has received confirmation of meeting the meaningful use requirements.

Baptist met the requirements for both Medicare and Medicaid EHRIP payments and recorded revenue in 2014 and 2013 of approximately \$14.3 million. EHRIP revenue is included in other revenue within other operating revenues in the consolidated statements of operations.

# Notes to Consolidated Financial Statements August 31, 2014 and 2013

#### **Note 4: Concentration of Credit Risk**

#### Accounts Receivable

The portion of accounts receivable due from patients (patient liability portion) is reduced by various allowances

For receivables associated with uninsured patients who are receiving medically necessary care. Baptist provides a significant discount from standard charges and records a provision and allowance for uninsured discounts

For receivables associated with patients who qualify for a government or Baptist sponsored financial assistance charity program, which includes both the portion of accounts due from uninsured patients after the Baptist uninsured discount and the portion due from insured patients which the patients third-party insurance did not cover (deductible and co-payment balances). Baptist records a provision and allowance for charity care

For receivables associated with patients who do not qualify for a government or Baptist sponsored financial assistance charity program. Baptist records a provision and allowance for uncollectible accounts in the period of service on the basis of its past experience, which indicates that many patients are unwilling to pay the portion of their bill for which they are financially responsible. The difference between the total amount due from the patient and the amount actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for uncollectible accounts.

Baptist's total allowances for uninsured discounts, charity and uncollectible accounts was 69% and 75% of the total patient liability portion of accounts receivable at August 31, 2014 and 2013, respectively

The percentages of receivables from patients and third-party pavers at August 31 were as follows

Net patient accounts receivable	2014	2013
Medicare	23 7%	32 7%
Medicaid	10 9	8 1
Other third-party payers	48 2	41 6
Total thurd-party payers	82 8	82 4
Patient liability (a)	<u> 17 2</u>	17 6
Patient accounts receivable, net of allowance for uncollectible accounts	100 0%	100 0%

(a) Patient liability represents the portion due from both insured patients for co-payments, patient deductibles and other services for which the patient's insurance has deemed the responsibility of the patient and from uninsured patients after the uninsured discount and applicable financial assistance

# Notes to Consolidated Financial Statements August 31, 2014 and 2013

#### Bank Balances

Baptist considers all liquid investments with original maturities of three months or less to be cash equivalents. At August 31, 2014 and 2013, cash equivalents consisted primarily of money market accounts with brokers, certificates of deposit and repurchase agreements.

At August 31, 2014. Baptist's interest-bearing cash, cash equivalents and certificates of deposit accounts exceeded federally insured limits by approximately \$129,620,000. Baptist also has repurchase agreements of approximately \$51,727,000 that are not covered under Federal Deposit Insurance Corporation (FDIC) insurance included in cash and cash equivalents.

Certain investments in debt and marketable equity securities are reported in the consolidated financial statements at an amount less than their historical cost. Total fair value of these investments at August 31, 2014 and 2013, was \$238,125,128 and \$298,658,795, which is approximately 20% and 27%, respectively, of the investment portfolio

Baptist's investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in these risks in the near term could materially affect the amounts reported in the consolidated balance sheets and consolidated statements of operations

Notes to Consolidated Financial Statements August 31, 2014 and 2013

## **Note 6: Beneficial Interest in Perpetual Trusts**

Baptist is an income beneficiary of several perpetual trusts controlled by unrelated third-party trustees. The beneficial interests in the assets of these trusts are included in Baptist's consolidated financial statements as permanently restricted net assets. Income is distributed in accordance with the individual trust documents and is included in investment return. The estimated value of the expected future cash flows is \$20,709,000 and \$17,608,000, which represents the fair value of the trust assets at August 31, 2014 and 2013, respectively. Trust income distributed to Baptist for the years ended August 31, 2014 and 2013, was \$628,000 and \$695,000, respectively.

#### Note 7: Fair Value of Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs

There is a hierarchy of three levels of inputs that may be used to measure fair value

Level 2	Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
	for substantially the full term of the assets or liabilities

Quoted prices in active markets for identical assets or liabilities

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

#### **Recurring Measurements**

Level 1

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying consolidated balance sheets measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at August 31, 2014

There have been no significant changes in the valuation techniques during the year ended August 31, 2014

#### Cash, Cash Equivalents, Investments and Assets Limited as to Use

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy—Level 1 securities include money market funds, common stocks, preferred stocks and mutual funds

Where quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows and are classified within Level 2 of the valuation hierarchy. Level 2 securities include U.S. Treasury obligations, municipal bonds, corporate bonds, corporate short-term obligations and mutual funds

For these Level 2 securities, the inputs used by the pricing service to determine fair value may include one, or a combination of, observable inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference to data market research publications. For the index mutual fund, included in Level 2, that has sufficient activity or liquidity within the fund, fair value is determined using the net asset value (or its equivalent) provided by the fund.

