Lincoln County Health Care, Inc. – FY14 Community Benefits

I. Why create a Community Benefits report?

Lincoln County Health Care, Inc.'s (LCH) day-to-day operations as a tax-exempt organization include many system-wide initiatives to provide inpatient, outpatient, chronic and acute health care services to the people of Lincoln County, Maine. With these programs, LCH hopes to fill existing local gaps, while making a positive impact in the communities we serve. This report will summarize Lincoln County Health Care Inc.'s community benefits efforts over the last year. The final section (VIII) will also provide a financial summary of charity care, bad debt, government-sponsored healthcare, and all subsidized community programs and other support.

II. Organizational Description and Information

Lincoln County Health Care, Inc. is the parent company for LincolnHealth, Cove's Edge, Inc., and Lincoln County Medical Group, Inc.

In the Damariscotta Region: LincolnHealth – Miles Campus, a 25-bed Critical Access Hospital, Miles & St. Andrews Home Health & Hospice, Lincoln County Medical Group, an employer of physicians and mid-level staff providing those professions to the physician practices of LincolnHealth, Cove's Edge, a skilled rehabilitation and long-term care facility, Chase Point, an assisted living facility which includes a residential and adult day care program for people living with Alzheimer's and related dementia.

In Boothbay Harbor: LincolnHealth – St. Andrews Campus, providing outpatient services including urgent care, diagnostic imaging, outpatient laboratory, physical therapy, occupational therapy, speech therapy and wound care, St. Andrews Village Community, which includes assisted living, independent living, Alzheimer's care, adult day services, and long-term nursing care, Miles & St. Andrews Home Health & Hospice, Lincoln County Medical Group, an employer of physicians and mid-level staff providing those professions to LincolnHealth urgent care, wound care clinic, and the physician practices of LincolnHealth at the John F. Andrews Family Care Center, a multi-specialty medical arts facility.

Our organization provides a broad array of primary health care services to our region including emergency medicine, urgent care, wound care, acute and rehabilitative inpatient care, laboratory, diagnostic imaging, orthopedic and general surgical services, a palliative care program, social services, rehabilitation services including physical therapy, occupational therapy, speech and language therapy, outpatient cardiac and pulmonary rehabilitation, and obstetrics care.

Lincoln County Health Care's mission is to ensure access to high-quality, patient-centered and affordable health care to the people of our region. As a renowned rural healthcare provider, LincolnHealth's primary focus is patient care, comfort, and safety provided by a personable, professional staff, utilizing the finest technology and equipment. We are active members of the MaineHealth network of healthcare providers and function in collaboration with other member organizations throughout southern, western, and central Maine.

The Lincoln County Health Care Leadership Team, under the governance of a Board of Trustees, is responsible for the coordination, quality and efficiency of care provided.

III. Community Needs Assessment

The LCHC Board is made up of a diverse set of community members. Each MaineHealth Member Board requires a thorough community needs assessment and directs its organization to respond to the needs identified. MaineHealth also participates in various initiatives to help support and provide updates to community needs assessment planning. Some of these initiatives include

- Clinical Strategic Planning
- Financial Strategic Planning
- Facility Planning
- Manpower Planning
- Physician Recruitment Strategic Planning
- Emergency Preparedness Planning

Along with the internal assessments, member organizations also review and act on recommendations provided by local and state partners, such as the Maine Center for Disease Control and Prevention (MCDC)

MaineHealth and its partners in the OneMaine Health Collaborative, Eastern Maine Health System and MaineGeneral Health, released the OneMaine Health Community Health Needs Assessment Report in March 2011. The report was a comprehensive compilation and analysis containing primary and secondary health data sources. The report contained a Health Status Profile for the state as a whole and for each of Maine's sixteen counties. The primary data source was a randomized telephone survey; the sampling methodology was designed to permit comparisons at the county level. Secondary data sources include numerous state and federal sources. This report provided baseline data on hundreds of health indicators that are relevant to hospitals and communities to inform planning and evaluation activities. Each member and affiliate hospital held community forums in partnership with local and regional organizations to increase understanding and use of the Community Needs Health Assessment and to inform action on local, community-based health priorities.

Plans call for a Community Health Needs Assessment to be replicated every three years. In late 2013, CHNA and Implementation Plan Reports were produced by each MaineHealth member hospital, in collaboration with MaineHealth. These detailed reports covered the time period of 2013-2015 and were formally adopted by each member organization Board for submission with their respective FY13 990 filings.

