Return Reference	Explanation
Part V, Line 4	There are no donor restrictions on the earnings of the permanently restricted endowment. As such, in accordance with accounting principles generally accepted in the United States of America, all investment earnings of the permanently restricted endowment are considered temporarily restricted until appropriated for expenditure by the Center's Board. The Center's Board has adopted a spending policy which provides for 5% of the Center's average endowment balance over the past 12 quarters to be available for general operations, provided that the accumulated total returns are sufficient to allow expenditures without drawing upon the principal of the original contribution including any matching funds. However, the Center's Board elected not to appropriate any amounts for the years ended August 31, 2014 and 2013. There were also no appropriations by the Board of any funds of the board designated quasi endowment fund during the years ended August 31, 2014 or 2013.
Part X, Line 2	The Center reviews and assesses all activities annually to identify any changes in the scope of the activities and revenue sources and the tax treatment thereof to identify any uncertain tax positions. For the years ended August 31, 2014 and 2013, management did not identify any uncertain tax positions requiring recognition or disclosure in these financial statements.