For beneficial interest in perpetual trust, fair value is estimated at the present values of future distributions expected to be recovered over the term of the agreement. Due to the nature of the valuation inputs the interest is classified within Level 2 of the hierarchy

Level 2 cash equivalents include liabilities related to economic hedges of foreign currency

Where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the valuation hierarchy—Baptist does not hold Level 3 securities

#### **Note 9: Medical Malpractice Claims**

Baptist is self-insured with respect to medical malpractice risks and has established an irrevocable trust fund for the payment of medical malpractice claim settlements. Professional insurance consultants have been retained to assist Baptist in determining liability amounts to be recognized, as well as amounts to be deposited into the trust fund.

Baptist is self-insured for the first \$6,000,000 per occurrence and not to exceed \$24,000,000 in the aggregate for all Baptist hospitals. Baptist participates in the American Excess Insurance Exchange (AEIX). Risk Retention Group, a Vermont-chartered "captive" insurance company organized as a reciprocal for coverage above the self-insurance limits. Baptist currently has a 8 22% ownership in AEIX, the value of which is reported using the equity method of accounting

As of June 1, 2014, Baptist Health Madisonville and Baptist Health Richmond were merged into the trust. Prior to June 1, 2014, Baptist Health Madisonville was self-insured for the first \$1,500,000 per occurrence through January 1, 2008, and \$2,000,000 per occurrence thereafter and not to exceed \$14,000,000 in aggregate. Baptist Health Madisonville purchased commercial insurance coverage on a claims-made basis over the self-insurance limits and had established an irrevocable trust fund for the payment of medical malpractice claim settlements. Losses from asserted and unasserted claims were accrued based on estimates that incorporate past experience, as well as other considerations, including the nature of each claim or incident and relevant trend factors. Professional insurance consultants were retained to assist Baptist in determining liability amounts to be recognized, as well as amounts to be deposited into the trust fund.

Prior to June 1, 2014, Baptist Health Richmond was insured for medical malpractice claims through claims-made policies. This provided protection from liability in amounts not to exceed \$1,000,000 per claim and \$3,000,000 in the aggregate. In addition, Baptist Health Richmond had purchased a \$10,000,000 umbrella policy. Liabilities for incurred but not reported losses at August 31, 2013, if any, will not have a material effect on the Baptist Health Richmond's financial position and its malpractice and general liability insurance was adequate to cover losses, if any

The total current liability for medical malpractice claims reported and claims incurred but not reported was approximately \$12,900,000 and \$10,690,000 at August 31, 2014 and 2013, respectively. The total long-term liability for medical malpractice claims reported and claims incurred but not reported was approximately \$75,579,000 and \$65,805,000 at August 31, 2014 and 2013, respectively. Net malpractice expense recognized was approximately \$20,398,000 and \$13,760,000 for the years ended August 31, 2014 and 2013, respectively. Earnings on investments of the malpractice self-insurance trust funds amounted to approximately \$2,113,000 and \$1,064,000 for the years ended August 31, 2014 and 2013, respectively.

#### **Note 10: Workers' Compensation**

Baptist is self-insured with respect to workers' compensation risks and has established an irrevocable trust fund for the payment of workers' compensation claim settlements. Professional insurance consultants have been retained to assist Baptist in determining liability amounts to be recognized, as well as amounts to be deposited into the trust fund.

#### Notes to Consolidated Financial Statements August 31, 2014 and 2013

The total current liability for incurred and incurred but not reported workers' compensation claims and related costs of settlement was approximately \$3,878,000 and \$3,009,000 at August 31, 2014 and 2013, respectively. The total long-term liability for incurred and incurred but not reported workers' compensation claims and related costs of settlement was approximately \$15,683,000 and \$12,989,000 at August 31, 2014 and 2013, respectively, and is included in long-term liabilities in the consolidated financial statements. Net workers' compensation expense recognized was approximately \$7,532,000 and \$5,611,000 for the years ended August 31, 2014 and 2013, respectively.