In 2015, a new process of conducting a statewide community health needs assessment, called the SHNAPP (Statewide Health Needs Assessment Planning Program) was launched. County-level CHNA reports will be produced in 2016; these reports will be used to inform community engagement and action by hospitals, state/local governments and other partners. MaineHealth, EMHS, CMHC and the MCDC are contributing financial support to the study and reports.

Maine Breast and Cervical Health Program - reduced fee services for women

Boothbay High School-Based Health Clinic - Lincoln Medical Partners provides a Program Manager and administrative oversight at no charge. Also, the Medical Director is provided at a reduced rate

Flu Clinic – offered at a subsidized fee

Subsidized Community Physician Services - Lincoln County has few private practice physicians. In order to ensure access to primary care and certain specialty care physicians, Lincoln County Healthcare employs physicians and provides their services through its hospital based practices at both campuses of LincolnHealth. Services include Family Medicine, General Surgery, Orthopedic Surgery, Pediatrics, Internal Medicine, Obstetrics and Gynecology, and Wound Care. Services are provided without regard to ability to pay. Given the demographics of Lincoln County, these services – although critical – are not self-sufficient.

<p>Lincoln County Health Care's Aggregate "Net Community Benefit Investment" = \$5,416,515</p>

* In addition to the aforementioned programs, Lincoln County Health Care, Inc. provides its proportional share of support for the annual budget of the following programs, through both "member dues" and "fund balance transfers" While all member organizations may not participate directly in the following initiatives, all members provide some level of financial support to help sustain and grow these MaineHealth programs

Community Health Improvement Services and Community Benefit Operations

AMI/PERFUSE Program – The AMI/PERFUSE program helps caregivers provide the highest quality care and achieve the best possible outcomes for patients who experience an acute myocardial infarction – regardless of the patient's point of entry into the MaineHealth system. A network of providers ensures that heart attack patients receive timely, evidence-based treatment

Behavioral Health Integration – The Mental Health Integration Program works to improve patient care by bringing mental health clinicians into medical settings, and by improving the collaboration between medical and mental health providers. The goal of the program is to help people get effective and efficient care for mental and behavioral health problems

Chronic Disease – The Chronic Disease program increases awareness and utilization of quality care measures for both pediatric/adult asthma, COPD, and Diabetes – this program was formerly listed separately as "Asthma", "Chronic Obstructive Pulmonary Disease" and "Diabetes"

Clinical Informatics – The MaineHealth Informatics Committee directs the integration of MaineHealth best practices into the electronic health record to advance the practice and delivery of care to patients across all care settings. This Committee's work will be informed by the evaluation of patient outcomes, quality measures, financial markers and clinical satisfaction

Emergency Medicine – The Emergency Medicine Program improves the quality of care received by patients in the emergency departments of MaineHealth member and affiliate hospitals. The program works to streamline processes and to effectively meet the acute medical needs of patients in the ED. Program staff provide training to emergency medical personnel and work with ambulance services to inform the care provided before patients arrive at the hospital.

Heart Failure – The Heart Failure Program improves health outcomes for patients with heart failure by promoting best practices in care at MaineHealth hospitals and across all care settings. The program supports a comprehensive, integrated approach for patients and their families as they move from one care environment to another.

Infection Prevention – The Infection Prevention Program works to reduce infection rates, improve outcomes for patients and decrease preventable hospitalizations across the MaineHealth system. The program aims to reduce hospital-acquired infections through improved hand hygiene compliance.

Palliative Care - The Palliative Care Program promotes palliative care across the system. The initiative includes clinician education about palliative care including identification of patients who may benefit from palliative care, provision of palliative services for complex medical conditions, addressing ethical issues and engaging patients in discussing goals of care. The program promotes the use of Physician Orders for Life Sustaining Treatment (POLST) within each MH institution as well as community based advance directive/care planning.

Patient Centered Medical Home – This program supports the MaineHealth Members' strategy for creating a strong primary care network by assisting primary care practices with Patient Centered Medical Home transformation. Efforts include increasing regional capacity in quality improvement and practice redesign by offering learning collaboratives for practices, a coach development program and providing educational opportunities including the dissemination of tools and resources.

Pharmacy and Therapeutics - The Pharmacy and Therapeutics Program works to improve outcomes of patients in the MaineHealth system by reducing variations in care and promoting best practices. The program seeks to coordinate purchasing and performance initiatives in MaineHealth hospitals.

Preventive Health - The Preventive Health Program works to deliver consistent, high-quality, preventive healthcare across the MaineHealth region for adults and children by providing best-practice, evidence-based tools and support to primary care practice teams. The purpose is to provide a preventive health focus for patients and providers that helps to reduce the prevalence and severity of chronic disease.