#### **Note 13: Employee Benefit Plans**

Baptist employees who meet eligibility requirements are covered by a Retirement Accumulation Plan (RAP), which includes a defined contribution plan funded entirely by Baptist and a 401(k) plan to which the employees of BFH are the only participants permitted to make 401(k) deferrals. The finance committee of the board of directors of Baptist controls and manages the operation of the RAP. Participants are immediately fully vested in participant contributions and related earnings and are fully vested in Baptist contributions after five years of service, or after reaching age 65, whichever occurs first. Contributions by Baptist to the RAP were approximately \$13,269,000 and \$19,087,000 for the years ended August 31, 2014 and 2013, respectively

Baptist offers a Thrift 403(b) Plan to which employees may defer up to 10% of their earnings on a pre-tax basis. Prior to June 1, 2014, Baptist matched \$50 on each dollar for the first 4% of the employees' contributions and \$25 on each dollar for contributions of 5-6% of the employees' contributions. Beginning on June 1, 2014, Baptist matches \$50 on each dollar for the first 6% of the employees' contributions. Employees are immediately vested in their contributions and related earnings. Employee vesting in employer contributions is graduated with full vesting after five years.

On June 1, 2014, the defined contribution plan assets from Baptist Health Madisonville and Baptist Health Richmond were merged into the Baptist Thrift 403(b) Plan

#### Notes to Consolidated Financial Statements August 31, 2014 and 2013

Prior to June 1, 2014. Baptist Health Madisonville provided a defined contribution pension plan covering substantially all employees. Under terms of the plan, Baptist Health Madisonville contributed 4 6 percent of eligible compensation up to \$150,000 for eligible employees with two years of service. Prior to June 1, 2014, Baptist Health Richmond employees hired January 1, 2005, or later were eligible to participate in a defined contribution pension plan. Baptist Health Richmond matched a portion of the employees' basic voluntary contributions, as determined by the provisions of the plan.

Baptist provides an Executive Severance and Deferred Compensation Plan, a nonqualified plan designed to provide severance benefits for select management or highly compensated employees of Baptist and to provide deferred compensation for those adversely affected by the required compensation limits of qualified retirement plans or Section 403(b) plans. The total accrued liability was \$802,000 and \$200,000 at August 31, 2014 and 2013, respectively

#### Note 14: Defined Benefit Pension Plan

Baptist Health Richmond has a noncontributory defined benefit pension plan covering substantially all of its employees employed prior to 2005. Baptist Health Richmond's funding policy is to make the minimum annual contribution that is required by applicable regulations. Effective December 31, 2004, the defined benefit pension plan was frozen and does not allow any new participants. Effective December 31, 2007, Baptist Health Richmond resolved to freeze the accrued benefits of the defined benefit plan as part of its plan to restructure employee benefits of its employees. Baptist expects to contribute approximately \$688,000 to the plan in 2015.

#### Pension Plan Assets

Following is a description of the valuation methodologies used for pension plan assets measured at fair value on a recurring basis and recognized in the accompanying consolidated balance sheets, as well as the general classification of pension plan assets pursuant to the valuation hierarchy

Where quoted market prices are available in an active market, plan assets are classified within Level 1 of the valuation hierarchy. Level 1 plan assets include mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of plan assets with similar characteristics or discounted cash flows. Level 2 plan assets include an immediate participation guarantee contract. The plan does not hold Level 3 assets.

The fair values of Baptist Health Richmond's pension plan assets at August 31, 2014, by asset class are as follows

#### Note 15: Post-Retirement Benefit Plan

Baptist has a post-retirement benefit plan covering all employees who meet the eligibility requirements. The plan provides for a continuation of medical benefits at the division from which the employee retires until the retiree reaches the age of 65 and for death benefits that vary with retirement date and position.

The post-retirement medical benefits plan is contributory, with retiree contributions adjusted annually. Funding by Baptist is on a cash basis as benefits are paid. Baptist contributed approximately \$1,336,000 and \$1,186,000 for the years ended August 31, 2014 and 2013, respectively. Baptist expects to contribute approximately \$1,443,000 to the plan in 2015.

#### Notes to Consolidated Financial Statements August 31, 2014 and 2013

Baptist amended the post-retirement benefit plan that became effective beginning on January 1, 2014. The amendment increased employee responsibility for plan funding and restricted retiree medical benefits to existing participants and to employees who will become eligible to participate before January 1, 2019. As a result of the amendment, Baptist recognized a reduction in the accumulated benefit obligation of \$9,989,000 as of August 31, 2013.

Baptist uses an August 31 measurement date for the plan Information about the plan's funded status follows

For measurement purposes, a 7 1% and 7 2% annual rate of increase in the per capita cost of covered health care benefits was assumed for each of the years ended August 31, 2014 and 2013, respectively. The rate was assumed to decrease gradually to 4 5% by the year 2028 and remain at that level thereafter.

Assumed health care cost trend rates have a significant effect on the amounts reported for the post-retirement plan costs and benefit obligation. A one-percentage-point increase in assumed health care cost trend rates would have the following effects

In 2006. Baptist Health Richmond received capital assets in the amount of \$6.398.049 from the Chemical Stockpile Emergency Preparedness Program (CSEPP) As a part of the acquisition of Baptist Health Richmond on September 1, 2012, the fair value of those assets was \$2,239,436 CSEPP is conducting a chemical stockpile disposal project at the nearby Blue Grass Army Depot The chemical stockpile disposal project is expected to last approximately 15 years. In the event of any chemical leak or airborne contamination, Baptist Health Richmond will be used as a first response center. At the end of the disposal project, Baptist Health Richmond has the option to retain any or all of the capital assets contributed as part of the project or have CSEPP remove them from the facility. Currently, Baptist Health Richmond intends to retain all of the capital assets until after the completion of the disposal project, the assets are temporarily restricted due to the passage of time. These assets are being depreciated over their estimated useful lives and each year's depreciation expense on these assets will be recorded as released from restrictions in the consolidated statement of operations. Depreciation expense on restricted capital assets was approximately \$275,000 for the years ended August 31, 2014 and 2013.

Permanently restricted net assets represent Baptist's interest in perpetual trusts

Notes to Consolidated Financial Statements August 31, 2014 and 2013

#### Note 17: Premier, Inc. Initial Public Offering

Premier, Inc. (Premier) is a health care performance improvement alliance, comprised of approximately 3,400 U.S. hospitals and 110,000 other health care providers. Historically, Premier was a privately held company and Baptist owned common shares of stock. In addition to the shares of Premier, Baptist participates in the Premier Healthcare Alliance, L.P. (PHALP) which includes a group purchasing organization (GPO) and contracts with suppliers at rates Baptist would not otherwise be able to obtain. Baptist's ownership of PHALP represented just over 1% based upon the volume of purchases made through GPO contracts.

In October 2013. Premier restructured from a privately held company to a public company in an initial public offering (IPO) and trades on the NASDAQ stock exchange under the symbol "PINC". As a result of Baptist's ownership of the common stock of Premier and Baptist's capital share of PHALP. Baptist received \$6.2 million in IPO proceeds (resulting in a gain of \$5.8 million as a reduction in supply expenses which is included in the health care services expense line in the consolidated statement of operations). In addition, Baptist holds 1,199,448 Class B units accounted for at cost in PHALP as well as associated Class B shares in PINC, of which become eligible to exchange into PINC Class A shares ratably over a seven-year period contingent upon Baptist's continued participation in the GPO. During the fiscal year ended August 31, 2014, Baptist recognized an additional \$4.8 million as a reduction in supply expenses which represents the estimated value of the Class B shares as they become eligible to exchange for Class A shares ratably over the seven year period.

#### **Note 18: Acquisitions**

#### Acquisition of Pattie A. Clay

On September 1, 2012. Baptist acquired the net assets of Pattie A. Clay Infirmary Association and Pattie A. Clay Foundation (collectively, Pattie A. Clay and renamed to Baptist Health Richmond) a not-for-profit hospital that provides a continuum of health care services such as orthopedics, pediatrics, obstetrics, gynecology, cardiology and internal medicine, sports medicine and a full array of outpatient, diagnostic and emergency services. As a result of the acquisition, Baptist will expand its primary service area to include Estill, Madison and Jackson counties which are adjacent to counties that Baptist Health Lexington currently serves.

The acquisition was accomplished by Baptist becoming the sole member of Baptist Health Richmond, and no consideration was or will be transferred for the acquisition. However, in connection with the acquisition. Baptist agreed to fund at least \$50,000,000 of capital improvements benefiting Baptist Health Richmond within five years from the date of the acquisition and provide \$3,000,000 of funds to the foundation at Baptist Health Richmond. In addition, immediately prior to the acquisition, all outstanding debt in the amount of \$14,757,110 was redeemed by Baptist on behalf of Pattie A. Clay Infirmary Association, and a note payable between Baptist and Pattie A. Clay Infirmary Association was established

#### Notes to Consolidated Financial Statements August 31, 2014 and 2013

Baptist incurred approximately \$371,000 of third-party acquisition-related costs in connection with this acquisition. These costs are included in general and administrative costs in the consolidated statement of operations.