Surgical Quality Collaborative – The goal of the MaineHealth Surgical Quality Collaborative is to create a collaborative encompassing surgical and quality staff from system hospitals to foster learning, measure improvement, and use empirical data to improve the quality, safety and value of surgical care.

Telehealth - The Telehealth Program works to improve the health status of our communities by integrating, advancing and optimizing the use of telehealth technologies. Current telehealth technologies include connections between hospitals, such as bringing specialists to rural areas.

connecting providers to patients' homes and remote monitoring of patients in critical care units in most MaineHealth hospitals

Transitions of Care - The Transitions of Care Program works to ensure that patients receive excellent care throughout the transition from hospital to home and to community-based providers. The program works to improve patient outcomes and reduce unnecessary readmissions by supporting best practices for provider follow-up visits, coordinating medications, patient and family education, and enhancing the communications critical for excellent care once the patient leaves the hospital.

Subsidized Health Services

CarePartners – The program arranges the provision of donated healthcare services for low income uninsured Mainers in Cumberland, Kennebec, Lincoln, and Waldo and York Counties. CarePartners also provides administrative support to help serve the target population, including comprehensive eligibility assessment, care management, and access to low cost or free pharmaceuticals.

MedAccess – The program provided access to approximately \$35.6 million of free medications in FY14, with 11,356 applications completed for more than 5,505 patients (1,600 of them new to the program in FY14). CarePartners provides this community resource to uninsured and underinsured community members through the Patient Assistance Programs (PAPs). In addition to this service, MedAccess offers application assistance for other prescription access programs, local low-cost generic programs, and other state and federal programs either in-person or through a toll-free number (therefore, MaineHealth only counts the staff and program costs/support as a “net community benefit investment” here, and not the actual dollar figure of free medications provided through the program).

Community Support

Healthy Weight Initiative – This initiative targets both children and adults in the community. The key parts of the initiative include clinical, community, and environmental/policy interventions. MaineHealth's financial support for this initiative recognizes the importance of preventing obesity as a major driver of health care costs, a major risk factor for chronic diseases, and a well-documented community epidemic.

Community Health Needs Assessment – As described earlier in Section III of this report, plans call for a Community Health Needs Assessment to be replicated every three years. In the summer of 2013, MaineHealth created “CHNA and Implementation Plan Reports” in collaboration with member hospitals. These detailed reports covered the period of 2013-2015 and were formally adopted by each member organization Board for submission with the FY13 990 filing – ACA compliance required these reports to be completed no later than April 2014.

Health Index Report – MaineHealth staff creates the Health Index report to present key factors and specific elements of the health status throughout many Maine counties, focusing on measures of health improvement and specific health outcomes/goals – nearly 2,000 copies of the health index report are distributed annually to health and other community leaders and organizations.

Child Health Program - The Child Health program is focused on increasing rates of child immunizations within the MaineHealth system and statewide through clinical, community and

policy interventions. The program engages health professionals and provider organizations, community partners, family members, and local and state government in its efforts in order to meet the goal of increasing Maine's 19-35 month old vaccination rate for the standard series of seven immunizations from 67% in 2010 to 82% or higher by 2016. Amid evidence of increased vaccine refusal and delay in our communities, MaineHealth's financial support for this program underscores the importance of vaccinations as the most cost-effective health prevention activity for children and one of society's greatest public health achievements.

Partnership for Healthy Aging - PHA leads the implementation of evidence-based prevention programs for older adults (Living Well, A Matter of Balance, EnhanceWellness, EnhanceFitness, Healthy IDEAS) throughout Maine. The efforts of Elder Care Services focus upon improving transitions, prevention, and quality across the care continuum. Initiatives include Care Transitions coaching, Community Links, and Falls Prevention Tools for providers and patients.

Community Health Improvement Advocacy

MaineHealth Learning Resource Centers – With four locations in Maine, the LRCs provide patients, health care providers and community members with easy access to quality health information and a wealth of educational reference material. In addition, the LRCs offer the public over 100 unique classes taught by professionals (e.g. healthy cooking, yoga, chronic disease self-management, cancer prevention, and mental health awareness).

Parkinson's Information and Referral Center – The Center is a primary resource for people with Parkinson's disease, as well as their families and healthcare providers. Assistance includes "patron requests" for information, direct physician referrals, educational outreach to health care facilities, coordinating support groups, and specialized classes for newly-diagnosed individuals.