The following table summarizes the amounts of the assets acquired and liabilities assumed, recognized at the acquisition date

The acquisition resulted in an inherent contribution received of \$22,693,119, which represents the net recognized amount in the identifiable assets acquired over the liabilities assumed. Of this amount, \$5,111,847 is included in contribution received in donation of Pattie A. Clay in the consolidated statement of operations, \$2,239,436 is included in temporarily restricted net assets-contribution received in donation of Pattie A. Clay and \$15,341,836 is included in permanently restricted net assets-contribution received in donation of Pattie A. Clay

#### Acquisition of Trover Health System

On November 1, 2012, Baptist acquired the net assets of Trover Clinic Foundation, Mutual Credit Services and Western Kentucky Medical Management Services (collectively Trover Health System and renamed to Baptist Health Madisonville), a not-for-profit system that is the major medical center within its seven county primary service area. As a result of the acquisition, Baptist expanded its primary service area to include the counties of Hopkins, Mclean, Muhlenberg, Christian, Caldwell, Crittenden and Webster. Several of these counties are adjacent to the primary service area of Baptist Health Paducah located approximately 80 miles from Baptist Health Madisonville.

#### Notes to Consolidated Financial Statements August 31, 2014 and 2013

The acquisition was accomplished by Baptist becoming the sole member of Baptist Health Madisonville, and no consideration was or will be transferred for the acquisition. Baptist incurred approximately \$675,000 of third-party acquisition-related costs in connection with this acquisition. These costs are included in general and administrative costs in the consolidated statement of operations.

Of this amount, \$142.485.463 is included in contribution received in donation of Trover Health System in the consolidated statement of operations and \$159.404 is included in temporarily restricted net assets-contribution received in donation of Trover Health System

#### Note 19: Patient Protection and Affordable Care Act

The Patient Protection and Affordable Care Act (PPACA) will substantially reform the United States health care system. The legislation impacts multiple aspects of the health care system, including many provisions that change payments from Medicare. Medicaid and insurance companies. Starting in 2014, the legislation requires the establishment of health insurance exchanges, which will provide individuals without employer-provided health care coverage the opportunity to purchase insurance.

Notes to Consolidated Financial Statements August 31, 2014 and 2013

The PPACA continues to influence health reform in the United States. The legislation impacts multiple aspects of the health care system, including many provisions that change payments from Medicare. Medicaid and insurance companies. Starting in 2014, among many other provisions, the legislation required the establishment of health insurance exchanges which provide individuals who are without employer-provided health care coverage the opportunity to purchase insurance along with having cost-sharing credits available to individuals with income between 133% and 400% of the federal poverty level. Additionally, it allowed states to expand the eligibility of enrollees to be qualified for coverage by Medicaid from 100% to 133% of federal poverty level. Kentucky elected to expand coverage effective January 1, 2014, and the number of enrollees grew from 787,000 to over 1,074,000 as of August 31, 2014.

# Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Consolidated Financial Statements Performed in Accordance With Government Auditing Standards

Board of Directors. Audit Committee and Management Baptist Healthcare System, Inc. and Affiliates Louisville, Kentucky

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the basic consolidated financial statements of Baptist Healthcare System. Inc. and Affiliates (Baptist), which comprise the consolidated balance sheet as of August 31, 2014, and the related consolidated statements of operations and changes in net assets and cash flows for the year then ended and the related notes to the consolidated financial statements and have issued our report thereon dated December 9, 2014

#### **Internal Control Over Financial Reporting**

Management of Baptist is responsible for establishing and maintaining effective internal control over financial reporting (internal control). In planning and performing our audit, we considered Baptist's internal control to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Baptist's internal control. Accordingly, we do not express an opinion on the effectiveness of Baptist's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of Baptist's consolidated financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses as defined above. However, material weaknesses may exist that have not been identified

Board of Directors. Audit Committee and Management Baptist Healthcare System. Inc. and Affiliates Page 46

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Baptist's consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* 

We noted certain matters that we reported to Baptist's management in a separate letter dated December 9, 2014

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Baptist's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Baptist's internal control and compliance. Accordingly, this communication is not suitable for any other purpose

## Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance

#### **Independent Auditor's Report**

Board of Directors. Audit Committee and Management Baptist Healthcare System. Inc. and Affiliates Louisville, Kentucky

#### Report on Compliance for Each Major Federal Program

We have audited the compliance of Baptist Healthcare System. Inc. and Affiliates (Baptist) with the types of compliance requirements described in the OMB Circular A-133 *Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2014. Baptist's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Baptist's major federal programs based on our audit of the types of compliance requirements referred to above

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Baptist's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances

We believe our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of Baptist's compliance

Board of Directors. Audit Committee and Management Baptist Healthcare System. Inc. and Affiliates Page 2

#### Opinion on Each Major Federal Program

In our opinion, Baptist complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2014

#### **Report on Internal Control Over Compliance**

Management of Baptist is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Baptist's internal control over compliance with the requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Baptist's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 Accordingly, this report is not suitable for any other purpose