V. Billing and Collection Practices

Lincoln County Health Care charges all patients the same price for the same services, regardless of payor source. Individuals are not required to pay or make arrangements to pay prior to the services being provided. On average, the first bill is sent to a patient 7-10 days after services are provided. After that initial billing date, the patient has 30 days to pay for those services. Before collection action is taken by LCH, three notices must be sent to patients informing them of their lack of proper payments and continued attempts to communicate with them about a solution. In the absence of either full payment or a patient's attempts to communicate in order to resolve the situation, LCH does use a responsible and professional collection agency if necessary. A bill will become classified as "bad debt" if a patient has not paid the full amount within 120 days. MaineHealth hospitals may pursue legal action for collecting an outstanding bill only with prior Board approval. The LCH Board has not voted to pursue such legal action in the past ten years. Member organizations offering long-term and residential care services have, from time to time, taken legal action to collect amounts due from patients or residents who are not covered under the MaineCare program and have the sufficient resources to pay for the services they received.

VI. Charity Care Policies

LincolnHealth's policy of charity care and financial assistance is easily understood, prominently posted, and publicly available. A process exists for offering charity care or financial assistance to patients who are unable to pay after they have already been billed. In addition to monitoring collection practices, copies of the charity care policy are made available to patients at all entry

points (registration, ED, etc) and with bill/collection notices The organization uses simple application procedures for charity care or financial assistance that do not intimidate or confuse applicants LCH's employees who work in admissions, billing, accounts receivable, or patient services are fully informed and educated about all financial assistance policies These staff members identify unpaid bills where persons are unable to pay, and separates these potential "charity care" bills from other bad debt accounts

LincolnHealth is required by law to give a reasonable amount of its services without charge to eligible persons who cannot afford to pay for care To be eligible to receive uncompensated service, your family income must be at or below the following levels

	100% write off	50% write off	25% write off
1	0 - \$20,423	up to \$23,340	up to \$26,258
2	0 - \$27,528	up to \$31,460	up to \$35,393
3	0 - \$34,633	up to \$39,580	up to \$44,528
4	0 - \$41,738	up to \$47,700	up to \$53,663
5	0 - \$48,843	up to \$55,820	up to \$62,798
6	0 - \$55,948	up to \$63,948	up to \$71,933
7	0 - \$63,053	up to \$72,060	up to \$81,068
8	0 - \$70,158	up to \$80,180	up to \$90,203

VII. Good Governance and Executive Compensation Policies

Good Governance

Lincoln County Health Care has a Board of 21 community members, a majority of whom are not practicing physicians, officers, department heads, or other employees with a financial connection or otherwise affiliated with the organization itself The Board meets 12 times a year (on average), and has a written "conflict of interest" policy in place The Board understands the specific mission of the organization, and approves strategic planning initiatives aimed at carrying out this mission Trustees understand their fiscal and other specific responsibilities while serving on the Board, and further education/information is provided to Board members if requested Trustees and Executive Officers of LCH do not receive loans on behalf of the organization The organization ensures that a substantial part of its activities does not involve attempts to influence legislation, and that it will not take an official position or provide direct support for or against a political candidate Moreover, in addition to the CEO, CFO, or both officially signing-off on LCH's yearly 990 and audited financial statements, the Board of Trustees must also have final approval of the yearly audited financial statements The Board has also adopted and maintains a corporate compliance program that includes a Code of Conduct for all staff education and training, monitoring for compliance, and a Helpline for staff to call, all intended to produce continual compliance with organizational policies and the law

Executive Compensation

Lincoln County Health Care has a formal written compensation policy in place In consultation with Sullivan Cotter and Associates, the MaineHealth Board Compensation Committee establishes appropriate compensation parameters for each member organization's CEO and certain members of their Senior Management team Working within those parameters, the

organization's Board determines the level of compensation for its CEO. The findings of the Compensation Committee are made transparent to, and voted on by, the full Governing Board. This "total executive compensation" is filed publicly by the organization, and includes "total cash compensation" and "total value of all benefits and perquisites associated with position (such as housing allowances, signing bonuses, etc.)". The Board takes necessary action to prevent the CEO from voting or directly participating in the final Committee determination of his own compensation. The organization's executive compensation procedure relies upon appropriate data for comparability (e.g. compensation levels paid by both taxable and tax-exempt similarly situated organizations and independent compensation surveys by nationally recognized independent firms). Finally, the organization refrains from allowing executive compensation to ever be based solely on LCH's revenues or other similar profit-sharing strategies.
